ANNAMALAI UNIVERSITY

No. 3538
From 10.8.46

THE REGISTRAR,
ANNAMALAI UNIVERSITY,
ANNAMALAINAGAR.

To The Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

I submit my report on the admissions to the Engineering College. In accordance with your letter No. 34433 A/46 I Edn. dated 2-7-1946 and the post-copy of your telegram d. 2-7-1945, the admissions have been made on the basis of the proportions for the communities and the areas.

Against the sanctioned strength of 25 for Technology and 125 for Engineering, the admission has been 23 for Technology and 122 for Engineering.

Out of the 122 admitted to Engineering, there are:

Brahmins ... 32
Non-Brahmin Hindus: 34;
Backward & Scheduled classes: 26;
Mohammedans 3
and Christians 8.

In addition to this total of 103, 19 have been admitted to represent Pudukotah, Cochin and Travancore, Pondicherry and Indore.

According to areas, the numbers are:

Tamil ... 53;
Andhra ... 41
and West Coast 9, (apart from the West-Coast repre-

103 sentatives of the States numbering 13. The slight deficiency in the West Coast numbers has been made up by the extra numbers in the West Coast States. The Andhra area has 41, a number slightly in excess of its quota 39.2, and the Tamil area 53, where 52.3 is the correct figure.

W. S. Wanathan
Registrar.

DPA(A)

Re: The report of the Reg. Annamalai University on the admission of students to the University Engg. College according to the Communal and linguistic ratios. The seats seem to have been distributed equitably to all the Communities. The representation given to linguistic areas, seems also to be fair. In the circumstances, no action is called for on the report. The letter may be filed with C.O. No. 1312/Edn DPA 22/6.

To

The Registrar,

Annamalai University,

Annamalai Nagar.

Sir

Sub: College - Engg. - Annamalai University
- admissions in 1946-47

CF Ref your Lr No 3538 of 10-8-46

It is observed from your letter
Cited that only 122 seats have been filled
in the Engg. classes of the University
Engg. College against the sanctioned strength
of 125 and also that there is a shortage
of admissions among Muhammadan students.
I am directed to request that the remaining
3 vacant seats may be filled by ~~admission~~ ^{if possible} ~~by~~ ^{qualified} candidates from the Muhammadan Community.
The admissions to the College in the current year
are otherwise generally accepted. I am also
asked to report the communal and
linguistic proportions in which candidates have been
admitted for the Technology.

His 25 Seats for

Sir,

For want of suitable Muhammadan candidates the three seats in Engineering have been kept vacant and no Muhammadan candidates have been forthcoming. It does not seem possible therefore to fill those seats.

he is warmer than

Registrar.

(a) how many students applied for admission and how many obtained admission into (i) the various professional colleges in the Province during the years 1942 to 1944 and (ii) the Arts Colleges in the Province from 1940 to 1944

C.No. 45456 A/46, From the Regr, Annamalai University,
Lr No 3538 & 10-8-46

Q/3

One of the Conditions laid down by the Court ^{while} for making a grant from provincial funds towards the Engg. College, Annamalai University, is that "in making admissions to the (Engg.) Courses (of the College), arrangements should be made generally on the lines followed in the Court Engg. College, Coimbatore, in regard to such matters as the representation of Communities, the proportion in which students are selected from the various linguistic areas of the Province etc." The instructions issued in Memo. No. 33199 A/46 + Edu & 21-6-46, regarding the filling of 20% of the seats in the Engg. and Med. Colleges by selection of students on merit is intended to apply only to the Court institutions and that only for 1946-47. The Regr of the Annamalai University was informed that it was not necessary that the University should observe the principle in selecting candidates for the University College of Engg. & Med. The Regr, Annamalai University has submitted a report in the CF on the admissions made during 1946-47 in the University Engg. College. The report is examined below: -

Communal representation. No rigid percentages have been laid down. It is only necessary to follow the general principles in ~~the~~ para 3 of G.O. No. 1435 Edn & 1-8-40. ~~Against the sanctioned rate~~ The ~~seats~~ ^{seats} have been distributed to the Communities

M/1

have been distributed as shown below:-
~~in the following proportions~~

Brahmins	32	31 %
Non-Brahmins	34	32 %
Backward and Scheduled classes	26	26 %
Mohammedans	3	3 %
Christians	8	8 %
Total	103	

It may be observed from the Regr's report that against the sanctioned strength of 125 for the Engg classes, only 122 seats have been filled up, 19 being given to the students coming from the States. The community-wise representation seems equitable except in the case of Mohammedans who have been given only 3 seats. The Regr may perhaps, to fill the 3 vacant seats by Muhammadan students, if they are available.

Presumably to make up 125 students who applied, was made. B. 22.9.46

Linguistic representation. The proportion in which the seats ~~are~~ ^{should} be allotted and the proportion actually adopted are as follows:-

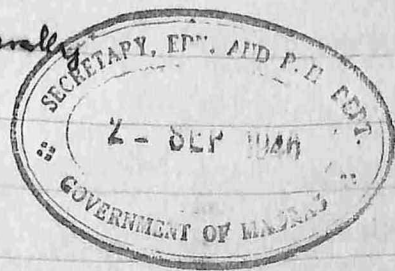

Group	Proportion to be adopted	Proportion actually adopted
Group I (Tamil)	50.8 per cent	51.4 %
Group II (Telugu)	38.1	37.4 %
Group III (West Coast)	11.1	9.8 %

The percentage ~~agreed~~ ^{actually} The slight deficiency under Group III, it is reported, has been made up by the extra seats given to students of West Coast States. The percentages are generally acceptable.

Subject to orders on 'A' above, a draft letter is submitted. For orders as to circulation the Regr has not stated.

has the 25 seats for Technology were filled. The information may be called for.

23/9/46 B. 22.9.46 H.N. (Soh) T.S.A. 22.9.46

p 3 CF (Issued as Lr No 45456 A/46-1 Edn 2-9-46)
 p 5 CF C. No 52383 A/46, From the Regr, Annamalai University, No. 4495 of 7-9-46

Pl see the letter from the Regr, Annamalai University on p 5 CF in reply to this Dept's letter on p 3 CF. In the circumstances reported, the question of filling up the 3 remaining seats in the Engg class by Muhammadan Candidates, need not be pursued.

para 2 on p 5 CF

Totals seats - 25
 actual seats filled up - 24
 Communal Representation

Brahmins	5	20%
Non-Brahmins	14	56%
Christians	5	20%
Muslims	nil	
Scheduled class	nil	
Linguistic representation		
Tamil	12	50%
Telugu	12	50%
West coast	0	0%

The Regr has reported that 24 out of the 25 seats in the Technology Course have been filled up. The Communal and linguistic proportions in which candidates have been admitted for the course can be said to be satisfactory. Presumably, there was no applicant from the Scheduled classes. The Regr may be informed that the Govt. are generally satisfied with the admissions made to the Engg and Technology Courses in the University College.

A draft letter is submitted. For orders as to circulation.
