Sr. M. G. Natesa Chettiar, M.L.A.

Dharmapuri, 22/5/46.

To

The Hon'ble the Minister for Education, Madras.

Sir,

Regarding admission to Technical Colleges in this Presidency, there are several matters which are handicapping students and parents and I should be grateful if you can get these rules modified:-

1. They want a Nativity certificate to be obtained from the District revenue officials where the student was born. This is an arduous task. It is enough if a declaration is made by the parent or guardian signed by him as to the place and district where the student was born. Similar declarations are accepted on other points and I do not see why students and parents should be harassed otherwise.
2. Another point is as to the payment of the application fee. In some cases it is asked to be done in the Reserve Bank and in other cases to the Treasury. This again is an unnecessary hardship. In some cases, the Reserve Bank receives monies only in respect of some colleges and not others; they do not receive it for the Engineering College. The simpler thing will be to allow the money to be sent by Money Order or Postal Order addressed to the Principal. I believe this rule is made for the convenience of the College Establishment but students and parents should not be penalised for their luxury and convenience. The College Establishment is a paid establishment and it should

The students seeking admission into Engg. Colleges are at present required to pay the registration fees into Court Treasuries or into the Reserve Bank of India, Madras or its Agency. The Reserve Bank <sup>is not</sup> receiving fees from candidates seeking admission to any of the Court Arts or Professional Colleges. <sup>the</sup> Candidates <sup>have</sup> are, therefore, to remit the fees in the Court Treasuries <sup>to make</sup> or ~~by~~ direct payment in the Colleges concerned. The Court direct that the candidates may <sup>also</sup> send the registration fees by money order or Postal order <sup>also</sup> addressed to the Principals of the ~~Engg.~~ Colleges.

Note to the Secretary, Education and Public Health:

Will you kindly have these suggestions examined?

T.S.A., 29.5.46.

H.M.(Edn.)

Please see the letter addressed to H.M. Edn. on page 1 ante. The points raised therein are examined below:

1. Nativity Certificate - Certificate to be obtained from Revenue Officials

The rules regulating the admission of students into the Engineering College, Guindy, required the candidate for admission to produce a Nativity Certificate from an officer of the Revenue Department, not below the rank of a Deputy Tahsildar. This certificate was intended to see whether the applicant belonged to the Madras Province or was domiciled therein. *This rule has been in existence for a long time.* The Government ~~have~~ divided the Province into groups of districts, Tamil, Telugu and others, and ~~have~~ reserved seats for each group for admission to the Engineering College, *and allotted seats for each group* as noted below, with a view to secure adequate representation of linguistic areas:

| Group                                                                                                                                                                                     | Percentage of Seats. |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <u>1. Districts which are predominantly Tamil.</u><br>Madras, Chingleput, North Arcot, Salem, Coimbatore, South Arcot, Tanjore, Trichinopoly, Madura, Ramnad, Tinnevely and the Nilgiris. | 50.8.                |
| <u>2. Districts which are predominantly Telugu:</u><br>Vizagapatam, East Godavari, West Godavari, Kistna, Gujtar, Nellore, Cuddapah, Kurnool, Anantapur, Chittoor and Bellary.            | 38.1.                |
| <u>West Coast Districts:</u><br>South Kanara and Malabar.                                                                                                                                 | 11.1.                |

They have also instructed the Principal of the college that candidates (Tamil, Telugu and others) should count against the district to which they belong according to their certificate of nativity. On the correctness of the nativity certificate

depends the admission of a candidate from a particular district.

*The Principal, Medical College, Madras*  
The S.O. to the Government of Madras brought to notice of a candidate in Ramnad

candidate/having his mother tongue as Tamil ~~in Ramnad~~ claiming

2. Registration fees: The instruction for remitting of registration fees as advertised in the Gazette by the Principal, Engineering College, is at M. The Reserve Bank is not receiving registration fees from candidates seeking admission into any of the colleges - Arts or Professional. The only other course left to the student is to remit fees in Government ~~re~~ <sup>municipal</sup> treasuries in the ~~municipal~~ and in the city by direct payment in the Colleges concerned. There seems to be no objection to the registration fees being sent by money order or postal order addressed to the Principal; if any instruction to this effect should be issued, it is desirable that the views of the Director are obtained in the first instance. The last date for receipt of applications is already over and revised instructions, if any, to be issued will apply only for applications for next year.

For orders as to circulation.

The DFI agrees to the suggestion in the memo. on p 3CF. A draft order is submitted.
