Sir,

Sub:-Schools - Elementary - Municipal council Villupuram Higher Elementary girls' school - transfer to the District Board South Arcot - council resolution submitted.

--

Ref:-G.O.No.Ms. 868 Edn dated 9.6.45. (A)

I submit that the above subject was placed before the special meeting of the Municipal council held on 16.6.45 and the council in its resolution No.46 resolved to open a High school for girls from the current year to be maintained by the Municipality instead of permitting the District Board for the reasons assigned in the resolution referred above.

A copy of the council's resolution is submitted herewith for favour of perusal and necessary orders.

G.O.No.Ms.868 Edn dated 9.6.45 relating to the transfer of Higher Elementary girls' school building and standards VI to VIII to the Management of the District Board for opening a Secondary school with form I to IV for the first instance and maintain it at its own cost and the Government's order to withdraw the subsidy of Rs.4011/- if the Municipal council does not maintain any elementary school for girls' upto V standard.

Note:- The council in its resolution No.318 dated 26.1.45 resolved to handover the building with furniture and complete establishment subject to the condition that the District Board undertakes to run the elementary school also with effect from the next school year.

P.3d.7.74 (A)

PP.10-11d.7.74 (A)

In M.C.R. No.318 dated ~~26x~~26.1.45 the council expressed its willingness to handover the building with furniture and the complete establishment subject to the condition that the District Board undertakes to run the elementary school also. But now G.O.No.Ms.868 dated 9.6.45 the Government have permitted the District Board to open a secondary school for girls with forms one to four only and wants the Municipality to maintain an elementary school for girls' if the subsidy of Rs.4011/- is to be continued. As the council is not willing to this condition, the council resolves to convert the Higher elementary girls school into a Municipal girls' High school in the same building from this year in addition to maintain the elementary section of classes of one to five. ~~Tha~~ This council request the Government to grant early permission for the above so as to enable the council to open the High school immediately. The resolution may be communicated to the Government and the President of the District Board.

A

There is an undoubted need for a girls' high school at Villupuram and I agree to the proposal in question. No information is available in the office regarding the approximate cost of the proposal in 1945-46 and ultimately. A rough estimate of cost has, however, been worked out below for a secondary school with forms I to IV.

Cost in 1945-46.

Non-recurring.

Buildings - Available.

Equipment - Furniture, apparatus, etc. Rs.3,500 (approximately)

Recurring- (for 8 months)

1 Headmistress in the scale of Rs.65 - 5/2 - 100 - 65 x 8	Rs.	520
3 Secondary grade Assistants in the scale of Rs.30-2/2-50 - 3 x 30 x 8	"	720 X
1 Physical Training Instructress in the scale of Rs.30-2/2-50 - 30 x 8	"	240
1 Pandit in the scale of Rs.30-2/2-50 30 x 8	"	240
1 Drawing Master or Sewing Mistress in the scale of Rs.30-2/2-50 - 30 x 8		240
1 Peon in the scale of Rs.12-16 - 12 x 8		96
Dearness allowance at Rs.13/- p.m. for the Headmistress and at Rs.10/- p.m. for other staff for 8 months - (13 + 7 x 10) - 8		664
Contingencies		180
		2,900

Probable fee income in 1945-46.

Form IV 12 Pupils.	6 x 5-4-0 x 8	..	Rs.	252
	6 x $\frac{5-4-0}{2}$ x 8	..	"	126
Form III 27 Pupils.	14 x 2-12-0 x 8 Rest free	..	"	308
Form II 47 Pupils.	24 x 2-12-0 x 8 Rest free	..	"	528
Form I 78 Pupils.	39 x 2-12-0 x 8 Rest free	..	"	858
				2,072

Deduct for loss of fee income for grant of fee remission to non-backward class girls for poverty and merit at 10% of fee income		200
Probable net fee income in 1945-46	..	1,872 (approximate or 1,800.
Probable net cost in 1945-46	..	Rs.1,100

4

The fee income has been calculated by taking into account the strength of girls in standards VI to VIII of the two higher elementary schools at the place and in class 5 and forms I-III of the Municipal High School, Villupuram, who may be expected to join the new secondary school and by assuming that half the number of girls will be eligible for fee concessions under Rule 92 of the Madras Educational Rules.

It may also be pointed out here that three secondary grade assistants are reported to be employed at present in the Municipal Higher Elementary school for girls and in the event of standars VI-VIII of this school being abolished, these secondary grade assistants can be absorbed in the new secondary school.

Ultimate cost.

Non-recurring.	..	Nil.
Recurring.		
1 Headmistress on Rs.65-5/2-100 - 84 4/9 x 12	..	Rs. 1,013
3 secondary grade assistants on Rs.30-2/2-50 39 7/9 x 3 x 12	..	" 1,431
1 Physical Training Instructress on Rs.30-2/2-50 39 7/9 x 12	..	" 477
1 Drawing master or Sewing Mistress on Rs.30-2/2-50 39 7/9 x 12	..	" 477
1 Pandit on Rs.30-2/2-50 - 39 7/9 x 12	..	" 477
1 Peon on Rs.12-16 - 14½ x 12	..	" 174
Dearness allowance - (13+7 x 10)12	..	" 996
Contingencies	..	" 200
		5,245
Probable fee income	..	" 1,800
Probable ultimate net cost	..	" 3,445 or 3,400

This estimate does not include the cost of opening forms V and VI in subsequent years.

B

I am, however, of the opinion that it is too late to give effect to the proposal to open the new secondary school for girls in the school year 1945-46.

Sub:- Education - Secondary Schools - Conversion of Municipal Higher Elementary Girls' School to a High School.

(11)

Brief history of the proposal is given below. The President, District Board, South Arcot, in his letter dated 10-1-45, expressed the desire of the board to start a Girls' High School at Villupuram and suggested the handing over of Standards VI to VIII of the Municipal Higher Elementary Girls' School to the District Board for management, with the present building furniture etc., the municipality running a separate Elementary School for Standards I to V. The President also remarked that in case the Council is not in a position to run the elementary school for Girls out of municipal funds, the District Board will have no objection to run an elementary school also within the municipal area as a feeder school to the proposed High School. The Council considered the suggestion and in Resolution No.318 dated 26-1-45 resolved to agree to the suggestion of the District Board, subject to the condition that the board undertakes to run the elementary school also. On this proposal Government passed orders in G.O.No.868, Education, dated 9-6-45 that they have no objection to the proposed transfer of standards VI to VIII but informed the council, that in case it does not maintain elementary school for girls after the opening of the proposed High School by the District Board, the subsidy of Rs.4011/- now paid to the council for the maintenance of the school will be withdrawn. This G.O. came up for consideration before the council in Resolution No.46 dated 16-6-45. The Council resolved to convert Higher Elementary Girls' School to a Girls' High School in the same building maintaining also the elementary section. Meanwhile the District Board also passed a resolution to take over the Higher Elementary School from VI to VIII standards and to run the classes from I to III Forms starting a IV Form at the beginning. On this resolution of the Board, Government passed orders in Memorandum No.27248-3-B/Education dated 3-7-45 soliciting the decision of the council on the proposal of the District Board.

(A) 10-11 cf.

pp 9-10 ante

When matters stood at this stage, a communication was received from the Inspectress of Girls' Schools, Nellore informing a proposal to raise the status of the Higher Elementary Girls' School to that of a High School provided the municipality is willing to hand over the building, furniture, equipment etc., but not the staff, so that she may include it under Part II Scheme proposals. On this the council passed a resolution at its meeting held on 14-9-45 deciding to run elementary school for girls out of municipal funds provided the existing subsidy is paid in full and to hand over the building and furniture of classes VI to VIII to Government for opening a High School. Subsequently orders were passed by the Director of Public Instruction in his letter dated 19-10-45 that there is no such proposal of the Government to take over the management of the Municipal Higher Elementary School for Girls and he requested the council to take action as advised in the Government Memorandum dated 3-7-45 issued on the resolution passed by the District Board.

The question now for consideration is (1) whether the council proposes to run a High School for Girls and if so whether funds are available (2) whether it will not be better to agree to the proposal, put forward by the District Board namely to open a Girls' High School here subject to the conditions laid down in the President's letter.

As regards point (1) my view is that it will be a heavy burden for the council to run a Girls' High School, which will not be self-supporting for at least some years to come. Further we have no surplus funds to expend on such schemes. In addition, we are already running a big Boys' High School and it needs further funds for additional accommodation etc., which the council is not in a position to provide from its own funds. Under the circumstances I do not recommend it advisable for the council to launch a programme of opening another High School for Girls. After all the Council's primary duty is only to provide elementary education and much has to be done in this direction to increase the number of pupils attending schools by providing additional elementary schools.

In view of the above, I recommend the council to accept the proposal put forward by the District Board. The benefit goes to the

P.T.O.

Girls of Villupuram Municipal Area. I would therefore suggest that the council may hand over the building with classes VI to VIII together with furniture for those classes to the District Board to enable them to start a High School (2) to retain the furniture of Classes I to V by the council and to run a separate Municipal Elementary School for Girls in a separate building and the board requested, if necessary, to bear the rent for at least one year as agreed to by the President in his letter dated 10-1-45. In doing so the Council will continue to get the subsidy of Rs.4011/- which it now gets and that amount will be sufficient to run a Girls' Elementary School. After all running a High School is a luxury. The Council may please consider the suggestion.

Commissioner.

Copy of Commissioner's Note for the Council.

Sub:- Education - Secondary Schools - Conversion of Municipal Higher Elementary Girls' School to a High School.

Brief history of the proposal is given below. The President, District Board, South Arcot, in his letter dated 10-1-45, expressed the desire of the Board to start a Girls' High School at Villupuram and suggested the handing over of Standards VI to VIII of the Municipal Higher Elementary Girls' School to the District Board for management, with the present building furniture etc., the municipality running a separate Elementary School for Standards I to V. The President also remarked that in case the Council is not in a position to run the elementary school for Girls out of municipal funds, the District Board will have no objection to run an elementary school also within the municipal area as a feeder school to the proposed High School. The Council considered the suggestion and in Resolution No.318 dated - 26-1-45 resolved to agree to the suggestion of the District Board, subject to the condition that the board undertakes to run the elementary school also. On this proposal Government passed orders in G.O.No.868, Education, dated 9-6-45 that they have no objection to the proposed transfer of Standards VI to VIII but informed the council, that in case it does not maintain elementary school for girls after the opening of the proposed High School by the District Board, the subsidy of Rs.4011/- now paid to the council for the maintenance of the school will be withdrawn. This G.O. came up for consideration before the council in Resolution No.46 dated 16-6-45. The council resolved to convert Higher Elementary Girls' School to a Girls' High School in the same building maintaining also the elementary section. Meanwhile the District Board also passed a resolution to take over the Higher Elementary School from VI to VIII standards and to run the classes from I to III Forms starting a IV Form at the beginning. On this resolution of the Board, Government passed orders in Memorandum No.27243-3-B/ Education dated 3-7-45 soliciting the decision of the council on the proposal of the District Board.

p.53 cf

p.65 cf

When matters stood at this stage, a communication was received from the Inspectress of Girls' Schools, Nellore informing a proposal to raise the status of the Higher Elementary Girls' School to that of a High School provided the municipality is willing to hand over the building, furniture, equipment etc., but not the staff, so that she may include it under Part II Scheme proposals. On this the council passed a resolution at its meeting held on 14-9-45 deciding to run elementary school for girls out of municipal funds provided the existing subsidy is paid in full and to hand over the building and furniture of classes VI to VIII to Government for opening a High School. Subsequently orders were passed by the Director of Public Instruction in his letter dated 19-10-45 that there is no such proposal of the Government to take over the management of the Municipal Higher Elementary School for Girls and he requested the council to take action as advised in the Government Memorandum dated 3-7-45 issued on the resolution passed by the District Board.

The Question now for consideration is (1) whether the council proposes to run a High School for Girls and if so whether funds are available (2) whether it will not be better to agree to the proposal put forward by the District Board namely to open a Girls' High School here subject to the conditions laid down in the President's letter.

As regards point (1) my view is that it will be a heavy burden for the council to run a Girls' High School, which will not be self-supporting for at least some years to come. Further we have no surplus funds to expend on such schemes. In addition, we are already running a big Boys' High School and it needs further funds for additional accommodation etc., which the council is not in a position to provide from its own funds. Under the circumstances I do not recommend it advisable for the council to launch a programme of opening another High School for Girls. After all the Council's primary duty is only to provide elementary education and much has to be done in this -- direction to increase the number of pupils attending schools by providing additional elementary schools.

In view of the above, I recommend the council to accept the proposal put forward by the district board. The benefit goes to the

P.T.O.

25

the Girls of Villupuram Municipal Area. I would therefore suggest that the council may hand over the building with classes VI to VIII together with furniture for those classes to the District Board to enable them to start a High School (2) to retain the furniture of Classes I to V by the council and to run a separate Municipal Elementary School for Girls in a separate building and the board requested, if necessary, to bear the rent for at least one year as agreed to by the President in his letter dated 10-1-45. In doing so the Council will condinue to get the subsidy of Rs.4011/- which it now gets and that amount will be sufficient to run a Girls' Elementary School. After all running a High School is a luxury. The Council may please consider the suggestion.

Commissioner.

Schools. Elementary. Municipal Higher Elementary Girls' School, Villupuram. Conversion into a high School

From the Commissioner, Villupuram Mty no C.1177/45 d 16.6.45

p 3 cf (A)

The municipal Council, Villupuram, originally proposed to transfer the municipal Higher Elementary Girls' school to the management of the South Arcot Dt Bd in the current year with a view to its being converted into a high school. In G.O. no 868 Edn d 9.6.45, the Govt stated that they had no objection to the transfer of standards VI to VIII only of the municipal higher elementary school to the Dt Bd South Arcot with effect from the school year 1945-46 subject to certain conditions. The Council has now reconsidered the matter and has resolved to convert the higher elementary school into a high school itself in the current year instead of transferring it to the Dt Bd.

pp 10-11 cf (A)

This order will have to be modified or at least held in abeyance pending disposal of the Mpl: Cl's proposal

20.6.45

2. From the educational standpoint, it is immaterial whether the proposed high school for girls is maintained by the municipal Council or the district board. As the orders in G.O. no 868 Edn d 9.6.45 were passed on the recommendation of the DPI, his remarks may first be obtained on the present proposal. If he approves it, he may be requested to furnish an approximate estimate of cost – recurring as well as non-recurring involved in 1945-46 & ultimately. On receipt of the estimate L.A. may be consulted whether the council's finances will permit the incurring of the addl. expenditure

pp 10-11 cf (A)

20/6/45

20.6.45

The D. P. I. may also advise as to the feasibility of giving effect to the proposal in the ensuing school year, as the summer recess is almost over & the school year is close on our heels.

20.6.45

Special

Endt no 27245-1 Edn 20/6/45

A + B

Please see the remarks of the DPI on pp 3-4 cf. He agrees to the proposal of the municipal Council Villupuram to convert the higher elementary school for girls into a high school as there is an undoubted need for a girls' high school in the town. He is however of opinion that it is too late to give effect to the proposal in the current year | X

2 The extra cost if the higher elementary school is converted into a secondary school with Forms I to IV only is roughly estimated at Rs 3,500 - non-recurring — p 3 cf and Rs 3,400 recurring - The immediate extra cost in — p 4 cf the current year will however be only Rs 1,100 on establishment and contingencies besides the non-recurring expenditure on ~~furniture~~, equipment - Rs 3,500 - The cost on establishment will be reduced if the three Secondary grade assistants are absorbed in the new school.

3 To be on the safe side, it seems necessary to obtain a detailed statement of recurring & non-recurring expenditure involved in the proposal to establish a high School with forms I to VI & also a report as to how the Council proposes to meet the extra cost - It is therefore for consideration whether the council may be informed as at B on p 4 cf and the Council may be asked to renew the proposal early in Feb 1946 with full details. If however it is considered that the council may be permitted to open Forms I to IV abolishing standards VI to VIII, in the current year, the remarks of L.A. may be ~~invited~~ invited as on the Council's ability to meet the extra cost

~~The~~ D.P.I. is the ~~agency~~ authority & when he says that it is too late this year, his view may be acted upon & the council informed as suggested here:- A/10-11 will not come into operation.

Please see the remarks of the L.A. Dept on pp 2-3 ante. As it is stated that the municipal Council will not be able to meet the non-recurring & recurring expenditure involved in the conversion of the higher elementary school into a Secondary School with Forms I to IV, its proposal may be negatived.

2. Attention is solicited to the letter from the D.B., S. Arcot, since received on pp 5-6 cf. It will be observed that the District board has agreed to take over the municipal higher Elementary school for girls from Standards VI to VIII, to convert it into a Secondary school and to maintain it at its own cost subject to the conditions laid down in G.O. No 868 Edn d 9.6.45. It has also agreed to take over under its management, the lower Elementary school for girls ~~also~~ provided the Govt pay to the Dt Bd the subsidy of Rs 4011 now paid to the Mal. Cl. Villupuram towards the maintenance of the Elementary School. Attention is solicited to the original resolution of the Mal. Cl. Villupuram on p 3 cf of G.O. 868 Edn d 9.6.45. The resolution of the Dt Bd is in accordance with the orgl. proposal of the Mal. Cl. but in view of the subsequent

resolution of the municipal Council on p 2 cf, it seems necessary to ask the Commissioner, Villupuram Mty to place the resolution of the Dt Bd before the municipal Council and communicate its decision thereon to Govt through the D.P.I. It is also necessary to have the remarks of the D.P.I ~~also~~ on the question of transfer of the subsidy of Rs 4011 now paid to the Mal. Cl. Villupuram, to the Dt Bd. South Arcot, in case the entire municipal higher Elementary school is transferred to the Dt Bd. As it is too late to give effect to the proposal in the current year, the transfer may be effected from the next school year

The remarks of the DPI at X on p 4 cf of G.O. 868 Edn / 9-6-45 are not clear on this point.
