Elementary education—Scheme of supervision of district board schools by headmasters—Instructions issued.

From the Director of Public Instructions, dated 27th August 1946, No. 2700 B-3/46.

Order—No. 1839, Education, dated 23rd September 1946.

Elementary schools are generally inspected by officers of the Education department. As the jurisdiction of the Inspecting Officers is large, they are unable to visit elementary schools lying in the interior parts of districts frequently. A scheme was therefore introduced in 1944 under which headmasters of Board higher elementary schools were permitted to visit lower elementary schools maintained by district boards within a radius of five miles. The headmasters were entrusted with duties similar to those of a supervisor, viz., improving enrolment and efficiency of schools. They were granted a conveyance allowance of Rs. 5 per month and in big higher elementary schools an assistant was also allowed to relieve the supervising headmaster of a portion of his teaching work.

2. This system of inspection of elementary schools by supervising headmasters has been in force in a few districts. The Director of Public Instruction reports that it has been working satisfactorily and has yielded beneficial results and he recommends its extension to other districts. The Government accept his recommendation and commend the scheme to presidents of district boards. They may address the Director of Public Instruction for further details and instructions in the matter, if necessary.

ENCLOSURES.....

SPARE COPIES.....

Subject:-Education-Elementary-appointment of Supervisors-sanction requested.

I have the honour to state that there are about 810 Board Elementary Schools under this Board with nearly 2300 teachers. The normal expenditure under Elementary Education funds comes to nearly Rs.16 lakhs per annum. Many of the Board Schools are located in rural parts and in out of the way places. It cannot be said that all is well with elementary schools. Reports of irregular attendance of teachers are not in frequent. At times, reports are received that teachers do not even open schools for days together. It is not possible for the departmental officers-Deputy Inspectors-to visit these schools frequently and rectify the defects. They generally visit schools only thrice a year once for inspection and twice for paying visits. More visits are required to see that the huge sum spent on elementary education is spent usefully and profitably. More frequent surprise visits alone can improve the present condition.

2. I am of opinion that unless there is constant supervision either by the management or by the Inspecting Officers, the huge sum spent on Elementary Education cannot be said to have been rightly spent. In the interest of efficient supervision, I propose that a supervisor may be appointed for each taluk to supervise the Board Schools. The Supervisor will have to visit each Board school at least once in two months without any previous notice. The duties of a Supervisor will be confined only to see whether the school is in working condition and whether the teachers are present. He will note in the visit book the number of pupils on rolls and the number present and he will also verify the tools and plant. He is not expected to go into any other detail. The technical scrutiny that is ordinarily exercised by the Deputy Inspectors will be out of the purview of the Supervisors and Inspecting Officers will be the only persons to examine the technical side. The duties of

a

a Supervisor will in no way encroach on the legitimate duties of the Departmental Inspecting Officers and will not clash with their work.

3. The entire cost will be borne from the Elementary Education Funds. The scale of pay proposed to be given to these Supervisors will be on a par with that of the Upper Division Clerks. They will also be paid a a fixed travelling allowance of Rs.30 a month.

4. It may be said that the Government have under contemplation the scheme to appoint attendance officers. Their work will be mainly confined to compulsory areas and so they cannot have time to pay visits to all the schools. I therefore request that the Government may be pleased to sanction the employment of 8 Supervisors one for each taluk under this Board. The matter will be placed before the District Board and its decision will be communicated in due course.

Appointment of supervisors for elementary schools

Time for decision

The proposal of the DPI South Area in his letter read above for the appointment of supervisors of elementary schools may be considered. The question of introducing a scheme of supervision by headmasters as explained by the DPI in his letter dated 6-10-44 and for an extract from which the DPI South Area is addressed.

2. The DPI is requested to submit a report for the working of the scheme of supervision by headmasters in the districts where it has been introduced.

It has been the policy of the Govt not to allow any parallel inspecting agency under local bodies where there will be friction between the DPI or the Divisional Inspecting officers and the schools. The question was considered in the past and decided in the negative. Attention is invited to the following:

(1) G.O. Ms. No. 1906 Edn. dated 11.10.1933.

(2) G.O. Ms. No. 458 Edn. dated 23.3.1944.

3. It is not clear how the objects of the DPI can be realised by permitting members of the staff to pay visits to schools in accordance with Govt. Memo No. 4590 Edn. dt 7.11.35 and No. 2210 Edn. dt 16.9.38.

Sir,

Sub: Elementary Education - Scheme of supervision of schools by Headmasters.

Ref: Government Memorandum No.23091 B2/46-1, dated 29-5-1946.

With reference to paragraph 2 of the Government Memorandum referred to above, I have the honour to submit the following report:-

The scheme of supervision of elementary schools by the headmasters of higher elementary schools was introduced by the District Board, Chittoor, in 1943 and it has been working since then. All the headmasters of higher elementary schools are entrusted with this supervision work. Lower elementary schools within a radius of five miles come under the purview of a headmaster. These higher elementary schools are given an additional teacher to relieve the headmaster of a part of his work in the school.

These supervising headmasters are expected to pay two surprise visits to each of the schools every month and one visit to schools in the compulsory areas. Their duty is to guide the elementary school teachers in regard to the daily routine work such as maintenance of registers. The method of instruction etc. and also in the matter of enrolment of pupils by conducting Parents' association meetings. They are also of some assistance to the Inspecting officers to the extent that the suggestions given in the Inspection books by the officers are closely followed by the teachers.

It is also found that more systematic and regular work is carried on in the schools which are under their scheme and the satisfactory condition of most of the schools under supervision testifies to the beneficial nature of the scheme. Monthly diaries are also being submitted by these headmasters to the President and to the Inspecting officers.

These headmasters were paid by the District Board a supervision allowance of Rs.5/- till 1-8-1944 when this was increased to Rs.10/- per month. They are also paid a sum of Re.1/- each towards expenditure on contingencies.

The above scheme was one of those proposed by the President District Board in connection with the utilisation of the Subsidy paid to the District Board for the expansion of elementary education. Kind attention is invited in this connection to the Director's letter Rc.No.384 B/43, dated 25-3-1944.

Elementary Schools are generaly inspected by officers of the Education Department. In agreeing with the proposal of the President, District Board, Chingleput made in his letter under reference, I wish to add the following for favour of consideration and early orders.

There are 20 Supervising Centres under the Dist. Board. The Supervising Headmasters are paid at Rs. 11/- per mensem towards supervising allowance and contingencies for 11 months in a year. Further, to relieve the Supervising Headmasters, one Secondary Grade or Higher Grade teacher has been appointed in each of the Higher Elementary schools. As the Supervising scheme is not functioning well as reported by the District Educational Officer, Chittoor I request to abolish the scheme of supervision and to utilise the savings therefrom for opening new Board Elementary schools or for appointing Supervisors and to debit the expenditure to the Expansion scheme.

2. The system of Supervising headmasters in the district does not appear to have served any useful purpose, since it has failed presumably for the reason that no headmaster of the neighbouring Higher Elementary school has taken real interest in improving the standard of education in Elementary schools in his jurisdiction.

3. From the letter submitted by the President, District Board, Chittoor, it is seen that the supervision scheme has been abolished with effect from 1-7-50 and the savings accured therefrom are being utilised towards the employment of additional teachers required. This has also been taken into account and included in the Revised Estimate and Budget Estimate submitted in my letter Rop.13 B5/50-51 dated 26-3-51.

Sir,

Sub: Elementary Education - District Board, Chittoor - Supervision of elementary schools by Headmasters of Higher Elementary Schools - Abolition of the scheme.

Ref: Your T.M.No.15063-C/51-1 Edn. dated 29-5-51.

With reference to your T.M. cited above, I have the honour to submit the following remarks in the matter. It is presumed that the reference made in the message to District Board, North Arcot is an error for Chittoor District Board, as recommendations were made to Government only in connection with this district in my letter R.C. 256-B.1/50 dated 17-4-51.

It is felt that in general the scheme does not appear to have served any useful purpose and hence the question of abolition of the scheme of supervision depends mainly on the individual opinion of the President, District Boards and it is left to them to request for the abolition or retention of the scheme.

As regards Chittoor District, the President, District Board has requested for the abolition of the scheme and hence the same is recommended to Government. But regarding the abolition of the scheme

As regards the appointment of Supervisors, the P.D.B.'s attention may be invited to G.O.No.1076-Edn., dated 23-4-51.

In view of the D.P.I.'s remarks that the scheme in general does not appear to have served any purpose and in view of the recent

inspectorate of the Education Department, the question of abolition of the scheme in other districts also may be considered. Further, the savings on account of the abolition of the scheme can be utilised for opening of new elementary schools. The D.P.I. may be asked to send a report about the working of the scheme in the other districts after obtaining the opinion of the respective P.D.Bs.

A Draft Memo submitted on page 1 ante is for approval.
