CL. No. 34/46, Dated the 29th June, 1946..

Sir,

Subject:- MADRAS EDUCATIONAL SERVICE - Post of Lecturer in
Mathematics, College of Engineering, Vizagapatam
at Cocanada - Appointment to the - Proposal -
Submitted.

Reference:- G.O. Ms. No. 1163 Education, dated 12th June 1946.

Among the staff sanctioned for the new College of Engineering,
Vizagapatam to be opened at Cocanada in July 1946, the post of Lec-
turer in the Madras Educational Service is one. This post of Lec-
turer is for the subject of MATHEMATICS. In regard to the filling
of the post I have the honour to state as follows.

2. In G.O. No. Ms. 1331 Education, dated 1st September 1945
the following two Officers have been considered fit for appointment
to the Mathematics Unit of the Madras Educational Service.

* P.T.O.

(1) Sri

- 2.
- (1) Sri V. Tiruvenkata Acharya.
(2) Sri T.N. Bhima Rao.

In my Recommendation Roll No. Cl. 31/46, dated 19th June 1946 I have already proposed to Government the appointment of both the above Officers as Officiating Lecturers in Mathematics in the Government Arts College, Rajahmundry and in the Government Arts College, Coimbatore, respectively. There is no other candidate in the Approved List available for appointment as Lecturer in Mathematics, College of Engineering, Vizagapatam at Cocanada.

3. I, therefore, recommend that Sri V.R. SRINIVASARAGHAVAN, Assistant Professor of Mathematics, Presidency College, Madras, may be appointed to officiate as Lecturer in Mathematics, College of Engineering, Vizagapatam, at Cocanada, under rule 9(a)(i) of the General Rules relating to the Madras Provincial and Subordinate Services. I may submit that Sri Srinivasaraghavan is immediately below Sri T.N. Bhima Rao in the list of Assistant Lecturers and Assistant Professors. I have already recommended his name to the Madras Public Service Commission for selection and inclusion in the Approved List this year. As the appointment has to be made urgently I request that he may be appointed to the Madras Educational Service under emergency provisions, pending his regular appointment later on when his name is included in the Approved List.

I have the honour to be, Sir,
Your most obedient servant,

M. Srinivasaraghavan

The posts sanctioned for the College of Engg., Vizagapatam, at Cocanada, in G.O. No. 1163-Edn., dated 12-6-46, are for the first two years' courses.

For the A.H. College of Tech., Coimbatore, and for the Anantapur Engg. College (admission of addl. no. of students in the Guindy College) only one post of Asst. Lecturer in Math. ^{for each} has been found necessary and sanctd. Please explain why, for the Cocanada College also, a post of Asst. Lecturer (Math.) alone will not be enough for the first year.

R. C. No. 337-AK/45 dated 18th July 1946.

Sir,

Engineering College, Vizagapatam at Coconada--Staff
for teaching Mathematics.

Reference:-G.O.No.1163-Education dated 12.6.1946.

With reference to your telephonic message dated 15.7.1946 asking me to explain the need for the post of a lecturer in the Madras Educational Service for Mathematics for the Engineering College, Vizagapatam at Cocanada instead of an Assistant Lecturer's post as in the case of the Arthur Hope College of Technology, Coimbatore and the Engineering College, Anantapur at Guindy I have the honour to state as follows:-

2. Mathematics plays an important part in the training of Engineers and it is therefore essential that the subject should be handled by experienced men capable of teaching Higher Mathematics. Further the reason why the Coimbatore and Anantapur Engineering Colleges have only Assistant Lecturers in Mathematics is that the former college was started in great hurry and the staff had to be provided at a moment's notice without due consideration and the latter college being located at Guindy is already working under the supervision of an M.E.S. Officer in Mathematics. Proposals for converting these posts into Madras Educational Service will be submitted to Government in due course. I may also add that since the Coimbatore College was started Dr. Rudra suggested that three officers should be deputed overseas for Engineering Mathematics, Engineering Physics and Engineering Chemistry and this had been accepted by Government.
