*Copy of letter referred above:

Supply of warm clothing to all coolies engaged in Krishnadevipeta Paderu and Chintapalli areas is necessary. This is in addition to the ordinary clothing. Due to severity of climate in all the areas in winter and absence of warm clothing, there is frequent sickness and absenteeism of coolies employed in the anti-malarial operations. The supply of warm clothing is very essential.

The period of use for these three items of warm clothing may be fixed at 2 years for the duration of war and scarcity.

E.Sundarama Reddi,
District Health Officer, Vizag.
