SUBJECT:

Reorganisation of the S.S.L.C. Board and the constitution of a new Board styled "Board of Secondary Education".

R.O.C.No.2404 E/45.

Station: Madras.

Dated 22nd July 1946.

From

(Name) Dr. S. R. U. Savor, M.A., D.Sc., I.E.S.,
(Designation) Director of Public Instruction, Madras.

To

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

The existing scheme (1929) for the award of Secondary School Leaving certificates was approved by Government in their order No. Mis. 473 Law Education dated 8th March 1928. The special committee appointed by the Syndicate of the Madras University to examine problems of post-war Educational Reconstruction felt convinced that certain changes are necessary in the scheme for the framing of the syllabi for the High school stage and for the conduct of the S.S.L.C. Examination. At present, the syllabi and the scheme of examination are framed by the S.S.L.C. Board, which consists of officials and non-officials nominated by the three Universities in the Presidency and by the Government of Madras on the recommendation of the Director of Public Instruction, Madras. This Board appoints special committees, whenever necessary, for the consideration of the syllabi. It prescribes text-books in certain of the subjects and recommends books for study in others. Another function of the Board is the conduct of the S.S.L.C. Public Examination. The Chief examiners and paper-setters concerned are generally chosen from among the members of the Board. The Board also appoints Assistant Examiners and Additional Examiners and also scrutinises and approves the question papers. The Special committee appointed by the Syndicate of the University of Madras to examine problems of post-war Educational Reconstruction have, therefore, recommended that there should be three bodies, which should be entrusted with the work of High school education--vide extracts of the Report enclosed. Generally agreeing with the recommendations of the Committee and in consultation with the Vice-Chancellors of three Universities in the Presidency and the present S.S.L.C. Board, I have the honour to submit for the sanction of Government, the following proposals for the constitution of a new Board styled the "Board of Secondary Education" in place of the present S.S.L.C. Board, which will go out of office on 14th August 1946--vide G.O. Ms. No. 1351 Education, dated 11th July 1946.

(1) The Board of Secondary Education shall consist of 25 members as follows:--

(i) Ex-officio members (Four)

1. The Director of Public Instruction, Madras--Chairman.
2. The Deputy Director of Public Instruction in charge of Secondary Education. --Vice-Chairman.
3. The Principal, Teachers' College, Saidapet.
4. The Secretary to the Commissioner for Government Examinations, Madras, --Secretary to the Board.

- (ii) Six representatives of the Madras University.
- (iii) Three representatives of the Andhra University.
- (iv) One representative of the Annamalai University.
- (v) 11 members to be nominated by Government on the recommendation of the Director of Public Instruction, Madras, to be distributed as follows:--

- | | |
|---|---|
| (a) To represent Teachers | 1 |
| (b) To represent managements | 2 |
| (c) To represent Technical Education | 2 |
| (d) Departmental Officers | 3 |
| (e) To represent interests which may have been omitted in the above e.g., Women, Muslims, etc., | 3 |

(In this new Board, the present University representation is maintained. It is understood that non-officials and heads of High Schools, etc., will be adequately represented).--Vide the letters

from Registrar, Madras University No.C.2609 dated 16th May 1946 and my ~~reply~~ R.C.No.2404 E/45 dated 25th June 1946.

- (2) The members shall hold office for a period of 3 years and shall be eligible for reappointment.
- (3) No member of the Board shall accept any Examinership or Paper-setting in connection with any examination under the control of the Board during the period of his/her membership.
- (4) In the absence of the Chairman (Director of Public Instruction) and the Vice-Chairman, the members present shall elect a Chairman.
- (5) The Board shall advise the Director of Public Instruction, Madras, on all matters referred to it in connexion with Secondary Education (i.e., questions of general importance connected with the Educational Rules, Recognition of Schools, Grants-in-aid, service conditions of teachers, inspection of schools, etc.,) and shall also be responsible for the conduct of all the Public Examinations at the end of the High School Course. The Board's decision shall generally be accepted by the Director of Public Instruction, Madras, unless it involves any administrative inconvenience or for confidential reasons which the Director of Public Instruction, Madras, may be in possession of.
- (6) The Board shall prescribe courses of instruction for High School

classes and for Middle School classes in such branches of Education as it may think fit.

(7) The Board shall ordinarily meet once in three months.

(8) The Board shall constitute separate Committees for any specific purpose or to get any expert advice on any matter, such as:--

- (a) Subject Committees to frame syllabuses, recommend Text-Books, etc.
- (b) Board of Paper-Setters.
- (c) Examiners, Additional, Assistants, etc., (valuation).
- (d) An Examination Committee.
- (9) The Board may frame rules for the conduct of its business, constitution and functions of committees, for the conduct of the examination and the award of certificates, etc.

(10) The non-official members of the Board shall, in addition to the Travelling Allowance usually paid to them under the Rules be paid a sitting fee of Rs.20/- a day, as the members will no longer be eligible for examinerships during the period of their membership. No sitting fee need be paid to the official members of the Board for the reason that the duties performed by them in the Board cannot properly be regarded as beyond the scope of their official duties--vide para 2 of G.O.No.770 Law Education, dated 20th June 1922. Each sitting of the Board may not ordinarily be more than one or two days.

2. Without actually deciding the personnel of the Board yet to be reconstituted, it is not possible now to estimate the financial implications of the proposal. It is, however, roughly estimated that the expenditure under Travelling Allowance, sitting fee, etc., will amount to about Rs.5,000/- per annum, as against Rs.2,500/- expenditure incurred in 1945-46 for two meetings.

3. Attention is, in this connection, invited to the Demi-Official letter No.17456 B1/46-1 Education, dated the 6th April 1946, enclosing a copy of the letter from the Honorary Secretary, the Muslim Educational Association of Southern India, Madras, dated 25th March 1946, requesting to consider the claims of this Association for representation in the reconstituted S.S.L.C.Board. I beg to state that the new Board will be so constituted as to allow due representation of the Muslims, so that the interests of this community will not suffer. I may be permitted to add in this connexion that while the new Board will be made as representative as possible, it is not at all advisable to mention specifically in the constitution, the names of associations, etc., as it will be difficult to determine, which among the following 8 associations should be given priority or preference. The associations are (1) The South Indian Teachers' Union, (2) Madras City Headmasters' Association, (3) Provincial Headmasters' Association (now - defunct), (4) The Andhra Federation of Teachers, (5) The

Catholic Missionary Educational Council of South India,
(6) The Muhammadan Educational Association of South India,
(7) The Association of Managements (City) and (9) The Women's Indian Association.

4. If the foregoing proposals are approved by the Government, I shall submit

(1) The names of persons to be Members of the Board in consultation with the Universities concerned

and (2) Amendments to the scheme for the award of S.S.L.Cs.

5. I request that Government may be pleased to accord early approval of the foregoing scheme, as the tenure of office of the members of the existing S.S.L.C. Board which has been extended by a month in G.O. No. 1351 Education, dated 11th July 1946, will expire on the 14th August 1946.

I have the honour to be,
Sir,
Your most obedient servant,

R. K. Saron.

Director of Public
Instruction, Madras.

REORGANISATION OF THE S.S.L.C. BOARD.

Extracts from the report of the Special Committee appointed by the Syndicate of the Madras University to examine problems of Post-war Educational Reconstruction:-

At the same time, the Committee is also convinced that certain changes are necessary in the machinery for the framing of the syllabi for the High School stage and for the conduct of the S.S.L.C. Examination. At present the syllabi and the scheme of examination are framed by the Board, which consists of officials and non-officials nominated by the three Universities in the Presidency and by the Government of Madras. This Board appoints Special Committees whenever necessary for the consideration of syllabi. It prescribes text-books in certain of the subjects and recommends books for study in others. Another function of the Board is the conduct of the examinations for the S.S.L.C. It is understood that the Chief Examiners concerned are generally chosen from among the members of the Board, that a number of Assistant Examiners and co-examiners are appointed by the Board, and that the papers set have to be reviewed by the Board. In the opinion of the Committee, a thorough re-organisation of this Body is needed. We recommend that there should be three bodies which should be entrusted with the work of High School education. These should be:

(1) An Executive Committee corresponding to the executive of a University, on which the University should be well represented, to control the whole scheme of High School education in general, such education including both the education imparted in the Preparatory School classes and the Technical High Schools. The Executive Committee should also be representative of members with special experience of education in the High Schools, Preparatory and Technical;

(2) A Coordinating Committee which should consist of experts in the subjects to draft syllabi and, from time to time, suggest modifications, if necessary. It is suggested that three experts may be nominated for each subject of study. This would roughly correspond to the Boards of Studies of a University;

(3) An independent Board of Examiners appointed by the Executive Committee as suggested above. This Board should consist of persons, other than the members of the Executive Committee, experts in the respective subjects and in close touch with High School teaching, who should be responsible to the Executive Committee for the conduct of these examinations. The question whether there should be a separate Board for valuation is a matter which should be left to the Executive Committee to decide in course of time. In order to have a continuity of policy in these Bodies, it is recommended that in each of these not more than one-third of the members should retire in each year. The object in suggesting these three Committees is to divide the responsibilities so that the executive functions may be DISTINCT from the academic and from the conduct of examinations. It is suggested that there will be a great advantage in having a single body in each of these spheres of activity for both types of schools that will spring up at the High School stage of education so that there may be close co-ordination between the work of the Preparatory Schools and the Technical High Schools. So far as the Technical High Schools are concerned, the Committees or Boards constituted should work along lines laid down by the Central and Provincial Technical Education Boards.

22/7/46.

With reference to the letter No.C.2609 dated 16th May 1946, of the Registrar on the above subject, I would like to place the following points before the Syndicate.

(i) It has been suggested that 25 is too large a body and make the body unwieldy. I may say that the Board of High School and Intermediate Education in Rajaputana, Central India, and Gwallior consists of 49 members and the Board of High School Education, Central Provinces and Berar 28 members. At present, the Board consists of 16 members and in the Reorganisation it has been suggested that there should be two additional Ex-Officio Members and seven Additional Representatives of Teachers, Managements, Technical Education and other interests in order to make the Board more representative, as explained to you in person.

(ii) In paragraph 2 (c) of my letter R.C.No.2404-C/45 dated 23rd March 1946, it is explicitly stated "that the members of the Board shall be precluded from accepting Examinerships or Paper-setterships in connection with any examination under the control of the Board during their period of membership." The Committee mentioned in paragraph 5 of my letter are committees corresponding to those which are mentioned in the University Report on Reorganisation of Education in the Madras Presidency, e.g., committee (a) corresponds to the Co-ordinating Committees, and committees (b) and (c) corresponds to the independent Board of Examiners and Paper-setters.

2. From Paragraph 3 of my letter dated 23rd March 1946, it will be clear that in general matters connected with Secondary Education, the Board will be an advisory Board and shall advise to the D.P.I. on all matters referred to them. In important matters, like the revision of the Grant-in-aid Code, etc., the matter will naturally be dealt with by the Government appointing special committees.

3. The representation of the Universities has practically been what has been suggested in my letter. If there is any objection, to putting in specifically the condition that 4 of the 6 representatives of the University should be heads of recognised high schools, it can be omitted provided that the understanding is that in general 4 members out of the 6 will be heads of high schools including a woman.

I request that you may kindly place this before the Syndicate at its meeting on 26th June 1946.

The life of the present S.S.L.C. Board has been extended by one month and the new S.S.L.C. Board must be created before the expiry of that period. I have seen the constitution of the S.S.L.C. Board and I am not sure whether it is the best constitution that can be made. I would like to know whether this Board is constituted under any act which specifically provides for this constitution or whether it is constituted by a mere executive order. In any case, the D.P.I. may be asked to consider whether the constitution of the board, as it exists today, requires any modification and if so, in what direction.

1-2-5 of (From the D.P.I. Roc.No.2404-E/45 dated 22-7-1946.)

The D.P.I. has submitted proposals for the reorganisation

of the S.S.L.C. Board in consultation with the Vice Chancellors of the three Universities in the Presidency and the present S.S.L.C. Board. They are examined below.

(1) Designation. The Director has recommended that the Board to be newly constituted may be designated as the 'Board of Secondary Education' instead of 'S.S.L.C. Board', as it is proposed that it should be an advisory body on all matters referred to it in connection with the Secondary Education. The recommendation may be accepted.

(2) Constitution. The existing S.S.L.C. Board consists of 15 members - D.P.I. President, 5 officers of the Govt. Educational Service and nine non-official members who should be preferably persons actually engaged in teaching in Colleges, headmasters of high schools or educationalists. The Secretary to the Commissioner for Govt. Examinations is the Secretary to the Board. Four official members and six non-official members are nominated by the three Universities and the remaining four members (1 official and 3 non-officials) are nominated by Govt. on the recommendation of the D.P.I. The proposed Board of Secondary Education will consist of 25 members - 4 ex-officio, 10 representatives of the Universities ^{as at present} and 11 members nominated by Govt. on the recommendation of the D.P.I. consisting of one representative of teachers, two representatives of managements, two representatives of technical education, three departmental officers and three representatives of other interests, women, Muslims etc. The University representation is maintained ^{as} at present. The increase is due to the addition of three Ex-officio members and 7 additional representatives of teachers, managements etc., and this has been proposed to make the body more representative. The number of officials and non-officials has not been specified. It is for consideration whether the D.P.I.'s recommendation may be accepted.

(3) Qualification and remuneration to non-officials. The members of the Board are now eligible for appointment as Examiners during the period of their membership. It is proposed to lay down that no member of the Board should accept any examinership or paper setting in connection with any examination under the control of the Board

Board during the period of membership. This is a very desirable condition and it may be accepted. According to G.O.No.770 Edn., dated 20-6-1922, the sitting fee for non-official members is Rs.50/- for each meeting of the Board which may not last for more than 2 days. The sitting fee now proposed is Rs.20/- per day and this is intended to compensate for the loss of income by way of examinerships. The rate of sitting fee proposed may be accepted.

There is non-remuneration for members who may be accepted

(4) Functions. - The functions of the present S.S.L.C. Board are detailed in para.1 of the D.P.I.'s letter on p.2. c.f. It is now proposed that separate Committees should be appointed by the Board for specific purposes:-

- (1) Framing of syllabi, prescribing text books.
- (2) Appointing of paper setters, examiners, additional examiners, Assistants etc., and
- (3) Conducting examinations. // The Board may frame rules for the constitution and functions of the Committees for the conduct of the examination, award of certificates. The Board will supervise and co-ordinate the working of the Committees. This has been approved by the Syndicate of the Madras University. The proposal may be accepted.

(5) Extra cost. - It is estimated roughly that if the Board is reconstituted as proposed, there will be an extra expenditure of Rs.2,500/- under Travelling allowance, sitting fee etc.

2. The term of the members of the existing S.S.L.C. Board which has been extended by a month will expire on 14-8-1946. The D.P.I. has proposed to submit proposals for the appointment of new members only after the scheme for reconstitution of the Board proposed by him is approved. As the proposals involve extra cost, they will have to be scrutinised in Finance also. It is therefore for consideration whether the tenure of the members of the existing Board may be extended by one more month.

Secondary Education. The Government do not have any
objection to the change in the nomenclature. In the
constitution of the Board I generally agree with the
suggestions made. The constitution of the Board may be
as follows:

Officials	.. 4
University	.. 10 (as now)
Teachers	.. 2
Management	.. 2

Representatives of
Technical Education .. 2

Departmental Officers ... 2.

and others ... 3

making a total of 25.

In this there must be at least one Muslim, one

Christian, one woman and one Scheduled Caste by convention.

In the matter of selecting representatives of teachers, while Government do not consider that any particular association

should be selected for representation, the Director may recommend such of those teachers who are in touch with the teaching profession. In the same manner while the Government

do not think that any management has a right to be represented

in the Board, the Director in his recommendations will

consider appointing managers who are enlightened and who are in a way representative.

The sitting fee now proposed may be Rs 20 per day or Rs 30 for two days, which is the prevailing rate.

The recommendations of the Director with regard to Board's functions may be accepted.

The term of the Members may be three years as before.

The Director wants that early order may be passed. The 1st matter may be accepted.
