From the Director of Public Instruction, dated 17th October 1941, No. 1624-G/41.

From the Examiner of Local Fund Accounts, dated 17th November 1941, No. 6587.

Order—No. 1912, Education, dated 9th December 1941.

Under article 147 of the Madras Local Boards Manual and article 192 of the Municipal Account Code, receipts for fees due from pupils in educational institutions under local bodies have to be prepared in advance for every term. It has been represented to Government that fees are ordinarily paid in monthly instalments and that the preparation of receipts at the beginning of a term for all the instalments of the term results in waste of labour in some cases, e.g., when students leave school in the course of a term, and that there are practical difficulties in following the present procedure.

In the circumstances, the Government consider that it will be sufficient if fee receipts are prepared in advance every month instead of every term. The Madras Local Boards Manual and the Municipal Account Code will be amended accordingly.

From the C.E. P.W.D. No. 4977 WMS/45 dt 15.5.46

The Commissioner, Ellore Municipality requests that instructions may be issued in regard to the procedure to be followed in the execution of works relating to the municipal college which is administered by a Governing Body.

2. Section 77-B of the D.M. Act empowers a Governing Body constituted in accordance with the laws of the University to exercise in relation to the members of the teaching staff and the establishment of the college all the powers of appointment, control and punishment which vests in the Appointment Committee or in the Executive Authority. It has no jurisdiction over other matters under the Council. ^{or its Executive Authority} has specially delegated certain powers to it.

3. The establishment & maintenance of colleges is not an authorized object of expenditure under the D.M. Act and it cannot therefore be said that all the rules relating to works to other municipal educational institutions will automatically apply to works relating to the municipal college. There seems to be however no necessity to prescribe a different procedure in respect of municipal colleges. As pointed out by the C.E. P.W.D. Art 304-A.A of the Municipal Account Code may be followed in respect of administrative approval to
