From

E. Bennett, Esquire, I.C.S.,
Chairman, Technical Selection Committee,
Madras.

To

The Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

I have the honour to enclose the list of recommendations made by the Committee which was appointed in G.O.Ms.No.278 Edn., dated 7th February 1946.

2. The Committee sat on 9th March 1946 for preliminary arrangements, 18th to 23rd and 25th March for interviews and on 26th and 27th March for making final selections.

3. The Committee was able to recommend candidates for all subjects except II.M.(c) - Light Metal Spinning - for which no suitable candidate was available. In several other cases only one suitable candidate was found.

4. The Committee bore in mind the Government's instructions on observing some degree of communal and linguistic representation but in no case did the Committee place any man with lower marks above one with higher.

5. 317 candidates were listed for interview of whom 104 were recommended. The names have been given in order of merit for each subject. The division into communities and language areas is given in Appendix A.

6. The Committee wish to call attention to the fact that the son of Dr.S.R.U.Savoor, one of the members, is one of the recommended candidates. In his case Dr. Savoor retired from the room and he was selected entirely by the other two members.

I have the honour to be,
Sir,
Your most obedient servant,
E Bennett
Chairman.

Sir,

2/4/46

SCHOLARSHIPS for Advanced Studies Overseas -1946-7
Ref: Correspondence resting with your letter F.7.8/46-O.D.II dated 13-3-1946.

...

(5)

pp. 3-13 CF.

I am directed to forward a list of 104 candidates whom this Government have selected for the fifty scholarships allotted to them together with their applications in duplicate~~, except in the cases of two servicemen~~. The candidates are being asked to send cop~~ies~~y of the syllabus~~es~~ of studies and photographs and, on receipt, they will be forwarded to the Government of India.

2. The names of the candidates have been arranged in the order of preference where more candidates than one ~~candidate~~ have been selected for the same subject. In several cases only one suitable candidate was found.

p 1 CF

pp. 15-19 S.F

3. I am to point out that as no suitable candidate was available for "Light metal spinning" (Item II M(c) in the Provincial Advt.) the Govt. have decided to allot two scholarships instead of one for "Mechanical Engg.-Design and manufacture of centrifugal pumps, Deep well, Bore well, and Tube Well pumps and Air Lift pumps" - Item II A(a). I am to request that the return "A" sent with my letter No. 48946C2/45-23 Edn dated 11.3.46 may be altered accordingly. A list showing the maximum

~~the maximum~~ number of scholarships ~~xxxx~~/which may be awarded for each subject is enclosed as reqd. in para 3 of your letter No. F.19/6/45 E IV dated 17th Dec. 1945. The countries and institutions in which trg. has to be given to the candidates has been indicated in the 'A' return sent with my letter refd. to above. If it is not found practicable to provide for admission in the institutions mentioned the G. of India may make any other arrangement they may deem suitable for the respective courses of studies.

4. I am also to state that the Committee apptd. by the Govt. for the selection of candidates was instructed to adopt in selecting the candidates the criterion mentioned in para 6 of my letter No.57393.C/45-16 Edn., dated 29-1-46, in regard to ~~the~~ representation of minority communities, ~~in the selection.~~ The Government are satisfied that the selections made by the Committee ~~satisfy~~ satisfy this criterion. If the Govt. have to approve in their entirety the selections made by the Committee. A statement showing the communal composition of the candidates called up for interview and those selected is annexed to this letter. If however the Govt. of India still insist~~s~~ on a definite formula in respect of minority communities the Madras Govt. have no objection to the ratio adopted for recruitment to the Central Services being followed in the case of ~~minority~~ those communities - viz Muslims, Christians and backward classes.

5. As regards the qualifications of the candidates, persons with qualifications below ~~a~~ I class degrees have ~~not~~ been selected either to secure adequate representation for minority communities or where field experience and research after taking a second class degree has been assessed as equivalent to, or ~~xxxx~~ higher than, a mere first class. Of the 50 candidates recommended as first in the order of preference, 33 possess first class qualifications.

6. I am to add that one of the candidates, Mr. C.V.Joga Rao, has been awarded a scholarship by Mr. W.D.Pawley of the Inter-Continental Corpn., New York, for further studies in Aeronautical Engg. in U.S.A. for a period of one year. It is stated that ~~he~~ a seat is being secured for him either in the Mass. Inst. of Technology or Cal.Inst. of Technology. He will be asked to resign that scholarship if he is finally selected by the G. of I. for the Govt. scholarship. Two candidates namely, Messrs.Dayananda Konchadi and R.Krishnamoorthi were holding temporary posts in Govt. service which they resigned so that they might be eligible to apply for the scholarships. They have enquired whether they may take up temporary appointments again. The Govt. propose to permit them to ~~rejoin their~~ take up tempy. appts. ~~pending the final selection.~~ On condition that if they are awarded ~~the~~ scholarships, they ~~will be reqd. to~~ should give up their appts. The Govt. also propose to adopt the same procedure in respect of ~~any~~ other candidates, who may have given up temporary appts. in Govt. service for applying for ~~Govt.~~ these scholarships or who may be thinking of taking up temporary appointments for the first time hereafter.

7. I am to add that final decisions have not been arrived at in regard to Govt. servants proposed to be deputed for studies overseas under the scheme. A further communication will be sent on this matter as early as possible.

Sir,

SCHOLARSHIPS - Advanced studies overseas - Selection of candidates.

--

I am directed to acknowledge the ~~reqt.~~ receipt of your letter of the 27th March 1946 forwarding the Committee's recommendations on the subject noted above. The Govt. have accepted the Committee's recommendations in their entirety. As no candidate~~s~~ was availabl for "light metal spinning" the Govt. have decided that

Sir,

I have recently came to know that the Pauley Scholarship which was awarded to me for higher studies in Aeronautical Engineering in Mass. Institute of Technology (U.S.A) is five thousand dollars for the period of increased cost of living and tuition fees. Also my father has agreed to supplement the above amount if necessary. I hereby request you to drop-off my name from your provisionally selected list of candidates for foreign scholarships as I need not sign a bond for the above, and I hope to get a more decent job than what the provincial Government are going to offer me after my return.

I might add that I was provisionally selected for I-E-(a) - Aerodynamics Aircraft Instruments and Navigation.

Thanking you,
Yours faithfully,

in another file dealt already.

Sir,

I am directed to refer to the correspondence resting with this Department letter No.F.5-5/46-OD.II dated the 13th March 1946 and to say that information received from the United Kingdom and the United States of America indicates that it is likely to be extremely difficult to secure places in the institutions abroad next academic session for all the students sponsored by the Central and Provincial Governments. The Government of India have therefore decided not to regard as final any award of scholarships made by the Central Government until admission to institutions and also passages have been secured for all the selected students. The candidates who were interviewed for the Central scholarships were therefore informed that even when the award of a scholarship is communicated to them they should not consider themselves entitled to a scholarship until they receive information officially that admission........

Sir,

Sub:- Foreign scholarship to J. Satyanarayanamurty - Recommendation of his name to the Government of India.

p 35 ante.

With reference to your Memorandum No. 17383.C2/46-6 Edn. dated 26th April 1946 sent to J. Satyanarayanamurty, who is my brother, I submit the following representation on his behalf:

The Memorandum mentioned above, ~~and the papers enclosed herewith~~ were despatched from your Office to my brother's Delhi address. But he had had to leave that place before they were received there. He expected to return to Delhi even before the middle of April, but he was unavoidably detained at Rajahmundry on account of the illness of my father who resides at that place. By the end of April my father had recovered and required no attendance, and my brother was about to return to Delhi, when he received orders appointing him to an Assistant Engineer's place in the G.I.P. Railway for which he had applied some months back. So he left Rajahmundry for Bombay on the morning of the 11th instant.

Your communication to him was redirected from Delhi and was received at Rajahmundry on the 12th instant, i.e. a day after my brother had left that place. My father, who opened the cover, saw the communication and sent it on without delay to my brother who will reply to you submitting the documents etc. called for.

Your Memorandum seems to be a reminder, but no previous communication had been received by my brother. If any had been sent from your Office, it must have miscarried on its way either from Madras to Delhi, or from Delhi to Rajahmundry.

I request you will be pleased to take into consideration the facts explained above and grant my brother extension of time for the submission of the documents etc. till the end of this month. He will be able to submit them much earlier provided a copy of the syllabus of the B.E. Degree Examination is readily available to him. I am also trying to obtain a copy of it and will, if I obtain it, submit the same to you on his behalf.

Yours faithfully,

P.S.
With reference to the last sentence in the concluding para, I am enclosing herewith the syllabus of the B.E. Degree Examination.

EPH(C2)

The documents relating to Sri J. Satyanarayanamurti have been received. Documents are still due from Capt. S.G. Reddi. Perhaps the receipt of the documents from the Capt. may be awaited till 30.5.46. for orders.

I am directed to refer to your letter No.17383 C.2/46-2 Edn., dated the 2nd April, 1946, and to say that the Government of India agree to pay half the total cost of training in respect of such of the following students selected by the Government of Madras as are not in the employ of the Provincial Government and are not entitled to study leave:-

I. A. MECHANICAL ENGINEERING.

(a) Heat and Hydraulic Engineering.

K.Subramanyam

(b) Industrial and Administrative Engineering.

S.Ramalingam

I. B. ELECTRICAL ENGINEERING.

(a) Generation, transmission and utilization of electrical power.

R.S.Savoor

J.M.Varughese

(b) Electrical Measurements. L.R.Saptharishi

I. C. CIVIL ENGINEERING.

(a) Structural Engineering.

K.Krishnamacharyulu

(c) Public Health Engineering.

Dayananda Konchady

I. E. AERONAUTICAL ENGINEERING.

(a) Aerodynamics, Aircraft Navigation and Aircraft Instruments.

pp33-34 ante

(1)

As desired by Provincial Government in their letter No.17383 C.2/46-5 Edn., dated the 23rd April 1946, the name of Mr.Joga Rao has been cancelled. The reserve, Mr.N.Ramamurthy, appears to possess good qualifications and if the the Provincial Government so desire, he may be selected in place of Mr.Joga Rao.

II. A. MECHANICAL ENGINEERING.

(a) Design and manufacture of centrifugal pumps, deep well , bore well and tube well pumps and air lift pumps.

O.R.Chandrasekharan

R.Krishnamurthy

(b) Design and manufacture of machine tools.

Balaramanadhan

(c) Manufacture, installation and testing of boilers.

S.Murugesan.

(d) Manufacture of Agricultural implements.

Seth Balasunder

II. B. ELECTRICAL ENGINEERING.

(a) Manufacture of electric lamps and accessories.

T.K.Sivasankaran.

(b) Manufacture of electric fans, small motors and starters.

R.Padmanabhan × Bhola James.

(d) Design and Manufacture of Radio Sets.

Capt. M.K.Rao

II. D. CHEMICAL ENGINEERING.

(b) Manufacture of films.

J.V.S.Ramanjaneyulu

(2) (If, however, the Provincial Govt. desire to give preference to Non-Brahmin candidate, P.Prabhakara Reddy may be selected instead, as he appears to possess equally good qualifications).

II. E. AERONAUTICAL ENGINEERING.

Ground Engineering.

M.V.Rama Rao.

II. F. MARINE ENGINEERING

Marine Engineering, and design of ships, power boats

K.N.Gopinath Menon.

II. H. APPLIED CHEMISTRY.

(a) Chemistry of insecticides and fungicides.

N.V.Subba Rao.

(b) Leather Chemistry and treatment of leather.

T.Rajagopala Rao.

(c) Plastics and manufacture of products like Bakelite

G.D.Srinivasan.

(e) Oil Technology and hydrogenation.

F.G.T.Menezes

II. I. APPLIED PHYSICS.

(a) Fuel Technology and design of furnaces and kilns.

M.I.Matthews.

(c) Soil Physics.

C.Dakshinamurti.

II. L. OTHER FORMS OF APPLIED SCIENCE.

Manufacture of Micanite.

B.Krishnaswamy.

II. M. TECHNICAL SUBJECTS.

(d) Lithography and Printing Technology.

(3) None of the three candidates recommended appear to possess sufficiently good qualifications. They are more or less of the same level. It is, therefore, suggested that preference may be given to T.V.Sukumaran, who is a Non-Brahmin.

(e) Canning and Food Preservation.

M.Giriraj

III. B. ELECTRICAL ENGINEERING.

1. M.M.Kini.

2. Capt.S.G.Reddi.

C. CIVIL ENGINEERING.

(a) Hydrology in relation to tube and bore wells.

Mahmood Hussain

(b) Dam Construction.

M.Bhaskar.

(c) Soil Mechanics of the earthen and composite dams.

V. VENKATASUBRAMANIAN.

(d) Sanitary Engineering.

Mahmood Mia Khan

(e) Reinforced concrete and prestressed structures.

B.Shaik Umar.

(His qualifications are not sufficiently good, but he may be accepted since he is one of the very few Muslim candidates).

(f) Soil Mechanics with special reference to foundations.

S.Panchanathan.

(g) Public Health and Medical Buildings (and Architecture)

J.Satyanarayanamurthy.

IV. A. MECHANICAL ENGINEERING.

Plant and Plant Operation.

A.Purushottama Rao.

C.CIVIL ENGINEERING.

Highway Engineering - Highway research.

R.Thillainayagam.

(This candidate may be selected because he belongs to a backward class, though Mr.D.Sanjeeva Raju is the better of the two candidates recommended).

2. The Central Government regret that in view of the qualifications of the following candidates they do not find it possible to agree to share the cost of their training if the Provincial Government desire to send them abroad for further studies:-

I. C. CIVIL ENGINEERING.

(b) High-Way Engineering.

S.Manavalan.

(4) (In the opinion of the Govt. of India neither Mr. Manavalan nor Mr.George Alexander possess the requisite qualifications to justify the award of overseas scholarship. The Govt. of India will, however, reconsider Mr. Manavalan's case on the result of his B.E.Examination in Highway Engineering being known).

II. B. ELECTRICAL ENGINEERING.

(c) Manufacture of batteries and dry cells.

V.Suryaprakasam.

(5) (The Govt. of India suggest that in place of Mr.V. Suryaprakasam either Mr.Rajasekhara Sarma or Mr.C.Madhava may be selected).

II.D. CHEMICAL ENGINEERING.

(a) Wood and lignite distillation and utilization of products

J.Bhudaga Rao.

(6) (The Govt. of India would, however, be prepared to agree to the selection of Mr.C.V.Subbaratnam, the other Non-Brahmin candidate though his qualifications also are not sufficiently high).

(c) Manufacture of Paints.

D.Mohan Kumar.

(7) (If, however, the Provincial Govt. agree, M.Narasim Rao may be selected instead as he belongs to a backward Non-Brahmin class and appears to possess the requisite qualifications).

(d) Electro-Chemistry with special reference to acids.

(8) S.C.Rajagopalan. (The Govt. of India would be prepare agree to the selection of H.Venkatakrishna Udupa thoug his qualifications are also not sufficiently good).

II. H. APPLIED CHEMISTRY.

(d) Manufacture of drugs and Pharmaceuticals.

G.B.Ramasarma.

(9) (This candidate is over-age. If the Provincial Govt. agree, Miss Roshan J.Irani may be selected instead, particularly as she is the only Parsee candidate).

II. I. APPLIED PHYSICS.

(b) Sound Technology, accoustics and recording.

P.Radha Krishna Menon.

(10) (The Govt. of [illegible]a are prepared to agree to the selection in his place of Mr.V.Ramakrishna). ✓

II. K. METALLURGY.

(11)

(a) Manufacture of alloy steels.
M.Arunachalam.
(Neither Mr.M.Arunachalam nor the reserve, Mr.Vikraman Unni Nair have the necessary qualifications so as to justify the award of a scholarship).

(b) Manufacture of springs and heat treatment of metals.

K.M.Shanbhogue.

II. M. TECHNICAL SUBJECTS.

(a) Ceramics and manufacture of ceramic ware.

V.K.R.Bhupathi Raju.

(12) (The Govt. of India are prepared to agree to the selection of Mr.D.S.Jaggannatha Rao). ✓

(b) Factory Management.

V.Govind.

(13) (The Govt. of India are, however, prepared to agree to the selection in his place of Mr.N.Tata Rao). ✓

3. With regard to para.4 of your letter, Govt. of India are anxious that minority communities should receive a fair share of the scholarships, but they do not desire to fetter the discretion of the Provincial Government in this matter.

pp16-17 ante

4. With regard to para. 6 of your letter, Govt. of India will have no objection if the candidates take up temporary appointments on condition that if they are awarded scholarships they should give up their appointments.

5. Messrs.K.Subramanyam, J.M.Varughese and R.Padmanabhan have also been recommended by the Selection Board for scholarships to be awarded by the Central Government. The Central Government do not desire to select for their scholarships any candidates who are also selected by a Provincial Government and whom the Provincial Government wish to

retain. This Department may kindly be informed, as early as possible, whether the Govt. of Madras desire to retain these candidates or whether they are prepared to agree to their being awarded Central Scholarships.

6. The attention of the Provincial Government is invited to this Department letters No.D.2415(c)/45-E dated the 23rd October, 1945, and No.F.5-5/46-O.D.II dated the 13th March, 1946. Notwithstanding anything contained in [illegible] letters, the Central Govt. will not pay any portion of the cost of training in respect of the candidates selected by the Provincial Government who are in their employ and are entitled to study leave. The Central Government's concurrence to the selection of these candidates is not necessary, and it is requested that this Department may be informed very early wehther any of the candidates whose selection was recommended by the Provincial Government and has been agreed to in this letter are in the employ of the Provincial Government and are entitled to study leave.

Sub:- SCHOLARSHIPS FOR ADVANCED STUDIES OVERSEAS, 1946-47.

4748

Sir,

1 In continuation of this Department letter No. F.7-13/46.OD.II, dated the 3rd May 1946 on the subject mentioned above, I am directed to say that, as the Provincial Government are no doubt aware, His Majesty's Government have recently announced that ninety per cent of the places available in the Universities in the United Kingdom will be reserved for men & women who have served in H.M's Forces or have been engaged for an equivalent period in important civilian work. This means that places for British Civilians other than those specified above and all foreign students, including Indian students, will be available only out of the balance of 10%. Educational institutions in the United States of America are also gravely perplexed due to the unprecedented number of students demanding enrolement and inspite of assurances of good will to foreign students, they are obliged to put severe restrictions on the number of admissions. It is, therefore, extremely unlikely that admissions will be available for any large number of Indian students in British or American institutions during the coming year.

2 The Government of India have therefore felt it necessary to issue a warning, while making the ~~provisional~~ offer of scholarships to the students selected by them, that admissions may not be secured for them for some considerable time to come, that no guarantee whatever can be given as to when they may be able to get off and that the Government can accept ~~no~~ responsibility for the delay. In the meantime, the candidates will ~~no~~ be responsible for looking after themselves and the Government of India will not hold themselves responsible for any maintenance or other grants. The students are also being advised that until they hear from the Government that admissions and passages have been arranged for them, they should not do anything in the way of resigning any posts which they may be holding at present. A Press Note to this effect is also being issued.

2. 3 It is accordingly suggested that, if they have no objection the Provincial Governments may also issue a similar instruction to the students selected by them and also give it the necessary publicity through the Press in order to avoid any subsequent anxiety or disappointment to the students concerned.

I have the honour to be,
Sir,

MEMORANDUM

With reference to his application for an Overseas Scholarship, 1946-47, and in continuation of this Department O. M. No. F. 5-10/46-O.D. II distributed at the time of the interviews,..............................is informed that he/she has been provisionally selected for the award of an Overseas stipend for advanced studies in ....in.....................
....subject to the availability of admission in institutions abroad and passages. In the event of either the admission or the passage not becoming available, this provisional offer of the stipend may have to be withdrawn. **No candidate should, therefore, resign his post until the award is confirmed and no compensation will be payable bg Government in any event**. This offer of the stipend is also subject to the conditions laid down in the brochure "Information for Students desiring to proceed Overseas for Advanced Studies, 1946-47". If..............................
.... accepts the stipend on these conditions, he/she should convey the acceptanc to this Department *immediately*.

2. ....should also furnish to this Department *VERY URGENTLY*, and in any case, within 20 days of the issue of this letter, three copies of the bond (enclosed herewith), duly completed and signed in the presence of a Gazetted Officer, by him/her and his/her surety or sureties who in conjunction with the candidate, will undertake to refund the amounts paid, in case such a necessity should arise. The rank of the Gazetted Officer attesting the execution of the bond must be given and his official seal affixed on each copy of the bond. *It has been decided that a surety cannot be dispensed with.*

3. *Roll No.*—Mr./Mrs./Miss..has been allotted Roll No............... for facility of reference. It is requested that in all references to this Department or to Travel Agents, this number should *invariably* be quoted.

4. *Admission and Passages.*—Every endeavour is being made to secure admission and passages for the students selected for the scholarships. The candidates are, however, warned that the position regarding passages continues to be uncertain and in view of the increasing pressure on their accommodation due to demobilization and other causes, educational institutions abroad are experiencing great difficulties in finding places for all the Indian students who will go abroad this year. The names of the selected candidates have been cabled to the authorities abroad for securing admissions. The exact course, its duration, and the institution in which it is to be pursued will be decided later in consultation with the authorities concerned. The question of passages will be taken up by this Department *immediately* after it is known that admission has been secured for a candidate. In this connection,

have been appointed as agents of the Government of India to look after the travel arrangements for their stipendiary students who will be going to (1) U. S. A. and Canada (2) U. K., Australia and Newzealand. The candidate's address, as given in his/her application (or as amended later) will be furnished to the above mentioned Travel Agents. The dates of departure together with the dates on which the candidates should reach the port of embarkation will be intimated to them by the Travel Agents. It is suggested that the candidates should get into touch with them for all arrangements to be made in connection with the voyage. The candidates should also complete as quickly as possible all their arrangements, including equipment, passport, visas and inoculations which may be necessary. This Department and the Travel Agents should be informed immediately of addresses, to which further communications should be addressed during the next 2 months. Any changes in the address must *at once* be communicated to this Department and the Travel Agents, giving at the same time the Roll No. indicated in para. 3 above.

5. *Passport and Visas.*—As stated in paragraph 15 of the brochure "Information for Students desiring to proceed Overseas for Advanced studies, 1946-47", selected candidates have to make their own arrangements for securing passports and visas in the usual manner. All candidates should get an endorsement on their passports from the passport issuing authorities (*i.e.* Provincial Governments, Chief Commissioners and Residents and Political Agents in Indian State), for travel to U. S. A. or, where it is Canada, to Canada direct or through U.S. A. After obtaining this endorsement they should apply in person to the American Consul, Construction House, Ballard Estate, Bombay or the nearest American Consul for the Visa.

At the time when application is made for the visa, the candidate must produce the following documents :—

(*a*) Passport valid for travel to the United States of America or Canada direct or through U. S. A.

(*b*) Three photographs about $2\frac{1}{2}'' \times 2\frac{1}{2}''$ with a light background.

(*c*) Conduct certificate, in duplicate, from the local authorities when available.

(*d*) Birth certificate, in duplicate, when an official record of birth exists. When no official record of birth exists, affidavits, in duplicate, from responsible persons, having knowledge of the date and place of birth may be presented.

(*e*) Certificate of physical fitness from a physician approved by the Consulate or from a Civil Surgeon. Any medical certificate produced should state whether or not he is suffering from leprosy, trachoma, syphilis, plague or tuberculosis affection of any kind. It should also state whether he is free of body parasites and their eggs. The medical examination should be taken shortly before the formal visa application is made.

It may be noted that *personal appearance at a Consular Office is indispensable in connection with visa applications.*—There may be no objection, however, to candidates forwarding to the Consulate by registered mail the necessary papers for examination and then calling at the Consulate personally later on to make a formal application for a visa and to collect it. As the award of the scholarship will be confirmed only after receipt of intimation of admission abroad, it is suggested that all students should first obtain their passports and keep the other papers in readiness for obtaining visas. Along with the letter confirming the award of the scholarship, a certificate will be provided by the Government of India setting out the name of the scholar, the subject of study for which he has been selected, and the institution abroad where he has been admitted, and stating that all the expenses of the scholar including the return voyage will be met by the Government of India. Where the validity of the passports and visas has to be extended, candidates should approach the appropriate passport issuing authorities in good time.

6. *Railway fare, equipment allowance and incidental journey expenses.*—Arrangements are being made with the Travel Agents to furnish each candidate with a second class ticket from his place of residence to the port of embarkation at the proper time. The Railway fare will be paid by the Travel Agents. For this purpose candidates should intimate at once to the Travel Agents the place of commencement of the railway journey. The Travel Agents will also disburse to the candidates at the time of embarkation, (*i*) a sum of £5 (or its equivalent in dollars in the case of candidates going to U. S. A. or Canada) in travellers cheques and (*ii*) the equipment allowance of Rs. 500. As stated in para. 6 of the brochure the sum of £ 5 mentioned at (*i*) above will not be paid to those who are in Government employ and will be in receipt of their pay during the voyage.

7. As stated in paragraph 5 of this Department brochure, the value of the stipends will be sufficient to cover the normal maintenance expenses which the students are likely to incur including expenses during vacation etc.

A ‖ As the stipends will be disbursed in advance, the candidates will not need to take abroad any sums of money for equipment and other emergency purposes and the Government of India cannot allow dollar exchange facilities to candidates for taking such amounts to U. S. A. or Canada. In special cases, however, where a candidate desires to take abroad, the equivalent of his equipment allowance, the Travel Agents will arrange to get released dollars equivalent to a maximum of Rs. 500 (exclusive of the pocket money of £ 5 for expense on board the ship) on the production of this letter as evidence in support of the candidate's selection for a Central Government stipend.

8. Arrangements will be made to have the candidates met at the port of disembarkation by the Government's accredited agents.

9. Most of the educational institutions abroad require the candidates to show their original certificates, diplomas, testimonials, etc. and all candidates should, therefore, take all such papers with them at the time of leaving this country.

10. WARNING.—The candidates are warned again that in view of further deterioration in admission situation, admissions for them may not be secured for some considerable time to come and that the provisional offer of scholarship has been made on the definite understanding that Government of India can give no guarantee whatever when the students may be able to get off and that they accept no responsibility for the delay. Until, therefore, the students hear from the Government of India that admission and passage are available for them, they should do nothing in the way of resigning any posts which they may be holding at present. The candidates will, in the meantime, be responsible for looking after themselves and the Government of India cannot hold themselves responsible for any maintenance or other grants.

Scholarships for advanced studies 1946-47 - Information for candidates.

The scholarships are awarded subject to the conditions that admission is available abroad for the course of study for which the scholar has been selected, and that passages are also available. In the event of either or both of these not materializing, the Government of India may have to cancel the award. While every endeavour will be made to secure admission as well as passages for students selected for the scholarships, candidates are warned that the position in regard to passages continues to be uncertain and in view of the increasing pressure on their accommodation due to demobilisation and other causes Educational Institutions abroad may experience great difficulty in finding places for all the Indian students who propose to go this year.

2. The value of the scholarship in the United Kingdom other than the Universities of Oxford and Cambridge will be £300 per annum exclusive of tuition and xxxx examination fees. The latter will be paid direct by the High Commissioner to the institutions concerned. In the case of Oxford and Cambridge Universities, the value of the scholarships will be £400 per annum inclusive of xxxx tuition and examination fees. These rates are expected to be sufficient to cover all reasonable expenses including maintenance during vacations. In the case of institutions in the United States of America the value of the scholarships is likely to be 1500 dollars in expensive areas and 1200 dollars in less expensive areas. In both cases the scholarships will be exclusive of all examination and tuition fees which will be paid by the Government of India. The question of increasing the value of the stipend is under consideration of Government, but no guarantee can be given at this stage that it will be increased.

3. All scholars except those, xxx already in the permanent employment of the Central Government xxxxx will be entitled to the following payments:

(a) One II Class railway ticket from residence to port of embarkation.

(b) Equipment allowance of Rs. 500.

(c) Pocket money, equivalent to £5 (or Rs. 66/10/8), for expenses during the journey.

(d) One II Class Steamer ticket to the country of study.

(e) Travelling allowance from the port of disembarkation to the institution of study at rates approved by the High Commissioner or the Agent General in the United States of America.

(f) Travelling Allowance from place of study to port of embarkation at approved rates on termination of course of study.

(g) Pocket money of £5 for expenses on board ship for the return voyage.

(h) One II Class steamer ticket to India.

(i) One II Class Railway fare from port of disembarkation in India to normal residence in India or to place where he may be asked to report himself for duty.

3(a). Temporary Government servants whether in the employ of the Central or Provincial Government will be considered as having relinquished their post from the dates on which they are asked to do so to take up the scholarships. These and employees of Indian States, whether temporary or permanent, will be given the normal stipends. Permanent Provincial Government servants will also be treated as non-Government servants for this purpose.

4. Permanent Central Government servants selected will be sent on study leave terms if they are entitled to such terms. Where the study leave terms fall short of the stipend awarded to non-government servants, a special allowance may be sanctioned to ensure that a Government servant is not placed in a less favourable position than a non-government servant. In addition to the study leave emoluments and allowances and any supplementary allowance that may be sanctioned, they will be entitled to the following payments:

(a) One II Class railway fare to port of embarkation.

(b) Equipment allowance of Rs. 500/-.

(c) One II Class Steamer ticket to country of study.

(d) Travelling Allowance from port of embarkation to institution of study as approved by the High Commissioner in the United Kingdom and the Agent General in the United States of America.

(e) Travelling Allowance from place of study to port of embarkation on termination of course of study as approved by the High Commissioner in the United Kingdom and the Agent General in the United States of America.

(f) One II Class Steamer fare to India.

(g) One II Class Railway fare from port of disembarkation to normal residence in India or place where the scholar is instructed to report for duty.

5. No special allowance will be sanctioned for the maintenance of the family of a scholar in India while he is abroad. Scholars should make their own arrangements for this.

6. The position in regard to accommodation is extremely difficult both in the United Kingdom and the United States of America. While every effort will be made to help students to find suitable accommodation they must be prepared to bear some inconvenience and discomfort.

7. Arrangements will be made to have the candidates met at the port of disembarkation by the Government of India Liaison Officer who will look after their welfare generally while the scholars are abroad.

---

8. The selected scholars will be required to pursue courses of study as directed by the Government of India. For certain subjects Polytechnics and other similar institutions offer the most suitable courses and the candidates selected for those subjects will therefore be placed in those institutions rather than in universities. Candidates should also understand that these scholarships are for courses of instructions which will be essentially Educational, though practical training will in many cases be a desirable, and in some an indispensable, part of those courses.

9. Candidates will be selected as far as possible for those subjects for which they have themselves expressed the first preference, but the Selection Board may select a candidate for another subject for which he may be considered suitable. If a candidate does not wish to be considered for another subject he should inform the Secretary, Selection Board.

500-30-3.46-D.

P.T.O.

10. Candidates must understand clearly that if they are awarded a scholarship they shall be required to sign a bond undertaking to serve the Central Government on their return for atleast five years. They should not therefore count on their returning to their present appointments, if they hold any.

11. Candidates who have applied to a Provincial Government also for Scholarship must give this information immediately to the Selection Board.

12. The results will be published in newspapers probably ~~xxxxx~~ before the end of this month and those who are not selected will not receive any intimation from the Board.

ASST. SECRETARY TO GOVERNMENT
26 JUN 1946
EDUCATION AND PUBLIC HEALTH DEPT.

The Secretary to the Govt.,
Dept. of Education and Public Health,
Fort. St. George,
Madras

Sir,

In a Communication dated 2nd April, you informed me that my name has been recommended to the Govt. of India for an award of a scholarship, in "Sound Technology, acoustics & Recording".

2. Since then, I ~~hade~~ had neither information nor any communication on the point. But I have been reliably informed that the Govt. of India have sent back to you the final list, and that the final announcements are pending the selected candidates actually securing seats in Foreign Universities.

3. This however, as is well known now, may take a considerable time; and it is I think unfair that more than hundred people should be kept waiting for the results till such time that half their number secure admissions. For the remaining fifty, it is an absolute waste of time involving anxiety and worry.

4. It is, I suggest, a fairer course to announce the names of the selected candidates with the reservation that it may take some time before they can be sent abroad. It would however clear the tenseness and individual candidates would be enabled to asses their respective

positions. Such a definite announcement would also enable them to take vital decisions influencing their careers which are however being postponed now, pending the out~~took~~come of the award.

5. I trust you appreciate my point in writing the letter and shall be glad if you can give an early clarification.

Thanking you,

Yours truly,

Vepa Rama Krishna

PRESS NOTE

ADMISSION TO BRITISH AND AMERICAN UNIVERSITIES

ONLY LIMITED SEATS AVAILABLE

The Government of India have received information from their representatives and other authorities in the U.K. and U.S.A. that educational institutions in those countries are unable to offer any considerable number of places to Indian students for the 1946-47 session. The institutions concerned are faced with a very large demand for places by British and American students respectively whose studies were interrupted by the war and who are now being released from the armed forces.

In view of this and also the fact that an increasing number of foreign students are seeking admission to British and American Universities, it is extremely unlikely that any large number of Indian students will be able to secure admission to British or American institutions during the coming year.

LACK OF RESIDENTIAL ACCOMMODATION

Another fact which restricts admission to British and American Universities is the lack of residential accommodation in the towns concerned. This problem is particularly acute in the U.K. and students who go there should be prepared not only to pay heavily for lodging but also to put up with considerable inconvenience. It is not an uncommon experience for Indian students who go there unprepared to have to live in an expensive hotel and then to spend several weeks sometimes looking round for lodgings.

The Education Department of the High Commissioner's Office in London and the Educational Liaison Officer in the Indian Agency General in Washington will be glad to give every possible assistance to Indian students in

... regard

104

regard to their lodging arrangements. Students should, therefore, inform them of their expected date and port of arrival in those countries as early as possible, and they are further advised not to proceed abroad unless arrangements for their accommodation have already been made.

RATIONING OF FOOD AND CLOTHING

Rationing of food and clothing is likely to continue in the U.K. for some time. The food ration is adequate and a student will not experience any serious difficulty if he can adapt himself quickly to the new conditions and accept ordinary English food. With regard to the clothing ration, students will on arrival receive sufficient supplementary coupons to enable them to equip themselves for the winter. They will, however, be well advised to carry with them from here a sufficient supply of clothes and shoes, specially shirts, handkerchiefs, socks, towels and bedsheets.

PRESS NOTE

ADMISSION TO BRITISH AND AMERICAN UNIVERSITIES

ONLY LIMITED NUMBER OF SEATS AVAILABLE

The Government of India desire to repeat the warning, already given, to students intending to proceed overseas for advanced studies that the prospects of securing admission for any large number of Indian students in British or American institutions during the coming year are not hopeful, though Government will continue to do their best to secure admission for as many as possible.

Asst. Secy. to Govt. 12 JUL 1946 Education and Public Health Dept.

In a recent statement in the House of Commons the British Minister of Labour announced that ninety per cent of the places available in Universities in the U.K. would be reserved for men and women who have served with His Majesty's Forces or have been engaged in important civilian work. This means that seats for all other students including Indian students, (Government sponsored and private), will be available only out of the balance of 10 per cent. Educational institutions in the U.S.A. are also gravely perplexed due to the unprecedented numbers demanding enrolment and, in spite of assurances of goodwill to foreign students, are obliged to put severe restrictions on the number of admissions.

(GOVERNMENT SPONSORED STUDENTS)

All prospective candidates are, therefore, advised not to resign their present posts, if they hold any, or to obtain passages until their admission is confirmed.

Students sponsored by the Central Government, Provincial Governments or Indian States are also warned that admission may not be secured for them for some considerable time to come and that Government can give no guarantee whatever as to when they may be able to go abroad. Students should not, therefore, do anything in the way of resigning any posts, which they may be holding, until they hear from Government that passage and admission are available. In the meantime, the candidates selected will be responsible for looking after themselves and the Government of India will not hold themselves responsible for any maintenance or other grants.

Sir,

I furnish below the required particulars.

1. Two copies of the Engineering Degree Syllabus are enclosed.

I have passed the B.E. degree Examination in Civil Engineering and also the B.E. Degree examination in Highway Engineering and have given the syllabus for both. I am a member of the Indian Roads Congress and a student member of the Institution of Engineers (India).

2. I have studied some fundamentals of soil mechanics that was for the Highway Engineering Degree. As there is no laboratory equipment for soil mechanics in our college, I could not have any practical experience. However, I am arranging to have some training at the Research Station at Poondi, of the Madras Government.

3. Two copies of my photograph are herein enclosed.

Yours obediently,

S Panchanathan

Overseas Scholarships 1946-47.

The information required is furnished below:-

(1) Candidates for the M.Sc. Degree of the University, which is a Research Degree, are not classified according to merit as in the case of other Degrees. They are declared qualified for the Degree, provided the examiners unanimously recommend the award. Mr. S.C.Rajagopalan has accordingly been declared qualified for the M.Sc. Degree.

(2) Candidate S.Manavalan after passing the B.E. Degree Examination (Civil Branch) has further qualified for the above examination in Highway Branch as an additional subject. He obtains 51.3% of the total marks prescribed for the examination.

(3) One candidate, Beta James passed the B.E. Degree (Register No.98) examination in Electrical Branch in the year 1940 at a subsequent appearance and he did not obtain Honours. The candidate appeared under the old Regulations and was placed in the 28th rank in the order of proficiency.

pp 9-12 infra

The Government have provisionally selected the candidates whose names are given in the appendix for the grant of stipends, under the Government of In scheme ~~for 1946-47~~ to enable them to undergo advanced courses of studies in other countries. The addresses the candidates, the subjects for which they ~~candidates~~ have been selected and the countries in which the studi are to be prosecuted are ~~shown~~ noted in the appendix. The selection of the candidates is subject to the avail lity of admissions in institutions abroad, and passages. In the event of either the admissions or passages not becoming available, these provisional offers may have to be withdrawn. No candidate~~s~~ should therefore resign his/her post/leave, until the award is confirmed and no compensation will be payable by Government in any event. The offer of the stipend is also subject to the "terms and conditions of the award of stipends", copy of which has already been given to each candidate.

2. Each candidate who accepts the stipend on these conditions should convey his/her acceptance to this Dept. immediately.

15) ~~2~~

Execution of bonds:

3. Each candidate should ~~alsoxfurnishxtoxthis~~ execute a bond with two sureties in the sum of Rs. 18,000 ~~14,900~~/-. This sum approximately represents the expenditure, on the ~~date~~ data available, which Government may have to incur on his/her training, assuming that the course will last for about two years. On receipt of this order the candidate is requested to arrange that his/her sureties provide themselves with certificates of solvency from the Tahsildar, Revenue Inspector or Village Headman concerned. ~~Thexbond~~ ~~He shouldxbexexecuted inxcopyxtoxgovxthe executexthexbond inxthexpresencexofxa Gazettedxofficer~~ The bond should be completed and signed in the presence of a Gazetted Officer by the candidate and his/her surety who jointly ~~in conjuction~~ with the candidate, will undertake to refund the amounts paid, in case such a necessity should arise. The rank of the Gazetted Officer attesting the execution of the bond must be given and his official seal affixed on ~~xxxxxxx~~ the bond. ~~A~~ Sureties cannot be dispensed with. The bond should be sent to this Dept. after attestation.

4. Admission and passages:- Every endeavour is being made secure admission and passages for the students selected for the scholarships. The candidates are, however, warned that the position regarding passages continues to be uncertain and in view of the increasing pressure on their accommodation due to demobilization and other causes, educational institutions abroad are experiencing great difficulties in finding places for all the Indian students who will go abroad this year. The names of the selected candidate have been cabled to the authorities ~~authorities~~ abroad for securing admissions. The exact course, its duration, and the institution in which it is to be pursued will be decided later in consultation with the authorities concerned. The question of passages will be taken up ~~by the Govt. of India, Edn. Dept.~~, immediately after it is known that admission has been secured for a candidate. ~~(?)~~

The candidates' adresses ~~xxxxxxxx~~ as given in his/her applic (or as amended later) will be furnished to the ~~above mentioned~~ Travel Agents. The dates of departure together with the dates on which the candidates should reach the port of embarkation will be intimated to them by the Travel Agents. It is suggested that the Candidates should get into touch with them for all arrangements to be made in connection with the voyage. The candidates should also complete as quickly as possible all their arrangements, including equipment, passport, visas and inoculations which may be necessary. This Dept. and the Travel Agents should be informed immediately of ~~as~~

~~(?)~~

addresses to which further communications should be sent during the next 2 months. Any changes in the addresses must at once be communicated to this Dept., Travel Agents and the Govt. of India, ~~giving the xx~~ Education Dept, New Delhi, 3.

5. Passport and Visas:- The candidates should apply for ~~a~~ passports, in the prescribed forms, to the Secretary to the Govt. of Madras, Home Dept., Fort St. George ~~Under the rules, the~~ Application from a candidate resident in Madras Province ~~should~~ should be made through the D.M. of the Dt. in which ~~the c~~ he/she ~~candidate~~ lives, ~~and~~ or if he lives in Madras, through the Commissioner of Police. Candidates ~~should get~~ ~~endorsement~~ proceeding to U.S.A. ~~or Canada direct or through U.S.A.~~ ~~where it is to canada,~~ to should after obtaining the necessary endorsement on their passports, apply in person to the nearest American Consul for the Visa.

If they are resident within the Province of Madras. If they reside outside the Province, they shd. apply to the passport issuing authority of the area in which they reside.

At the time when application is made for the visa, the candidates must produce the following documents:-

(a) Passport valid for travel to the U.S.A. or Canada direct or through USA

(b) Three photographs about $2\frac{1}{2}$" x $2\frac{1}{2}$" with a light background.

(c) Conduct certificate, in duplicate, from the local authorities when available.

(d) Birth certificate, in duplicate, when an official record of birth exists. When no official record of birth exists, affidavits, in duplicate, from responsible persons, having knowledge of the date and place of birth may be presented

(e) Certificate of physical fitness from a physician approved by the Consulate or from a Civil Surgeon. Any medical certifiate produced should state whether or not he is suffering from leprosy, trachoma, syphilis, plague or tuberculous affection of any kind. It should also state whether he is free of body parasites and their eggs. The medical examination should be taken shortly before the formal ~~xx~~ visa application is made.

It may be noted that personal appearance at a Consular office is indispensable in connection with visa applications. There may be no objection, however, to candidates forwarding to the Consulate by registered mail the necessary papers for examination and then calling at the Consulate personally later on to make a formal application for a visa and to collect it. As the award of the scholarship will be confirmed only after receipt

of intimation of admission abroad, it is suggested that all students should first obtain their passports and keep the other papers in readiness for obtaining visas. Along with the letter confirming the award of the scholarship, a certificate will be provided by the Govt. setting out the name of the scholarship the subject of study for which he has been selected, and the institution abroad where he had been admitted and stating that all the expenses of the scholar including the return voyage will be met by the Govt. and the Govt. of India. Where the validity of the passports and visas has to be extended, candidates should approach the appropriate passport-issuing authorities in good time.

6. Railway fare, equipment allowance and incidental journey expenses:- Arrangements are being made ~~wiht~~ with the Travel Agents to furnish each candidate with a second class ticket from his place of residence to the port of embarkation at the proper time. The railway fare will be paid by the Travel Agents. For this purpose candidate should intimate at once to the Travel Agents the place of commencement of the railway journey. The Travel Agents will also disburse to the candidates at the time of embarkation, (i) a sum of £5 (or its equivalent in dollars in in the case of candidates going to U.S.A. or Canada) in travellers

cheques and (ii) the equipment allowance of Rs.500/-.

7. The value of the stipends will be sufficient to cover the normal maintenance expenses which the students are likely to incur including expenses during vacation etc.

8. As the stipends will be disbursed in advance, the candidates will not need to take abroad any sums of money for equipment and other emergency purposes and the Govt. ~~of India~~ cannot allow dollar exchange facilities to candidates for taking such amounts to U.S.A. or Canada. In special cases, however, where a candidate desires to take abroad, the equivalent of his equipment allowance, the Travel Agents will arrange to get released dollars equivalent to a maximum of Rs.500 (exclusive of the pocket money of £5 for expense on board the ship) on the production this order as evidence in support of the candidate's selection for a Govt. stipend.

9. Arrangements will be made to have the candidates met at the port of disembarkation by the Government's accredited agents.

10. Most of the educational institutions abroad require the candidates to show their original certificates, diplomas, testimonials, etc. and all candidates should therefore take all such papers with them at the time of leaving this country.

11. Warning: The candidates are warned again that in view of further deterioriation in admission situation, admissions for them may not be secured for some considerable time to come and that the provisional offer of scholarship has been made on the definite understanding that this Govt. can give no guarantee whatever when the students may be able to get off and that they accept no responsibility for the delay. Until, therefore, the students hear from the Govt. that admission and passage are available for them, they should do nothing in the way of resigning any posts which they may be holding at present. The candidates will , in the meantime, be responsible for looking after themselves and the Government ~~of India~~ cannot hold themselves responsible for any maintenance

11 The D.P.I. will be the estimating and controlling authority. The expenditure that will be incurred in India in the current year will be the allowance for equipment and incidental voyage expenses and railway fare for the onward journey as mentioned in para 6 above. The Travel Agents, after making disbursements to candidates will send the bills to the Govt. The bills, on receipt, will be forwarded to the D.P.I. who shall then draw the amount required from the A.G. and remit it to the Travel Agents.

The scheme provides that one-half of the total expenditure should be met from Provincial funds and the remaining half from

Know all men by these presents, that we, (nominated to undergo a course of instruction in connexion with a Government stipend) and

do hereby bind ourselves, and each of us, our and each of our heirs, executors, administrators and legal representatives, to pay to His Excellency the Governor of Madras on demand the sum of Rs. 15,000 (Rupees fifteen thousand only).

Signed by us this day of one thousand nine hundred and forty-six.

Whereas the above bounden has been nominated to a Government stipend;

And whereas the above bounden as nominee of such stipend is entitled under certain conditions to such sum as may be fixed by Government towards the cost of maintaining himself for two years, besides tuition fees, certain travelling expenses, and also a second-class return passage of the appropriate grade from India to the country to which he is sent and back;

Now, the condition of the above written obligation is that in the event of the above bounden not conforming to the instructions regarding training conveyed to him by an authorized agent of His Excellency the Governor of Madras, or of continued adverse reports regarding the progress of his studies or regarding his conduct or on the completion of his studies refusing to serve His Excellency the Governor of Madras, if required to do so, as a gazetted officer of the Madras Government, or to take up other employment indicated by His Excellency the Governor of Madras for a minimum period of five years and if his services are not required in that manner, refusing to serve His Excellency the Governor-General in Council, if required to do so, as a gazetted officer of the Central Government, or to take up other employment indicated by His Excellency the Governor-General in Council for a minimum period of five years, he shall forthwith refund to His Excellency the Governor of Madras on demand all monies paid to him or on his behalf in respect of the said stipend, tuition fees, travelling expenses or return passages or otherwise on account of having been selected as a scholar aforesaid and the interest on the amount calculated at fixed Government rates then in force for Government loans.

Then the above written obligation shall be void and of no effect, otherwise it shall be and remain in full force and virtue.

Selection of Students to undergo Advanced Courses of Studies in other countries—Terms and Conditions of the award of Government Stipends.

1. The duration of a course of study will be determined in each case by the Government, but it will, in most cases, be about two years. The Government also reserve the right to make at any time such changes as they may consider desirable in the nature or duration of a course approved by them.

2. Applicants may mention their preference for any country or for any particular institution or institutions: the final decision in the matter will, however, rest with the Government.

3. The value of the stipend will be fixed in the light of ascertained requirements in the different countries but will be sufficient to cover all the normal maintenance expenses which a student is likely to incur, including expenses during vacations. The stipend will be payable from the date of a student's arrival in the country where he is to receive instruction up to the date of his departure from that country on the return journey, and it will be paid in advance in quarterly or monthly instalments. Tuition fees or other charges in connexion with the course of study will also be paid by the Government.

4. Students will be allowed a second-class fare or, where there is no second class, the fare next below first class, from their normal place of residence to their place of instruction and back, together with a sum of £5, or its equivalent in Indian or other currency, to cover incidental journey expenses each way.

5. Each selected student will be given before his departure from India an equipment allowance of Rs. 500 to enable him to provide himself with such clothing and other necessary articles as he is likely to need on the journey or immediately on his arrival in the country to which he is sent.

6. (*a*) The grant of the stipend and allowances will be subject to periodical reports of satisfactory progress. In case of continued adverse report in respect of studies or conduct, the Government reserve to themselves the right to cancel the stipend immediately and the student will be required to refund to the Government the total amount spent on him up to date together with interest calculated at fixed Government rates in accordance with the terms of the bond referred to below.

(*b*) In the case of a student who, on account of illness or other reasonable cause, is unable to complete the approved course of study and is obliged to return to India, the Government will pay the cost of the return journey and may, at their discretion, forego the refund of the amount referred to above.

7. Selected students will be required to enter into a bond in the form given below undertaking to serve the Government of Madras or the Central Government, on their return after the completion of their course of instruction, for a period of five years if required to do so, in a gazetted post, or to take up for a similar period other comparable employment outside Government service, if so directed by the Government of Madras or the Central Government.

Z

Although every endeavour will be made to secure employment of the kind referred to above, it should be clearly understood that selection for an approved course of study does not carry with it a guarantee of employment and that the selection for appointment in Madras Government service will depend on the rules and regulations in force at the time.

8. The Government will make arrangements in regard to sea passage and, where necessary, facilities for Dollar exchange. The selected students will, however, apply for passports and visas in the usual manner.

FORM OF THE BOND.

Education and Public Health Department
G.O.Ms. No. 1451 Edn. dated 25th July 1946.
Read the following:-

ORDER:-

The Government have provisionnally selected the candidates whoese names are given in the appendix for the grant of stipends, under the Government of India scheme to enable them to undergo advanced courses of studies in other countries. The addresses of the candidates, the subjects for which they have been selected and the countries in which the studies are to be prosecuted are noted in the appendix. The selection of the candidates is subject to the availability of admissions in institutions abroad, and passages. In the event of either the admissions or passages not becoming available, these provisional offers may have to/be withdrawn. No candidate should therefore resign his/her post if any until the award is confirmed and no compensation will be payable by Government in any event. The offer of the stipend is also subject to the "terms and conditions of the award of stipends", copy of which has already been given to each candidate.

2. Each candidate who accepts the stipend on these conditions should convey his/her acceptance to this Department immediately.

* EXECUTION OF BONDS

3. Each candidate should execute a bond with two sureties in the sum of Rs. 15,000/-. This sum represents approximately the expenditure on the data available, which Government may have to incur on his/her training, assuming that the course will last for about two years. On receipt of this order the candidate is requested to arrange that his/her sureties provide themselves with certificates of solvency from the Tahsildar, Revenue Inspector or Village Headman concerned. The bond should be completed and signed in the present of a Gazetted Officer by the candidate and his/her surety who jointly with the candidate, will undertake to refund the amounts paid, in case such a necessity should arise. The rank of the Gazetted Officer attesting the execution of the bond must be given and his official seal affixed on the bond. Sureties cannot be dispensed with. The bond should be sent to this Department after attestation.

4. ADMISSION AND PASSAGES:- Every enddavour is being made to secure admission and passages for the students selected for the scholarships. The candidates are, however, warned that the position regarding passages continues to be uncertain and in view of the increasing pressure on their accommodation due to demobilization and other causes, educatinal institutions abroad are experiencing great difficulties in finding places for all the Indian Students who will go abroad this year. The names of the selected candidates have been cabled to the authorities abroad for securing admissions. The exact course, its duration, and the institution in which it is to be pursued will be decided later in consultation with the authorities concerned. The question of passages will be taken up, immediately after it is known that admission has been secured for a candidate. In this connection,

have been appointed as agents of the Government of Madras to look after the travel arrangements for their stipendiary students who will be going to ~~to~~ (1) United States of America (2) United Kingdom, Australia. The candidates' addresses as given in his/her application (or as amended later) will be furnished to the Travel Agents. The dates of departure together with the dates on which the candidates should reach the port of embarkation will be intimated to them by the Travel Agents. It is suggested that the Candidates should get into touch with them for all arrangements to be made in connection with the voyage. The candidates should also complete as quickly as possible all their arrangements, including equipment, passport, visas and inoculations which may be necessary. This Department and the Travel Agents should be informed immediately of address to which further communications should be sent during the next 2 months. Any changes in the addresses must atonce be communicated to this Department, Travel Agents and the Government of India, Education Department, New Delhi, 3.

5. PASSPORT AND VISAS:- The candidates should apply for passports, in the prescribed forms, to the Secretary to the Government of Madras, Home Department, Fort St. George if they are resident within the Province of Madras. If they reside outside the Province, they should apply to the passport issuing authority of the area in which they reside. Application from a candidate resident in Madras Province should be made through the District Magistrate of the District in which he/she lives, or if he/lives in Madras, through the Commissioner of Police. Candidates proceeding to U.S.A. should after obtaining the necessary endorsement on their passports, apply in person to the nearest American Consul for the Visa.

At the time when application is made for the visa, the candidates must produce the following documents:--

(a) Passport valid for travel to the U.S.A. or Canada direct or through USA

(b) Three photographs about 2½" x 2½" with a light background.

(c) Conduct certificate, in duplicate, from the local authorities when available.

(d) Birth certificate, in duplicate, when an official record of birth exists, when no official record of birth exists affidavits, in duplicate, from responsible persons, having knowledge of the date and place of birth may be presented

(e) Certificate of physical fitness from a Physician approved by the consulate or from a Civil Surgeon. Any medical certificate produced should state whether or not he is suffering from leprosy, trachoma, syphilis, plague or tuberculosis affection of any kind. It should also state whether he is free of body parasites and their eggs. The medical examination should be taken shortly before the formal visa application is made.

It may be noted that personal appearance at a Consular office is indispensable in connection with visa applications. There may be no objection, however, to candidates forwarding to the Consulate by registered mail the necessary papers for examination and then calling at the Consulate personally later on to make a formal application for a visa and to collect it. As the award of the scholarship will be confirmed only after receipt of intimation of admission abroad, it is suggested that all students should first obtain their passports and keep the other papers in readiness for obtaining visas. Along with the letter confirming the award of the scholarship, a certificate will be provided by the Government setting out the name of the scholar the subject of study for which he has been selected, and the institution abroad where he had been admitted and stating that all the expenses of the scholar including the return voyage will be met by the Government and the Government of India. Where the validity of the passports and visas has to be extended, candidates should approach the appropriate passports ~~and visas has to be extended, candidates should approach the appropriate passport-~~issuing authorities in good time.

6. RAILWAY FARE, EQUIPMENT ALLOWANCE AND INCIDENTAL JOURNEY EXPENSES:-

Arrangements are being made with the Travel Agents to furnish each candidate~~s~~ with a second class ticket from his place of residence to the port of embarkation at the proper time. The railway fare will be paid by the Travel Agents. For this purpose candidate should intimate atonce to the Travel Agents the place of commencement of the railway journey. The travel Agents will also disburse to the candidates at the time of embarkation, (i) a sum of £5 (or its equivalent in dollars ~~in~~ in the case of candidates going to U.S.A. or Canada) in travellers cheques and (ii) the equipment allowance of Rs. 500/-.

7. The value of the stipends will be sufficient to cover the normal maintenance expenses which the students are likely to incur including expenses during vacation etc.

8. As the stipends will be disbursed in advance, the candidates will not need to take abroad any sums of money for equipment and other emergency purposes and the Government cannot allow dollar exchange facilities to candidates for taking such amounts to U.S.A. or Canada. In special cases, however, where a candidate desires to take abroad, the equivalent of his equipment allowance, the Travel Agents will arrange to get released dollars equivalent to a maximum of Rs. 500 (exclusive of the pocket money of £5 for expense on board the ship) on the production this order as evidence in support of the candidates selection for a Governmment stipend.

9. Arrangements will be made to have the candidates ~~not~~ met at the port of disembarkation by the Government's accredited agents.

10. Most of the educational institutions abroad require the candidates to show their original certificates, diplomas, testimonials, etc. and all candidates should therefore take all such papers with them at th time of leaving this country.

11. Warning:- The candidates are warned again that in view of further deterioration in admission situation, admissions for them may not be secured for some considerable time to come and that the provisional offer of scholarship has been made on the definite understanding that this Government can give no guarantee whatever when the students may be able to get off and that they accept no responsibility for the delay. Until, therefore, the students hear from the Government that admission and passages are available for them they should do nothing in the way of resigning any posts which they may be holding at present. The candidates will, in the meantime, be responsible for looking after themselves and the Govt. cannot hold themselves responsible for any maintenance....

P.T.O.

or other grants.

12. Financial procedure:- the expenditure incurred in India is debitable to "37.r.-Education--Miscellaneous--B Non-European-(ii) Postwar Reconstruction--Allowances to candidates selected for technical training abroad." The charges which may be incurred in England should be debited to "37.S.Education--Charges in England High Commissioner for India--Non-European--E.Postwar Reconstruction-Technical training in the United Kingdom and the United States of America--Scholarships.".

The Director of Public Instruction will be the estimating and controlling authority. The expenditure that will be incurred in India in the current year will be the allowance for equipment and incidental voyage expenses and railway fare for the onward journey as mentioned in para 6 above. The Travel Agents, after making disbursements to candidates will send the bills to Government. The bills, on receipt will be forwarded to the Director of Public Instruction who shall then draw the amount required from the Accountant-General and remit it to the Travel Agents.

The scheme provides that one-half of the total expenditure should be met from Provincial funds and the remaining half from Central revenues. The Accountant-General is requested to take the requisite action at the appropriate stage for making the necessary adjustment between Provincial and Central Governments.

DEPUTY SECRETARY TO GOV...

EDUCATION AND PUBLIC HEALTH DEPARTMENT

Subject: Scholarships for advanced studies overseas, 1946-47.

pp 110-111 cf/(C)

Sir,

41383

I am directed to refer to your telegram dated the 12th July, 1946 and to say that the Government of India agree to pay half the total cost of study in respect of Mr.R.Ramamoorthy Reddy selected by the Provincial Government for "Canning and Food Preservation" provided he is not in their employ and is not entitled to study leave.

2. The Central Government regret that, in view of the qualifications of Mohamed Ali Khan Ghori and of the reserve, Mr.P.Unni Kanna Menon, they do not find it possible to share their cost of study if the Provincial Government desire to send them abroad for advanced studies in "Leather Chemistry and treatment of leather."

3. In this connection it may be mentioned that from correspondence received from the office of the High Commissioner for India, London, it transpires that one Mr.Acharya, working in the Indian Institute of Science at Bangalore, has been in communication with Professor T.P.Hilditch, Head of the Department of Industrial Chemistry, Liverpool University, regarding his research work. It appears that this Mr.Acharya is the same as Mr.K.T.Acharya who was recommended by the Provincial Government as a reserve for "Oil Technology and hydrogenation." Professor Hilditch thinks very highly of Mr.Achaya's research work and is of the opinion that a really good potential scientist may be lost to the country if it is not made possible for Mr.Achaya to go and work under him in October 1946. In the peculiar and special circumstances of the case the Government of India would be prepared to pay half the total cost of his study if the Provincial Government award a scholarship to him, provided he is not in their employ and is not entitled to study leave. The Central Government would, therefore, suggest that the additional scholarship for "Leather Chemistry and treatment of leather," for which there are no suitable candidates, may be transferred to "Oil Technology and hydrogenation" and an additional scholarship in this subject be awarded to Mr.K.T.Achaya and that he may be allowed to study in Liverpool University for a period not exceeding 2 years in modification of the institution recommended by the Provincial Government in their letter No.48946.C.2.45.23 Edn. dated the 11th March, 1946. The Provincial Government may please wire their decision in view of the urgency of the matter.

Sir,

OVERSEAS scholarships - Advanced studies in Manufacture of films.

From the G.of I, letter No. F.3.38/45 E. dated 27.4.46 and 15.5.46,

------

I am directed to state that, in the circumstances explained, this Govt. have no objection to Sri C. Narasimhachari studying Food Technology in U.S.A.

Oneof the scholarships for 1946-47 is for advanced studies in the manufacture of films and names have been recommended to the Govt. of India for selecting a candidatefor that subject. In your letter dated 27th April 1946, it is stated that the manufacture of films is a highly secret commercial process known only to Messrs. Eastman Kodak in U.S.A. and that they will not admit any foreigners into their institution. It is presumed that there are institutions in countries other than US.A. which might give instruction to Indian students in the manufacture of films. If there is no such institution, I am to request that the scholarship for "Manufacture of Films" may be allotted to any othersubject and a suitable candidate selected. I am to invite attention to the statement, showing the maximum number of scholarships that may be awarded for each of the subjects of study, sent with my letter No. 17383.C2.46.2 dated 2nd April, 1946.

Original telegram in G.O. 1451 Edn / 25.7.46
Reminder is on p 1 ante.

Sir,

49921

I am directed to refer to your telegram dated the 25th July, 1946 and to say that the Government of India approve of the selection of Mr. S.C. Rajagopalan for Electro-Chemistry with special reference to acids and agree to pay half the total cost of study provided he is not in the employ of the Provincial Government and is not entitled to study leave.

not in Govt service

2. The Central Government have reconsidered the case of Mr. S. Manavalan but regret that, in view of his qualifications, they do not find it possible to share the cost of his training if the Provincial Government desire to send him abroad for advanced studies in Highway Engineering Highway Research.

3. The Government of India regret that, in view of his qualifications, they do not find it possible to pay half the total cost of study in respect of Mr. Sheta James who is recommended for a scholarship in Manufacture of Electric fans, small motors and starters. The Provincial Government may therefore retain Mr. R. Padmanabhan for award of their own scholarship as desired by them.

Sir,

As per above memo my name was included in the list of ~~candi~~ candidates recomended by the Provincial Government for consideration by the Government of India for award of scholarships for advanced studies Overseas.; the course for which I was selected is III B. Electrical Engineering.

From the News-paper I found that Mr. M.M.Kini and Capt. S.G.Reddi were finally selected for the above subject.

I understand that these two candidates are not taking up the scholarships. Is the Government contemplating of filling such vacancies? If so, I request that my case may be favourably considered. I request you to give an early reply.

Yours Faithfully,

ADVANCED Studies Overseas - Grant of scholarships - Selection of candidates.

From the Chairman, Selection Committee dated 27-3-46.

...

C.F

The Government of India have decided to continue in 1946-47 the scheme of sending candidates to other countries for advanced studies andthey have allotted to this Province 50 scholarships. An advertisement inviting applications for the scholarships was published. The Government also set up a Committee consisting of (1) Mr.E.Bennett, I.C.S., Member, Board of Revenue (2) Sri Diwan Bahadur T.M.Narayanaswami Pillai, Member, Public Service Commission, and (3) Dr.S.R.U. Savoor, I.E.S., D.P.I., to select the candidates for the scholarships. In response to the advertisement 496 applications were received in addition to 4 from Service candidates which were forwarded by the Government of India. 317 applicants were called up for interview. The distribution according to communities and linguistic areas of the candidates called up for interview are given in the note on p.38 of the stock file below. The instructions issued to the Committee for theselection of the candidates are contained in the note on pp.7-11 of the stock file. The Committee sat from 18th to 25th March and interviewed the candidates. The recommendations of the Committee are on pp.1-13 c.f. The Committee has selected candidates for all the subjects except "Light Metal Spinning" for which there was no suitable candidate. With reference to the instruction to the Committee that two or three candidates may be selected for each subject the Committee has recommended 104 names in all for the 49 scholarships, indicating the order of preference.

2. In their letter dated 23-11-1945 the Govt. of India stated that in making their own selections they proposed to ensure that the minority communities received a fair share of the scholarships and that the communal ratio to be aimed at would be the ratio fixed for recruitment to Government services. They hoped that the Provl.

Govt. would also accept the principle and indicate, while forwarding the names of the candidates recommended by them, how many candidates of each community they would like to be selected. In this Dept.'s letter dated 29th Jan. 1946, the G. of I. were informed that the ratios laid down for recruitment to the services in this Province related to other aspects besides representation of minority communities and that in any case it was considered inexpedient to prescribe any hard and fast communal ratios. They ~~Govt. of India was~~ were also informed that in the selection of candidates for the scholarships the Govt. proposed to ensure that adequate representation was given to the minority communities provided that suitable candidates were forthcoming. In a further letter, the G. of I. have stated as follows:-

para 6, pages 2-3 of Stock File

P

para 5 of copy of letter at (S)

> "The principle which the Government of India have adopted with a view to the educationally backward communities being given a fair share of these scholarships is, as you have pointed out, that "adequate representation should be given to the minority communities provided that suitable candidates are forthcoming". In the light of last year's experience, however, it was considered desirable to make a definite suggestion that each community's share in these scholarships should be on the basis of the communal ratio accepted by the different Provincial Govts. for services. If the Govt. of Madras consider another formula more just and satisfactory, they will no doubt communicate it to the Govt. of India at the time when they forward the names of candidates recommended by them for this year's scholarships".

A

The following tables show how the communal ratio works out in respect of candidates selected for 1945-46 and for 1946-47. In the tables below only ~~the~~ candidates selected as first preference for each subject have been taken into account:-

This is the appropriate basis for examination. The variation in proportions even in the latter list is not however very marked.

~~[illegible]~~ But [illegible] per [illegible] [illegible] [illegible]

It will be seen that if the ratio for recruitment to Provincial Govt. Services is taken as the standard, the number of candidates from the Brahmin community is proportionately large. If the communal* ratio for Central Govt. services is taken as the standard (wherein there ~~is~~ are no separate ~~cadre~~ quotas for Brahmins and Non-Brahmins the total number of 'Hindus' selected is less than what is admissible under the ratio. Sufficient representation has been given to the minority communities such as Christians, Muslims and Backward classes. In this Dept. letter refd. to above, the G. of I. have already been informed that it is not practicable to adopt the communal ratio prescribed for recruitment to ~~the~~ Madras Govt. services ~~under this Province~~. It may also be pointed out in this connection that the Brahmin candidates called up for interview, with a few exceptions, possess I class qualifications. In fact 112 Brahmin candidates possessing qualifications less than I class degrees have not been called up for interview; whereas in the case of the other communities, all who possess the minimum qualifications prescribed for each subject have been called up for interview. It may be noted further that the Govt. of India in their latest letter have stated that they hope that it will not be necy. for the Provl. Govt. to select any candidate who does

Please see B above also.

In view of this, if we are to have a 'formula' at all, it should be the G. of I. formula.

Even calling the lists for Brahmins after the weeding out (while the lists for the rest are the totals of applicants) it will be noticed that the percentage selected in their case is only the same as that of N.B.'s & less than that of the others. (Col. 5 of Table I are 13 each) & the percentage to the total number selected is less than that of last year (cf. Col. 2 of Table I with Col. 3 of Table II above.

not possess first class qualifications except with a view to provide adequate facilities for educationally backward classes or where training in a particular subject is required urgently and no candidates are available for that subject with first class academic qualifications.

3. The distribution of the candidates selected according to qualifications is shown below :-

	Candidates with I class degrees.	Candidates with qualifications less than I class degrees.	Total.
Brahmins	17 18	4	21 22
Non-Brahmins	~~8~~ 7	7	~~13~~ 14
Muslims	..	3	3
Christians	4	.	4
Backward classes	~~5~~ 4	3	~~8~~ 7
	32 33	17	49 50

This may be accepted as satisfactory.

The linguistic distribution of the candidates selected for 1945-46 and the present selection are as below:-

	1945-46 Number selected.	1945-46 Percentage.	1946-47 No. selected.	1946-47 Percentage.	Percentage of distribution which would be normal according to population.
Tamil	50	47	Tamil (15 plus Madras 6) 16 21 22	43 44	40
Telugu	34	32	21	43 42	40
Kanara	10	10	4	8	10
Malabar	12	11	3	6	10
					10 to round off margins.
	106	100	49 50	100	100

With reference to "A" on p.2 ante Govt. of India may be informed that the communal ratio for Central Services may be ~~arrived~~ aimed at or the proportion ~~of~~ in which candidates from each community has been actually selected may be kept up.

The orders of Govt. may be taken on the recommendations of the Committee. Development, P.W.D. and L.A. may see the case before circulation.

The list of candidates selected by this Govt. ~~are~~ is to reach the Govt. of India by 31st March 1946.

May be informed that the criterion adopted by us - P at b:2 ante - has been satisfied by the selections of the Committee but if the G of I think it necessary or a definite formula the ratio adopted for Central Services may be followed in the case of the Universities, Non-Brahmins, Xians & Backward classes.

The maximum number of places allotted for the subject "Design & manufacture of centrifugal pumps, deep well, bore well & tube well pumps & air lift pumps" has not been indicated in the list at p.5 c.f. My recollection is that the number is 1. In this Dept's G.O. Ms. No. 7915-D-46-3 of 1.3.46 the maximum number of scholarships that might be ~~awarded~~ awarded for this among other subjects was fixed at 2. As no candidate has been selected for "Light metal spinning" I suggest that the number of scholarships earmarked for this subject be raised to 2. The number cannot be regarded as excessive, considering the importance of utilising sub-soil water for irrigation purposes. We have only recently indented for a very large number of pumps in the Thompson Committee. We want more men to specialise in the design & manufacture of these pumps.

pp 55-58 CF

Para 1 of letter:- In this para the Government of India have given the names of candidates whom they have selected for the award of scholarships and in respect of whom they agree to bear half the cost of training. The list of candidates recommended by this Government is on pages 5-15 c.f. and the candidates finally selected by the Government of India have been marked in blue pencil. The candidates selected are those who were recommended by this Govt. as first in the order of preference.

With reference to (1) on page 55 c.f. Sri N.Ramamurthy may be selected in the place of Sri C.V.Joga Rao.

31.5.46

At (2) on page 56 c.f., the Government of India have suggested that Sri P.Prabhakara Reddy may be chosen in place of Mr.Ramanjaneyalu, if the Govt. desire to give preference to a Non-brahmin candidate. The applications of Sri Ramanjaneyalu and Sri P.Prabhakara Reddy are kept below for perusal. It may be noted that since his interview with the Selection Committee, Mr.Reddy has acquired the additional degree of Ph.D., vide letter on page 37 c.f. For orders.

They have however made certain alternative proposals at (5), (6), (7), (8), (9), (10), (12) and (13) on pages 58-59 c.f. and if these proposals

are accepted

are accepted the Govt. of India would agree to bear half the cost of training in respect of them also. For orders whether the Government of India's ~~xx~~ alternative suggestions may be accepted.

With reference to (4) on page 58 c.f., the Govt. of India may be informed of Mr.Manavalan's B.E. (Highway Engg.) exam. result as soon as it is known. The candidate may be asked to let this Dept. know the result as soon as it is out.

31.5.46

In respect of the 2 subjects referred to at (11) on page 59 c.f., the G. of I. do not agree to the selection of any of the candidates recommended by this Govt. That means there will be no candidate for the two subjects and therefore two scholarships will go unawarded. It is for consideration whether these 2 scholarships may be transferred to some other subjects which may be of ~~sufficient~~ such importance as to need more candidates than those ear-marked already. The statement at pages 29-30 c.f. may be of interest in this connection. If the suggestion is approved, the G. of I. may be requested to transfer the scholarships accordingly. Devt. may be consulted first.

Para 5 of letter: If the Govt. agree to Messrs.K. Subrahmanyan, J.M.Varughese and R.Padmanabhan being awarded Central scholarships, the three provincial scholarships for which these candidates have been selected will have to be given to the other three candidates, Messrs.N.Siddeswara Setty, M.Muthukrishnudu and Bheta James who have been placed second in the order of preference. The G. of I. have not stated whether they would agree to these three men being substituted. The Govt. may perhaps agree to the proposal of the G. of I., provided they accept the grant of scholarships to the candidates referred to above.

Summarising Note:

In 1945-46 the Government of India initiated a scheme of awarding scholarships for advanced technical and scientific studies overseas in subjects directly related to probable post-war needs, the expenditure being shared equally by the Central Government and this Government. A special committee for the selection of candidates for the award of the scholarships was constituted by the Government. The committee recommended 106 candidates for the scholarships. The Government of India selected 49 candidates.

The Central Government decided that the scheme initiated last year should be continued in 1946-47 also, and allotted 50 scholarships to this Province. As was done last year, a selection committee consisting of a member of the Board of Revenue, a member of the Madras Public Service Commission and the Director of Public Instruction was constituted and it interviewed candidates and made recommendations. 500 applications were received. The committee recommended 104 names which were forwarded to the Central Government. The G. of I.'s reply is at CF 55-60. They agree to the award of scholarships to certain candidates who were recommended by this Government as first in the order of preference. In certain other cases, they do not agree to the award of scholarships to the candidates shown as first preferences, but have proposed alternative names. The Government may agree to the alternative proposals (which have been discussed on pages 9-11 above). A draft reply to the Government of India is submitted for approval.

It may be noted, in this connection, that in view of the difficulty which is likely to be experienced in securing places in institutions abroad next academic session, the

the Government of India have decided not to regard as final any award of scholarships made this year until admission to institutions and also passages have been secured for all the selected students. The candidates when finally selected may be informed as above.

[special as the Govt of India want a very early reply to their letter]

As referred to in the above note the Government of India have departed in some instances from the recommendations of this Government. It will be seen from page 2 of the note file in the recommendations in a total of $\overset{50}{49}$ candidates , there are only 13 non-brahmin candidates, as against 22 Brahmins. Of these three again are recommended by the Government of India to be substituted by Brahmins. I think that is not fair as such. I would therefore suggest that at least the changes in Sound Technology and Ceramics may not be accepted. That is this Government should insist on recommending P.Radhakrishna Menon and not V.Ramakrishna as recommended by Government of India. So also Sri.V.K.R.Bhupathi Raju may be recommended for Ceramic and Manufacture of Ceramic Ware.

p59 CF Items (10) + (12)

I also see from an analysis of the recommendations that of the total of $\overset{50}{49}$ candidates only 16 are Tamil as against 21 Telugu. And in these two I find two seats being taken away from the Tamil to be given to Telugu and ~~Telugu~~ Canarese areas i.e., in Electro Chemistry with special reference to acids, H.Venkatakrishna Udupa (Canara) is ~~replaced by~~ suggested instead of S.C. Rajagopalan and in Factory Management ~~V.Govind is replaced~~ by Tata Rao (Telugu) is suggested instead of V. Govind. I think it is unfair to do so. In Electro Chemistry, we should recommend R.Jagannadhan who is better than S.C.Rajagopalan or S.C Rajagopalan & stick to our original suggestion in Factory management, i.e. V. Govind

While linguistic considerations ~~should~~ may prevail in matters of selection I deprecate strongly our insisting too much stress on this. Apart, other things being equal, the selection authority must not look into this factor. The Telugus may as well say that in the past mostly Tamils were selected. We must be over careful that considerations such as caste, creed or colour should never be brought into the front in selecting the best candidates for being sent to foreign countries for training.

The Canarese people may say that they are not selected at all or that they are given only few places & so the Malayalees.

While selection must be based on merit alone, other considerations may be gone into & must be treated as secondary. Otherwise I agree with H M (Edn) & H M (P.W.)

Of the 50 scholarships allotted to this Province for 1946-47, one scholarship was earmarked for each of the subjects "II.K(a) - Manufacture of alloy steels" and "II.K(b) - Manufacture of springs and heat treatment of metals". This Government recommended to the Govt. of India certain names for the award of scholarships in the two subjects. The Govt. of India did not agree to the selection of any of the candidates as according to them none of the students possessed the necessary qualifications. The Central Government were therefore told that the two scholarships might be transferred to any other suitable subjects and candidates selected by them with reference to the statement at pages 29-30 c.f. showing the maximum number scholarships ~~wxxhx~~ which ~~may~~ might be awarded for each of the subjects of study.

The two subjects II.K(a) and II.K(b) relate to the Devt. Dept. They may be requested to specify with reference to the statement at pages 29-30 c.f., the particular subjects to which the two scholarships may be transferred. Those candidates who have secured I class degrees and whose names have been shown as next in the order of preference to those for the additional scholarships who are proposed to be finally selected may be recommended. If after admissions are secured and any of the candidates are to go to Canadian institutions, necessary action to obtain the prior consent of the Government of India, in the External Affairs Department, and the Canadian Govt. may be taken then. Overseas scholarships - 1945-46 - Sri S. Narasimhachari

Please see the letters of Sri G. Narasimhaciari pn oages 7-9 c.f. and that of the Govt. of India on page 1. c.f.

2. Sri Narasimhachari was the only candidate sponsored by this Government on 1945-46 for the study of "Manufacture of films". in U.S.A.

3. It is stated that as arrangements could not be made in U.S. A. for Sri Narasimhachari for undergoing advanced studies in the manufacture of silms, he hs has been authorised to study Food Technology instead. Food Technology is the same subject as " Canning and Food Preservation ". Two candidates were recommended last year by this Government for the award of scholarship for studies in "Canning and Food Preservation". but the Government of India did not select any of them. This year, the Government have recommended names to the Govt. of India for only one scholarship in this subject. The inclusion of Sri Narasimhachari's name under E Food Technology" will probably be withinGovt.'s originally estimated requirements under that subject. Devt. may see for remarks. Attention is invited in this connection to the notes on pages 179 -182 of G.O.No. 1439 Edn, dated 15-9-45, written in connection with the alteration in thesubject of study by Mr. N.V. Kudva, one of the stipendiary candidates sponsored last year.

4. This year, one sdholarship has been earmarked for " Manufacture of films " and names have been recommended to the Govt. of India on that basis. It is not clear whether facilities exist elsewhere than in U.S.A. for undergoing advanced studies in this subject The Govt. of India may perhaps be addressed on this point. and if there is no possibility of getting Indian students admitted to any institution abroad where such facilities exist, the G. of I may perhaps be asked to transfer the schodarship earmarked for

"Manufacture of films " to that of any other subject for which additional candidates may berequired. Devt. may see for remarks.

Sri P. Prabhakara Reddy, a Ph. The other two Subjects which Mr. Reddy had mentioned as his second and third choices were "Plastics and manufacture of products like bakelite" and "Electro-Chemistry with special reference to acids". For "Plastics" etc two Scholarships may be awarded — vide Devt. Dept. u.o. note at (h) regarding the maximum no. of Scholarships that may be awarded for each Subject. G.O. 1451 EM 25.7.46

The Provincial Selection Committee recommended the following 5 candidates, in the order of preference, for the award of 2 scholarships set apart for "Electrical Engg". ~~The~~ candidates after [illegible] ~~after [illegible]~~ are

is decided to be absorbed in the Electrical depts

1. M. M. Kini
2. Capt. S. G. Reddi
3. V. Ganesan
4. V. V. Narayanan
5. T. L. N. Prasad.

The first two candidates were selected finally for the award of Scholarships.

Mr. Kini has now expressed his inability to accept the Scholarship offered to him.

Bj 6.8.46.

It seems Mr. V. Ganesan, whose name is placed 3rd in the order of preference shown above, may be recommended to the Govt. of India for the award of the Scholarship relinquished by Mr. Kini. Mr. Ganesan has ~~secured~~ passed his ~~a~~ B.E. degree in Elec. Engg in First Class with Honours, vide his appln. placed below. If the Central Govt. agree to Mr. Ganesan's selection, they may be asked to arrange for his admission into the Imperial College of Science, London, where a seat has already been secured for Mr. Kini. For orders.

p 5 CF From Sri T.L.N. Prasad, Bezwada, dated 11.8.46

Please see the notes on pages 1-2 ante. For the scholarship relinquished by Mr. M.M. Kini, the Govt. have recommended Mr. V. Ganesan. As regards the Scholarship offered to Capt. S. G. Reddi it is not known whether he is accepting it or not. Capt. Reddi has not been acknowledging receipt of any communication from this Dept. In April last a memo. was sent to Capt. Reddi asking him to send certain documents required by the Govt. of India. 5 reminders have since been issued and no reply has been recd from him. While Capt. Reddi has acknowledged receipt on 30th May 46 of ~~the~~ a G.O. granting him T.A. for the journeys undertaken by him in connection with his interview with the Selection Committee, he has not cared to reply to other communications from this Dept. relating to his selection for the Scholarship. In the circumstances, it seems ~~at~~ the Officer Commanding Ind. Stn. Workshop, IEME, Chittagong under whom Capt. Reddi is serving may be asked to state if the Capt. is accepting the Scholarship offered to him. A draft letter is subd for appl.

from the Govt of India, Edn. Dept, letters No. F-7-8/46-OD II dated 25.9.46.

p1 CF & p9 CF

Mr. M.M. Kini and Capt. S.G. Reddi who were offered overseas scholarships (1946-47) in "Electrical Engg" did not accept them. For the scholarships which thus fell vacant, Messrs. V. Ganesan and T.L.N. Prasad were recommended to the Govt. of India. In their letters on pages 15 and 17 cf, the Govt of India agree to the selection of these two candidates in the place of Mr. Kini and Capt. Reddi, provided the substitute candidates are not in Govt employ and are not entitled to Study leave.

p 3-4 and 11-12 CF

There is no information whether they are now in Govt employ; but certainly they are not entitled ~~for~~ to Study leave. ~~Even~~ ~~if~~ At the time of the interview they were not in Govt service and even if they ~~had~~ have entered Govt ~~Service~~ Service, they will have to resign their appts. before taking up the scholarships. Please see "A" on p. 17 cf / (C). for orders whether the Govt of India may be informed accordingly. The draft telegram below is for consideration.

Please get details re. information

This will have to be put to them ... if they are in service.
