Sir,

Sub:- Education- Elementary-Appointment of clerical staff- compulsory Education-Sanction requested.

Ref:- G.O.No.1714 Education dated 27-10-'45.

Compulsory education has been introduced in 23 centres with effect from 10-9-'45 under this District Board. 5 schools have been newly opened and more than 150 teachers have been appointed additionally to cope up with the increased strength owing to the introduction of the above scheme. Additional rented building have been taken up for rent to solve the question of accommodation and steps have also been taken to construct additional sheds in localities where there are no rented buildings available. The question of supplying midday meals to poor children reading in compulsory areas has also been taken up on hand. Committees have been formed

formed to do the work of supplying midday meals.

To attend to correspondence relating to the above and to passing of pay bills, contingent bills etc. relating to compulsory education and Midday meals the services of one Senior clerk is found necessary. From the experience gained for the last three months it is found that it is not possible for the existing staff with elementary education section to cope up with the increased work now devolved in the District Board owing to the introduction of compulsory education. Further the efficient working of the scheme the appointment of a separate Upper division clerk to look after the clerical work is quite essential. I request you therefore to kindly recommend to Government the appointment of an additional Upper division clerk in the Elementary section of this District Board and to bear the cost from provincial funds.

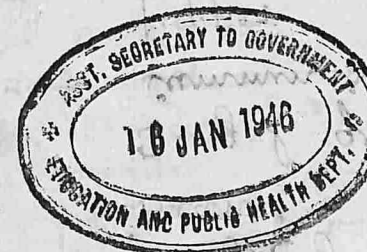

I understand that Government have accorded sanction for the appointment of additional clerical staff in some of the District Boards like North Arcot for attending to the work relating to compulsory education.

South Arcot.
