C.No.59434.A. From the D.P.I., Rc.No.2879.B/44 dated 27-12-45.

INTRODUCTION of compulsory education - Subsidies to District Boards, North Arcot and Salem.

46956
The D.P.I. has submitted proposals for the payment of subsidies to the District Boards, North Arcot and Salem, towards the cost of the scheme of compulsory education introduced in selected villages in the Districts. The Director has recommended an advance subsidy of Rs.11,300/- for District Board, North Arcot and Rs.26,000 for the District Board, Salem. The Finance Department has suggested in another connection that the possibility of raising the rate of education tax in the villages selected for compulsion should be examined before a subsidy is sanctioned from Provincial funds. The point is examined below:

2/ District Board, North Arcot: The rate of education tax in the District Board, North Arcot, was raised from 10 pies to 12 pies with effect from 1-7-44. It was then considered that it was not desirable to raise the tax further as this District Board was not considered a well to do one; Only Districts which derived an income of over Rs.2 lakhs from one anna of land cess were considered 'well-to-do' for this purpose.

In connection with the E.E. fund budget for 1945-6 the question of raising the rate of education tax was not specifically considered. The question of avoiding the deficit in the budget i.e. Rs.1,71,859/- was, however, deferred pending the receipt of a report from the P.D.B. regarding the actual closing balance of the fund for 1944-45.

In June 1945 the P.D.B. reported that E.E. fund

would work at a deficit of about Rs.2.79 lakhs if dearness

allowance was paid to teachers at the rates prescribed for Govt. servants. As the general funds could not make any additional contribution towards this deficit a subsidy of Rs.2 lakhs was granted from provincial funds. In this connection also the question of raising the Education tax was not considered.

The question of avoiding the balance of deficit of Rs. 379 lakhs was deferred to be examined early in 1946 on receipt of the R.E. for 1945-6. This estimate has not yet been received.

District Board, Salem: The rate of education tax in the Dist. Board ~~has been~~ raised from 11½ pies to 13 pies in the rupee of land revenue from 1-7-44, though Finance ~~has~~ suggested an increase up to 15 pies. It was then considered that the increase suggested by Finance was too much. ^{N.H.} The E.E. fund budget of the Dt. Bd. for 1945-6 was expected to close with a deficit of Rs. ^{2.39} ~~2.89~~ lakhs. ^{but} ~~It was then ordered that orders regarding the question of avoiding the deficit would be issued after receipt of the report from the P.D.B. regarding the actual closing balance in the E.E. fund account for 1944-45.~~ The question of raising the education tax was not therefore considered then.

In July 1945, the P.D.B. reported that the E.E. fund would close with a deficit of Rs.3.68 lakhs. On an examination it was found that the actual deficit would be only Rs.3.55 lakhs. The P.D.B. was directed to adjust towards this deficit, in the E.E. fund, a sum of Rs.2.56 lakhs from the toll compensation sanctioned to the board. The remaining deficit was expected to be about Rs. 1 lakh. The question of avoiding this deficit has, however, been deferred pending receipt of the R.E. of the board for 1945-6.

3/ The question now for consideration is whether the rate of education tax in the two district Boards should be raised. The following table will show the rates of edn. tax in force in these two district boards and other district boards whose taxable capacity is more or less the same.

District Boards.	Rate of Edn. tax in force. pies.	Annual income from tax at 1 pie of land revenue.	Income from land cess at 12 pies (Rs. in lakhs)
North Arcot.	12	19,000	2.0
Salem	13	19,000	2.3
Coimbatore	14	18,000	2.5
Ramnad	14	18,000	2.5
Madura	14	20,000	2.45

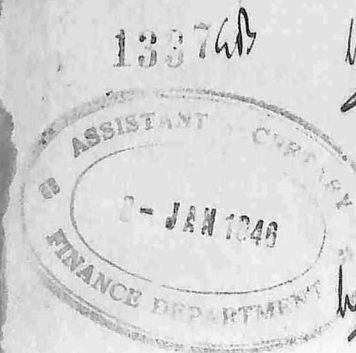

Attention is invited in this connection to the notes on pp.1-2 of G.O.No.1601 Edn., dated 10-10-1945.

According to the Finance Department, ^{Suggestion} ~~Note at the~~ ~~referred to in p.1 anti,~~ above if an increase in the rate of education tax is

ordered it would apply only to villages selected for compulsion. In that case the income which will be realised from an enhancement of the rate of education tax will be very small.

4/ For orders whether the rate of education tax should be increased in the case of these two district boards, North Arcot and Salem, or whether the subsidy recommended by the D.P.I. may now be sanctioned. In the latter case ^{the} draft order put up below may be sent to Finance for acceptance.

It seems that the rate of education tax may be raised to 14 pies in both the dt. Boards. But in view of 'A' above, the question may be further considered after the revised estimate for 1945-46 is received. Meanwhile the draft order may issue.

Finance (Exp.B).

With reference to para 2 of G.O.No.1224 Edn. dated 11-8-45 the D.P.I. has submitted proposals for the payment of subsidies to the Dt.Boards, North Arcot and Salem, towards the cost of the scheme of compulsory elementary education introduced in selected villages in the districts. He has recommended an advance subsidy of the following amounts on the basis of one-half of the total expenditure at the rates specified in the above G.O.-

Amount of subsidy proposed.
Rs

North Arcot Dt.Board	11,300
Salem Dt.Board	26,000

E.P.H. have put up a draft order sanctioning the above amounts as advance subsidies, subject to adjustment ~~later~~ later, on receipt of the report called for in para 4 of the draft.

2. In the notes on pp.1-3 above, E.P.H. have examined the question whether the rate of education tax in the two Dt.Boards ^{are} cited may be raised with reference to the suggestion made by Finance and referred to at A on p.1 above. With reference to the annual income from tax at 1 pie of land revenue in these Dt. Boards and similar income in the 3 District Boards cited in the margin where the rate of education tax is 14 pies in the rupee of land revenue, E.P.H. consider that the tax may be raised to 14 pies in both the District Boards, North Arcot and Salem. They, however, propose to take action for raising the tax at the time of examination of the Dt.Boards' Revised estimates for the current year. They have observed that the income realised will be very small, if the rate of tax is to be increased in the particular areas selected for introducing compulsory education according to this Department's suggestion mentioned at A on p.1 above.

In view of the fact that E.P.H. themselves consider ^(with due regard to the taxable capacity in the two Dts.) that

the tax can be increased to 14 pies and of the fact that financial assistance by the Govt. to meet the cost of introducing compulsory elementary education need be given only to the extent to which the local boards are unable to meet the cost from their own ^{resources} funds, it is for consideration whether E.P.H. may be requested to ~~ask~~ issue necessary orders now itself raising the tax to the limit

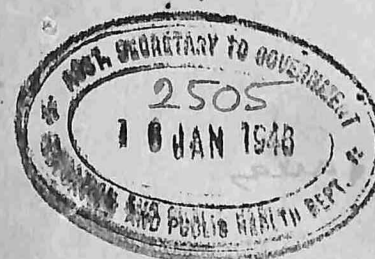

mentioned above. The proposed rate of 14 pies ^{two} may be applied to the entire jurisdiction of the District Boards and not merely to the villages selected for compulsion, since it is not the case that this rate is too high for these districts.

If, however, this matter is to be left over until the Revised estimates for the current year of the Dt.Boards are reviewed by E.P.H., the draft order sanctioning advance subsidies may be accepted.

The draft order may be accepted. The question of enhancement of the rates of education tax may be considered on receipt of the Revised Estimates for the current year as proposed by E.P.H. I agree. W.S.
