G.O. No. 1264, 26th June 1946

Elementary schools—District Boards—Transfers of teachers—Further instructions—Issued.

Order—No. 1264, Education, dated 26th June 1946.

It has been brought to notice that transfers of elementary school teachers are being made in large numbers without adequate reasons, putting the teachers to much trouble, and that in many cases of transfers travelling allowance is not also paid. The Government wish to point out that frequent and unnecessary transfers of teachers, and in particular without granting them travelling allowance, will greatly impair the efficiency of schools. The attention of Presidents of District Boards is invited to the rule issued with G.O. No. 2735, Education, dated 7th December 1939, as subsequently amended, under which teachers can be transferred only in consultation with the inspecting officers and travelling allowance should be paid in all cases except when the transfers are made at the teachers' request. The Presidents should in future strictly adhere to the provisions of this rule both in the letter and in the spirit.

2. The Government consider that transfers of teachers must ordinarily be made only in the beginning of the school year and that to the minimum possible extent. For this purpose Presidents should hold a conference with the District Educational Officers and the Inspectresses and order transfer of teachers when schools re-open after the vacation. Transfers of teachers should be made in the middle of the year only for exceptional reasons.

I understand that transfers of Elementary School Teachers have been made in large numbers without proper reasons and these poor Elementary School teachers have been put to a lot of ~~xx~~ trouble. In many cases, I understand, the travelling allowance for transfers is also not allowed. In these cases, it is very unfair and unjust if unnecessary transfers are made. I have received complaints in particular about the North Arcot District Board. The D.P.I. may be directed to issue orders to the various District Boards that such transfers should strictly be either on public interest or as a matter of punishment and normally teachers should not be disturbed.

Pl. see H.M.'s orders on p.1 ante. Rules are alrea in force requiring the Presidents of Dt.Bds. to consult the D.E.O. or the Inspectress of Girls' Schools concerned before ordering the transfer of a board ele. school teacher. The rules also lay down (1) that the President should record in writing his reasons if he does not accept the deptl. officer's advice and communicate a copy of the transfer order forthwith to him/her, and ~~also~~ (2) that T.A. should be paid in every case of transfer unless it is ordered at the teacher's own request. But, in practice, Presidents order the transfer of teachers first and then only address the deptl. officers.

-dw-

2. The evil of unnecessary and frequent transfers of teachers had been in existence since 1934 when the administration of ele. schools was transferred from taluk to dt. boards. The D.P.I. suggested that the power to transfer teachers (vested in the Presidents) be delegated to Dt.Bd. Edl. Officers. In fact, the Govt. advised the Presidents to delegate most of their functions relating to ele. edn. to D.B.E.O.'s. But very few Presidents responded to this advice, and that too reserving for themselves most of the powers. The question whether a statutory transfer of powers to D.B.E.O.'s might not be made, was considered in the past and was dropped; the qn. has now been revived and the file on the subject is with H.M.(Edn.).

Since received
He has suggested
deferring the proposal
20.6.46.

3. The crux of the matter is that Govt. are not in a position to enforce their orders on the P.D.B.'s. The action they can take against them is to remove them from office - a course too drastic. Any general instructions may not have the full effect.

4. In the circumstances, it is for orders whether any further instructions should be issued. If so, they should be issued by Govt. and not by the D.P.I.

The date and the time for hearing the teacher in person may kindly be given to the address furnished herebelow.

(1) The Government had found the necessity of raising the cost of rice but not done anything about the raising of the pay of the teachers until now. Enhancement of the Dearness Allowance is solicited. Atleast Rs.10/- more may kindly be ordered to be paid to all teachers/from the date from which the cost of rice was raised by the Government.

(2) Government order directing the school teachers to reside within the school zone. Not practically carried out and not possible also to carry out for want of bidars in villages. Waste lands within the school zone area Government or patta lands (to be acquired) 1 to 5 acres to be given on darkest for teachers for the purposes of residing and growing more food.

(3) Generally transfers are ordered by the District Board authorities in the months of June and July, the most inconvenient time owing to the setting in of rains and monsoon and summer vocation of schools clashing each other. Consequently the poor teachers are unnecessarily put to difficulties. General transfers

to be ordered and carried out by the end of April every year.

(4) To put an end to all troubles in managing the Elementary Schools both District Board or Aided the Government can very well take up all schools and run the same as all State Schools, with the same amount which the Government are spending now for Elementary Education. For clear explanation and suggestions as to how this can be practically carried out, the teacher mentioned above may be given an opportunity to fully discuss with Hon'ble Minister's Parliamentary Secretary on the subject.

(5) Compulsory education scheme at present almost is in a paralised condition. Aid of village officers to be ordered through the revenue Department regarding the attendance committee meeting, preparing of census of schoolage children etc. solicited to make the compulsory scheme work effectively. Illiterate parents require certain hold over them. This can be very well done through the village officers. Out of ignorance and poverty they are turning deaf ears towards the good counsel of village teachers.

(6) Last, but not the least, how to improve the ~~conduct and character~~ present condition of teachers? The answer to this question is rather difficult to give. But practical work on this line is really difficult. For, the first thing is to pay them substantially. A I have received representations from teachers that this hardship of the low pay of the teachers works with great vigour especially when they are transferred from one place to another. If they are retained in their own places, this hardship will not be much. I think there is much in what they say. I do not see any reason why the department should not be asked to keep teachers as far as possible in their own places. Nowadays when there are complaints against a teacher, he is transferred. That procedure by itself is, in my opinion, wrong. P Transfer as a sort of punishment is not the proper thing to be done. If the complaints are true, the teacher must be punished and if necessary he may be removed from service and transfer need not be a sort of tool for this purpose.

Q Constant transfers have also resulted in teachers not taking proper interest in the children. Long continuance in the same place gives them greater touch with the parents and the children and ~~that helps towards greater attention and~~ so, I would like the department to examine the proposition that elementary school teachers as far as possible should be posted in or near than own places and transfer should not be resorted to as a punishment. The matter may be examined and reported.

Officers). ~~Generally~~ usually The Education Dept does not interfere with the transfers except in cases where it is considered necessary to ~~the~~ transfer ~~of~~ a teacher on educational grounds.⊗ It ~~has~~ has been laid down that teachers in dist board ele schools should not ordinarily be transferred. If any transfer is considered necessary, the P.D.B. should consult the D.E.O or the Inspectress in the matter. General instructions have been issued in G.O. no. 1264 Edn Dt 26.6.46, impressing on the P.D.B's, the need for following the ~~orders of the~~ rules framed by G.O. in the matter of transfers of teachers

as p 2. With reference to HM (Edn)'s note ~~on page 1~~ ante, attention is invited to G.O. no. 989 Edn Dt 26.6.41 where in it was decided that teachers should not be transferred merely for slackness of work or for misconduct. In the circumstances it does not appear that any fresh instructions in the matter seem ~~necy~~ necessary. At present dist bds are in ~~the~~ charge of Spl. Officers and it may be hoped that there will not be any abuse of the power ~~of~~ of transfer when they are in office. It does not appear that the Education dept can interfere in the matter and do anything tangible so long as the power ~~of~~ to transfer ~~of~~ teachers is vested in the P.D.Bs.

First examine the grievances stated

14/7.

The grievances alleged are noted on below:-

Grievance~~s~~ (1):-

It ~~is~~ does not appear that the request for an ~~of~~ increase in d.a. by Rs. 10/- can be ~~xxxxxxxxx~~ complied with. If an increase is sanctioned in respect of employees of Government teachers will also get the benefit.

Grievance~~s~~ (2):-

No orders have been issued by Govt. directing teachers to reside within the school zone. It is desirable that teachers should take their residence in close proximity ~~of~~ to schools. The question of granting exemption in deserving cases will ~~have to~~ be considered by S.O~~s~~ of Dt. Bd~~s~~.

As regards the grant of waste lands to teachers it isdoubtful whether the question can be b

considered.

Grievance~~s~~ (3):-

This is a matter to be decided by the S.O. in consultation with the Inspecting officers. A.

Grievance~~s~~ (4):-

This question whether the Government may not assume the management of all Ele. schools was considered more than once and was decided inthe negative. It does not appear that the question can be re-opened again.

Grievance~~s~~ (5):-

The Director of Public Instruction is taking such action as it necessary for the enforcement of the scheme of compulsory education. Rules have been framed for the appaintment of village officers on the attendance committees/and for the collection of penalties on guardians in rural areas. No further action is called for.

Grievance~~s~~ (6):-

No remarks seem~~s~~ called for on this.

It does not seem necessary to grant a personal interview.
