Sir,

SUBJECT:- Government Middle School for Muslim Girls, Abiramam - Re-naming the school - Gift of the building to the Government.

In G.O.No.Ms.694, Edn., dated 1-5-1945 the Government sanctioned the opening of a Government Middle School for Muslim Girls at Abiramam, Ramnad District, with Class 5 and Form I in 1945-46, Forms II and III to be added in 1946-47 and 1947-48 respectively. The above school is housed in a portion of the building occupied by the Esmail Girls' Elementary School for Muslim Girls, Abiramam. The owner of the building who is also the manager and correspondent of the Elementary School desires to offer the building as a free gift to the Government subject to the following conditions:

(a) that the Government Middle School for Muslim Girls, Abiramam, should be named as Government Esmail Secondary School for Girls, Abiramam" in memory of his late brother Janab S.N.Esmail who has contructed the school at a cost of more than Rs.15,000/-.

A (b) that the management of the existing Elementary School run by him in the same building should be taken over by the Government and maintained as classes I to IV of the Secondary School. and

(c) that if the building ceases to be used for purposes of the school for Girls, it shall be forthwith handed over to him.

The Inspectress of Girls' Schools, VII Circle, reports that the building was constructed out of private funds without Government aid for a Muslim Girls' School by the late Janab. S.N.Esmail. She suggests that the gift of the School building may be accepted by the Government under the conditions stipulated by the owner of the building. She points out that the words "for Muslim Girls" in the present name of the school may be omitted as desired by the donor, having regard to the fact that non-Muslim girls who might need instruction through the medium of Tamil may also be permitted into the School.

In the circumstances stated by the Inspectress, I request that Government may be pleased (1) to accept the gift of the building under the conditions referred to in para 1 above and (2) to re-name the school as Government Esmail Secondary School for Girls, Abiramam. I submit that the proposal for taking over the management of the Lower Elementary School by the Government, will be submitted to the Government as a Part II Scheme for 1946-47.

I submit herewith a copy of the letter of the owner of the building.

I have the honour to be,
Sir,
Your most obedient servant,
T. Ray Narayana
for Director of Public Instruction.

COPY of the letter dated 11th June 1945 from S.N.Mohammad Sultan, Manager & Correspondence, Esmail's Muslim Girls' School, Abiramam, Ramnad District. to the Inspectress of Schools, VII Circle, Madura.

Ref:- Name of the Government School for Girls at Abiramam.

***

I thank you for your letter of 11th instant and in reply thereto I have the honour to write as under:--

My brother late Janab S.N.Esmail, had his own good programme of running the present school for Muslim Girls as a middle school first and then as a High School and this idea he built the present school building (spending more than Rs.15,000/-)which can accommodate more than 55 pupils. But his entire programme was upset owing to the Japanese Aggression in Burma, where his entire property was invested. Further he could not go on with his idea as he passed away on 5th March 1944, leaving the school in the elementary stage.

Under the circumstances set forth above, I wish to mention here, that the efforts of my late brother for the education of the Muslim girls were very great and in this respect he had spent more than Rs.15,000/- for the erection of the present building alone. Therefore it will not surprise you, if I ask your goodself to name the school (which is started to-day by the Government) after the late S.N.Esmail as follows:-

"GOVERNMENT ESMAIL SECONDARY SCHOOL FOR GIRLS."

For this act of kindness of naming the Government school as above in the name of late Janab S.N.Esmail, I am prepared to hand over the entire site and building to the Government for the use of the said school. In this connection I would like to submit that you should be kind enough to take such steps as are necessary to take charge of the present Esmail's Muslim Girls' School, run by me at present.

In handing over the said building to the Government, it shall be agreed by the Government that if the Government were to cease to name the school as above, or to cease to use the said building as school for girls, the said building shall be forthwith handed over to the owner.

A sketch of the said building and site is herewith submitted for your information.

~~The DPI is informed that~~ A decision ~~that~~ in regard to the acceptance of the building by Govt should await orders on the proposal for taking over the Elementary School under Govt management which it is proposed to put up as a Part II scheme for 1946-47. In submitting that proposal the necessity for opening classes I to IV in the Secondary School should be clearly explained giving an indication of the number of pupils who may be expected to be enrolled in each of those classes. The strength of the Vth class and the 1st form which have been opened and the probable strength for the second form to be added in 1946-47 should also be reported.

In the meantime, the Director ~~is informed that whenever~~ may satisfy himself that the Manager of the ~~[illegible]~~ Elementary School has not received a Govt grant for constructing the school building and that his title to the property is clear. Sub: Government Middle School for Muslim Girls - Abiramam - Opening of classes 1 to 4 - Sanction requested.

Ref: Government Memo No.35742-B/45-1 Edn., dated 28--8--45.

In connection with Part II of the Budget Estimate for 1946-47 I have the honour to submit the proposal for the opening of classes 1 to 4 in the Government Middle School for Muslim Girls, Abiramam and to state as follows:-

2. The Inspectress of Girls Schools, VII Circle reports that the number of girl pupils that are likely to be enrolled in each of classes 1 to 4 is as shown in the margin. This is very encouraging and it indicates that there is a definite need for the opening of these classes. The strength of class 5 and Form I opened in the current school year is 23 and 6 respectively. The Inspectress anticipates a strength of 15 pupils in Form II next year over and above the number that will be promoted from Form I. She further points out that all the girl pupils in the locality desirous of having secondary education will join these classes even from the very beginning of their school course. The opening of classes 1 to 4 will also prevent the non-muslim girls pupils from joining the local high school for boys, as they are at present doing, and will thus serve as a feeder to the Government Middle School.

Class 1	...	32
Class 2	...	26
Class 3	...	27
Class 4	...	36

3. Gift of the school building:

The particulars called for in the Government Memo. referred to above regarding the gift of the school building to the Government have not been received from the Inspectress and I shall submit the same as soon as they are received. Pending a decision on the acceptance of the gift of the building I request ~~that~~ that the Government may be pleased to sanction the opening of classes 1 to 4 in the Government Middle School for Muslim Girls, Abiramam, from the beginning of the next school year.

4. The financial effect of the proposal is as follows:-

Income from fees.

The fee income may be estimated at Rs.400/- per annum.

Cost in 1946-47.

Non-recurring:

Funniture	....	Rs.800

In continuation of para (3) of my letter R.C.No.508 A/45, dated 27-9-45 I have the honour to submit herewith a copy of letter dated 22-9-45 from the owner of the above school building and the only son of the late Janab S.N.Esmail, stating that he is willing to hand over the school site and building to the Government for the continued use of the proposed Govt. S.N.Esmail's Secondary School for Girls, Abiramam. In the event of the closure of the above school, should such a contingency if at all, arise, he wants to know what is to become of the school building, that was gifted to the Government. In that event, I consider, that it is only reasonable that the building is returned to the donor. I may state in this connection that Mr.S.N.Muhammad Sultan, the writer of the letter dated 11-6-45 is only the Manager and Correspondent of the school and not the owner of the school building as reported in my letter R.C. No.508 A/45, dated 7-8-45.

2. As regards the title of the Donor to the property, the Inspectress of Girls' Schools, VII Circle, reports that his title is in order. She further reports that no building grant was applied for and paid for the construction of the building of S.N.Esmail Elementary Girls' School, Abiramam.

3. In the circumstances stated above I request that the Government may be pleased to accept the gift of the school building and to re-name the school as Government Esmail Secondary School for Girls, Abiramam.

The newly opened Government Middle School for Muslim girls is located in a portion of the Elementary School building on payment of a rent of Rs. 35/- p.m. If the offer is accepted the problem of accommodation for the school will be solved unless additional accommodation is necessary or the present building itself requires alterations.

Please see the DPI's reply on pp. 7-8 cf. He states that the owner of the school building is willing to hand over the school site & building to the Govt for the use of the Govt Secondary school for girls. The DPI states that should such a contingency arise, it is reasonable that the building is returned to the donor

p 7 cf

2 The Govt will have to make additions & alterations to the building after it is handed over to Govt, in case it is found necessary to do so on account of the development of the school. In the event of retransfer of the building to the donor, the Govt cannot retain the additional buildings, if any, constructed by them on the site and return the original building alone to the donor. It is not also possible to give any undertaking now as to what public purpose the building would be utilised in case it is not required for school purposes. It seems therefore that the transfer of the building can be accepted only subject to the condition that it will become the absolute property of Govt and the proviso relating to the retransfer of the building to the donor cannot be accepted.

Perhaps, the best course will be to provide that in the contingency contemplated, viz., of the building not being required for the purposes of the school, the building should -

(a) be handed back to the donor, on his paying the cost of the alterations made by Government, or

(b) be retained by Government, on their paying to the owner the cost of the existing building.

In either case, there should be provision for depreciation, i.e., only the value of the alterations made by Government or of the present building, less subsequent depreciation, should be payable by the donor or the Government, as the case may be. Provision may be made for the valuation being effected by some Government Engineer specified in that behalf. Either or both of the alternative courses mentioned above may be adopted.

Please see the letter on p 13 cf. The owner of the elementary school for muslim girls at Abiramam is agreeable to the condition proposed in the memo on pp 10-11 cf that in the event of the building not being required for school purposes, it may be retained by Govt on their paying to the owner the cost of the existing buildings less depreciation. Presumably he is not particular of having the building back. His request that he may be allowed to retain the tomb in a corner of the ~~building~~ compound may be allowed. There is no objection to this as it is surrounded by compound walls and has a

~~[illegible]~~ separate entrance.

A draft order is submitted below for approval.

It may be sent to Finance [illegible] for acceptance
