For making promotion, the claims of all eligible officers should be examined. It is said in the note as the matter is urgent, such examination is not made now. The Department knew before hand that this was coming & must have taken up the matter in time & examined the claims of various individuals, as that unnecessary heart burning may not be caused to any body. The Government College (undegraduate) opening on the 10th. And there is time to put the claims of the various candidates.

4.7.46

The three officers whose claims have to be considered for promotion to the post of professor civil Engineering are (1) Major B. H. Marley (2) Sri N.S. Krishnaswami Ayyangar (3) Sri V. Kalyanaswami in the order of seniority. No (1) will be reverting to civil duty and will become available for duty only on 21.7.46. His qualifications and suitability for promotion as Professor are still under consideration of the D.P.I. No (3) is a candidate selected for advanced studies in America. The D.P.I. has reported that he is likely to sail to America within a few days. In the circumstances the D.P.I. requests that the temporary appointment of No (2) proposed by him may be approved as the Engineering College has reopened today (3.7.46). This temporary appointment will not confer any preferential right on No (2) which will prejudice the claims of No (1) his senior. However in the circumstances there will be no chance for 'heart burning'.
