1/ In the matter of admissions to the Engineering Colleges, according to orders as at present issued, the Principals of the Guindy and Coimbatore Engineering Colleges, along with the Organising Principal of the Cocanada and Anantapur Colleges, constitute the Committee for selection of candidates. The Principal of the Engineering College of the Annamalai University has expressed his inclinations that the students for the Engineering College of the Annamalai University may also be selected along with those for the four Government Colleges. This will help to co-ordinate the selection and so, the Principal of the Annamalai University Engineering College may be included in the Selection Committee.

2/ In the matter of allotment of the various candidates to the different Colleges, generally majority of Andhras may be allotted to the Anantapur and Cocanada Colleges and to the two Colleges in Tamil Nad, majority of Tamils may be allotted. To the College at Guindy, may be allotted candidates from all the areas.

E

I suggest that we issue no instructions at
to Stage, but leave it to the discretion
of the combined committee. Any instructions
issued at to Stage without proper
examination will confuse rather than
help them, and we could always
exchange candidates late on.
unusually late receipt of
