2. I submit herewith a statement showing the qualifications prescribed for the post of Professor of Civil Engineering and those possessed by Major B.H. Marley. I consider that Major Marley does not possess the academical qualifications prescribed for the post of Professor. However, I may point out that he is the senior to Sri N.S. Krishnaswami Ayyangar who has already been recommended for appointment as Professor of Civil Engineering, under emergency powers. Major Marley is one of the candidates selected for advanced studies overseas and he is likely to proceed overseas in the course of this year. He has rendered War service as a King's Commissioned Officer, since March 1941. He is due to be released from Military duty with effect from 21st July 1946. In view of the above circumstances, and his technical and teaching experience I have the honour to request that the Government may be pleased to appoint Major B.H. Marley to officiate as Professor of Civil Engineering, Arthur Hope college of Technology, Coimbatore, under Rule 31 (a) (i) of the General Rules relating to the Madras Provincial and subordinate services. The question of his regular appointment as Professor may be considered later on when he returns from overseas after acquiring further qualifications abroad.

3. I solicit the favour of early orders.

The D.P.I. has since reported that the academical
qualifications possessed by Major Marley should be considered independently
on its merits with reference to his work under this govt. and his fitness
for promotion should be judged thereon. This question is under
separate consideration. Para 2 of the draft has therefore been
suitably modified. It may issue.
