RC. No. 487-D2/46.

Station Madras, Dated the 18th August 1946.

From (Name) Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,
(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
EDUCATION AND PUBLIC HEALTH Department.

Sir,

The Correspondent, St. Aloysius Middle School for girls, Dharapuram, has submitted an application for building grant towards the cost of the proposed new building for the school. The proposed building will be a R.C. Terraced building with six rooms in a row to accommodate five class rooms and one Science room. The foundation will be such that it will be able to carry an upper storey, if there is need for for expansion.

The present building in which the middle school is conducted is an old fashioned tiled building and it is not properly ventilated and the accommodation is inadequate.

Back Papers.

G.O.	No.	Department.	Date.	G.O.	No.	Department.	

Further Papers.

G.O.	No.	Department.	Date.	G.O.	No.	Department.	Date.

The Middle school, the feeder school, the office room and the tiffin room are all accommodated in the present school building.

While according renewal of temporary recognition it was ordered that the new building as proposed by the management should be put up urgently. To satisfy the departmental requirements under accommodation, the management is anxious to push through the building scheme.

The class rooms of the proposed building will have standard dimensions with a verandah on one side. The probable cost of the proposed work is reported to be Rs. 30,000/-. As the building is an urgent necessity, I request that Government may be pleased to accord necessary permission for the construction of a building involving the use of controlled building materials. After favourable orders of Government are received, detailed plans and estimates will be called for and sent to the Consulting Architect for scrutiny.

Grant - Buildings - St. Aloysius Middle School for girls, Dharapuram - Construction of building - Use of Controlled materials - Inclusion in the list of approved works - Sanctioned.

From the D.P.O., R.C.No. 487 D2/Hb D 18.8.46.

Order no. 1837 Edy dated 23.9.1946.

19/9/46

The Government sanction the inclusion in the list of approved works of the scheme for the construction of a building involving the use of controlled building materials for the St. Aloysius Middle School for girls, Dharapuram, at an approximate cost of Rs. 30,000/-. While this approval does not convey any guarantee of grant, it will render the institution eligible for a grant of one half of the cost not exceeding Rs. 15,000/- (Rupees fifteen thousand only), if and when funds become available, provided that all the conditions prescribed in the grant-in-aid Code are duly complied with.

The detailed plans and estimates shall be submitted to the Consulting Architect with a view to reduce the cost to the minimum.

The D.P.O.

The A.G. Thiruv.

22/9/46

Note:- As the institution is a girls school, the restrictions imposed in G.O. No 1915 Edn, D 9.12.44 will not apply in this case. Further in Memo No. 8886-B1/Hb-G Edn D 20.8.46 the Govt. have decided that it is no longer necessary to restrict the use of the building materials in the construction of buildings for educational institutions. The D.P.O. reports that the construction of a new building for the school with a foundation to carry an upper storey (if there is need for expansion) is an urgent necessity. The building P.T.O.

(T)

(J)

is estimated to cost Rs. 20000/- approximately.

This cannot be considered to be high. The question of adopting cheap designs for the construction of buildings for secondary schools is under separate consideration and the C.E. has offered his suggestions to the D.P. in the matter. It is, perhaps, unnecessary

to wait for the issue of the type designs for the construction of buildings in this case. ~~The draft order on plan is for approval. It may be sent to Finance for acceptance.~~

The Consulting Architect

may be asked to re-examine the detailed plans & estimates

with a view to minimise the cost as far as possible

The draft order may be sent to Finance for acceptance

Finance

This (exp. 4)

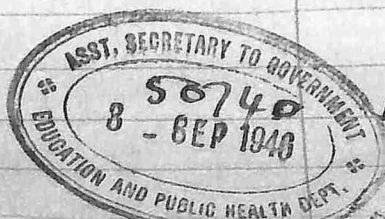

The draft order on plan above may be accepted.

2. The proposal does not commit the Govt. to the payment of a grant and 'New Service' procedure need not be followed at this stage. In accordance with the usual practice, the financial procedure to be followed may be adopted when the question of provision of funds and actual sanction of grant for the work comes up for consideration in due course.
