REF:- Government Endorsement No.34034-A/45-1 Education, dated 21st August 1945.

The girls Elementary School (Seethalakshmi Balika Patasala) Kodumudi is an aided Higher Elementary School for girls located in two rented buildings consisting of two thatched sheds in one compound. There is accommodation for 210 children, the strength of the school being 143 girls and 38 boys. The proposal of Government will mean the conversion of the thatched sheds into tiled ones, But as the property does not belong to the management, this is not feasible. Moreover, it is reported that the management of the school is about to change hands and the new management is proposing to construct a new building and to convert it into a Middle School for Girls. It is also reported that there was not a single child in the school who was dependent on any one employed in the Defence Services. Under the circumstances, it is not - worthwhile giving effect to the proposal. On the other hand the provision of amenities to this village may take a more useful shape in the form of a reading room attached to the local Sri Sankara Vidyasala High School which has contributed nearly 50 recruits to the defence services.

P.T.O

2 **Opening of a public reading room at Andhiyur:**

A reading room will certainly prove a useful institution at Andhiyur. A reading room can be built in the spacious compound of the local Board Middle School and its organization and management can be left in the hands of the staff of the school. I therefore recommend the proposal.

3 **Opening of a public Reading Room at Ammapet:**

The number of literates who can make use of the reading room is a very small proportion of the population. There are chances of the reading room being mismanaged and the books being lost. On the other hand a Radio will prove a source of education and entertainment which can be shared by almost all the people of that village. The village is on the main electrical line from Mettur. The recurring expenditure may be met by a local philanthropist who may form a Committee. This proposal is greatly welcomed and is recommended in place of the reading room suggested. 1 M

Sub: Education - Coimbatore District - Amenities to Villages which have sent a large number of soldiers - proposals.

On further inspection of the centres by the Personal Assistant, the following detailed proposals are submitted.

2. The best place for locating the Reading Room at Kodumudi is in the compound of the L.F. Travellers' Bungalow where the Panchayat Board Office is at present located. The site is very central and healthy and being a land owned by the Public body is preferred to the private school compound suggested in this office previous letter on the subject. It is marked as A in the map enclosed. The Vice-President in charge Kodumudi Panchayat Board has expressed willingness on behalf of the Board to see to the running of the Reading Room. His letter is enclosed. A local Reading Room Committee may be formed to manage the Library and Reading Room.

p13

3. The Board Middle School compound gives the best possible location for Reading Room at Andhiyur. The plan of the school compound is enclosed with the site marked as (B). The staff of the Board School will co-operate with any local committee in running the Reading Room.

p15 infra

4. Permission to use the sites suggested at Andhiyur and Kodumudi may be obtained from the President, District Board, Coimbatore.

5. A plan (rough sketch) (P) of the proposed Reading Room is enclosed. The total cost of the building should be limited to Rs.3000/- so as to leave a margin of Rs.1000/- for the provision of books and periodicals etc.

p17 infra

6. The plan will show that the Reading Room will consist of a hall 15' x 11', a room 10' x 11' and a verandah 26½' x 6'. The room will provide safe custody of the books. It has two doors and two windows. The walls must be sufficiently thick to enable wall shelves to be put up inside the wall space. Cement or stone slabs may be provided. The wall shelves may be 6' x 2½' and about 8 of them can be constructed. This will obviate the necessity to go in for costly almirahs. Books and journals can be lodged in these shelves.

p17 infra

7. The hall need not be furnished either. If the flooring be made smooth and clean, people can squat in homely style and read. The roofing may be tiled giving sufficient sun-shade. Projection on the sides opposite the verandah. The above plan may suit the Reading Rooms at Both Andhiyur and Kodumudi."

Ref: Govt.Memorandum No. 34034.A/45-6 Edn., dated 31-1-1946.

I have the honour to report that the District Collector, Coimbatore, was consulted in the matter and he has since agreed to the proposal to open a Reading room at Kodumudi instead of the construction of two halls for the Girls' Higher Elementary School. I am enclosing a copy of his letter dated 29-6-46, for information. The Kodumudi Panchayat Board is willing to take up and maintain the reading room and library in case the entire cost of constructing the building is borne by Government. It is not willing to share half the cost. Regarding the Coimbatore District Board's opinion in the matter, I am enclosing a copy of letter No.D.Dis.4660/46 dated 6-7-46 of the President.

War – Recruitment – Amenities to villages which have sent a large number of soldiers – Coimbatore dt. – Construction of Halls for Ely School – Opening of reading rooms

From the Collector of Coimbatore, Ref. No. 13438/44, F4, d/20.7.45.

pp 1-2

In connection with the provision of amenities for villages which have sent a large number of recruits to the army, the Collector of Coimbatore has proposed

1. ~~that~~ two halls may be constructed for the Girls' Elementary school at Kodumudi; ~~and~~ at a cost of Rs 4000

2. that public reading rooms may be opened at Andiyur and Ammapet at a cost of Rs 4,000 and Rs 1,000 respectively.

The Collector also requests that an initial grant may be sanctioned for the purpose.

Construction of halls for Elementary school.

It is not known whether the school at Kodumudi is under private management or under the Dt. Board Coimbatore. Chapter III of the rules re: ely. schools ~~for~~ governs the ~~grant~~ provision of Govt. grants ~~subsidies~~ for the construction of buildings for schools under private management. Instructions to local bodies in the matter are embodied in G.O. 1143 Edn. d/11.8.32. In all cases, the management has to obtain the approval of the D. P. I. for the scheme. As the need for additional halls for the school has yet to be scrutinized, it does not appear that the question of sanctioning a grant can be considered now.

(1) Opening of a hall for the ely. school at Kodumudi. The Director, for the reasons stated by him in para 1 of his letter at p5 c.f. does not recommend the proposal to construct a hall for the ely. school at Kodumudi. He considers that a more useful amenity will be a reading room attached to the local Sri Sankara Vidyasala High School.

(2) Reading room at Andhiyur. The D.P.I. recommends ~~states~~ the ~~construction of a building~~ ~~that a reading room can be~~ built in the compound of the local board middle school for the location of a reading room; he considers that ~~and~~ its organisation and management of the reading room may be left in the hands of the staff of the school.

p6 c.f.

(3) Reading room at Ammapet. The Director does not recommend the opening of a reading room at Ammapet in view of the very small proportion of literates in the village. He suggests that the installation of a radio set will be a more useful amenity and states that the recurring expenditure may be met by a local philanthropist.

p11 c.f

It is stated that the Panchayat Board, Kodumudi and the Staff of the Board Middle School, Andhiyur, will ~~see to~~ cooperate in the running of the reading rooms at Kodumudi and Andhiyur, respectively.

paras 2 & 3 on p11 c.f

The question for considerationis:-

(i) through which agency the buildings for reading rooms should be constructed;

(ii) to whom the buildings should be handed over

31

after construction for maintenance of the library and reading room in Kodumudi and the reading room at Andiyur.

13

(i) and (ii) on page 4 ante. According to the Collector's report, the estimated cost of construction of the building is Rs.4,000 in each case. The Director of Public Instruction suggests that the total cost of construction should be limited to Rs.3,000 in each case leaving a balance of Rs.1,000 for the provision of books and periodicals. This suggestion may perhaps be ~~accepted~~ agreed to. The Vice-president, Panchayat Board, Kodumudi, is reported to have expressed his willingness, on behalf of the Board, to see to the running of the library and reading room. He may perhaps be allowed to undertake the construction of the building at an estimated cost of Rs.3,000 in consultation with the Educational authorities (as per specifications for plans ~~as~~ given inpara 6 on page 11 c.f.). In this case, the Panchayat Board, will have to obtain the permission of the Dt. Board to use a portion of the vacant site in the Travellers' Bungalow for constructing the building.

p1 c.f

para 5 on p11 c.f.

para 2 on p11 c.f

para 4 on p11 c.f

In the case of Andiyur, the P.D.B., Coimbatore, may be asked to put up the building at an estimated cost of Rs.3,000 in consultation with the Educational authorities (as per specifications for plans given in para 6 on page 11 c.f.).

If, however, the construction of the buildings should not be handed over to the agencies of the local bodies concerned, the works ~~should~~ will have to be executed by the P.W.D., the buildings constructed ~~and~~ being handed over to the Panchayat Board in one case and the District Board in the other. In this case the permission of the Dt Board should be obtained as suggested by the D.P.I. - para 4 on p11 c.f.

I think the construction of the buildings may be with the Pan. Bd. & Dt Bd

In either case, the full expenditure on the consturctio of buildings will have to be borne by Government. In the first case, it will have to be given as a full grant and in the second case, the ~~xxxxxxxxxx~~,expenditure should be met direct by Government.

para 5 on p 11 C.F.

As it is stated that Rs.1,000 should be set apart in each case for the purchase of books and periodicals, the maintenance charges in future years will not be large. The Government are ~~giving~~ sanctioning every year grants to libraries and reading rooms maintained by local bodies and with the grant so received, the library and reading rooms in general may be expected to thrive.

The management may be with the local bodies. Their consent may be obtained first.

Please see the notes on pp.1-6 above.

With reference to G.O. No.3588 Pub(War) dated 14-12-44, it is proposed to provide amenities in the form of reading rooms ~~for~~ to the villages of Kodumudi and Andhiyur in Coimbatore district which have sent a large number of recruits to the Armed Forces.

para 5 on p 11 CF and p 5 above.
(4000 x 2 = 8000)

The total estimated cost for each reading room is Rs 4,000 (Building Rs 3,000 and Rs 1000 for the provision of Books & Periodicals) or in all Rs 8,000/-.

2/ In G.O.No.3588 Pub(War) dated 14-12-44, it was directed that Collectors should arrange for these amenities to be provided if they can do so by using the discretionary grant at their disposal or through District Board help or otherwise and if not to apply to Govt. for a grant for the purpose.

Cf extract of notes at (V)

In a similar case of provision of amenities in certain villages in the same district, the District Board, which is a surplus District Board, refused to bear any portion of the expenditure and therefore the Govt. sanctioned the entire grant themselves.

In the present case also, the entire expenditure will have therefore to be borne by Govt. only. The Collector cannot ~~presumably~~ evidently meet the expenditure from the discretionary grant at his disposal -- Cf. pp.1-2 C.F.

19-1-46
See below.
DWD

In the circumstances, Finance may agree that a special grant of Rs 8,000 may be sanctioned by the Govt. and placed at the disposal of the Collector of the district. The work of constructing the reading rooms, buildings is to be done through the agency of the District Board and the Panchayat Board.

p.5 above

3/ Before sanctioning the grant, E.P.H. may be requested to consult the Collector of Coimbatore regarding the modified proposals suggested by the D.P.I. and also obtain the consent of the local bodies regarding the management of the reading rooms -- vide remarks of the Dy.Secy.(EPH) on p.6 above.

p 11 CF

A|DS

4 As similar expenditure on the provision of amenities is already being incurred by the Govt., the expenditure in the present case need not be treated as on a "New Service". A-1 may, however, see.

19.1.46

5 The expenditure may be debited to the head "25. Genl. Administration - District Administration - Collectors and Magistrates - Contingencies - Other charges".

18.1.46

In the case in which the Coimbatore Dt Bd refused to contribute to the cost of special amenities for 5 villages the amenities proposed by the Coll: were clock-towers & parks. The Govt. have now told the Coll: that clock towers & parks should not be constructed in this connection. The Dt Bd were quite right in refusing to contribute in that case as it was not worth while to spend public money on parks & clock-towers for villages. It does not follow that the Dt Bd would necessarily refuse to contribute towards the cost of really useful amenities such as the 2 reading rooms now proposed. Fin. would suggest that the Dt. Bd. be asked whether it would meet half the cost if the Govt give a grant to cover the other half. If the Dt. Bd. refuses, the Govt may give a full grant.

[Previous Finance note at page 8 above]

With reference to this deptt's note at A on page 8 above E&P.H. have now obtained the views of the Panchayat Board, Kodumudi and the District Board, Coimbatore in regard to their

contribution towards the construction of a library and a reading room in those areas. The Panchayat Board as well as the District Board have no objection to construct and maintain the library and the reading room at Kodumudi and Audhiyur, provided the full recurring and non-recurring charges are paid by Government.

The Panchayat Bd, Kodumudi is prepared to maintain the Reading room and the Library - please see x on p 23 C.F. Only the Dt. Bd. is demanding the recurring charges also - p. 24 C.F.
2.9.46.

E.P.H. propose to sanction a grant of Rs 4,000 (Rs 3,000 for buildings and Rs 1,000 for provision of books and periodicals) towards the construction of a library and reading room in each of the above villages and hand over the buildings to the local bodies for maintenance - please see draft order.

p. 9 above and the draft order below

2. From the District Board's reply on p.24 C.F. it would appear that the Board's consent is subject to the proviso that the recurring and non-recurring charges are paid by Govt. It is not usual for Govt. to meet recurring charges also. The payment of a full grant for non-recurring charges is itself a concession. ~~This Department may suggest~~ The draft may make it clear that the recurring charges regarding maintenance should be borne by the ~~local bodies~~ Dt. Board. ~~This may be made clear in~~ The draft may ~~order, which may~~ otherwise be accepted.

I invite attention to the G.O. cited above in which a sum of Rs.4000/- (Rs.3000/- for building and Rs.1000/- for the provision of books and periodicals) for the construction and equipment of a library and Reading room at Anthiyur was sanctioned. The work could not be taken up during 1946-47. In the Government Memo second cited above permission was granted to utilise the amount of Rs.4000/- during 1947-48.

2. The Divisional Engineer, High Ways, Erode reports that due to poor response from contractors to take up the work at reasonable premium rate, the work could not be taken up during 1947-48. No expenditure was incurred during 1947-48 towards the construction of the library building at Anthiyur. I therefore request that I may be permitted to utilise the sanctioned amount of Rs.3000/- for the construction of the library building, during 1948-49.

3. Out of Rs.1000/- sanctioned in the G.O. cited above for the provision of books and periodicals for the library at Anthiyur, a sum of Rs.808-1-0 has been utilised before 31.3.48. The Special Officer, District Board, Coimbatore reports that pending construction of the library building, a portion of the existing High School buildings at Anthiyur will be allotted for the Reading room and library and the books and periodicals purchased out of the grant will be placed in the room so allotted. I therefore request that I may also be permitted to utilise the balance amount of Rs.191-15-0 during 1948-49. Necessary steps will be taken to complete the work during 1948-49.
