My Dear Sir Thomas,

The hostel attached to the Mohamedan College was constructed long before the Mohamedan College came into existence. At that time it was intended only for the students of the Madrsa-i-Azam High School and any vacancies in the hostel after the High School students have been provided for are made available to the students of the Medical, Law and other Arts Colleges in the City of Madras. Eversince the Government Mohamedan College was established, the need for expansion of hostel accommodation has been keenly felt and recently the enormous growth of the strength of the Mohamedan College has made it imperatively necessary that hostel accommodation should also be increased to keep pace with the growing demand. Further, with the proposed opening of the B.Sc. classes in the Government Mohamedan College, which you have been pleased to sanction, the need for the in-

creased

provision for hostel accommodation has become all the greater. For the time being, you will be surprised to know that the hostel, which is intended for accommodating about 30 students in all is now occupied by over 60 students and I dare say you will not consider this a very desirable state of affairs. There is still a very large Muslim student population which has had to shift for itself for want of suitable hostel accommodation in the City.

I am aware that the construction of a hostel for the Mohamedan College is likely to take a considerable time and will involve a big amount by way of cost. It may not also be possible in these days to acquire all the materials for the construction of such a hostel and considerable time will be involved in the making of plans and their estimates and their approval by the various authorities concerned. I therefore beg to suggest

that a suitable building inthe vicinity of the Mohamedan College may be acquired for the purpose of the hostel as the demand for hostel accommodation is urgent and incessant and the quality of education suffers for want of suitable hostel accommodation for the students.

In this connection, I am to invite your attention to the fact that in or about 1940 the authorities of the Wellingdon Nursing Home adjoining the Mohamedan College in Mount Road offered to sell their building together with the land to the Government and the then Director of Public Instruction, the late Sir Meveral Statham proposed that the said Wellingdon Nursing Home and all the buildings and lands etc. may be acquired for the purpose of expansion of the Mohamedan College, more especially for hostel accommodation. This proposal, I am given to understand was kept in abeyance on account of war conditions with a view to take up the same when conditions become normal. I beg to suggest that you may be pleased to call for the necessary information in regard to the proposed acquisition of the said Wellingdon Nursing Home for the purpose of the Mohamedan College and be pleased to pass orders that the proposal may be revived and the said building may be acquired for the purpose of the Mohamedan College. This will save a good deal of time and also avoid many other difficulties involved in the construction of a fresh hostel for the Mohamedan College. I request that early orders may be passed in the matter.

I need hardly re-iterate that unless you are pleased to take immediate steps in this regard, the provision for a hostel accommodation for the large number of students in the Mohamedan College would

I agree that there is urgent need for more hostel accommodation to the students of the Government Muhammadan College, especially in view of the proposed opening of the B.Sc. courses with effect from the next academic year.

But there is no information in my office about the acquisition of the Lady Willingdon Nursing Home proposed in 1940 referred to in the letter of Mr. Basheer Ahmed Sayeed, and the Principal, Government Muhammadan College also is not in a position to throw any light on the matter. It is not also known from what source Mr. Basheer Ahmed got the information about the Lady Willingdon Nursing Home.

Nevertheless, Government may consider the question of acquisition of the Lady Willingdon Nursing Home, as the same is reported to be quite suitable for the present need and with slight alterations

the

the building could be used with advantage. If, however, there are difficulties in the matter of acquisition, the alternative proposal of extending the Umdah Bagh Hostel by adding another wing and putting up two stories so as to provide accommodation for about 150 students in all may be considered. If the suggestions is acceptable to Government, the P.W.D. may be requested to take up this work also along with the proposed new constructions.

I enclose herewith a copy of the letter from Mr. G.N. Price, concerning the sale of Lady Willingdon Nursing Home. I visited the building and found that it has 25 to 30 big rooms with two halls and a ~~few~~ few out houses. It can easily accommodate 100 to 150 boarders and as such it is the most suitable place in the vicinity of this college. Only a dining hall need be put up if the building is acquired. In this respect I request you to address the Government to get permission from the Nursing Home authorities for the inspection of the place by their Engineers and a proposal from them regarding its evaluation also may be obtained.

advertised the property for sale and have called for offers to be submitted on or before the 20th instant vide our Advertisement in the Mail of the 24th and 25th ultimo and the Hindu of the 25th and 26th ultimo.

The Executive Committee have fixed no price for this property, but have merely instructed us to advertise it for sale and submit offers received to them for consideration. The only stipulation made is that vacant possession cannot be given until the proposed new Nursing Home has been completed. Provided sufficient funds are made available by the sale of the existing property, the architects estimate that the new Nursing Home will be completed in approximately 18 months' time.

The building is suitable for a hostel of about 100 boarders or even a little over that number. The building is an old one. It originally belonged to Government and was sold to the Nursing Home in 1930 vide G.O.1062 Mis. dated 7-6-1930. The building was valued than at 1,06,000/-. Incidentally, this figure was almost the same as the valuntion entered in the register of buildings in 1930 viz. 108918/-. Valued at the present rates of materials and labour, the buildings would cost about 163377/- and allowing the depreciation of 1% per year on the cost, the value may now be taken at the outside at Rs.140700/-. This, of course, excludes the value of land. The land was not sold to the Home in 1930 but Government waived payment of ground rent so long as the premises were used as the Nursing Home. I doubt very much if the Nursing Home would part with the property for the offer of 140700/- 5000 for Electric installation i.e. for a total of 145700/-. I cannot say that the building has all along been maintained in a thorough manner. It has just been maintained. That is all. No improvements, extensions or additions seem to have been made since the original purchase in 1930. I understand there are offers of over 4 lakhs from private parties. As business premises etc. where large profits are going to be made, the building in the locality may be worth a fancy price, but it must be considered if Government would compxete with private parties in this matter. If Government cannot lay preferential claim to the buildings for a x reasonable price, then let Government at least make it known to the Nursing Home that the ground rent that has to be paid to Govt. by any private buyer would be Rs.7916/- per year as the land value

now is Rs.197896/- vide Thasildar's letter No.1052/46, dated 19-3-46 - copy enclosed. The ground rent is fixed at 4% of the value as was done at the time of selling the premises to the Nursing Home but then waived by Government, so long as the premises were used as such.

p35 supra

I have the honour to submit herewith plans and estimates called for in the Memorandum quoted above, for extending the Umdah Bagh Hostel to provide additional hostel facilities for the Government Muhammadan College and to state as follows.

p35 supra

2. The Consulting Architect to Government has furnished two estimates, one for Rs.2,65,000/- for a building limited to ground and first floors and the other for Rs. 3,40,000/- which includes provision for a second floor also. The former will provide accommodation for about 100 students and the latter for about 140 students, both, inclusive of the existing accommodation (Viz. 38 students) Vide plan C.A. No.290/45 which contains all necessary details.

kept below

3. The College has, now a strength of nearly 500 students. 60 students are at present accommodated in

80
67
147

in the Umdah Bagh Hostel, and another 67 in the hostel attached to the Government Training school for Muhammadans, Mount Road, Madras. The Principal has reported that in addition to these there are still about 100 students requiring hostel accommodation. Thus it may be seen that hostel accommodation will be required for about 250 students in all.

4 I may further state that the B.Sc. classes and an additional group in the Intermediate class have been opened in the College only recently and on account of these the strength of the College will surely improve hereafter and more accommodation will have to be provided in the hostel in the coming years.

5 In these circumstances I consider that the scheme for the construction of abuilding of three floors, which will provide ~~for~~ accommodation for about 140 students is quite essential to meet the needs of the College and accordingly recommend that the estimate for Rs.3,40,000/- for the same may be approved by Government.

2. The urgent necessity for providing additional hostel facilities for the Government Muhammadan College has already been explained to Government in detail in my letter R.O.C.No. 1843 G/45, dated 30-7-1946. Plans of the proposed extensions to the existing Umdah Bagh Hostel building and a statement of approximate cost of the work amounting to Rs 340000 prepared by the Consulting Architect to Government have also been submitted to Government with my letter referred to above.

3. I recommend that Government may be pleased to accord administrative approval to the scheme and provide necessary funds for the same in the Budget Estimate for 1947-48.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

Sir,

Some time ago, I have proposed to the Government that the building and the land known as "Wellington Nursing Home" adjoining to the Government Mohammadan College should be acquired for the purpose of the much needed expansion of the Mohammadan College particularly for purposes of a hostel. I was given to understand that the land on which the said Nursing Home is situated belonged to the Government and that the buildings alone which were offered for sale would have to be acquired by the Government. I have not been informed as to the progress in the direction of the acquisition of the said buildings and land.

In view of the fact that the Mohammadan College is surrounded on three sides by Mount Road, Commander-in-chief Road and the Coovum river, there is no possibility for its expansion other than in the direction of the present Wellington Nursing Home which is situated on the east of it. With the construction of the Science block, the college has already become cramped and there is hardly any open space for the construction of any further building in the present compound of the college. Therefore, it is absolutely essential that the Wellington Nursing Home should be acquired for the purpose of a hostel for the college at an early date. The number of students in the Government Mohammadan College has lately increased to an enormous extent and the present hostel, built some fifty years ago and originally intended for the high school, has proved utterly insufficient for accommodating even a small proportio of the large number of students now reading in the college.

It is therefore very desirable that the Government should take every possible step to acquire the said Wellington Nursing Home to meet with not only the present but also the future needs of the Mmohammadan College. It will be most unfortunate if this building is not acquired by the Government and allowed to be purchased by private individuals for commercial or other purposes, particularly at a time when the needs of the college for a hostel are so persiste

May I therefore request you kindly to take up once again the question of the acquisition of the Wellington Nursing Home for purposes of the Mohammadan College and see that the proceedings in that direction are expedited.

Thanking you,

Yours sincerely,

Basheer Ahmed Sayeed

Honorary Secretary.

Letter No. 9/47-47.

The Secretary to Government,
Education & Public Health Department,
Fort St. George, Madras.

Sir,

Re:- Acquisition of a building for purposes of a Hostel for the Government College for Muslim Women, Mount Road-Madras.-Your letter No. MS.348-Edn.dated 25-2-47-Para (6).

--oo--

In para (6) of your letter referred to above, you have stated that no cases of refusal to acquire suitable sites for the location of hostels and schools have been brought to the notice of Government.

In this connection may I invite your kind attention to my several letters urging upon the Government to acquire the Wellingdon Nursing Home, Mount Road, Madras for purposes of a hostel for the Government Muslim College, Mount Road, Madras and the refusal of the Government to acquire the same for the said purpose as contained in your letter No.56099-A/46-2 Edn. dated the 15th October 1946. In the said letter, you had stated that proposals for an extension to the Umdah Bagh Hostel were being considered in connection with the Part II estimates for 1947-48.

Subsequent to your letter referred to above and when budget proposals were being considered by the Ministry then in office, I had urged upon the Hon'ble the Premier and the Hon'ble the Minister for Education to provide the necessary funds for the construction of a hostel for the Government Muslim College, Mount Road, Madras. In reply to my letters dated the 16th January, 19th January and 9th February 1947, I was informed by your letter dated 24-2-47 that proposals for the extension of the Umdah Bagh Hostel were considered and deferred for financial reasons.

While the present strength of the said college is over 500, next year the college will have to accommodate an extra number of students consequent upon the new B.Sc. courses introduced last year in the said college. While the strength of the college has been on the increase steadily and the number is likely to exceed 600, still the hostel which was constructed some 50 years ago for purposes of a High School, but which is now being utilised by the college, can accommodate normally only about 30 students. It goes without saying that such a state of thing is most unsatisfactory and is not creditable to the Government which maintains the college in question.

Whereas other private managements have been able to

p.t.o.

21603-A
25/4/47

to accommodate in hostels more than 60 to 70 percent of the students reading in their respective college, it passes comprehension as to why the Government with all the resources and conveniences at its disposal should be so neglected and indifferent towards the needs of the students studying in its college which is the only one of its kind maintained for the advancement of education in the Muslim community.

May I therefore once again urge upon the Government, the imperative necessity for providing the necessary funds for the construction of a hostel to accommodate at least 60% of the students studying in the Government Muslim college, Mount Road and the need for for the said construction being expedited so as to make the hostel available at least by the beginning of the next academic year.

I shall be obliged for an early reply as to what the Government propose to do in the matter.

Thanking you,

Yours sincerely,

Basheer Ahmed Sayeed

Hony. Secretary.

Edn P.H. (A)

Pl. see the letter on pp1-2 above. A proposal for putting up extensions to the Vandah Bagh hostel was considered as a Part II scheme and dropped on financial grounds. There is no other proposal pending with the Govt. for the provision of addl. hostel accommodation for the students of the Govt Muslim College, Madras. It does not seem necy. to take any further action in the matter with ref. to the present letter.

(1) to acquire the building occupied by the Lady ~~Wellington~~ Willingdon Nursing Home, Mount Road, or

(2) to extend the present Umdah Bagh Hostel of the Govt. Muhdn. College by adding another wing and putting up two ~~storeys~~ stories providing accommodation for about 150 students.

The bldg. in the Nursing Home is reported to be suitable for a hostel of about 100 boarders. The Superintending Engr. has estimated the value of this bldg. at Rs. 1,45,700 but has pointed out that there are offers of over Rs.4 lakhs for the bldg. from private parties. In view of the high cost, it is proposed ~~to that~~ to drop the suggestion to acquire the Nursing Home bldgs. and the site. and to ask the Director to send proposals for extending the existing hostel and to submit an approximate estimate and plans ~~of~~ for the same. Subj:- Part II Scheme - Buildings - Government Muhammadan College, Madras - Extension to the Umdah Bagh Hostel.

From the Dir. of Public Instruction, ~~Roc.~~ No.6845-G.3/46 dated 20-9-46.

The Government Muhammadan College, Madras, has now a strength of nearly 500 students and about 250 students require hostel accommodation. Eighty are now residing in the existing Umdah Bagh hostel attached to the College and another 67 in the hostel of the Government Training School for Muhammadans, Mount Road. The remaining 100 students have to be provided for. Besides, the opening of B.Sc. Classes and an additional group in the Intermediate class in the College recently will attract more students, necessitating increased hostel facilities in the coming years.

The following two suggestions were considered by the Government for providing increased hostel accommodation:

(1) to acquire the building occupied by the Lady Willingdon Nursing Home, Mount Road, or

(2) to construct an additional wing to the present Umdah Bagh Hostel of the Government Muhammadan College.

The building in the Nursing Home was reported to be suitable for a hostel of about 100 boarders. The Superintending Engineer, Madras Circle, estimated the value of this building at Rs.1,45,700, but pointed out that there were offers of over Rs.4 lakhs for ~~them~~ it from private parties. The suggestion was dropped because of the high cost and the Director was asked to send proposals for extensions to the Umdah Bagh Hostel.

In July 1946, the Director of Public Instruction submitted two estimates, one for a building limited to ground and first floor at an estimated cost of Rs.2.65 lakhs and the other for Rs.3.40 lakhs which included provision for a second floor also. For the reasons stated in para 1 above, this Department accepted the estimate for Rs. 3.40 lakhs. But in view of the need ~~for~~ to restrict~~ing~~ expenditure on building programmes ~~other than urgent~~ and to find funds for irrigation and food schemes P.W.D. and Finance suggested that the scheme might be brought forward for consideration in connection with the Part II estimates for 1947-48. This was accepted in circulation and the Director was informed accordingly. He now recommends the proposal and requests that necessary administrative approval for the plans and estimate of Rs.3.40 lakhs for the work may be given, provision for the scheme being included in the B.E. for 1947-48. The proposal may be accepted.

Finance (B.E. V) Department.

Part II Scheme for 1947-8.

The proposal is to extend the Umdah Bagh hostel attached to the Government Muhammadan College, Madras, at an estimated cost of Rs 3,40,000. Attention is invited to the note of the P.W. and Finance Departments and the orders in circulation on pages 9-10 N.F. of G.O.No.1775 Edn. dated 14-9-46. The question of taking up the work for execution in the current year was considered in August-September 1946 and it was decided that it was unnecessary to introduce the scheme in the current year and that it might be brought forward as a Part II scheme for 1947-8. Since this decision was made, certain instructions have been issued to Departments of the Secretariat with the approval of H.P.M. regarding restriction of Part II schemes for 1947-8 - see U.O.Note No.54303 B.G.-1 dated 9-10-46. According to these instructions, schemes which are not included in the five-year post-war development plan, should be brought forward as Part II schemes for 1947-8 only if they are required in connection with the Grow-More-Food campaign or are fully remunerative (e.g. Electricity Schemes) or are absolutely essential for the proper running of departments. In the present case, the proposal relates to the provision of additional hostel accommodation for students of the Government Muhammadan College, Madras. There is hostel accommodation already for 147 students of the college and it is doubtful whether provision of additional hostel accommodation can be considered absolutely essential for the proper running of the college. Further, the prices of building materials are still high and are not likely to fall in the near future. In the circumstances, Finance may advise that the consideration of the proposal may be deferred.

2. If, however, the Edn. & P.H. Dept. wish to press the proposal for consideration as a Part II scheme for 1947-8, they may take orders in circulation including H.P.M. In that case, Fin. may suggest that the proposal may be restricted to the absolute minimum requirements. Attention is invited to paragraph 2 of D.P.I's letter on page 33 C.F. of G.O.No.1775 Edn. dated 14-9-46. The present proposal is for a building which will have a second floor and will accommodate 140 students at an estimated cost of Rs 3.40 lakhs. There was an alternative proposal at an estimated cost of Rs 2.65 lakhs for the construction of a building with ground floor and first floor only which was expected to provide accommodation for 100 students. The latter may perhaps be taken up now and designed in such a way (in regard to foundation etc.) that a second floor can be put up later when it becomes quite necessary.

Edn(R).

The Director has submitted a proposal for the construction of an addl. wing to the present Umdah Bagh Hostel of the Govt. Muslim College, Madras alt. for consideration as a Part II Scheme for 1947-48. The prl. scheme has two distinct estimates, one for a bldg. limited to ground and first floor at an estimated cost of Rs 2.45 lakhs and the other for Rs 3.40 lakhs which includes provision for a second floor also. This Dept. has supported the scheme costing Rs 3.40 lakhs as recommended by the Director. PWD have also accepted the proposal. Finance, however consider that the proposal should be deferred and state that if this Dept. wish to press the proposal, the scheme costing Rs 2.45 lakhs may be taken up and designed in such a way that a second floor can be put up later when it becomes quite necessary. ~~It is for orders whether any of the two~~ the scheme~~s~~ costing Rs 2.65 lakhs may be pressed.
