R.C. No. 892-B/46.

Station Madras., Dated the 11th April 1946.

From (Name) Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,

(Designation) Director of Public Instruction
Madras.

To The Secretary to the Government of Madras,

Education and Public Health Department.
Fort St. George, Madras.

Sir,

A school was opened at Chandragiri (Chittoor District) on 11.8.1945 with standards I to V. As a result of compulsion which was introduced at Chandragiri with effect from 15.8.1945 many pupils got admitted into standard I and the prescribed proportion of strength in standards IV and V could not therefore be maintained. The school under reference was inspected on 15.12.1945, when the proportion of strength was not maintained. Hence the school is liable to suffer a statutory cut with reference to rule 4(6) of the rules for aid relating to elementary schools. Note (a) under rule 4(6) of the rules for aid will not apply in this case as the school in question was not in existence during any of the previous three years. In the year of opening or in the subsequent 2 years it is ~~is~~ unfair to expect the management to maintain the required proportionate strength; but there is no need to open standards 4 and 5 for a few pupils if they can be admitted into the existing schools. However if the opening of those standards is found

quite necessary in the new schools, such schools have to be exempted from maintaining the prescribed strength in standards 4 and 5. With regard to the new schools opened in non-compulsory areas the position is more or less the same such schools also require exemption from maintaining the required proportionate strength in the year of opening and in the following 2 years.

In the above circumstances I suggest that the following may be added at the end of rule 4(6) of the rules for aid.

Explanation:

This rule shall not apply to elementary schools newly opened during 1945 in areas where compulsory elementary education has been introduced during 1945 and to all elementary schools opened on or after 1.1.1946, for a period of 3 years from the date of their opening.

Schools - Elementary - Aided - Proportion
of strength of Standards IV and V to that of
Standard I - Amendment to rules.

From the D.P.I., R.C.No. 892 B/46, 4/11.4.46

Under Rule 4(5) of the Rules for Aid
to Elementary schools, the grant payable to an
ely. school shall be reduced

- (i) by 10 p.c. where the strength in
the IV or V Standard, if any, of the school is less
than 25 p.c. of the strength in the I Standard; and
- (ii) by 15 p.c. where the strength in each
of the Standards IV and V is less than 25 per cent
of the strength in the I Standard.

In May 45, the D.P.I. reported that there was a tendency
on the part of managements to restrict new admissions
in Standard I to maintain the prescribed proportion
of strength in Standards IV and V and to avoid a
reduction in grant. On the suggestion of the
Director, a note was added to rule 4, to the effect
that the minimum strength required in
Standards IV and V shall be calculated

a) in the case of schools in dt. board
areas where compulsory ely. education has been
introduced in or after 1945, with reference to the
maximum strength of Standard I on the dates of
inspection during the three years prior to the year in
which compulsion is introduced; and

b) in the case of other schools, for a
period of three years from the 1st Jan'y. 1946, with
reference to the maximum strength of Standard
on the dates of inspection during the years prior
1946.

The D.P.I. reports that there are a
number of schools opened in 1945 which will not be able
to maintain the required minimum strength
in Standards IV or V. The amendment

referred to at 'M' above will not apply to these schools as they were not in existence during the previous three years. In order that the schools may not suffer from any cut in grant, the D.P.I. suggests that the rule may be amended providing for exemption from maintenance of the prescribed strength in standards IV and V for a period of three years from the date of opening.

The suggestion of the D.P.I. may be accepted. A draft order is submitted. / P. J. W.
