Re.No.3124-B/42 dated 14-6-1945.

Sir, Elementary Education - Aided Schools - Building
Grant - Civic and Social Workers' Asso-
ciation's Elementary School, Nanjunda-
puram (Coimbatore District) - Recovery
of grant - Permission for institution
of - a Civil Suit - Requested.

An amount of Rs.363/- was sanctioned on 31-3-1937 as building grant to the Civic and Social Workers' Association's Scheduled Castes Elementary School at Nanjundapuram (Coimbatore District) by the defunct District Educational Council, Coimbatore. Owing to the ill-working, uneconomic and superfluous nature of the school, the District Educational Officer withdrew its recognition on 3-3-1942. As the building of the school thus ceased to be put to educational purpose and use within a period of 20 years from the date of payment of grant, I ordered under rule 7 of the rules relating to building grant of aided elementary schools, that a sum of Rs.272/- should be recovered from the management of the school. Although orders to this effect were passed by me on 20-9-1942, the management has not so far refunded the amount and that inspite of many reminders and registered and legal notices. Therefore, I consider that it is necessary to institute a civil suit against the management of the school for the recovery of the amount due to Government. The Government Pleader at Coimbatore, who has been consulted in the matter, has said that the suit, if filed, will stand in a court of law. I request therefore that Government may kindly grant permission for the institution of the suit.

 @@@@

The Recognition of the Scheduled Caste School in Nanjundapuram, under the management of the Civic and Social Workers' Association, was withdrawn in this office Rec.44 D/41, dated 3-3-1942 due to its ill-working uneconomic and superfluous nature. The school in question had received a building grant of Rs.363/- from the defunct District Educational Council, Coimbatore, on 31st March 1937. It has worked for about five years from the date of receipt of the building grant. The building is at present kept closed and is not put to any authorised educational purpose. The Secretary of the association has in reply to a communication from this office (copy enclosed for reference) agreed to refund the amount of grant drawn in case Government direct him to do so.

I have therefore to request you to fix the amount of grant that has to be recovered from the management with reference to rule 7 of Chapter III of the rules relating to Elementary Schools."

With reference to your Rec.above dated 1-2-42, I have to state that the Association is prepared to pay every pie to the Government on their orders as the Association has been long since planning to use the building for Adult Education work for the scheduled caste people of the village in case their children are able to secure education from any other source. But the Mahazars sent you by them about the continuance of the school and the letters sent by me along with it and the previous ones have not been favoured with a reply to this date. But the Association stand is as stated above.

Herewith I enclose the monthly return for January 42.

Your Rec.No.470 E1/42, dated 26-11-1943 regarding recovery of Building Grant from Nanjundapuram Civic and Social Workers' Association School.

In submitting herewith a copy of the latest communication of the Deputy Inspector, Coimbatore Range, to the President, Civic and Social Workers' Association, on the subject, I have to state as follows:-

2. The Secretary of the Association was at first addressed to refund the amount of Rs.272/- in this office R.C.No.156-D/42, dated 30-9-1942. After repeated reminders from the Deputy Inspector's Office, the Secretary promised to refund the amount but applied for a month's time in his letter dated 13-3-1943.

P.T.O.

This was granted, and on demand after the lapse of time, asked for, he applied for a further extension of time for a fortnight from 20-5-1943, and this was also agreed to. Then there has been no response from the Secretary for the further reminders issued by the Deputy Inspector. The Deputy Inspector had therefore addressed the President of the Association in his letter dated 27-8-1943 - copy of which was submitted to you in this office Rec.No.156 D/42, dated 7-9-43. He (the President) had been reminded on 13-10-1943 by the Deputy Inspector and I have not heard further. Evidently the Secretary and President have failed to refund the dues. I therefore request to be enlightened on the further course of action to be taken with reference to the last sentence of para.7 of the rules in Chapter III of the rules relating to Elementary Schools."

"I have the honour to invite your kind attention to the above communication and request you to refund the grant of Rs.272/- at a very early date. The Secretary promised to refund the money and asked for a month's time till April 1943 which was granted. It is now October and still the dues to Government have not been cleared. I need not point out to you that you will have to sustain additional and unnecessary loss, if legal proceedings are taken.

A registered notice was issued to the Secretary, Civic and Social Workers' Association, Coimbatore, in the matter as ordered in your Proceedings quoted above. He replied that the building may be auctioned by the Government and the grant recovered. Please see copy of his letter dated 17-2-44 enclosed. The course suggested by the Secretary is not possible unless the building is legally made over to the Government. I suggested this to the Secretary again and he says that he would place the matter before the Managing Committee. I think we can wait for a month and if the Managing Committee is not amenable the alternative will be to recover the grant through a court of law."

With regard to the above may I suggest that the above school building be sold in public auction by the department for recovering the above grant amount as the Pallars and other depressed classes of the village have not paid the amount as they had agreed to do and are also not anxious to use the building in any way.

Building materials are in great demand and the sale is likely to bring a good amount to pay the Government and also the debt of the association owing to non-receipt of grant for the school for over two years prior to the withdrawal of its recognition.

As there are many people who wish to bid in the auction, I would request you to give us atleast one month's time after fixing the date of auction. I trust this arrangement will be accepted."

Copy of letter No.25, dated 13-1-1945 of the Government Pleader, Coimbatore to the District Educational Officer, Coimbatore and the Nilgiris.

"Ref: Your Ref.R.C.No.156-D/1942.

Sub: Elementary Education - Aided Schools - Building grant - recovery Nanjundapuram Elementary School.

The Civil and Social Workers' Association, Coimbatore was registered as a society, under the Societies' Registration Act No.21 of 1860. The association started a day school for depressed classes at Nanjundapuram on 15-12-26. The Government gave a grant of 8 cents of land in Nanjundapuram on 6-7-1929 to the association, for the construction of a building for school and of a building for the residence of a teacher. The association commenced construction of the building in or about January 1932 and held the school in the incomplete new building in or about January 1933.

2. On 26-4-1935, the association applied to the District Educational Council for a building grant. On 29-7-35, the District Educational Council passed a resolution sanctioning

P.T.O.

the building grant to the association. After the receipt of the estimates and other particulars, the District Educational Council passed a resolution on 24-1-36, sanctioning grant of Rs.363/- towards the cost of the completion of the building. The building was completed during the period from 1-2-36 to 23-4-36. Meanwhile, the association applied for pay of the sum of Rs.363/- sanctioned by the District Educational Council. On 20-3-1937, the association executed a bond for Rs.363/- in favour of the Educational Council, as required under the rules relating to the elementary schools. On 31-3-37 the Council paid Rs.363/- to the Correspondent, Chinnappavu of the said association.

3. The school was conducted for about 5 years from 1937 to 1942. But on account of inefficient management, the authorities withdrew the recognition of the school on 3-3-42. As per the terms of the bond executed by the Association on 20-3-37, a sum of Rs.272/- was fixed by the Director of Public Instruction, as the proportionate amount payable by the association to the Government.

4. The association was called upon by the Government to refund the above said sum of Rs.272 to the Government. The Association applied for extension of time for payment, more than once. The Government granted extension of time more than once. But the association has not chosen to refund the amount of Rs.272/-.

5. However, the association has suggested a method of recouping the sum of Rs.272/-. The association has suggested that the school building may be sold in public auction, that the amount of Rs.272/- may be adjusted out of the sale proceeds, and that the balance may be paid over to the association.

6. The points that arise for consideration are:

- (1) Whether the association is liable to pay the sum of Rs.272/- as fixed by the Director of Public Instruction?
- (2) Whether the Government is entitled to recover the sum of Rs.272/- from the Association?

(1) On 20-3-1937 the members of the Committee of Management of the association executed a bond, and received Rs.363/- with a proviso that if the school was abolished at any time thereafter, or if the buildings were diverted to other than educational purposes, the owner of the building for the time being should pay a sum representing such portion of then market value of the buildings as the grant of Rs.363/- bore to the then market value of the buildings, namely Rs.727. There is another condition on the bond, that the above said proviso would cease to have effect, at the expiration of 40 years from 20-3-1937.

From the Correspondence, it is clear, that the school has been abolished, and that the building have been diverted to other than educational purposes. The association which is now the owner of the buildings, is therefore bound to refund the amount as mentioned in the bond. The Director of Public Instruction has fixed Rs.272/- as the proper amount which is payable by the association. It is provided in the bond, that the decision as to what is the market value of the buildings at the time when the buildings are diverted to other than educational purposes, was to rest with the Educational Council. As the Council has been abolished, the Director of Public Instruction is the proper authority to fix the market value of the buildings, and to fix the amount payable by the association.

Further the association has not taken objection to the figure of Rs.272/- fixed by the authorities.

Hence the association, as the owner of the buildings for the time being is bound under law to refund the sum of Rs.272/- under the terms of the bond dated 20-3-1937.

2. The bond dated 2-3-1937 recites that the association should refund the proportionate amount, when the school is abolished or when the buildings are diverted to other than educational purposes. But it does not specifically mention as to whom the amount was to be paid. But the recitals in the bond, that the District Educational Council is entitled to the exercise of any right which may have accrued to it, prior to the expiration of 40 years from 20-3-1947, implies, that the school will be entitled to receive the payment from the association, would be the Dt. Educational Council.

On a proper construction of the document, it would follow that the corporation which would be entitled to claim the amount and to collect the same from the association would be the District Educational Council.

The District Educational Council has since been abolished. The functions which were exercised by the District Educational Council, Coimbatore are now exercised by the authorities of the Education Department. The rights which had accrued to the Educational Council, have therefore devolved upon the Government. The Government would therefore be entitled to claim the sum of Rs.272/- from the association.

Under Chapter 3 rule 5 of the rules relating to the Elementary Schools, it is provided that if the grant sanctioned by the Government does not exceed Rs.500/- the bond to be executed by the grantee should be as in the form 21. The bond in this case, should therefore be deemed to have been according to the form No.21. In form No.21 the last clause in the bond reads as follows:-

"The Government shall be paid by the owner thereof for the time being, a sum which shall bear a like proportion to the amount advanced, as the unexpired number of years of the period of 40 years limited therein bears to the total number of years so limited."

At the time of the preparation of the bond, the Dist. Educational Council, by oversight, has not followed the terms of the bond in its entirety. The bond does not recite that the amount is payable to the Government. The above said error is only a bonafide mistake. But in view of the provisions in Chapter 3, Rule 5, and in view of the fact that the amount of Rs.363/- was paid to the association by the Council from out of the funds allocated by the Government, the Government would be entitled to claim a refund of Rs.272/- from the association.

From the bond, it appears that the Committee of Management who have signed the bond, consist of some responsible members, who may act up to the terms and conditions of the bond. The communications hitherto have been sent to the Correspondent, Mr. S. Chinnappavu. A communication may be sent to all the members of the Committee, who have signed the bond, so that one or more of them may persuade the Committee to make arrangements for payment of the amount to the Government immediately.

I am enclosing herewith a draft communication to be sent to members of the committee. Of the 11 members of the committee who have signed the bond, one of them Mr. S. Narasimachariar is dead. The communications may be sent to the other 10 members.

DRAFT COMMUNICATION.

Proceedings of the Divisional Inspector of Schools, Coimbatore Division.

Sub: Elementary Education - Aided Schools - Building Grants - Civil and Social Workers' Association - Elementary School, Nanjundapuram - recovery of Rs.272/-
@@@@

A sum of Rs.272/- is due from the Committee of the Management of the Civil and Social Workers' Association Elementary School, Nanjundapuram, under rule 7, Chapter III of the rules relating to Elementary Schools, and under the provisions of the Security bond executed by the said committee of management on 20-3-1937 under which they have bound themselves jointly and severally, to abide by the terms and conditions of the bond. Though the Secretary of the Association applied for time to pay the said sum of Rs.272/- and time was granted by the Government he has not paid the amount upto this date. The Secretary offered to deliver the school building to the Government for selling it in public auction and adjusting the sum of Rs.272/- out of the sale proceeds and mentioned that there was an offer of Rs.1,000 for the above said building. But he has not delivered possession of the school building to the Government hitherto. The Correspondent of Nadar Elementary School, Nanjundapuram made an offer to purchase the building for a sum of Rs.1000/-.

The members of the Committee of Management are hereby given notice that they should pay the sum of Rs.272/- within one month from the date of receipt of notice, or that they should deliver possession of the school building to the Government, agreeing to have the building sold in public auction by the Government to adjust the sum of Rs.272/- and expenses of the sale, out of the sale proceeds, towards the amount due the Government under the bond dated 20-3-1937, and towards the expense of sale, within one month from the date of receipt of the notice. They are further informed that if they do not do so, legal proceedings will be instituted against them for recovery of the amount due to the Government, with costs of such proceedings."

In continuation of this office Roc.No.156-D/42, dated 31-1-45, I have the honour to report that registered notices were sent only to 5 out of the 10 members of the managing committee (including the President and Secretary). The address of the remaining 5 members could not be got. 3 of them have replied to the notices. The President Sri P.S.G.Ganga Naidu has asked the Secretary to settle accounts immediately, but nothing has been done so far; the Secretary's reply is still evasive. Copies of the replies are submitted for information. I am of opinion that nothing will be done unless a suit is instituted in a court of law. Government sanction may be obtained for filing the suit against the association."

Kindly therefore arrange to settle their accounts and obtain the receipt from the Government either by selling the school building or by making other arrangements suggested to me personally.

I hope you will do the needful in the matter immediately, and advise me. I am also send a copy of this letter to the District Educational Officer, Coimbatore for favour of his information."

Copy of letter dated 13-5-45 of Sri P.S.G.Ganga Naidu, the President of the Civil and Social Workers' Association.

Referring to the above notice, received by me on the 5th instant I beg to state that I am laid in bed for the last two months, owing to an attack of Eczema of the whole body and so I am sorry that I could not call for a meeting of the Committee to decide the matter referred to therein.

When I offered to deliver the school building to the Govt. for selling it in public auction, it was also requested that you should arrange for its valuation by a responsible Government Officer. This was not done. The Committee was not willing to sell the building Rs.1000/- which was even then offered by the Nadar School authorities.

A scheme for utilising the building for educational purposes for the benefit of the rural community and demobilised soldiers in connection with the Post-War Rural Reconstruction work is now pending sanction with the higher authorities (Civil and Military) having been recommended both by the Collector of Coimbatore and the Government Imperial Entomologist, as will be seen from a copy of the correspondence.

Pending final orders of the above authorities I trust you will suspend your notice for taking further action. As soon as I am better, I will call for a meeting and send the reply."

Sir,

Elementary Education--Aided schools--Civic and social
Workers' Association's Elementary School, Nanjundapuram--
Recovery of building grant.

Reference:--Your Memorandum No. 26828 C/45-1 Edn., dated 8.9.45

The Elementary School building at Nanjundapuram constructed
with Government grant was utilised for educational purposes only
for about five years instead of the full period of 20 years pre-
scribed in rule 7 of Chapter III of the Rules relating to Elementary
Schools. Hence it was ordered that the proportionate grant for the
remaining 15 years i.e. three fourths of the total grant of Rs. 363
should be recovered. (Rs. 363 x $\frac{3}{4}$ = 272).

Regarding para 2, I have to state that the District
Educational Officer, Coimbatore has taken necessary steps to
resume the land given to the society on 6.7.1929 and he is corres-
ponding with the District Collector in the matter. I shall

The D.P.D. has reported that the Civil and
 Social workers' Assn had executed a bond for the building
 grant given to it by the defunct D.E.B, Coimbatore.
 Attention is invited to portions marked A, B and C
 on pages 10, 11 and 12 of. It is not clear on what basis
 the D.P.D. has fixed Rs 272/- as the proportionate grant
 to be recovered from the Assn. The point may be cleared
 up by a further reference.

2 From the Govt Pleader's letter on page
 9 of it is observed that the Govt gave a grant of
 8 cents of land in Nanjundapuram on 6.7.1929 to
 the Assn for the construction of a building for the school
 and of a building for the residence of a teacher. It is
 not known under what conditions the land was
 given. Now that the school has ceased to exist
 the question arises whether the land should not be
 resumed. In any case the matter requires clarification.
