C.No.1078- E/46 dated 20-6-1946
Subject: Medium of Instruction - Training Schools .

Sir,

In continuation of our personal interview with you, explaining our difficulties to have Tamil as medium of Instruction in our Training School this year, I have the honour to submit the following as requested by you through the Director of Public Instruction.

The difficulties which you seemed well to appreciate, for having Tamil as the medium this year, are the following .

Firstly having had ~~Tamil~~ English as the medium of Instruction for the previous Secondary Grade students, we had accordingly made provision for the Emergency Training Course with English as medium, and the Staff and the time-table so arranged. The Senior Secondary Grade students of 1946- 1947 having to finish with English as medium, it would be economy of staff, since we could utilise the present members of the Staff in both the sections e.g. we have been trying so hard to find a Tamilian History Graduate L.T. but so far have met with no success, whereas if English were to be the medium, this difficulty would vanish as the present Telugu History Graduate could be employed in both the sections .

Secondly, students whose mother tongue is other than Tamil had been accepted, before the above orders were passed . The language-war figures are as follows.

15	Mother Tongue Tamil - of these 5 have taken Sanskrit as Second Language from Form I- VI.
6	Mother Tongue - Malayalam
2	" " Telugu.

Total 23

The difficulty is chiefly with those who had a Second Language other than Tamil. Having accepted students, before the above decision was known, it would be very hard on the students if we were to disappoint them now.

Considering our present situation, I earnestly hope you will be kind enough to permit English as the medium for this year only 1946-1947. Since it is now known that the medium of instruction has to be in the regional languages, we will have no reason to ask for this permission next year. The granting of this request will but help to provide additional teachers according to the Government scheme, otherwise several students must forcibly give up the idea of taking their training.

Thanking you once again for the sympathetic understanding of our difficulties, put before you personally and awaiting an early favourable reply please,

I have the honour to be,

Sir,
Your most obedient servant,

M. Ramesh

St Joseph's Secondary Training School,
San Thome, Madras. Request to use
English as the medium of instruction.

Under the existing rules the medium of instruction and examination is the language of the area for the secondary as well as the elementary grade training except where the Director has, for special reasons, permitted the use of English. In the present case the Director himself could have granted the permission asked for. He has apparently filed the case for the orders of Govt with reference to the enquiry made in the papers at (A) and also with reference to the orders in Govt Memo No: 23822B1/46-2 Edu D/8.6.46 issued in regard to secondary schools. For orders whether the permission asked for may be given.
