Sub: Elementary Education - Special subsidy - Expansion of elementary education - stipends to poor girls reading in standards IV and V.

45259

4/25-27/4

4/35-36/6

I invite the attention of the Government to my letter R.O.No.384 B/43, dated 6-8-1943 wherein I discussed about the utilisation of a portion of the special subsidy for the expansion of elementary education for the grant of stipends to poor girls reading in IV and V Standard of Boys' Schools in areas where there are no girls' schools; and in their Memorandum No.25000A.3., dated 18-9-45, Government have approved my proposal which relates to schools under Local Bodies. I now submit a similar proposal extending the same concession to poor girls reading in Standards IV and V of the aided boys' schools in the same backward areas where there are no girls' schools. As already stated by me in my letter referred to above, it has been the departmental policy to insist on the enrolment of girls' in boys' schools in areas where there are no girls' schools separately intended for them and for other reasons mentioned in para.2 of my letter referred to above, I submit that the award of stipends mentioned above to girls in aided boys' schools also, will go a great way in promoting the education of girls in areas where there are no separate schools for girls.

The approximate cost of the scheme works out to Rs.50,800/- I consulted the Local Bodies and they have expressed their inability to meet this expenditure by way of savings. I, therefore, request that my proposal may kindly be approved and a grant of Rs.50,800/- may kindly be placed with me to meet this expenditure and I propose to adopt the same procedure of disbursing the stipends as teaching grant.

MEMORANDUM.

Subject: Education - Elementary - Stipends to poor girls reading in IV and V standards in aided boys' schools.

In 1943, the Government granted special subsidies to the following District Boards for the expansion of elementary education, as these districts were considered to be most backward in education:-

Cuddapah.
Chittoor.
Kurnool.
Bellary.
Anantapur.
Salem.
East Godavari Agency.

On the recommendation of the D.P.I., the District Boards were permitted to utilise a portion of the special subsidy on the grant of stipends to poor girls reading in standards IV and V in board elementary schools for boys in localities not served by separate girls' schools. ^{intention was that they} These stipends ^{would} serve as an incentive and ^{go} a long way in promoting the education of girls in ^{these} areas ~~where there are no schools specially intended for girls.~~ It is now proposed to extend this concession to poor girls reading in standards IV and V in elementary schools for boys in the seven backward districts under private management, maintained with grants-in-aid from Government, in ^{the same backward areas, in localities} ~~areas~~ where there are no girls' schools. The proposal involves an additional expenditure of about Rs. 50,800/- per annum.

The ~~order~~ Govt approve the proposal of the D.P.S.
 that the concession of granting stipends to poor
 girls reading in standards IV and V in board
 elementary schools for boys ^{in localities where there are no girls' schools} in the districts of
 Buddapah, Chittoor, Kurnool, Bellary, Anantapur,
 Salem and East Godavari ~~may~~ be extended
 to poor girls reading in the same standards in
 aided elementary schools for boys in ^{those} ~~the same~~
 areas, ~~in localities where there are no girls' schools~~
 These orders will take effect from the 1st January

Education & P.H. (C) Dept.

C.No.45259.C. From the D.P.I., Re.No.2013.B/45 d/9-10-1945.

Elementary Education - Special subsidy - Expansion of elementary education - Stipends to Poor Girls reading in standards IV and V.

In 1943 the Government granted special subsidies to the following District Boards for expansion of elementary education as these districts were considered to be most backward in education.

Cuddapah	Rs. 30,000
Chittoor	56,000
Kurnool	40,000
Bellary	38,000
Anantapur	44,000
Salem	1,35,000
East Godavari	
Arany.	7,000

The District Boards were permitted on the recommendation of the D.P.I. to utilise a portion of the special subsidy on the grant of stipends to poor girls reading in standards IV and V in board elementary schools for boys in localities not served by separate girls schools. The idea was that the stipends would serve as an incentive and would go a long way in promoting the education of girls in areas where there were no schools especially intended for girls. The P.D.Bs. of Anantapur and Cuddapah suggested that the stipends should be made available for poor girls in all schools without any conditions. The D.P.I. did not support the suggestion on the ground that this would involve additional expenditure and the suggestion was not accepted by Government.

The D.P.I. now proposes that the concession of granting stipends to poor girls reading in standards IV and V may be extended to aided boys's schools in the same backward areas

extended to aided boys' schools where there are no girls schools. The proposal will involve an additional expenditure of about Rs. 50,800/-. The Director says that the District Boards concerned have stated that they are unable to meet this expenditure by way of savings. The proposal may be considered to be a ^{part} continuation of the policy of providing special facilities for the expansion of elementary education in backward areas and may be accepted. There appears to be no need to treat this as a new proposal. The Director may be authorised to sanction

2. The idea of giving stipends to ^{poor} girls in boys' schools - the stipend being about Re. 1 p.m. & M. 3/4 p.m. & paid for 10 months in the year - was to provide an inducement for parents to continue their girls in boys' schools, no such inducement being considered necessary in areas where there are special girls' schools. Though the E.P.H. Secy. doubted

doubted the efficacy of the proposal to provide stipends, it was decided in circulation that no objection need be raised to a small portion of the special subsidy provided by the Govt., for the backward districts being utilised on stipends.

3. It is submitted that since the sanction of the scheme of special subsidy for backward districts sanctioned in April 1943, the Government have decided to introduce compulsory elementary education throughout the Province by stages as part of the Post-war plans; and even in advance of this plan a sum of Rs 20 lakhs has been provided in the current year's budget for the introduction of compulsory elementary education in certain selected areas in every district, and another Rs 20 lakhs for provision of free midday meals to poor pupils. The seven backward areas referred to in para 1 of note above will benefit by the ^{above} general schemes. In the circumstances, it appears unnecessary to take special steps by way of providing stipends for poor girls in these areas alone. The special subsidy of Rs 5.84 lakhs per annum which the Govt. have decided to spend from the current year onwards - as against Rs 3.5 lakhs per annum sanctioned in 1943 - should be regarded as an adequate concession to the backward areas, when it is remembered that they will get further benefits under the general policy of introducing compulsory elementary education. Finance may therefore advise that the Director's proposal ~~be not~~ ^{need not be} accepted.

4. If E.P.H. wish to press their proposal for the grant of stipends to poor girls reading in standards IV and V in aided boys' elementary schools in the backward areas, this Department may suggest that a cut equal to the expenditure involved in the above proposal be made from the special subsidy of Rs 5.84 lakhs per annum referred to above. If it is considered that the present proposal should be sanctioned in addition to the above special subsidy, E.P.H. may be requested to bring forward the proposal for consideration as a Part II scheme for 1946-7, as there is no special urgency to justify its introduction in the current year.

This need not
be suggested.

$$\frac{1}{5} \mid 11 \mid 45.$$

The current year, the prior approval of the Governor-General will have to be obtained as the addl. cost involved in the proposal (Rs. 50,800 p.a.) exceeds the limit of Rs. 25,000 p.a. remaining. As the amount involved is large, the proposal will have also to be treated as a 'new series'.

6.11.45

7.11.45

EdPA Dept (1)

The D.P.I. recommends that the concession of granting stipends to girl pupils reading in boys' elementary schools under local bodies in certain backward districts, where there are no separate girls' schools, may be extended to girls reading in such schools under private managements also. The extra cost involved in the proposals is Rs. 50,800/-.

The Finance department advise against the proposal mainly for the reasons stated in para 3 of the note on p.3 ante.

It may be pointed out that the scheme of compulsory elementary education has been introduced in selected villages in ~~one~~ districts and not ~~in~~ backward districts alone. The restricted scheme of compulsory elementary education will not become applicable to all the villages in the backward districts in question. Again, the post-war plan envisages the introduction of compulsory elementary education by stages and the full effect of it can be reached only ^{at} the end of 10 years. ^{As stated in p.1 ante,} ~~The present proposal is~~ ^{may be considered to be} a part of the policy of providing special facilities for the expansion of elementary education in backward areas with particular reference to girls' education. It does not seem that the fact of the introduction of the restricted compulsory elementary education in selected villages ~~is~~ ^{is} of the ~~introduction~~ ^{introduction} of ~~compulsion~~ ^{universal} as

The proposal may be pressed - introduction in the current year.

14/11

part of the post-war plan need ~~not~~ stand in the way of Govt. approving the proposal. ~~Recommendations in circulation~~

If the proposal is to be pressed, orders also may be obtained whether the scheme should be introduced in the current year or whether it may be treated as a Part II scheme for 1946-47.

17/11/45

I agree with the note above - this is a part from compulsory education & is intended to expand girls' education. The proposal may be approved & introduced in the current year.

14/11/45

9 agree
14/11/45

As the scheme is to be introduced in the current year, the file may be circulated to A4, A3 and H6 also.

Att
26/11/45

I think that paying money to girls to attend boys' schools is unnecessary. I have not found girls staying away from boys' schools because they were boys' schools, but because their parents did not send them. However I agree, as there must be a agreement.

I agree the purpose which is to be achieved by this scheme.
