C.No. 19128 From the A.G., No. G.A. Genl. 20, dated 6th April 1946.

Subject: Books and publications - History of services of gazetted and other officers in the Madras Presidency - Publication.

The Government have discontinued the publication of the History of services of gazetted and other officers in the Madras Presidency since 1941 as a measure of economy. In 1944, at the instance of the A.G., Government approved the proposal that a supplement of the History of services of gazetted and other officers recording only particulars of services of officers whose names were already in the old volume of the History of Services of Gazetted officers for the period 2-7-1940 to 1-7-44 and the names and particulars of services of officers appointed to gazetted services since 2-7-1940, might be compiled and printed. The A.G. now requests the orders of Government that in view of the termination of the war, a full history corrected up to 1-7-46 may not be published. He also states, that it is understood from the A.G., Central Revenues that the Government of India have decided to publish the full history of services corrected up to 1-7-45. For orders whether the proposal of the A.G. will be accepted. As for the number of copies to be printed, it may be on the same scale as on pages 35-36 c.f. of G.O.No. 1277 Edn., dated 29-8-44. Public may be consulted in the first instance.

Please see the A.G.'s letter in the current file and the notes on page 1 above. The proposal to publish a full history of services, corrected up to 1-7-46, and to distribute ^{copies} as per the scale on pp 35-36 of 30.1277 idn by 29-8-44 may be agreed to in Finance also.

It will no doubt be convenient to have a full history of services of ~~services~~ officers, corrected up to 1-7-46. But the history of services is a bulky volume and paper is still costly. The S.G.P. may perhaps first be asked to report on approximate cost of printing the copies (including the cost of paper etc).

I suppose it is more a question of economy in paper rather than of actual cost. My impression is that the cost of paper has been controlled by the Govt to what is considered a reasonable rate, though it may be more than the pre-war rate. As E.P.H. do not consider the proposal undesirable from the "paper-economy" point of view, perhaps Finance may agree but without asking for the cost of printing.
