No. 390 / 1-2-3 dated 17-7-46.

Sir,

Sub:- Establishment - Municipal High School, Tiruvannamalai
Science Assistant - Sri, K. Ananthachariar - extension
of service - Sanction requested.

Sri, K. Ananthachariar, B.A., L.T., 1st Assistant of the
Municipal High School, Tiruvannamalai has to retire from service
on 21-8-46 the date on which he completes his 55th year. On 4-2-46
he put in a petition requesting that he might be granted an extension
of service for one more year; but the council did not recommend his
case in view of the fact that the Government in their order No. 117513/46
dated 21-5-46 had previously refused to grant an extension of service
to Sri, V.N. Varadaraja Mudaliar, Headmaster of the school.

But subsequently the Government in their order No. 1228
Edu. dated 21-6-46 were pleased to sanction the reemployment in ser-
vice of Sri, V.N. Varadaraja Mudaliar, headmaster for one more year
and this petitioner has now applied for extension of his service
by one more year. The council also in its resolution No. 207
dated 15-7-46 has recommended the grant of this extension to the peti-
tioner.

In this connection, I beg to submit that science L.Ts.
are not easily available and in spite of advertisement in the "Mail"
and the "Hindu" no application has been received till now.

In the circumstances, I beg that the grant may kindly
be pleased to sanction the re-employment of the petitioner for one
more year from 21-8-46 as a special case.

Copies of his petition and my note on that to the
council and of the Council's Resolution thereon are submitted here-
with for favour of information.

Copy of the application dated 4-7-46 of Sri, K. Ananthachariar
1st Asst., Municipal High School, Tiruvannamalai requesting for
extension of service for one more year.

In virtue of my completing my 55th year, I am to retire from
service on 21-8-46.

On 4-2-46 I applied to the Government through the Municipal
Council for extension of service by one year from 21-8-46, and
the council refused to recommend extension on the ground that
extension was refused by the Government to Sri, Varadaraja Mada-
liar, Headmaster, who had also applied for extension and whose
petition the council had recommended.

On 26-6-46 the Municipality has received orders from the
Minister-in-charge of education that the order of the Government
has been cancelled and extension of service has been granted to
Sri, Varadaraja Mudaliar for one year. In the light of the said
order, I request that my petition of 6-2-46 be retaken and exten-
sion be granted me for one year.

I respectfully beg to point out that I have been in service
in this school for almost twenty five years, and have been taking
Elementary Science, for sixth Form all these years, and "C" Physics
till 1932 and "C" Chemistry from 1932 till now, have been sending
students to the S.S.L.C. Public Examination in all these subjects
and with uniformly good results. Owing to the heavy demand for
Chemistry Optional among the students, Physics was re-introduced
as an optional 1st year, and I am in charge of it now, and the
first batch of "C" Physics students has to be sent up for the
S.S.L.C. Public Examination in 1947.

Sri, Hanumantha Rao, Junior Science Assistant, has been in
service in the school only for a year and a half, and has not
even completed his period of probation. Till now he has been
taking only Elementary Science for sixth forms and he has to
prepare students in "C" Chemistry for the first time for the
S.S.L.C. Public Examination this year, and unless he has an
experienced teacher to guide him in that subject, he will be
greatly handicapped.

In these days when all the science men have been absorbed in
"War Service", suitable science assistants will not be available
when the senior assistant himself is a junior who has to equip
himself for his work it is not advisable that another junior
who is new to the subject and the profession should be placed
under him.

Hence the educational interest of the school requires that
I should be continued for at least one more year, and since
the school and I will be mutual gainers by extension, I re-
quest, it, be recommended by the Municipal Council and granted
by the Government.

I beg to submit in this connection that on grounds of want of
funds, we the members of the staff of the Municipal High School
were denied our rightful increments for at any time, and voted
a handicap on us in the fixation of our salary in October, '34.
and we were not given the benefit of provident fund for full ten
years. This extension of service will be at least befitting
justice for our past deprivation of our rightful claims.

Copy of my note to the council dated 15th July, 46:-

Recommendation was previously refused on the ground that the council's recommendation on behalf of the Headmaster was turned down by the Government. Subsequently, Government have been pleased to sanction the request of the Headmaster for re-employment for one more year.

This case deserves more consideration in view of the fact that in spite of advertisements both in the 'HINDU' and 'MAIL' no application from a science hand has been received till to-day, which is the last day for receipt of applications. It is feared that if he were made to retire now, no other hand will be available this year and the school will suffer in consequence. The petition is recommended.

Commissioner. 15-7.
