28286

In preparing the revised estimate of charges in England for 1946-47 and the forecast for 1947-48 the detailed instructions contained in Chapter IV of the Budget Manual and the following special points should be noted:-

(a) When an officer is on deputation or on leave in England, sterling overseas pay is drawn along with pay or leave salary and shown under the head "Leave salaries and deputation pay". Provision should accordingly be made under "Sterling Overseas Pay" only for those officers who are expected to be in India.

(b) The estimates of expenditure arrived at in sterling should be rounded off to the nearest multiple of £ 15.

2. Dates of submission of estimates. Owing to the longer time still taken by mails to reach England the dates for the submission of estimates of charges in England have to be advanced so that they may reach England in time. The estimating officers for the several heads of account under "Charges in England" should send the revised estimate for 1946-47

P.T.O

and the budget estimate for 1947-48 by the dates prescribed below instead of the dates prescribed in Chapter IV of the Budget Manual.
