Letter No 1216 Dated 19.6.1946

41/19/6

To,

19-6-46

The Secy to the Govt of India,  
Dept of Labour, New Delhi,

Sir,

Subject:- Supply of imported paper.

directed Mr. Viswanatha Ayyar's

I am to write your attention to my letter No Ref. 5684

ca/46-1 Dn d. 1.3.46 intimating that certain varieties of  
imported paper identified for, for 1946-47, are not required

Consequent on the abolition of the Publicity Dept of this Govt  
and to state that the following paper is <sup>now</sup> required by  
the Ford Dept of this Govt for publicity purposes:-

For posters and stickers and colour folders - D.C. 32 lbs. 20"x30"

I am therefore to request that the 100  
reams of the above paper  
S.M.

154 (J)

194 (J)

194 (J)

indented for, for 1946-47 in my letter No. 94 Edn d. 11.1.46  
may be included in the indent for imported paper of this  
Govt, and arrangements made to supply the paper at  
an early date.

15/6/46.

PUBLIC RELATIONS - Publicity materials - Production of -  
Paper - Requirements.

This department is in need of large quantities of  
white printing and white cartridge paper for printing  
the publicity materials <sup>such as</sup> like posters, pamphlets and booklets  
on recipes of unfamiliar foodstuffs etc. About 250 reams  
of poster paper have ~~already~~ been transferred to this  
Department and 60 reams of <sup>air</sup> poster paper have already been  
used up for producing wheat popularisation posters. The  
Edn. and Public Health Dept. has been intimated about this,  
and their advice has been solicited whether the paper may  
be made use of for such purposes in anticipation of sanction.  
Even if the Govt. of India were to approve of the transfer  
of the entire quantity of this paper, it will be clearly  
insufficient in quality and quantity for the publicity work  
of this Department, which is urgent and for which arrangements  
have to be made immediately. Some booklets on recipes  
which are in print with the Diocesan Press are being delayed  
for want of paper. It is understood that the following  
quantities and qualities of paper are being held in stock  
by M/s. The Associated Printers on behalf of the Govt. of  
India:-

- White printing 30 x 40(52 lbs) ..358 reams, 4 Qtrs.
- White cartridge 30 x 40(100 lbs) ..150 reams.

These varieties are urgently required by this Dept.  
and the Edn. and Public Health Dept. may be requested to take  
up the matter <sup>with the Govt. of India</sup> with a view to arrange for the transfer of 100  
reams in each variety of paper for the use of this Dept.,  
in addition to the paper <sup>for which permission has been sought</sup> already transferred. (This will barely  
be sufficient to meet the needs of four months since the  
requirements per <sup>per</sup> month would come to 50 reams of double

paper, ~~and 25 reams per poster paper~~ (or 25 reams of  
Crown Quad. (30" x 40").

Kan  
27.5.46.

The stock paper held by Muns. Association  
Printers (Pun. Govt. of India) is of superior quality  
to anything normally obtainable from local printers.  
Transfer of at least a portion of it to Food Dept. would  
be of very great advantage.

Kan.  
27.5.46. 27546  
D.S. / C.P.H.

Food U.O. No 2772 x/46-1  
28.5.46.

The following varieties and quantities of  
paper have been transferred to the Food Dept. by the Office of  
the Director of Publicity:-

|                                  |                       |
|----------------------------------|-----------------------|
| 1) Newsprint - 30x40             | 1129.225 Reams        |
| 2) White printing - 30x40-52 lbs | 174 "                 |
| 3) - do - 20x30-26 lbs           | 95 "                  |
| <u>Total</u>                     | <u>1398.225 Reams</u> |

28388

1199 (Y)  
269 Reams  
2357 lb  
192-46

269 reams of poster paper have been transferred to the Food  
Dept and not 250 reams as stated in plan. Allowance  
discount for 60 reams already used, the balance remaining  
is 209 reams. The Govt of India have approved of the  
transfer of this poster paper to the Food Dept and that  
Dept has also been informed of it separately. 22½ tons

of Newsprint supplied to New Viduthalai was also transferred  
to the Food Dept. with the consent of the G.O. for publicity  
purposes vide item (1) above. The G.O. however advised

in view of the acute shortage of Newsprint to save Newsprint  
by making use, if possible, of limited quantity of buff and  
badami paper. In addition to the stocks of paper on hand  
as mentioned above, Food require that the G.O. should  
be approached for the transfer of the following quantities

|                                          |           |
|------------------------------------------|-----------|
| of paper from 'The Associated Printers': |           |
| 1) White printing - 30x40-52 lbs         | 100 reams |
| 2) White cartridge - 20x40-100 lbs       | 100 "     |

File sent to Food

115-179

1174 (Y)

It is not clear why Food require these 200 reams of paper  
from the Associated Printers necessitating an appeal to the  
Govt when they have got a good stock of paper for printing  
purposes with them. They have <sup>already</sup> got 174 reams of white printing  
30x40-52 lbs and as regards white cartridge the Sgs  
may be asked whether he has got a stock and whether  
he can spare the quantity required. That Dept may  
also be requested to give an idea of their anticipated  
requirements for the c6 year for addressing the Sgs to the first  
instance.

SREN

1599 (Y)  
504032/45

2. The C.P. & India offered 450 reams of English  
Finish Printing Paper 20"x30"-27 lbs, which is a high grade  
printing paper used by the Bombay Govt for the production of  
certain booklets. The paper is in Bombay in the stocks held  
on behalf of the Paper Directorate, Govt of India. The Sgs  
was asked to accept the paper immediately if it was  
required by him. In April 1946, the Sgs reported that

1899 (Y)  
LF

2999 (Y)  
LF

the matter <sup>was</sup> under correspondence between the C.P. & India and the  
Paper Directorate. If this paper will be useful for Food,  
the Sgs will be asked to get the paper from the C.P. &

In the indent for imported paper sent to the Govt  
250 reams of D.C. 32 lbs. 20"x30" for posters and  
brochures and colour folders for the D.O.P were indented  
for. Subsequently, on the abolition of the Publicity Dept,

1199 (Y)  
J

the Govt were informed that the paper was not required  
If this paper is required by Food Dept, the Govt will be  
addressed to include it in the indent for imported paper.

SREN

Of the stock of poster paper received from the D.P., 60 reams 20 x 30" have already been used. This paper appears to have suffered in storage, and Messrs. Associated Printers have been asked to give their expert opinion on it, and to make arrangements to store it carefully for this department, against future indents for work. <sup>When</sup> This report has not yet been received, but it is anticipated that most of this paper will be usable.

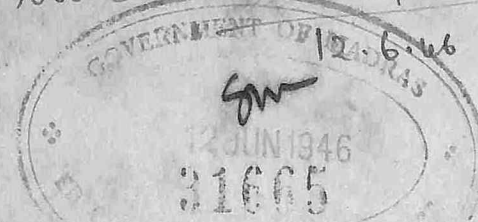

The requirements of paper for poster work on "Grow More Vegetables" and "Wheat Popularisation" either proposed or under contemplation amount to 280 reams of 20" x 30" paper, or 140 reams 30" x 40".

This leaves a balance from the paper taken over from the D.P. of approximately 35 reams 20" x 30", and 34 reams 30" x 40".

Further posters will almost certainly be required, though it is not possible to estimate these requirements. It was therefore considered desirable to create a reserve of poster paper, and in view of the availability of G. of I. paper with the Associated Printers in Madras, the recommendations at p.1 n.f. were made.

In view of the statement on pp.2-4 above, it is not necessary to press for the transfer of these stocks now stored with the A.P. E. & P.H. Dept. may however be informed that it is desirable to maintain a reserve against possible Food Dept. requirements, and that at least 100 reams of the D.C.32 lbs. 20 x 30" referred to in para 3 on page 3 above may be included in the indents for imported paper.

Food U. No. 2772 x/46-2

Kin. 11.6.46. Lm 11/6/46  
D.S. / E.P.H.

In Reference to A' above, a letter to the G.O.D. Dept of Labour, is submitted for approval. 250 reams of this paper was originally indented.

4. In the indent for imported paper sent to the G.O.D., 150 reams of English printing paper 36 lbs were included for publicity purposes. On the abolition of the publicity Dept. the paper was allowed to stand in the indent <sup>would</sup> since the G.O.D. reported that it ~~will~~ be required for purposes other than that of the D.O.P. If this paper will be useful for Food, that Dept may. <sup>may be</sup> the quantity required so that a supplementary indent may be sent to the G.O.D.

S.R.K.

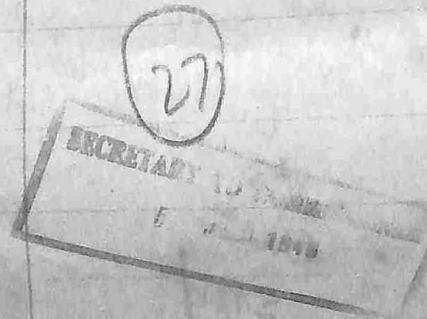

5. The case may be returned to Food for remarks

31/5/46  
wa 3.6.46

S.R.K.

4.6.46

Food Dept

6  
for the Publicity Dept and this quantity may again be added  
for though Ford require only 100 reams. The balance will  
form a reserve for unforeseen demands.

2 Ford have not stated whether they require  
white cartridge - 30x40 - 100 lbs paper. Presumably the  
existing stock of paper with them with the addition  
required - 220 'A' or 1500 - will suffice for the 6  
years. No action is therefore needed on paras 1, 2 & 4 of their  
Dept note on 11.3.46 ante.

15/6/46  
CWA  
17.6.46 In view of my note  
of 4.6.46, we must accept the  
Statement of Ford Dept. We would not  
be justified in asking for more than 100  
reams. If it prove inadequate it is not  
our concern. Some letter as slightly  
modified by me.
