C-1-4183/44 dated 24-11-44. and 10-12-44.

In submitting herewith copies of letters of the Commissioner, Villupuram Municipality, referred to above, I have the honour to recommend that permission may be granted for the deputation of women teachers to undergo flock leaders' training and to incur the necessary expenditure therefor.

2. In this connection I submit that scout and girl guide activities are legitimate school activities and the deputation of teachers for Training as scout masters etc. is very necessary. It seems to be an unnecessary formality to address Government each time for permission. So I suggest that Government may be pleased to delegate the power to the Director to sanction such expenditure in future.

I have the honour to be,
Sir,
Your most obedient servant,

for DIRECTOR OF PUBLIC INSTRUCTION.

Muhammadans and scheduled classes to fill vacancies allotted to these communities under the communal representation rules. The question has been raised whether in such cases lower elementary grade teachers of these communities may be appointed or whether higher elementary grade teachers should be selected from other communities.

2. The Government have carefully examined the question and while adhering to the policy that the lower elementary grade teacher should be eliminated as quickly as possible, consider that a concession should be made in the case of Muhammadans and the scheduled classes. They are accordingly pleased to permit lower elementary trained teachers (men or women teachers as the case may be) to be appointed from these communities when trained teachers of the higher elementary grade are not available for vacancies allotted to them. Before making such appointments the president, district board, concerned should satisfy himself, after advertising the vacancies, that candidates possessing trained teachers' certificates of the higher elementary grade are not available from the particular community. Every such appointment should be temporary for a period of three years or until the services of a higher elementary trained teacher of the community becomes available, whichever is earlier. The lower elementary grade teacher so appointed should be directed to improve his or her certificate during the period of temporary appointment failing which the teacher's services should be terminated.

ELEMENTARY Education Fund - Expenditure on deputation of teachers under local bodies for training as scout masters - Power to sanction - Delegation to D.P.I.

From the D.P.I., Re.130.B/45, dated 15-9-45.

Government have already empowered local bodies to incur expenditure from their E.E.Fund without the sanction of Government on the items relating to scouting mentioned in G.O.No.2409.Edn., dated 25-11-1930, and G.O.No.2392nd.13-2-51, in respect of the schools under their control. The ~~request~~ ^{proposed} of the D.P.I. is that the power to sanction expenditure on deputation of teachers for training as scout masters, etc., may be delegated to him. He considers that such delegation is necessary as the expenditure will not be covered by the orders in G.O.No.2409 Edn., dated 25-11-1930. As the local bodies have been empowered to incur expenditure on various items relating to scouting from their E.E.Fund and to incur expenditure on deputation of teachers in secondary schools for training in connexion with the movement, it does not seem necessary that local bodies should come up to Govt. for sanction to incur such expenditure in respect of teachers in elementary schools. The power to sanction the expenditure may be delegated to the D.P.I.

A draft order is submitted. Finance may see.
