No. 6/Mis. dated 24th July 1946.

Sir,

CONFIDENTIAL.

I have the honour to forward herewith an application from Sri.K.Govindaraju, Electrical & Mechanical Engineer, Government Press addressed to the Director of Industries & Commerce for appointment as one of the Principals of six Polytechnic Institutes to be opened in this Province and to state that I have no objection to the application being forwarded as due to his fixation in the Assistant Engineer's grade far too low in the time scale there is no chance of his reaching the maximum before he is due to retire and the post applied for carries a higher scale.

2. In the event of Sri. Govindaraju being selected for the post, the Chief Engineer for Electricity will be addressed to appoint another Assistant Engineer with Electrical & Mechanical qualification in his place.

C.No.40926. From the S.G.P., No.6/Mis. dated 24-7-46.

Sub:-Application from Sri K. Govindaraju, Electrical and Mechanical Engineer, Government Press for appointment as one of the Principals of the six Polytechnic Institutes.

The S.G.P. requests that the application of Sri K. Govindaraju, Electrical and Mechanical Engineer, Government Press for appointment as one of the Principals of six Polytechnic Institutes to be opened in this Province may be forwarded to the Director of Industries and Commerce.

It is not usual for Government ~~to~~ ^{in the Press} to forward the applications of Gazetted Officers. In fact Mr. Govindaraju's application made in 1944 for the post of Supervisor (Technical) under the Government of India was not forwarded. Please see notes to G.O.1876 Edn., dated 15-12-1944. Because the Madras scales of pay are comparatively lower than those prevailing in the majority of the Provinces in British India, Deputy and Assistant Superintendents of the Government Press have been ^{seeking,} at every conceivable opportunity, employment elsewhere in this country. We, as a matter of policy, have been consistently withholding all applications for employment elsewhere insisting that they should stick to the Press. This attitude is quite justifiable in the case of those on whom Government of Madras spent considerable sum of money in giving them their technical education and training. To grant permission to this Asst. Superintendent, Mr. Govindaraju, ^{however,} will ~~only~~ create acute dissatisfaction amongst the rest. I would therefore recommend the withholding of this application.
