No. I. 1445/44, dated 23rd April 1945.

Sir,

PAPER - Manifolding paper (thin) local purchase - Ref:- Govt.
Memo. No. 13822 B/45-1 Edn., dated 12th April 1945.

Manifolding paper (thin) is not available in the local market to meet the requirements of the Secretariat. Collectors and other indenting officers also complain that the typewriting paper manufactured by the Sirpur paper Mills is not suitable. I understand from Messrs. J. B. Advani & Co., Madras that their head office at Bombay have approximately 4 tons of Manifolding paper (thin) and that they are unable to get them to Madras on account of restrictions in booking. I therefore request that the Commissioner of Civil Supplies, Madras may be moved to arrange with the Regional Controller of Railway Priorities for the movement of the goods from Bombay.

In this connection I have to state Duplicating paper manufactured by the Sirpur Paper Mills is not also up to the standard. Further the entire quantity of typewriting and duplicating paper allocated with Sirpur Mills for 1944-45 have not so far been received. Allocation for these two items

for 1945-46 was also made on Sirpur Paper Mills. As both the items (Typewriting and Duplicating paper) manufactured by this Mill are not suitable for our requirements, I request that the Paper Directorate, New Delhi may be requested to transfer the following quantities and qualities of paper to the Titaghar Paper Mills Co., Ltd., Calcutta with instructions by telegram to despatch 25% of the allocations during the first quarter 1945-46.

facilities to Messrs J.B. Advani & Co, Madras for bringing
papers from Bombay.

5 (J)
The Sg S was authorised to make local purchase
of manifold paper (thin) for supply to the Secy during
1945-46. as the substitutes suggested by him were found
to be unsuitable. He now reports that the paper is
not available in the local market and that Messrs
J.B. Advani & Co, Madras have got at their head office
in Bombay approximately 4 tons of the paper which they
are unable to get down to Madras owing to transport
restrictions. The paper is required urgently for
the use of this Govt and can be purchased from

8-4

Recd J.B. Advani & Co, Madras, if they are allowed to bring the paper from Bombay. I am therefore to request that the necessary transport facilities may be given at an early date to the company to bring down their stock of manifold paper (112) from their head office at Bombay.

With reference to your three letters noted in the margin I have the honour to say as follows:-

(i) It is not clear why the typewriting paper manufactured by the Sirpur Paper Mills is unsuitable for your needs. A sample of the paper in question together with reasons explaining its unsuitability may kindly be furnished. Further action will then be taken in the matter.

(ii) This office has no hand in the supply of Newsprint as this variety is not manufactured by the Indigenous Paper Mills. The Government of India in the Industries and Civil Supplies Department control distribution of newsprint and as they have not been able to comply with your demand, there appears to be no alternative but to continue using indigenous paper for the printing of War Review etc.

(iii) The additional allocation asked for in your letter dated the 30th July 1945 on account of the supply of 41½ reams of paper to the Guntur Tobacco Market Committee, works out to less than ½ ton. It is not possible to allocate such small quantities of paper to the mills. You may therefore kindly spare the requirements of the Guntur Tobacco Market Committee out of your existing allocation addressing this office later in the year, if necessary.

Your letter No. 55/WPS/45(2) dated 20-8-1945 to the Secretary
to Government, Education & P.H. Department, Madras.

I enclose herewith a sample sheet of the typewriting paper manu-
factured by Sirpur Paper Mills, Abid Road, Hyderabad, (Deccan). As
the paper is D.F. 20 lbs. substance it is not possible to use it for
taking more than 3 or 4 clean carbon copies at a time. As the type-
writing is mainly intended for taking more than 6 copies at a time,
typewriting or manifolding paper 13 1/2" x 8 1/2" - 2 1/2 lbs. per ream of
500 sheets manufactured by Tatagur Paper Mills or Manifolding paper
10 lbs. per ream of 500 sheets medium size manufactured by Mysore
Paper Mills will suit the requirements of the Government of Madras.
Immediate arrangements may kindly be made to supply 23 1/2 tons of thin
typewriting paper against the quantity allotted to Sirpur Paper

Stationery -- Manifold paper for typewriter -- Supply from imported stock.

--
From the Supdt. of Stationery No.I.1445/44 dated 17--7--45.
--

p127 of 2 (B)
The requirement of typewriting paper for 1945-46 is 23½ tons. According to the allocation made by the Chief Controller of Purchase, this should be supplied by the Sirpur Paper Mills. As the paper manufactured by this mill was found ~~to be~~ unsuitable, the Director of Paper was addressed to change the allocation and allot the supply to the Titaghur Paper Mills. He has reported that this cannot be made. As it is not possible to purchase manifold paper required locally, the Supdt. of Stationery requests that the Controller of Printing & Stationery (India) may be addressed to supply

supply ^{the paper} ~~them~~ from imported stocks. The quantity of manifolding paper ^{now} required is the same as the requirements of typewriting paper. As there is no certainty that the entire quantity asked for would be supplied, no reduction need be made in the estimated requirements.

A draft letter to the Controller of Printing & Stationery is submitted below for approval.
