From (Name) Dr.S.R.U.Savoor, M.A., D.Sc., I.E.S.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
Education & Public Health Department.

Sir,

Under Article 271(i) of the Madras Financial Code Volume I caution deposits taken from students of Engineering Colleges and included in the Public Account as "Revenue Deposits" lapse to Government if they remain unclaimed for more than three complete financial years. As the Engineering course extends over five years including a year's practical training, the caution deposits have to be necessarily kept for a minimum period of five years and hence their lapse to Government under the present rules is inevitable. Lapsed deposits can be withdrawn from the Treasury only with the previous sanction of the Accountant-General with reference to Article 272 *ibid*. This procedure entails inconvenience and delay in refunding the deposits to students. The Principals of the College of Engineering, Guindy, and the Arthur Moore College of Technology, Coimbatore, have therefore suggested that the time limit for withdrawal of the caution deposits be raised from three to seven financial years.

~~28/7~~

: 2 :

In these circumstances, I request that the sanction of Government may be kindly obtained to include the caution deposits taken from students of Engineering Colleges under the exception to Article 271 Madras Financial Code, Volume I and to extend the time limit for their lapse from 3 to 7 years.
