No.1245-D/45 dated 19-6-1946.

Building - S.Rm.High School, Nattarasankottai -
Construction of building.

In G.O.Ms.1292 Edn., dated 12-9-42, Government approved the acquisition of 5-64 acres (2.64 acres for construction of building and 3 acres for playground) for S.Rm.High School, Nattarasankottai. The land was taken possession of in September 45.

2. The additional condition viz.No.2 of the conditions of alienation agreed upon by the management was that "the building shall be constructed within 3 years and that the playground shall be laid out within six months from the date of grant". The playground is reported to have been laid out.

3. There is an immediate need for the construction of a pucca building as the school is housed in temporary sheds which are inadequate and unsuitable. The defect in accommodation was pointed out in the Tabular Inspection Report on the school for 45-46. In the review by the Divisional Inspector it was suggested to the management that immediate steps should be taken to provide the school with satisfactory accommodation and that the construction of a pucca building should be proceeded with after obtaining the departmental approval.

4. To satisfy the departmental requirement regarding accommodation and also the condition of alienation mentioned in para 2 above, the management is anxious to construct a pucca building urgently. The School is maintained partly out of the interest on the endowment and partly out of the funds provided by the founder. It is reported that the founder himself will meet half the cost of the building provided the other half is p.t.o.

: 2 :

received as Grant-in-aid from Government. The financial position of the school is not such as to permit the management to meet the entire cost of construction of the building from its own funds.

Under the above circumstances, I request that Government may be pleased to permit me to place the above scheme on the approved list, notwithstanding the existing ban. After orders of Government are received, detailed plans and estimates will be called for the opinion of the Consulting Architect obtained and then the scheme placed on the approved list.

Re. 707 D2/46.

Office of the
Director of Public Instruction,
Madras, Dated 15-8-46.

S. R. U. Savor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

The Secretary to Government,
Education and Public Health Department.

Sub: Grant - Building - S.R.M. High School, Nattarasankottai construction of building - Estimated cost.
Ref: My letter Re. 1245 E/45, dated 19-6-46.

With reference to Government Memorandum No. 33388 B1/46-1 Education and public Health Department dated 28-6-46, I have the honour to report that the estimated cost of the scheme as reported by the correspondent S.R.M. High School, Nattarasankottai is approximately Rs. 1,50,000/- (one and half lakhs of rupees). But the estimate as may be recommended by the Consulting Architect after the scrutiny of the plans and estimates will be taken into account while placing the scheme on the approved list. Hence I request that the estimated cost as now reported by the correspondent need not be incorporated in the Government order sanctioning the inclusion of the scheme

The DP 9 is informed that the
scheme for the construction of a building
for the S.R.M. High School, Nattarasankottai
(Ramnad Dt) cannot be included in the list
of approved works until the restrictions
imposed in G.O. no 1915 Edu dated 9.12.41
in regard to

(P)

GRANT - S.R.M. High School, Nattarasankottai -

Construction of a building - Inclusion in the list of approved works.

From the Director of Public Instruction, R.C.No.1245-D/45 dated the 19th June 1946.

From the Director of Public Instruction, R.C.No.707-D2/46 dated the 15th August 1946.

The Director of Public Instruction recommends

that the scheme for the construction of a building for the S.R.M. High School, Nattarasankottai, may be included in the list of approved works. The Government have already sanctioned a grant for the acquisition of a site for the construction of buildings for the school. It is reported that the school is now housed in temporary sheds which are inadequate and unsuitable and that the construction of a pucca building is an urgent necessity. The scheme is estimated to cost approximately Rs.1.50 lakhs. The D.P.I. reports that detailed plans and estimates for the scheme will be called for and the cost as fixed after they are scrutinised by the Consulting Architect, the scheme will be included in the list of approved works. He requests that the estimated cost of the scheme as now reported by the Correspondent need not be incorporated in the Government order sanctioning the inclusion of the scheme in the approved list.

2. In the circumstances stated by the D.P.I. the necessity for the construction of a building for the school may be accepted. When the detailed estimates are prepared, the cost of the scheme is likely to exceed the present approximate estimated of Rs.1.50 lakhs. According to G.O.No.1915 Education, dated the 9th December 1941, no grant towards the construction of buildings for secondary schools for boys should be made unless a special case is made out that a grant is essential for the institution. The D.P.I. reports that the financial position of the school

building grants to secondary schools for boys are removed

5.9.46

6/9/46

The D.P.I.

school is not such as to permit the management to meet the entire cost of construction of the building ^{from} for its own funds. The question of giving a grant to ~~the~~ ^{the} ~~most~~ ^{most} ~~which~~ ^{which} will have to be considered as a special case. The scheme is a costly one. The question of cheap ~~estimated~~ ^{estimated} cost of 1.5 lacs is likely to be exceeded when detailed plans & estimates are prepared. The designs for the construction of buildings for secondary schools is under consideration. The C.E. has forwarded his remarks to the D.P.I. in the matter. It is for consideration whether the Director may be ~~advised to~~ ^{renew} informed that the scheme cannot now be included in the list of approved works and that the management may be advised to renew the proposal after orders are passed by Government in regard to the adoption of cheap designs for the construction of school buildings.

20/8/46
20/8/46
20/8/46
I do not see why we should make an exception in favor of this school. I do not think that the persons applying for funds for this school are rolling in wealth. It is because they have no funds at their disposal that they come to Government for help. Pending reconsideration of the Govt, we may turn down the request.
