Sir,

Sub: - Education - Elementary Education fund - Municipal
Council, Vaniyambadi - Conveyance for goshas girls - Expenditure -
Debit - Sanction requested.

I beg to submit that this municipal council maintains
three girls schools for goshas, but provision has hitherto been
made for conveyance for only one girls school in Fort. There are
two other schools, one in Khaderpet and another in Periapet. At the
request of the Municipal Council, Janab C.L. Hajee Abdul Sultan Sahib
Bahadur, a municipal councillor provided a cart for conveyance for
the Khaderpet girls school for this year at his own expense. There
is no conveyance for girls studying in Periapet girls school. This
town is predominantly inhabited by Muslims and goshas system is
being observed very strictly, so girls find it rather inconvenient
to attend schools without conveyance. So, maintenance of conveyance
for both these schools as in the case of Fort school is found quite
necessary in the interest of school. The municipal council while
considering the Budget Estimate has decided to provide carts for
the two schools and has allotted necessary funds to meet the

expenditure in the Budget for the year 1946-47.

In view of the above circumstances, I request that the Government may be pleased to permit the municipal council to engage the carts for Khaderpet and Periapet girls schools and to incur expenditure from the Elementary Education Funds for 1-4-46

Commissioner.

Khaderpet girls' school. It is submitted that sanction was accorded previously for the use of gotha girls reading in this school. Fresh sanction has been applied for apparently because the school was not in existence for sometime and the sanction was not utilised. The cl. may be permitted to engage a cart for this school and incur an expenditure not exceeding Rs 45 p.m. in 1946-47.

Periapet girls' school. The request made by the cl in 1937 for the use of a conveyance for girls reading in this school was negatived on the ground that the number of girls of gotha age reading in the school was only 28. The number of such girls in the school is only 12 now. The D.P.I. however states that the proposal was recommended by him as the Commr. had reported that the attendance was likely to improve if a conveyance was provided for the school. For orders whether in the circumstances stated the proposal of the D.P.I. may be accepted and the Commr. told that the continuance of the provision of the conveyance will be subject to the condition that the strength of the school improves.
