Extract of notes from a file dealing with the
recommendation of the Nutrition Sub Committee

(iv) Utilisation of the W.V.S. in good matters. (Item 4 of the first meeting)

The Cochin Government had reported that some women were working in the Cochin restaurant Advisory Committee and their advice was being taken in food matters and in the milk distribution schemes.

Mrs. Parijatham Naidu stated that she would also like the members of the I.W.C.C. in the city and in the moffusil in the Madras Province to render help in such schemes. She did not want their intentions to be mistaken if they visited such places and volunteered help. Mr. Lobo said that he would be willing to entertain their help provided he was furnished with the details of the proposal.

The chairman suggested that the Governments concerned and the Madras Corporation could be addressed to allow members of the I.W.C.C. organisation to visit Health centres, milk distribution centres, school feeding centres and their kitchens and given assistance and render the necessary advice. The Committee agreed to this.

As regards the visit to the centres selected for the supply of mid-day meals to poor children in the Elementary Schools, general instructions have been issued in G.O.No. 2196 dated 27-12-45. It does not appear that any member of the I.W.C.C. organisation need be permitted to visit the centres. If any permission should be given, orders should be issued by Government and not by the D.P.I.

Public and Food may see for remarks.

We can issue orders to the effect
