Order—No. 1315, Education, dated 4th July 1946.

The Government accept the recommendation of the Superintendent of Stationery and authorize him to enter into an agreement with the Salvation Army, for the purchase and removal of waste paper other than press cuttings, old gazettes, old periodicals, etc., in Government offices in the Province under the control of the Government of Madras, excepting Vizagapatam district and certain portions of East Godavari district, for which railway transport facilities are not available, at a flat rate of Rs. 185 (rupees one hundred and eighty-five only) per ton for the period from 1st July 1946 to 31st March 1947. The Superintendent of Stationery is informed that in this agreement, provision should be made reserving power to Government to withhold from sale waste paper from specified offices at Government's pleasure from time to time and for revision of the price fixed by them.

2. The contract with the Salvation Army shall be subject to the following conditions :—

(1) that they maintain two sorting depots one at Tenkasi and the other at Ellore, as hitherto for sorting the waste paper collections from specified districts with reference to the orders in G.O. No. 1066, Education, dated 17th July 1944;

(2) that they supply waste paper to the hand-made paper factories of the Industries Department in accordance with the orders in G.O. No. 855, Education, dated 6th June 1945 and to the All-India Village Industries Association;

(3) that they supply the balance of waste paper to the Andhra and the Punalur Paper Mills;

(4) that the rates ex sorting depots at which waste paper should be sold by them to the paper mills shall be as follows :—

	Per ton. RS.
No. 1 white cuttings	380
No. 2 white cuttings	350
Mixed cuttings	300
Letters and records	235
Brown and Blues	195

3. The supply of waste paper to hand-made paper factories of the Jail Department, ordered in G.O. No. 294, Education, dated 2nd March 1945, should be limited to the existing hand-made paper factories in the Central Jail at Coimbatore and the District Jail at Madura. The waste paper hitherto supplied to certain other jails should be diverted to the Salvation Army. The waste paper collections in the Surgeon-General's office should be reserved for the hand-made paper factory in the Government Mental Hospital, Madras, and the surplus only sold to the Salvation Army.

4. The arrangements ordered in G.O. No. 1919, Education, dated 29th December 1944, provided for the supply of waste paper in Government offices from certain specified areas in the East Godavari district and from the Vizagapatam district to the Central Jail at Rajahmundry and the Andhra Paper Mills, Rajahmundry. Since the paper industry in the Rajahmundry Jail is abolished, the entire waste paper collections should be sent to the Andhra Paper Mills, Rajahmundry. The rate to be charged for waste paper will be Rs. 185 (rupees one hundred and eighty five only) per ton for the period from 1st July 1946 to 31st March 1947.

5. The paper cuttings from printing presses are excluded from the scope of the contract with the Salvation Army. Press cuttings will be sold by the Superintendent, Government Press, at the rate of Rs. 235 (Rupees two hundred and thirty-five only) per ton *ex* site. Preference will be given to the requirements of press cuttings of the hand-made paper factories of the Industries Department, and the All-India Village Industries Association, if they are willing to pay at the rate of Rs. 235 per ton and the balance only will be sold to the Punalur and the Andhra Paper Mills. If the hand-made paper factories are unwilling to pay that rate, the entire press cuttings will be sold to the paper mills.

6. The Director of Industries and Commerce and Secretary, All-India Village Industries Association, should get into touch with the Superintendent, Government Press, and arrange to clear the requirements of the hand-made paper factories. As regards supplies to the paper mills, the Superintendent, Government Press, will despatch the press cuttings to them advising them of the weight of press cuttings despatched and the expenses incurred in despatch, e.g., cost of gunnies, transport to railway station, etc. The mills should arrange to pay the amount to the Superintendent, Government Press, promptly.

7. The prices of Rs. 185 per ton for waste paper and Rs. 235 per ton for press cuttings will be exclusive of sales tax which should be paid separately.

Stationery - Waste paper in Government offices - 1946-7 - Purchase and removal.

..

The Superintendent of Stationery is requested to invite very urgently tenders by advertisement for the purchase and removal of waste paper, etc (excluding press cuttings from printing Presses) in Government offices for 9 months of the year 1946-7 i.e., for the period from 1st July 1946 to 31st March 1947 and to submit the tenders received with his recommendations thereon for the orders of Government.

2. Supply of waste paper during 1946-7 to the Jails for the manufacture of paper will have to be confined to the ~~Central~~ Jails at Coimbatore and Madura. The waste paper intended for these jails need only be excluded from the scope of the tender. Similarly waste paper collections in the Surgeon-General's office will have to be excluded from the scope of the tender as it is to be reserved for the hand-made-paper factory in the Government Mental Hospital, Madras. The successful tender will have to agree to the condition that the requirements of the hand-made-paper factories of the Industries Department will have to be met by him.

3. It is proposed to continue the arrangements in G.O.No. 539, Education, dated the 7th April 1945 for a period of three months from 1st April 1946 pending orders on the tenders received. Orders will issue separately.

The G of I, Dept of Supply, stated in Sep 1945 that the arisings of paper cuttings from Printing Presses are the most valuable form of waste paper used in the manufacture of paper and suggested that such arisings from Govt Presses should be offered direct to the nearest Paper Mills and that sale by public auction or open tender should be avoided as far as possible. It is proposed to offer the paper cuttings to the Punalur of the Andhra Paper Mills. The price to be charged for these cuttings will depend upon their quality. To enable Govt to address the Mills on the subject, the S.G.P. is requested to furnish information on the following points:—

Dear Sir,

We are in receipt of your Order No.G.O.Ms.No.793 Edn. dated 12th April, 1946, in which it is stated that Government propose to call for tenders for the collection and removal of waste paper in Government Offices for the year 1946-47. In this connection, we beg to point out that waste paper is an important raw material for the Paper Industry and as ours is the only paper mill in this Presidency, we request you to give special consideration to our requirements in this matter. Waste paper sold on the basis of tenders is likely to be diverted into other channels and lost to the paper industry. Besides this method of sale by the Government will, in all probability, raise the prices at which we would have to buy waste paper in the open market.

In view of the adverse effects of this policy on the paper industry, we request you to offer the same waste paper to us at rates quotedbelow:-

White Jelly No. 1 ...	Rs.300 per ton.
" " No. 2 ...	Rs.200 "
Records. ...	Rs.150 "

Flat rate Rs180/- per ton [illegible]

Hoping that the above will receive your kind consideration,

Yours faithfully,

shall not exceed 3 months within any continuous period of 12 months. The President Panchayat Board is of opinion that travelling cinematograph shows come under rule 25-2(a) of the rules under the Places of Public Resort Act. Rule 56 of the **cinematograph** rules applicable to all travelling cinematograph shows permit the issue of licences for 4 months at a time, whereas rule 25 2(a) of the rules under the Places of Public Resort Act prescribes renewal of licences week by week. These travelling cinemas often remain in one place for several months and it would be difficult for them to take weekly licences in time from the local board concerned and the District Magistrate. I presume that these cinematograph shows come under rule 25-2(b) which permits issue of licences for 3 months at a time. I request to be informed whether my presumption is correct.

Tender for purchase and removal of waste paper, old gazettes and periodicals, newspapers and publications not wanted, etc.

Sealed tenders will be received by the Superintendent of Stationery at Old High Court Buildings, First Line Beach, Madras, up to 12 noon on Friday, the 24th May 1946, for the purchase and removal of waste paper, old gazettes and periodicals, newspapers and publications not wanted, etc., in Government offices in the Madras Presidency under the control of the Government of Madras (with the exception of press cuttings from Printing presses) for a period of nine months from 1st July 1946 to 31st March 1947.

2. Tenders must be accompanied by a deposit of three hundred rupees in the form of a bank receipt. No cash will be accepted. In the case of the current year's contractors who may tender for this work, their security deposit cannot be treated as tender deposit for this tender.

3. A flat rate per ton should be tendered.

4. If a tenderer withdraws his tender before settlement his tender deposit will be forfeited to Government.

5. In the case of unsuccessful tenderers their tender deposit will be duly returned to them.

6. The successful tenderer will be required to execute a bond for the due performance of the contract within four days from the date on which the acceptance of his tender is intimated to him and to deposit a sum of five hundred rupees as security for the faithful performance of his contract,

7. The form of bond to be executed can be seen at the Stationery Office, Guindy, on any working day between the hours of 11 a.m. and 5 p.m.

8. The contractor must take charge of the accumulation from the Government offices in the Madras City and places nearby (with the exception of the office of the Surgeon-General) whenever heads of offices required him to do so. Accumulations in the mufassal except the quantity of the waste paper, etc., required by the jails at Coimbatore and Madura for manufacture of paper, will also be made available for sale. The Government reserve the right to divert the accumulation from such districts or areas as will be expedient.

9. The successful tenderer will have to meet the requirements of the hand made paper factories of the Industries Department from the waste paper collected from Government offices under this contract.

10. In the case of waste paper, etc., in the Government offices in the mufassal, heads of offices will send them packed in gunnies to be supplied by the contractor, to the contractor or his agents, by goods train "to pay" and send the railway receipt to him or his agents by V.P. post, the value payable being the cost of the waste paper, etc., plus the cost incurred by the officer for cartage, coolie hire, postage, etc. The V.P. should be honoured by the contractor or his agents.

11. Forms of tender and all particulars can be obtained at the Stationery Office, Guindy.

12. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for doing so.

Dear Sir,

1 The Superintendent of Stationery has called for tenders for the purchase of waste paper from Government Offices for the period of 9 months from 1.7.1946 to 31.3.1947. This method of sale raises the price to an abnormally high level by making it profitable for middlemen to secure the supplies at any cost and then offer them to the Mills at a higher rate. As waste paper is an important raw material for the Paper Industry we suggest that the Government adopt a procedure which will not allow middlemen to interfere in the sale of this material to the consumers namely the Paper Mills.

2 In view of the high cost of bamboos the importance of waste paper as a raw material is on the increase. The need for making its supplies available to the mills at a cheap rate is all the greater now as the Government have reduced the prices of paper. The procedure of sale adopted by Government has however exactly the opposite effect.

3 In this connection we may mention that Government have been selling the waste paper to us ata flat rate of Rs.180/- per ton from 1st April, 1946. We therefore request you to kindly look into the matter and see that the waste paper in Government Offices is made available

Sir,

Subject:-Stationery - Waste paper in Government Offices - disposal for 1946-47.

Reference:Government Memo.No.10563-C2/46-4 Edn. dated 11-4-46.

The following tenders were received for the purchase and removal of waste paper in Government Offices for a period of 9 months from 1-7-46 to 30-3-47.

Name of Tenderer.	Rate per ton.		
	Rs.	A.	P.
1.The Salvation Army, No.60,Broadway, Madras.	185	0	0
2.T.H.Gangappa, 29,Arunagiri Mudali St., Washermanpet, Madras.	430	0	0
3.Hanuman Mills Stores & Supplies Co., P.B.274,G.T.Madras.	200	0	0
4.M/s.Raja & Rao, 9,Ayalur Muthaiah Mudaly St., G.T.Madras.	255 250	0 0	0* 0
(*In words they have noted only 250/-as their rate, while in figure it is noted as Rs.255/-)			
5.Andhra Paper Mills Ltd., Rajahmundry.	180	0	0
6.Ahmadulla Sahib, A.M., Clock Tower, Trichinopoly.	317	7	6

No.2 Tender of T.H.Gangappa is the highest. He says, he is sole supplier to Mysore Paper Mills, Bhadravati, but the Mysore Paper Mills have written to say that they are not interested in the matter. It is therefore evident that this man has not tendered with a view to supply waste paper to mills.

No.3,4 and 6: It is not known what particular mill or mills these tenderers represent. These including T.H.Gangappa have perhaps tendered with the object of selling them in the market for wrapping and other purposes.

Tender of M/s. Andhra Paper Mills, Rajahmundry is the lowest. No doubt, the waste paper will be completely used in the manufacture of paper.

2 The Salvation Army, Madras have offered to purchase the waste paper at a flat rate of Rs.185/- per ton with the object of sorting and selling the entire stock to paper mills. They are the only honest people, with whom, Government records ripe for destruction, can be entrusted. In view of the present transport difficulties, they have two sorting depots at Tenkasi and Ellore and have been discharging their duties to my entire satisfaction. Maintenance of regular establishments at Madras, Tenkasi and Ellore for collection, destruction and sorting provides work for labourers. I, therefore, recommend that the contract for the purchase and removal of waste paper for a period of 9 months from 1-7-46 to 31-3-47 may be given to the Salvation Army, Madras at a flat rate of Rs.185/- per ton.

3 With reference to para 2 of Education and Public Health Department Memo.No.22509-C2/46-1 Edn., dated 9-5-46 I submit that the Memorandum No.10563-C2/46-4 Edn. dated 11-4-46 was received at Guindy on 15-4-46.

As the office is at Guindy the delay to receive the files at Beach Office at several stages is unavoidable. As the contract is to commence only from 1-7-46 the file was being sent to Beach Office and Guindy along with other files in the ordinary course. As soon as the form of Tender Notice was approved by Government the publication etc., were pushed through as quickly as possible. From 1-4-44 several orders of Government were received from time to time for the disposal of waste paper. As a safeguard against any ommissions of facts the tender form was submitted to Government for approval before publication.

INSTRUCTIONS FOR THE SECRETARIAT.

(*a*) If a paper is marked to be printed urgently or as special the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(*b*) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(*c*) For rules regarding printing of notes, see the chapter on printing and proof correction in the Secretariat Office Manual.

(*d*) The number of copies and the details of distribution should be filled in by the Superintendent or clerk concerned.

(*e*) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(*f*) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(*a*) If, in the opinion of the Superintendent of the Press, a paper has been marked special of urgent unnecessarily, he should send the Press slip to the Assistant Secretary with a remark to that effect.

(*b*) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Assistant Secretary any instance of incomplete or carelesse diting.

(*c*) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(*d*) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(*e*) The names of the Secretary and Ministers or Advisers should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

Sir,

This is with reference to your G.O.No.1315 of the 4th July '46, a copy of which has been forwarded to us for our information.

We get paper cuttings here @ Rs.125/- to 140/- per ton, while you have fixed their price at Rs.235/- per ton which is nearly double. If we are required to pay such high prices for raw materials our handmade paper centres shall be doomed. For the more we pay for the raw materials the greater shall be the reduction in the wages of manufacture, which would ultimately mean the virtual closing down, for handmade paper cannot be sold at a price out of all proportion to the mill paper available. People may not grudge paying a small proportion extra, but they cannot be expected to pay 3 or 4 times the price of mill paper.

Therefore, in our opinion, the best plan is to make press-cuttings available to handmade paper centres at a price considerably lesser than that offered to paper mills. Then only can such centres survive. We hope you will appreciate our line of argument and reconsider your order in the light of what we have stated above.

The Paper Specialist of the Industries and Commerce Department accepted to pay Rs 235/- (Rupees Two hundred and thirtyfive only) per ton ex Press site fixed for Press cuttings for the use of Government Hand made paper Mills. It will not therefore be profitable for Government to sell them at a price lesser than that, to the All India Village Industries Association.

The available consignment will be despatched shortly to the Government Hand made paper Mill at Gazulapalli as requested by the Paper Specialist.

Our main argument in our letter of the 23rd July, 46 seems to have been lost sight of. Mere money making should not be the aim of a Government. Giving press cuttings at cheap rates to hand made paper units is only an indirect subsidy to them. If the Government favours the cottage industries as against centralised factories, as the Madras Government at least manifestly seems to do, the consideration of small hand made paper units ought to find place with them.

I hope you will reconsider your decision in this light.

been received by the S of S. The lowest tender is that of the
Andhra Paper Mills for Rs 180/- per ton. The next higher tender
is that of the Salvation Army for Rs 185/- per ton. The other
four tenders range from Rs 200/- to Rs 430/-. The S of S recom-
-mends the acceptance of the tender of the Salvation Army as
para 2 - p29 c.f. that will only ensure the supply of waste paper to the Paper
* p13 c.f. (H) Mills. For the 1943-44 contract also, the * higher bids of private
tenderers were rejected and the contract given to the Salvation
vide 'A' - p29 c.f. Army only. Sri T.H. Gangappa and The Hanuman Mills Stores
and Supplies Co ~~have~~ also tendered in 1943-44 and the remarks
p11 c.f. (H) of the S of S against them at that time may be perused in this
G.O. 464 Edn 27-3-43 connection. Please also see para 2 of the notes on p1 n.f. of
(N) G.O. No 793 Edn d. 12.4.46. for preferring the Salvation Army
as the contractors for waste paper even since 1940. Attention
is also invited to the two representations received from
the Andhra Paper Mills on pp 5 & 27-28 c.f. pleading for making
waste paper available to the Mills at a cheap rate.
In view of the considerations stated above, the tender of
the Salvation Army may be accepted as recommended by the
S of S, ~~since~~ This Govt continue to get their quota of paper
from the Mills only. In view of the recommendation of the S of S
on p29 c.f., it is perhaps unnecessary to get the remarks of
SMY the S of S on the letter of the Andhra Paper Mills on pp27-28 c.f.
p28 c.f. as ordered by D.S. For orders.

p2 c.f. (X) 2. In G.O. No 1066 Edn d. 17.7.44, the prices at which the
different varieties of waste paper should be sold to the
Punalur and the Andhra Paper Mills by the S.A. ~~was~~ were fixed.
Since there will be a reduction in those prices on account
of the reduction in the sale price of waste paper to the S.

it will be desirable to incorporate the reduced prices for the different varieties of waste paper in the ~~draft~~ order giving the contract for 1946-47. There will be no time to correspond with the Mills, as orders have to issue before 1-7-46. The S.A. may be requested to report the prices at which they are selling the different varieties of waste paper to the two Paper Mills for the three months period from 1-4-46 to 1-7-46, and those prices may be adopted for the year 1946-47. A draft letter to S.A. is submitted. The conditions laid down in G.O. No 793 Edn d. 12-4-46 will hold good for the contract for the period from 1.7.46 to 31.3.47. Mention may also be made in the order about the payment of Sales tax for waste paper, the tendered price of Rs 185/- per ton being exclusive of Sales tax. (vide G.O. No 675 Edn d. 28.3.1946).

p19 c/f (N)

3. The G. of I., Dept of Supply, required that 'paper cuttings from Printing Presses' should be offered direct to the nearest paper mills and that sale by public auction or open tender should be avoided as far as possible. In accordance with this suggestion of the G. of I., the Punalur and the Andhra Paper Mills were addressed as to the prices they were prepared to offer for fine quality press cuttings. The Andhra Paper Mills offer Rs 230/- per ton ~~ex site~~ and the Punalur Paper Mills ~~offer~~ Rs 235/- per ton ex site. The offer of the Punalur Paper Mills for Rs 235/- per ton may be accepted. The procedure indicated in para 3 of their letter on p.31 c/f may also be accepted. The rate of Rs 235/- will be applicable to Andhra Mills also.

The question is as to whom the contract should be given for the purchase and removal of waste paper and paper cuttings from the Government offices during the current year.

2. Paper cuttings. The quantity of paper cuttings that will be available during the current year is estimated at 16 tons. Of this, 12 tons are reported to be required for the three hand-made paper units run by the Industries dept. The balance available for sale will then be about 4 tons. In 1945, the Government of India suggested that as the paper cuttings from the Presses would be the most valuable form of waste paper used in the manufacture of paper, the nearest Paper Mills should be offered those cuttings and that sale by public auction or by open tender system should be avoided as far as possible. Accordingly the Andhra Paper Mills and the Punalur Paper Mills were requested to quote the price for which they were prepared to take the paper cuttings. The Andhra Paper Mills have quoted a rate of Rs.230 per ton while the Punalur Paper Mills have quoted a rate of Rs.235 per ton. The rate quoted by the Punalur Mills being the highest, the E.P.H.Dept. propose to accept the offer of the Punalur Paper Mills. Submitted that this department may agree.

x contractors for the year 45-46.

p.15 cf (N)

He states that it is not known what particular mill or mills the tenderers 2,3,4 & 6 whose rates are higher than that of the Salvation Army, represents and that they seem to have tendered with the object of selling them in the market for wrapping and other purposes. He therefore recommends that as the Salvation Army have offered to purchase the waste paper with the object of sorting and selling the entire stock to paper mills and as they are the only people with whom, Govt. records ripe for destruction can be entrusted, their offer ~~to offer~~ to purchase the waste paper at a flat rate of Rs.185 per ton may be accepted. The E.P.H. dept. also propose that for the reasons stated in para 2 on p.1 n.f. of G.O.No.793 Edn. dated 12-4-46, the tender of the Salvation Army may be accepted as recommended by the Superintendent of Stationery.

The following statement shows in one view the contract rates accepted from the Salvation Army during the three years ending 1945-46 and the rates now quoted by the several tenderers for the current year:

	Rs.

p.29 cf

It will be observed that the rate quoted by the Salvation Army for the current year is ~~far below the rates~~ unduly low as compared with the rates accepted from the Salvation Army during the previous years. There seems to be no reason why the Government should suffer a loss by accepting the lower contract rate from the Salvation Army. If they are the only ~~authorities~~ people who can be entrusted to supply the entire stock of waste paper to the Mills, this department may suggest that they may be asked to raise their ~~offer to the~~ rate to that accepted during the last year viz. Rs.230 per ton or at least to Rs.200 if it is considered that some concession should be shown in view of the fact that the

price of the paper has gone down since 1944-45. If they do not agree, the contract may be given to the highest tenderer.

Having once subd. a tender the tenderer should not, as a matter of principle, be asked to raise his tender rate. It is open to the Govt. either to accept it or reject it. On the whole, I think that the tender of the Salvation Army may be accepted. They have been in the business for several years & their work is considered satisfactory.

This case relates to the disposal of waste paper etc in Govt offices for the period from 1.7.46 to 31.3.47. It is proposed ~~to~~:—

(1) to accept the tender of the Salvation Army of Rs 185/- for waste paper other than press cuttings per ton [though it is ~~very~~ low compared to the other ~~high~~ tenders received, mainly because they are the only reliable people with whom Govt records ripe for destruction can be entrusted and ~~that~~ all waste paper sold to them will go to the Punalur and the Andhra Paper Mills.; — Fin note above

(2) to lay down a flat rate at which the different varieties of waste paper should be sold ~~to~~ by the S.A. to the Paper Mills. Perhaps the rates of the Andhra Paper Mills given on p 35 cf may be adopted as a flat rate as the rates of the Punalur Paper Mills are lower ~~on the whole~~, — para 2 pp 34 ante

(3) to limit the supply of waste paper to the hand made paper factories in the central Jail at Coimbatore and the Dt. Jail at Madura.; — para 1(2) – p 19 cf (N)

(4) to provide for the supply of waste paper to the hand made paper factories of the Industries Dept by the Salvation Army; — para 1(3) – p 19 cf (N)

(5) to reserve the waste paper collections in the S.G.'s office for the hand made paper factory in the Govt Mental Hospl, Madras and to make available only the surplus for sale, — para 1(4) – p 19 cf (N)

(6) to provide for the diversion of the waste paper formerly supplied to the hand made paper factory in the central Jail Rajahmundry since abolished to the Andhra Paper Mills Rajahmundry at Rs 185/- per ton.; — para 3 – pp 19 cf (N)

(7) to accept the rate of Rs 235/- per ton ex-site offered by the Punalur Paper Mills for 'press cuttings' as the rate at which 'press cuttings' will be sold; — para 2 of Fin note on p ante

(8) to give preference to the requirements of the hand made paper factories of the Industries Dept, if they are willing to pay the rate of Rs 235/- per ton and to sell the balance only to the Punalur and the Andhra Paper Mills. If the hand made paper factories of the Industries Dept are unwilling to pay that rate, the entire press cuttings will be sold to the paper mills; — p 2 ante

(9) to entrust the S.G.P., instead of the Salvation Army with the sale of press cuttings to the hand made paper factories of the Industries Dept and the Paper Mills. ~~Copy~~. The D.I & C should get into touch with the S.G.P. in respect of the clearance of press cuttings for the hand made paper factories of the Industries Dept. In respect of sale to the Paper Mills, the procedure indicated by the Punalur Paper Mills on p 31 cf may be adopted by the S.G.P.; — Dev note on p 5 ante

(10) to stipulate that the price of Rs 185/- per ton for waste paper and Rs 235/- per ton for press cuttings will be exclusive of sales tax which should be paid separately.
