2. I, further, recommend that Dr. J.J. Rudra, Principal College of Engineering, Guindy, may also be sent on deputation to the United Kingdom and the United States of America for studying the new techniques and advances in courses of Engineering in those countries for a period of 8 months beginning with April 1946 on the same conditions as those recommended for the other five officers. The new ideas and experience would be useful in the development and improvement of the courses in the College of Engineering, Guindy.

3. As regards the terms to be offered to the persons to be deputed, it is recommended that the Government servants to be deputed, besides being given ~~to all~~ the allowances granted to the stipendiary students, may also be paid their usual salary for the period of their deputation.

4. It is not known what conditions are to be offered to and what the cost will be in respect of stipendiary students. Hence, I am not in a position to submit an estimate of the cost of the scheme. However, an approximate estimate as furnished by the Principal, College of Engineering, Guindy is enclosed for the consideration of Government.

Sir,

Technical Education - Members of staff of the College of Engineering, Guindy to be deputed overseas for training-

----

In continuation of my letter R.Cl.18/45 dated 31st July 1945 on the subject quoted above I have the honour to enclose a copy of letter Rc.No.29-9-B/45 dated 3rd August 1945 from Dr. J.J. Rudra, M.B.E. and to recommend that Sri S. Srinivasan, Electrical Laboratory Assistant and Sri A.P. Jambulingam, Hydraulic Laboratory Assistant may be selected for being sent abroad for advanced training. The Principal, College of Engineering, Guindy has reported that the two officers are willing to be selected for deputation overseas on the usual terms.

2. I request you to let me know whether the prescribed Form of Application may be got filled in by these two candidates and submitted to Government. In this connection I may state that with reference to the latest instructions of the Government the two candidates will be asked to mention in column 12 of the Application three institutions (other than Massachussetts) in the order of preference.

----

Sub: Technical Education - Members of staff of the College of Engineering, Guindy to be sent overseas for training -
Ref: Your Proc. Cl.No.18/45 dated 31. 7.45.

In my letter dated 30th May 1945 I have pointed out that a large number of junior members of staff of the College are supervisors of the Public Works Department deputed to the College as Assistant Instructors, and have considered the suitability of such members of staff for sending abroad for advanced training as belong to the Education Department. I had dealt with every junior and younger member of staff and it will be seen from my letter that Mr. S. Srinivasan, Electrical Laboratory Assistant and Mr. A.P. Jambulingam, Hydraulic Laboratory Assistant, both of whom have obtained the B.E. degree of the University of Madras with Hons., are suitable for being sent abroad for advanced training. I recommend that they may be sent abroad for advanced study of subjects and to the Institutions, specified against their names.

Mr. S. Srinivasan: -- Mr. S. Srinivasan has been doing research in Electrical machinery and is registered for the M.Sc. degree of the University of Madras. He has almost completed his investigation and is now writing his thesis for M.Sc. The most suitable subject for advanced study and research for him would be electrical machinery and design and a very suitable Institution for him would be the Masachussetts Institute of Technology or Union College, Schechentady. As Mr. Srinivasan holds a very junior post in the College and it would not be difficult to find a substitute for him, I suggest that he should be sent for 3 years; 2 of which should be devoted to post graduate study and research with practical training during vacations and the third year in practical training in design and manufacture of electrical machines.

Mr. A.P. Jambulingam: -- Mr. A.P. Jambulingam is a Hydraulic Laboratory Assistant by force of circumstances. He has been trying to get himself transferred to the Mechanical Engineering laboratory as he is much more interested in Mechanical Engineering than in Hydraulic Engineering. I could not however transfer him to the Mechanical Engineering Department as it was then extremely difficult to find a man to take his place as hydraulic laboratory assistant. Mr. Jambulingam has passed the B.E. degree in Mechanical Engineering with Hons. He belongs to a backward community and is one of the best students that we have had in the College from backward communities. I suggestmm that he may be allotted the subject of Automotive Engineering and earmarked for the College of Technology, Coimbatore. He should be sent for 3 years, of which 2 years should be spent in post graduate study and research with practical training during vacations and the third year should be spent in practical training in an automobile manufacturing firm. Masachussetts Institute of Technology would be the most suitable institution for him.

Sir,

Higher technical training - Deputation of Madras Government servants.

I am directed to reply to your telegram No. F.3.-13/45, dated the 6th August 1945, on the subject noted above.

While sending the "A" return, this Government had hoped to send 39 Government servants made up as follows:-

(1) Development Department	..	30
(2) Public Works Department	..	3
(3) Education Department	..	6

"B" returns had been furnished in respect of ~~20~~ 27 students under (1) above and the three students under (2), with my letters cited in the telegram under reply. According to an arrangement which has been come to by the Departments of this Secretariat, each Department will carry on the further correspondence in regard to the Government servants with whom it is concerned, direct with the Government of India. A copy of your telegram has accordingly been communicated to each of the Development and Public Works Departments.

2. Of the six Government servants allotted to the

Education Department, five were for supplying ~~the~~ teaching personnel to Engineering colleges and the sixth for occupying an administrative post in the Department of Education, as will be seen from the foot-note subjoined to the "A" returns sent with my letter No.15-C/45-16, dated the 29th March 1945. It is now seen that, of these six, it is practicable to send only four immediately. ~~The~~ I am to forward the "B" returns completed in respect of these four officers with forms of applications filled in, in duplicate, and other relevant documents. I am also to confirm the Government of India's presumption that these four officers will be sent on 'study leave' or other suitable terms, the expenditure on that account being wholly met by this Government.

Sir,

Sub: Technical Education - Deputation for higher studies overseas.

I have not yet recovered from the attack of Jaundice and find myself extremely weak, and unable to go out and make the preliminary arrangements as regards passport etc. Under the circumstances, after careful consideration, I regretfully submit that it will not be possible for me to take advantage of the facilities offered for proceeding overseas for higher studies. I therefore request that Government may be addressed regarding my inability to proceed overseas owing to reasons of health.

I shall however be only too willing to proceed overseas next year, if the offer is repeated.

Enclosure:

Copy of letter CL. No.2/45, dated 24th September 1945 from the Principal, College of Engineering, Guindy.

Subject:- Technical Education - Deputation of Government servants for higher studies in other countries.

I suggest the name of Sri N. Venkatasubramanian for deputation to other countries for higher studies. He was recently appointed Laboratory Assistant in Hydraulic Laboratory under 9(a). He passed from the Civil Engineer class in April 1944 with Honours and stood 2nd in the class. He was the top student in the first 3 years of the course and came out 2nd in the final year. He is very intelligent and hardworking and is in every way fitted to take up higher studies. I suggest he may take up Sanitary Engineering and get trained in one of the British Universities and on return he can be posted to one of the Engineering Colleges in this Presidency to deal with Sanitary and Municipal Engineering.

In recommending Mr. Venkata Subramanian I have considered other members of staff here. Messrs. K. Sukumaran, S. Anantakrishna Iyer and R. Natesa Iyer have expressed their unwillingness to go for foreign studies. Mr. S.P. Vores is -accepting a job as Workshop Instructor in Annamalai University and further I consider he is not suitable for being sent out for higher studies. Mr. P.V.B. Bhushana Rao, Mechanical Laboratory Assistant is a B.E. who has put in more than 10 years service here in the college. His work in the college has been good but his educational career in the college was not bright and as I hold the view that only very good material of good receptive capacity should be sent, I leave out Mr. Bhushana Rao. For similar reasons I leave out Mr. S.L. Balasubramanian, Strength of Materials Laboratory Assistant.

The G. of I. have appointed Messrs. Govan Bros. Ltd., Scindia House, New Delhi and their branches at 240 Hornby Road, Bombay and at 28 Dalhousie Square-West, Calcutta, as travel agents to look after the passage arrangements of the candidates selected under the G. of I. scheme of technical edn. overseas. A list of the Govt. ~~officers~~ ~~selected~~ under the Edn. Deptt. so selected, together with their addresses, is being furnished to the travel agents with Govt. letter No. 29968 C-26 Edn of 13.10.45 (copy enclosed). Detailed instructions will be sent to the officers direct by the travel agents.

compare pp 31-32 CF 2F

2. The travel agents will ~~send~~ ~~[illegible] send~~ the officers in question a single II class ticket each from the place of residence to the port of embarkation & will also pay them, as pocket money for the voyage, a sum of £5 in travellers' cheques ~~in pounds~~ ~~or~~ dollars ~~£1~~ ~~[illegible]~~. The cost of the tickets and the amounts of pocket money will be adjusted from the total amount payable by Govt. to the officers with reference to memo No. 29968 C-22 Edn of 8.9.45

3. As there is great difficulty in ~~securing~~ a passage to U.S.A., all or some of the officers may have to go by air. In that case, it will not be possible to give them more than 24 hrs.' notice; the D.P.I. is requested to ask the officers ~~should, therefore~~, to keep themselves in readiness to leave at such short notice. The dates on which they should reach the airports or seaports will be intimated to them direct by the travel agents at the appropriate time.

GOVERNMENT OF MADRAS.
Public Works Department.
No. 1391-B/45-16.

From

K. Ramunni Menon, Esq., I.C.S.,
Secretary to the Government of Madras.

To

The Secretary to the Government of India,
Department of Education Health and Lands, Simla.

Dated, Fort St. George the 21st September 1945.

Sir,

Sub: Higher technical training - Deputation of Madras Government servants.

I am directed to refer to your telegram No.F.B-13/45 dated 6-8-1945, to the Secretary to the Government of Madras, Education and Public Health Department, and his letter No.29968-C-G-Edn dated 27-8-1945 to you.

2. In respect of the three officers of the Public Works Department Madras, referred to under item (2) in this Government's letter cited above, I am to enquire whether the training proposed by the Government of India is to be on the same lines as what the private students will receive What is required for them is not a post-graduate course but practical technical experience in one of the several departments of the U.S. Government which administer projects similar to those handled by the Public Works Department of the Madras Government. It is not intended that the officers are to be attached to any educational institutions or that they should study for any technical course or diploma in the countries to which they are deputed.

3. If the training for the officers referred to above cannot be arranged by the Government of India, Department of Education, Health and Lands under the scheme sponsored by them, I am to request that

regarding the payment to the candidates sponsored by the Central Government of their stipends in the United Kingdom and the United States of America. In view of the fact that there is very little time left now to calculate the study leave terms of the Government servants to be sent abroad this year, it has been proposed that all Central or Provincial Government employees selected as Government of India stipendiaries should, pending the fixation of their study leave terms be treated on a par with non-Government servants in the matter of stipends. Any over payments made will be adjusted in the course of the year in a manner to be settled. As stated in paragraph 5 of ~~xxxx~~ this Department Brochure "Information for students desiring to proceed overseas for advanced studies 1945", the stipend in respect of each candidate will be fixed on the advice received from the High Commissioner for India in London or the Hon'ble the Agent General for India in the United States of America in the light of particular needs of individual students. If the Provincial Government are agreeable to the arrangements proposed for Central Government stipendiaries being extended to the candidates sponsored by the Provincial Government, it is requested that a communication to that effect may be sent to the High Commissioner for India or the Hon'ble the Agent General for India in the United States of America under advice to this Department. If on the other hand, the Provincial Government desire to suggest any other procedure, their suggestions may be sent to this Department urgently for transmission to the authorities concerned in the United Kingdom and the United States of America. As the candidate may be required to leave India very shortly, it is a matter of urgency that the necessary authorities should be delegated to the authorities very urgently.

Dear Sir,

Stipendiary students sponsored by the Government of Madras for higher education overseas.

p67 ante

We acknowledge, with thanks, receipt of your letter No. 29968 C-26 Edn dated Fort St. George, the 13th October, 1945, together with a list giving address of four Government servants selected by the Education Department of your Government for studies in U.S.A. We are arranging to furnish these candidates with the circular notes which we have prepared for their guidance. We note that the addresses of the other Government servants selected will be furnished separately by the Departments concerned.

We also note that the Officers selected by your department as above, are to be provided with a single II-class ticket from the place of residence to the port of embarkation and that the pocket money of £ 5 each is to be paid to them in Travellers Cheques at the appropriate time but that the equipment allowance of Rs. 500 each is not to be paid to them. We presume that this restriction regarding the equipment allowance will apply to the other Government servants who have been selected by different departments of the Government of Madras.

p85 - CF

We also have for acknowledgment a copy of your memorandum No. 29968 C-27 Edn dated the 13th October 1945 addressed by you to the Director of Public Instructions, Madras. From this we find that you are addressing Messrs. Govan Bros. Ltd., at Bombay & Calcutta. This is incorrect as the American Express Co., Inc., should be addressed at these two places. Their addresses are as follows and you will note that they correspond with the addresses

ORDER:-

The Pay of a Government servant on deputation abroad under the Government of India's scheme of technical training will ordinarily be disbursed to him by the High Commissioner for India or by the Agent General in Washington, according as the place of training is the United Kingdom or United States of America. Recoveries on account of any advances taken by him, subscriptions to Provident Funds, income-tax etc. will be deducted from the pay disbursed abroad.

2. When the Government servant desires that the whole or a part of his pay should be drawn in India, the following procedure will be observed:-

(a) Gazetted Government servants.

A gazetted Government servant may leave his pay bills duly signed and endorsed in favour of an authorised Bank or agent (which has executed a bond of indemnity with the Government in Madras Treasury Code Form 45 or 46) for collection. If he prefers, he may give a power of attorney to such a Bank or agent to enable the Bank or agent to draw his pay from the disbursing officer as it falls due; in that case the immediate superior of the Government servant concerned may prepare the pay bills and send them to the Bank or agent from time to time if the Bank or agent so requests. If a Government servant does not wish to draw his pay through a Bank or agent as mentioned above, he may authorise a member of his family or other person to receive his pay in India, and the immediate superior of the Government servant concerned may then draw his pay and

P.T.O

102

disburse it to the person authorised to receive it, after satisfying himself as to the identity of the payee and obtaining legally valid quittance. Any suvh payment will be made entirely at the risk of the Government servant to whom the amount is due and no claim shall lie against the Government under any circumstances on account of any loss which he may suffer in connection with it. If the pay-disbursing officer thinks it necessary, he may obtain an indemnity bond with or without sureties in Madras Treasury Code Form 46 from the person authorised to receive the pay drawn in India.

If the Government servant wishes to draw a part of his pay abroad and the balance in India, he should fix a definite amount per month to be drawn abroad and intimate it in advance to the Accountant General Madras. This amount will be deducted from his pay bill to be drawn in India along with other deductions such as repayments of any advances, Provident Fund subscription, income-tax etc. The Accountant General will arrange to intimate to the High Commissioner for India or the Agent General in Washington, as the case may be, the amount to be paid to the officer abroad monthly on a simple receipt.

(b) Non-Gazetted Government servants. The procedure prescribed for gazetted Government servants above will apply also to non-gazetted Government servants who are empowered to draw their own pay bills in India. The same procedure will apply to other non-gazetted Government servants except that the head of the office will, as usual, draw the Government servant's Pay every month (Less the amount to be drawn abroad) and will disburse it to the person authorised by the Government servant to receive his pay in India. The drawing officer will be responsible for the proper identification of the payee and for obtaining a legally valid acquittance. If he thinks it necessary, he may obtain an indemnity bond with or without sureties from the person to whom the pay is to be disbursed in India.

p.117-123

I have the honour to submit herewith the letters from Messrs. A. Srinivasan, S. Srinivasan, A.P. Jambulingam and V. Kalyanaraman of the College of Engineering, Guindy, requesting that they may be granted a dollar exchange of 200 dollars each, for the purchase of books and equipment necessary and useful for them. In the circumstances stated by the Principal in his letter R.Cl.2/45 dated 6.11.1945 (copy enclosed) I recommend that the Government may be pleased to grant to each of the four officers dollar exchange facilities to the extent of 200 dollars on the condition that the amount is met by the officers themselves.

In modification of my endorsement No.Cl.No.2/45 dated 26.10.45 I submit the following:

The sum of 200 dollars required by the 4 officers is purely for private expenses and will be met by them. The amount is intended to be a reserve to meet any urgent expenses if there is a delay in the receipt of pay and allowances and also to purchase any books or instruments which may be available in United States. This will enable them to discharge their duties efficiently on their return to India but it will remain as their property as the amount will be met by them. What is required is only facility for incurring their expenditure in Dollars and will not involve any expenditure to the Government.

With reference to Government Memorandum No.29968 C-20 Education dated 4th October 1945, I have the honour to state as follows: --

I consulted Dr. J.J. Rudra, M.B.E., in regard to the selection of a suitable candidate from the staff of the College of Engineering, Guindy, for deputation overseas in the place of Sri V. Lakshminarayanan, originally selected. Dr. Rudra feels that the candidate, Sri N. Venkatasubramanian, the candidate already recommended for deputation in this office Cl.No.18/45-2 dated 28.9.1945 was an applicant for the foreign scholarships advertised by the Education Department and did not get selected. It will raise very serious objections from the public if, after being rejected by the Selection Committee, he is selected for foreign scholarship on the ground of having put in a few weeks' service in the College of Engineering, Guindy later. Moreover, it is highly doubtful whether Sri Venkatasubramanian has any intention to stick to the post of the Laboratory Assistant in the College. In the light of the above, I submit that Sri N. Venkatasubrahmanian may notbe selected for deputation.

p51 ante

2. As regards Messrs. S.L. Balasubrahmaniam and P.V.B. Bhushna Rao, both are qualified for higher studies in the subject "Heat and Hydraulic Engineering". But both Dr. Rudra and K.S. Sitaraman are of the opinion that Sri S.L. Balasubrahmaniam is unsuitable as he has a poor academic record and has been out of touch with mechanical engineering, particularly heat and hydraulic engineering. Mr. Bhushana Rao also has a poor academic record. He passed his B.E. degree examinations many years after leaving the College. However, it is stated that he has many years of practical experience of Heat engines as Shift Operator, Instructor in Air Mechanic Training Scheme and Mechanical Engineering Laboratory Assistant. As he is a permanent fixture in the College, Dr. Rudra is of the opinion that he would remain to serve the College and it would be worthwhile sending him abroad for advanced training so that he may be more useful than he would otherwise. At the same time Dr. Rudra considers that Sri P.V.B. Bhushana Rao is not the type who should normally be sent abroad for advanced training.

There is one more officer who should be considered and he is Sri P. Bhairavamurthi. He has been working as Strength of Materials Laboratory Assistant since July 1944. He is the first scheduled class student to obtain the B.E. of the Madras University. His record in the College is stated to be not brilliant but he has passed all his University examinations at the College in the first chance and this can be considered as very complimentary to a student from the scheduled classes. He is a graduate in Civil Engineering an is about 25 years old. I recommend that the Government may be pleased to select either Sri P.V.B. Bhushana Rao or Sri P. Bhairavamurthi for deputation overseas. If the latt is selected he may take up "Highway Engineering" under Civil Engineering for higher studies.

REF. No. PLP/251.

21st November 1945.

The Secretary to the Government of Madras,
Education & Public Health Department,
Madras.

Dear Sir,

Technical Education - Overseas. p125 ante

We thank you for your letter dated Fort St. George, the 17th November.

Unfortunately the instructions contained therein are not quite clear as it is not certain whether we are expected to issue Dollar Travellers Cheques to the extent of Rs.500/- against payment in rupees by the four officers selected by your Department for higher studies in U.S.A. Will you please clarify this urgently?

Two of the officers, namely Mr.S.Srinivasan and Mr.A.Srinivasan, have been allotted a passage from Calcutta on the 26th November to U.S.A. We presume that they are aware of the arrangements that are being made for them and we are accordingly asking the American Express Co.Inc., Calcutta, to issue them Dollar Travellers cheques for Rs.500/- if they require them.

There are also certain other Government Officers sponsored by the Madras Government for studies in U.S.A., and it is not clear what procedure is to be followed in regard to them vis-a-vis the Equipment Money. If, as it appears, we are not to pay them this equipment money, it is presumed that we should issue them with the Dollar Travellers Cheques up to a limit of Rs.500/- against cash payment by them. This would in any case be necessary as the stipendary candidates to America are expected to have at least $100.00 with them. This is, of course, in addition to the pocket money of £5, which we have been authorised to disburse to each candidate.

P.T.O.

We shall be obliged if you will kindly let us have full instructions on the above as early as possible.

Yours faithfully,

Dear Sirs,

Technical Education overseas - Reference your letter PLP/251 dated 21st November 1945.

I am directed to say that you should issue dollar travellers cheques to the extent of Rs.500/- to the Government officers referred to in my letter of 17th November 1945 only against payment in rupees by the officers. The officers are aware of the arrangements that have been made for their passage to U.S.A. URGENT

Dear Sir,

Travel arrangements for candidates sponsored by Government of Madras for studies abroad.

We are in receipt of a copy of memorandum No.29968 C.32 Education dated 12th November 1945 issued by Director of Public Instruction Madras regarding the disbursements of the equipment allowance of Rs.500/- by us as travel agents in the shape of dollar travellers cheques to the following 4 Madras Government servants who are proceeding on deputation to U.S.A. for higher technical studies.

1.Sri V. Kalyanaraman:
2.Sri A. Srinivasan
3.Sri S. Srinivasan
4.Sri A.P. Jambulingam

Of these Messrs. A. Srinivasan and S. Srinivasan were due to sail from Calcutta on the 26th November to U.S,A. and we hope that if the American Express Co., Inc. Calcutta were notified in time of these arrangements by your Government they must have already issued the necessary travellers cheques to these two candidates.

2 There is some confusion still regarding the disbursements to be made to Madras Government sponsored students including Government servants and

Technical Education - Overseas - Government servants.

The four officers required their outfit allowance of Rs.500/- each to be paid to them in dollars in America. Accordingly I sanctioned the outfit allowance in my R.CL.No.18/45-12, dated 21st November 1945. As in the case of private students the Travel Agents were required to give the equivalent of the equipment allowance of Rs.500/- to each of the Government servants in dollars - vide Government's letter No.29968-C.33 Edn., dated 17th November 1945 addressed to The American Express, Co., New Delhi. A copy of the Proceedings sanctioning the equipment allowance together with spare copies intended for the four Government servants was forwarded to the Calcutta Branch of the American Express Co. No amount was disbursed to any of the Government servants in cash by me. A copy of my Proceedings referred to above sanctioning the outfit allowance is submitted herewith.

Dear Sir,

Technical Education Overseas.

#141-142

We thank you for your letter No.29968.C.36 Edn. of the 26th November from which we note that none of the Government Officers sponsored by your Department or by any other department of the Madras Government are entitled to the equipment allowance of Rs.500. They will, however, receive the pocket money of £.5 each. This restriction refers to 5 of your department's Nominees and to 37 candidates sponsored by the Development Dept. Govt. of Madras.

It will of course be in order for us to issue dollar travellers' cheques or sterling travellers' cheques up to the maximum against paymentin cash of Rs.500 each from these Government Officers.

and study allowance at the rates mentioned in subsidiary rules 7,8 and 12 to Fundamental Rule 84; in addition, they will have to be given such amount as is necessary to bring the total payment to the level of the aggregate payment which will be made to stipendiary students.

3. I have the honour to recommend that the Government may be pleased to sanction study leave for a period of two years with effect from 17-11-1945 on behalf of Messrs. A. Srinivasan and S. Srinivasan. As regards study allowance referred to in subsidiary rule 7 under Fundamental Rule 84 they are entitled to a study allowance at the rate of 30 shillings a day subject to the conditions specified in rule 8 therein. As regards leave allowance I may state that under Subsidiary Rule 12 of Fundamental Rule 84 they are eligible for leave allowance the rate of half average pay subject to the minimum prescribed in Fundamental Rule 90. As the minimum leave-salary of £25/~~pm~~ prescribed in these cases exceeds the average pay of the two officers they will have to be granted leave allowance only at a rate equivalent to their average pay, which is Rs.170/- p.m. in the case of Sri A. Srinivasan and Rs.110/- p.m. in the case of Sri S. Srinivasan. I may point out, in this connection, that Sri A. Srinivasan comes under Fundamental Rules in regard to his leave, and Sri S. Notes Education and P.H. Deptt.

C.No. From the D.P.I., Cl.No.18/45, dated 27-6-1945.

Technical Education - Deputation of Govt. servants for training overseas.

(87)

The G. of I. have been told that this Govt. would be sending 39 Govt. servants on study leave or deputation terms for higher studies overseas. The arrangement is that the Sectt. Dept. concerned with the Govt. servants shoul settle the terms, in consultation with Finance, and take the requisite orders in the matter. E. & P.H. Dept. is concerne only with the sending of six members on the staff of the Engg. College, Guindy. In the current letter, the D.P.I. ha given the names and other particulars of the members. He ha not, however, given information about the present pay of the officers. That, as given in the available establishment lists here, is entered in pencil against the officers' names in the letter.

2. Five of the six members of the Engg. College staff are to undertake their studies in the U.S.A. The cours in their case is to be one of two years. The sixth is the Principal himself who is to be deputed for a period of eight months for studying the systems of technical education obtaining in the U.S.A. and the U.K. The five members should sail with the first batch of private students now being selected. The G. of I. have sent a telegram asking for the submission of the "B" returns about all these candidates. The Principal proceeds only next year; his case may be considered later. For the present, E. & P.H. may recommend the sending of the remaining five officers.

This may be mentioned to the G. of I. when we send our B returns.
Wf

3. The Director recommends that the officers may be given their pay in India and allowances as proposed by him at p.2 C.F.

4. The G. of I.'s instructions are that Govt. servants should be sent on study leave terms, supplemented a special allowance, if necessary, so as to ensure that in

case will a Govt. servant be placed in a less favourable position financially than the private students sponsored by the Government. The precise intention underlying this is not clear. During study leave, an officer is eligible for leave on half average pay, subject to a minimum of £25 a month. He is also eligible for a study allowance of 30s. a day in America. But he is not eligible for passages, tuition fees, outfit allowance and travelling expenses in the country of deputation. If by "A" above it is only meant that, ~~including~~ in the shape of leave allowance & study allowance, the amount made available to a Govt. servant, during the period of the study, should not be less than that made available to a private student, the following comparison of the payments to a private student with those to a Govt. servant shows that the latter will be less than the former by about Rs. 5,230. This amount will have to be made good in the case of each of the five officers: it will be more if study allowance is granted only for 14 days in the vacation

Est. No. 2998 C/451 Est.
29.6.45

S Ed P. H. may recommend that the case may be dealt with on the foregoing lines, subject to modifications, if any, to secure uniformity with the arrangement proposed in the case of officers sent by other depts: e.g. Dev: Finance for remarks.

S.

29-6-45

We have no definite ... for the rate of ... for the U.S.A under the ...

... We may now decide that the terms should be as at ... above, but ... if the amount ... actual amount ... given to private students, we will make good that deficit also ...

Rule B above depends on the validity of the assumption at C above.

The proposal is to depute five members of the Engineering College staff to undertake their studies in U.S.A. for a period of 2 years. The Principal, Engineering College is to be deputed in addition for a period of 8 months for studying the system of technical education obtaining in U.S.A. and in the U.K. The officers deputed on study leave terms will be governed by the provisions of F.R. 84.

E.P.H. have recommended that as the Govt. servants deputed for study leave should not be placed in a less favourable position financially than the private students sponsored by the Govt. any amount that is found to fall short of the total amount given to private students should be made good by the Government. They have accordingly calculated the payments to be made to private students and the Govt. servants and have recommended that the amount to be paid to Govt. servants falls short by about Rs 5,230 it will have to be made good to each of the 5 officers.

In working out the cost in the case of the Govt. servants, E.P.H. have taken £25 as the minimum to be paid as leave salary to the officers concerned. Under rule 12 to F.R. 84 a Govt. servant during study leave will draw half average pay as ~~the~~ defined in rule 9 (2) of F.R.s subject to the maxima and the minima laid down in F.Rs. 89 and 90. Under F.R. 90 the leave salary of a Govt. servant should in no case exceed his average pay and the minima of £25 prescribed will apply only in the case of such of the Govt. servants whose leave salary exceeds Rs 333⅓ per mensem. As the salary drawn by the Govt. servants to be deputed to U.S.A. falls below this amount they will draw as leave salary during study leave only their average pay. So in working out the cost the average pay will have to be taken as Rs 1,100 p.m. or Rs 26,400 for a period of 2 years. The study allowance of 30 sh. per day will work out to Rs 73,000 for a period of 2 years. Thus the total cost of deputation of 5 Govt. servants on study leave for a period of 2 years will work out to Rs 99,400 or Rs 19,880 in the case of a Govt. servant deputed on study leave terms as against Rs 22400 worked out by E.P.H. If the principle suggested by

It is submitted that as the grant of study leave is in the interest of officers themselves, inasmuch as they secure higher qualifications to improve their prospects of promotion to higher grades, Finance may suggest that no additional financial concession than that ordinarily admissible under the rules ~~may~~ need be given. The cost of passage in the case of each Govt. servant to be deputed may however be borne by the Govt. as a special case.

Finance would give only the study leave concessions with the modification that they will allow each passage both ways. If that is done, ~~the~~ Govt. servants concerned here stands to get Rs. 4,250 ~~in the average~~ less than a private student, for the aggregate course, and even that on the presumption that ~~there~~ study allowance will be allowed for all the 12 months, vacation or no vacation. It is not likely that any of these officers can be induced to go to U.S.A. on these terms.

2. The recommendation refd. to at 'P' in Fin. note on p 3 ante was not of the E&P.H. Deptt. ~~It means~~ E & P. H. only followed para 7 of the G. of I.'s brochure.

3. It shd. now be decided whether the case of these Govt. servants should be dealt with on the lines of the G. of I.'s instructions as interpreted at 'Q' on p 2 ante or in accordance with the Fin. deptt.'s views at 'R' above, or again whether it shd. be ascertained from the D.P.I. if the Govt. servants will be willing to go on the terms at 'R'.

S

30.6.45

They will have to be consulted even if a following decision on 'Q' is taken. So a decision on the question as posed at A & S above may first be taken.

WS

S | I would emphasize two points:

One is that we have to reckon the possibility of the G of I sponsoring our batches of Govt. servants if the terms do not conform to the formula indicated by them. The other is that it is not the desire of [illegible] that are applying for study leave but it is the Govt. that is proposing to send [illegible]

The terms are laid down in paras 5 to 8 at P3 of the G. of I. pamphlet. We should come in on the terms that are generally applicable — Study-leave terms subject to a minimum of the amount payable to a stipendiary student under the Scheme. The names of the 5 persons recommended may be sent up to the G. of I. if they agree to go on these terms. Govt must pay to equip their technical staff with the knowledge essential to carry out the Post-War programme effectively.

[C No. 36880] From the D.P.I. R.Cl. No. 18/45 of 14.8.45

With refce. to 'A' above, the Director has suggested the names of two more candidates for higher edn. in other countries. The proposal calls for the following remarks.

The original proposal was to depute one officer for higher studies in each of the following five subjects:–

V.L.N (1) Mechanical Engg. – Heat and Hydraulic Engg.
K.N.R. (2) Electrical Engg. – Generation, Transmission and Utilization of Elec. Power
A.S (3) -do – Electrical Machinery and Design
N.S.K. (4) Civil Engg. – Structural Engg.
V.K (5) -do – Hydraulic Engg.

A return was sent to G. of I. on this basis.

For (2) and (3) above, Messrs. N.N. Ramanathan and A. Srinivasan respectively have been selected and the Director has been asked to furnish the 'B' returns etc. in respect of the two officers.

Mr. V. Lakshminarayanan, who has been allotted for No. (1) above is now serving under the G. of I. and that Govt. has been addressed regarding his relief.

The officers first recommended by the ~~Principal~~ Director against (4) and (5) ~~were~~ are not willing to go ~~abroad on the terms offered~~

C

~~by Govt.~~ In their places, the Director now recommends Sri S. Srinivasan and Sri A.P. Jambulingam.

It will be seen from the Principal's letter on pp 9-11 C.f. that ~~the~~ Messrs. Srinivasan and Jambulingam are to be allotted for "Electrical Machinery and Design" and "Automotive Engg." respectively. ~~If the Director's recom~~ ~~recommendation is accepted~~ This would mean that, there will be two candidates for higher studies in "Elec. Machinery and Design" as against one originally proposed and that instead of one candidate each for subjects (4) and (5) on p 7 ante, there will be one candidate for a new subject "Automotive Engg." If the present proposal is accepted, a revised A return will have to be sent to the G. of I. now. ~~It is for consideration whether any such revision should be made now~~ at this very late stage ~~or whether the Director should be asked to select two candidates for the Civil Engg. subjects, in place of the two officers now recommended by him.~~ for orders.

9-11 Cf

The ~~Coimbatore~~ college is a later development & this subject "Automotive Engg." is provided there

This may be done, explaining the changes in the structure of this particular section of the A return, along with the B returns & the ~~form of~~ applns. completed by the candidates.

It will be seen that a two-year course is suggested for these two newly suggested officers. The Dir's proposal may be accepted & he may be asked to expedite the B Returns & connected documents.

In the letter on page~~s~~ 79 c.f. the Government of India have explained the arrangement~~s~~ made by them for the disbursement of stipends and other allowance to ~~provid~~e candidates sponsored by them, and to their employees selected for further studies in the U.K. and U.S.A. They suggest that if the Government are agreeable to the arrangement being extended to the candidates (both private and Government) selected for further studies, ~~to~~ the High Commissioner for India, London, and the Agent General for India, U.S.A., may be informed so. If, however, this Government want to follow a different procedure, the Government of India desire that they may be informed of it.

2. Private candidates: The arrangement at "A" on pp. 79 and 81 CF may be accepted.

3. Government servants: This Department have already selected four officers of the Engineering College for study in the U.S.A. — pp.41 and 59 c.f. It is also proposed to select another officer of the college for higher study abroad pp.53-54 c.f. The terms on which these officers are to be sent are set out in the Memorandum on page 3-4- c.f. Please see also "B" on page 15 ante. It will be seen the aggregate payment to the officers will be the same as that for private candidates. There is, therefore, no objection to the Government servants being paid in the first instance stipends at the same rates and in the same manner as to private candidates as at "B" on page 79 and 81 c.f., adjustments being made later. Cables may be sent accordingly to the Agent General and the High Commissioner and the Government of India advised. Drafts for approval. // The draft refers to all Government servants deputed for study under the scheme. If Dev. consider that a different procedure is necessary in respect of their officers, they may take a copy of the Government of India's letter for necessary action. The drafts will then be amended suitably.

As regards the debit of the expenditure, in G.O.No.1382 Edn., dated 8th September 1945, it has been laid down that the expenditure in England should be debited to "37.s.Edn., - Charges in England - Post-War Reconstruction - Deputation of candidates for advanced studies in technical and scientific subjects". ~~It~~

This ~~may~~ will be indicated in the telegram, if Fin agree. Finance may be requested to advise also as to the head of account to which the stipends, etc., paid in America should be debited. The Government of India have authorised the debit of the expenditure, so far as their students concerned both in U.S.A. and U.K. to "Demand No.72 j - Lump Sum provision for Schemes under consideration in India"

Extract from Development Department Notes regarding Education - Technical training abroad - Deputation of GovernmentServants - Financial arrangements.dated 17th October 1945.

...

Finance have agreed that an equipment advance may be sanctioned to the Government Servants who are being deputed abroad but have suggested that the amount of advance may be limited to 2 months pay. The Government of India have sanctioned an equipment allowance of Rs.500/- for each private student who is being deputed abroad for higher studies. The pay of many of the Government Servants who are being deputed are low, and an advance of 2 months pay may not be sufficient in these days of high prices. One Officer actually gets Rs.82-8-0, three officers draw Rs.100/- to Rs.105/- each and some others draw between Rs.116/- and Rs.175/-. In these circumstances it is for orders whether this Department may press for an interest free advance of Rs.500/- to each officer.

For orders.

N.M.13-x-45.

The advance should be related to the cost of the equipment not to the pay of an officer draws. We may press for an advance. of Rs.500/-.

T.S.

An equipment allowance of Rs.500 each should be sanctioned. It is no use treating it as an advance to officers drawing about Rs.80 or 100 a month.

The notes ~~on page 5 - 7~~ above and the orders in circulation on ~~page 7 ante~~ the margin may be perused.

Development Department have sanctioned the payment of an equipment allowance of Rs.500/- to each of the Government Servants who are being deputed by them for study abroad. It is also proposed to issue

P.T.O

orders separately regarding the arrangements that may be made for the disbursement of the whole or a portion of the pay of these Government servants who so elect, to their nominees in India.

Equipment Allowance: This Department has proposed that study leave terms may be granted to the officers selected by them for study overseas. It is also proposed that they may be given additional amounts so that the aggregate amount received by them may be same as that for the students sponsored by the Government for study abroad. The file relating to the Government servants has been sent to Finance. The question whether the Government Servants selected by this Department should be given an equipment allowance will be examined on the return of the file from Finance. Necessary extracts have been taken and they will be added to the file when it is received.back.

(Previous Finance note on page 20 above).

The file deals with the proposal to depute 5 members of the Engineering College staff to undertake ~~their~~ studies abroad for a period of two years on study leave terms. They have been given all the concessions admissible under the study leave rules contained in ~~Art~~ F.R. 84, viz. (1) half average pay for the period of deputation (2) study allce.

It has also been decided that the Govt. servants to be sent on study leave should not be financially in a less advantageous position than any private candidate. The statement below shows the allowances which private candidates will get as compared with the allowances that a Govt. servant will get under the study leave terms for a period of 2 years:--

compensation

Private student	Rs
Stipend	20,000
Outfit allowance	500
Passage	3,500
Incidental journey expenses	130
Tution fees	2,000
Visit to workshops	1,500
	27,630

Study allowance	14,600
	19,880
Difference to be given to each Govt. servant	7,750

27630
19880
7750

As a ~~the~~ Govt. servant gets the same amount of financial help as ~~the~~ private candidate and as the estimate of expenditure for a private candidate provides for an outfit allowance of Rs 500, E.P.H. suggest that additional outfit allowance need not be sanctioned to the Engineering College candidates with reference to the orders in G.O. 4075 Dev. dated 18-10-45; instead they suggest that an advance of Rs 500 each may be given if necessary for the provision of necessary equipment, the amount being adjustable from the amount payable to the Govt. servant. They propose therefore to ask the D.P.I. whether the persons will require an advance.

His may be agreed to.

departmental budget and intimated by the A.G. to the High Commr. who will deduct the amount from the quarterly payments due in England or U.S.A.

3.11.45

Government servants selected for training in the United Kingdom or United States of America feel a doubt whether equipment allowance is admissible to them.

One or two officers have already

Education and Public Health Department state that the aggregate amount to be paid to each Government servant selected by that department will be the same as that to be given to a private candidate and that, as the amount payable to a private candidate includes an equipment allowance of Rs 500, the Government servants are also eligible for it.

It is better to inform the Director of Public Instruction that an equipment allowance of Rs 500 is included in the aggregate amount. The Director of Public Instruction may be authorised ~~here (in India)~~ to pay Rs 500 ~~in advance~~ ~~cost~~ in India towards the cost of equipment, to those who want it. The amount paid here in advance will be deducted from the quarterly payments due at the port of disembarkation. Those who do not draw this allowance here may draw it ~~at the port of disembarkation.~~ on reaching England or U.S.A.

The draft may be revised on the lines indicated above. It is not necessary to call for further information.

5.11.45

WS
6.11.45

I do not see any real need to treat the Rs. 500 equipment allowance as an advance to be adjusted later against total amount due. All the Govt servants will evidently be entitled to this Rs. 500 as part of the "difference" between their study leave terms & the terms for private stipendiaries. It would ∴ seem simpler to sanction payment of outfit allowce of Rs. 500 to ~~the~~ each Govt servant straight away; the amount of the "difference" to be paid later will then be automatically less by that amount. However, Fin. has no objn. to the procedure proposed by E.P.H., if E.P.H consider that there is any advantage in it.

it was originally decided that Government Officers of the Education Department should be deputed for higher studies. //The Government have already selected 4 officers of the Engg. Perhaps it may be too late now to secure admission for the officer proposed to be selected as the Colleges ~~of~~ in the U.S.A. and the U.K. may have already begun the course of studies. In this view, it is for consideration whether the question of selecting the fifth officer may not be postponed for next year. The intention was that the DPI should disburse the amount to the officers. With ref to a further communication recd from the DPI that the officers wanted dollar exchanges for the amount, the Travel Agents were instructed to give the equivalent of Rs 500 in dollars to the officers (against cash payment by them). The DPI was also informed of this arrangement in the memo. on pp 127-128 CF. The Director seems to have misunderstood the Govt. orders and has directed the Travel Agents (to disburse themselves) the equipment allowance of Rs 500 to each of the officers in dollars. The Education Dept. selected in 1945-46 the following 4 officers of the Engg. College, Guindy, for being sent overseas, on study leave terms, for undergoing advanced courses of studies:-

1. Sri A. Srinivasan	U.S.A.
1. Sri S. Srinivasan	U.S.A.
3. Sri A.P. Jambulingam	U.S.A.
4. Sri V. Kalyanaraman	Canada.

The first two officers have already joined the institutions abroad and study leave may be granted to them on the terms specified at "B" on page 15 ante. The remaining two officers are still detained in India and leave may be granted to them when they actually go abroad and join the institutions there.

I do not think any such distinction was contemplated: we refer to our Govt. servants sent under the G.O. 'sponsored' scheme as also 'sent on deputation'.

With reference to paragraph 4 of the D.P.I.'s letter it is submitted that G.O.No.1145 Finance dated 25-10-45 would seem to apply to Government servants sent for training abroad on deputation terms, but not to Government servants sent abroad on study leave terms.

Attention is invited to pages 77-84 c.f. As per the arrangement agreed upon, pending calculations of study leave terms, the Government servants sponsored for studies overseas under the Education Department scheme, will be paid stipends as for non-Government servants on an estimated quarterly basis. Messrs. S. Srinivasan and A. Srinivasan woul according to this arrangement have received already one or two quarter advanced from the Hon'ble the Agent General for India in U.S.A. If the concession referred to in the G.O. above, is extended to these two officers, the Agent General in USA. may be asked to deduct from the quarterly payments the leave salary of these officers, in future and arrangement made to draw the leave salary in India after expiry o the period covered by the last quarterly payment made in full, without any deduction.

PP 101-102 CF

A

The total payments made to Government servants are only equal to those made to stipendiaries; and the stipend amount would be the normal amount which a student would require for his maintenance abroad. It is not clear whether Messrs. Srinivasan and S. Srinivasan would be able to maintain themselves with the stipends less their leave salary.

In the circumstances, it is for consideration whether permission to draw leave allowance in India for the two Government servant may be refused or it may be allowed and action taken as at "A" above. Finance may see for remarks.

As the Governors have desired that the action as at 'A' should be made – p.c. p. 164 – it may be presumed [illegible] [illegible] difficulty.
