The Elementary School is an aided private one managed
and maintained by private individuals. The sites to be
South of the Site sought to be acquired now, are already in
the possession of the correspondent of the school and this
site alone hampers the extension of a continuous stretch of
land required by the correspondent for purposes of a play
ground to the school. The Correspondent has already reported
that the owner of the house (Sri Jaganatha Iyer) was
not willing to any amicable settlement of value for the house.
No extension of the site to the north is feasible. No
extension of the site to the north is feasible. No expansion
or any other side is also possible. The Correspondent of
the school has already given an undertaking to abide by the

usual

usual conditions of acquisition, if the acquisition is considered necessary and to pay enhanced compensation etc., if the matter is taken to a civil court under Section 18 of the Land Acquisition Act.

I have called on the Correspondent to state whether he is prepared to pay such compensation for damages as may be determined by the Government under Section 48 of the L.A. Act in the event of the correspondent not desiring to proceed with the acquisition at any stage.

The Notification under section 4(1) of the Land Acquisition
Act was published at page 2 of Part I B of the Fort St. George

as per rules. As I had to be present at Madura on 30-3-46 for
the Food Council Meeting, the enquiry was adjourned to 1-4-46
and it was held on that date.

The owner of the house proposed to be acquired and the
headmaster of the school, on behalf of the correspondent of the
school were present. The owner presented an objection petition
which is enclosed. His objections are:
