R. Cl. No. 51/46

Dated 18.9.48

From

Dr. S.R.U. Sevoor M.A. D.Sc., I.E.S.,
Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education & Public Health Department.

Sir,

Madras Educational Service -- Creation of a
post of Additional Lecturer to assist the
Principal in the Madras Educational Service --
Teachers' College, Saidapet -- Proposal --
submitting.

I have the honour to state that in G.O.No.Ms.261
Edn. & P.H. dated 9th December 1936 the Government
sanctioned the appointment of an Additional Assistant
Lecturer in English in the Madras Educational Subordinate
service in order to give some relief to the then Principal
in his teaching work. The additional post of an
Assistant Lecturer has been continued ever since as the
necessity for giving relief to the Principal from
teaching work was fully established. The person
holding this additional post is an Assistant Lecturer
in the subject in which the Principal of the College
happens to be a Lecturer; for instance, this post was
held by an Assistant Lecturer in English so long as the
post of Principal was held by Sri Rao Bahadur N.R.
Krishnamma and by an Assistant Lecturer in Mathematics
when Sri C.N. Ganapathi Ayyar was Principal. Since
Mr. J. Franco became Principal, the post is being held
by an Assistant Lecturer in History.

2. In this connection I may point out that the
duties of the Principal, Teachers' College, Saidapet,
are heavy and onerous. He has under his control four
separate departments, the Collegiate, Secondary training
Manual training and Model High School. The work of
supervision, organization and administration takes up
almost the whole of his time and he has no time to take
up classes and the responsibility for teaching his
subject, in fact, mainly rests with the Assistant
Lecturer who is appointed to assist him. I may say
that the duties of the Principal of such a large insti-
tution as the Teachers' college, Saidapet, leave no
time to devote that attention to the teaching of his
subject which is necessary and proper. The Assistant
Lecturer cannot by himself be left in sole charge of
teaching the subject as it generally happens that the
Assistant Lecturers have not the requisite experience
or have not attained high standards in their subjects.
Many of them have only experience of lecturing to inter-
mediate classes and if the subject of the Principal is
to be given the same attention as it is given to other
subjects in charge of Lecturers in the M.E.S., the
Principal's subject should also be handled by a person
of the status of a Lecturer and not by an Assistant
Lecturer as at present. I may point out in this
connection that the Principal, Presidency College,

Madras who is on a par with the Principal, Teachers' College, Saidapet, in regard to pay, status, etc., has the assistance of an M.E.S. officer in his subject (i.e., Additional Professor to Assist the Principal). I submit that there is equal justification for providing the Principal, Teachers' College, Saidapet, also, with the assistance of an M.E.S. officer in his subject so that the Lecturer may have the sole responsibility of teaching his subject just as the Lecturers in other subjects have. This will give the Principal the necessary relief and enable him to devote his time to the proper supervision of the work in all subjects and departments of the College. I may also submit that this proposal is not intended to divest the Principal of all teaching work.

3. The necessity for affording such relief to the Principal is all the more urgent and essential now. The re-organization of the Teachers' College has assumed great importance and as the most important of the training institutions, this college will have to undertake the staff successful planning and introduction of a system of research on the various problems relating to teaching and education. The overhaul of the educational system is engaging the active consideration of the Government and the educationists and this college has a prominent part to play in devising an up-to-date and suitable system for training a large body of efficient teachers to work any scheme of educational development. It is, therefore, absolutely necessary that the Principal should be able to attend to the organisation, administration and supervision of the College, unhampered by the responsibility for teaching of any single subject.

4. In my R.R.Cl.No.51/46 dated 6.9.1946, I have recommended the appointment of Sri T.V.Apparasundara Mudaliar as Principal and Senior Lecturer, Teachers' College, Saidapet. He is an M.A. in Philosophy and an M.Ed. of the Leeds University with a Diploma in Education. I therefore consider him suitable for lecturing work in Education. If the Government are pleased to appoint him, the present Lecturer in Education in the M.E.S. will have to be replaced by a new Assistant Lecturer in the Madras Educational Subordinate service. I may state that the Lecturer in Education is solely responsible for two of the general papers of the B.T. degree Examination - 1 three-hour paper and a 2½-hour paper out of three general papers. He is the only Lecturer who takes the B.Ts as a whole for the largest number of periods in a week i.e., 7 periods. The time table of work of the Lecturer in Education is: --

- 1) General Principles of Education -- 2 periods.
- 2) Educational Psychology. -- 3 periods
- 3) General Methods ---2 periods

The present officiating Lecturer in Education, Sri K.R. Appalacheriar, is also in charge of the attendance of the B.T. students and their leave applications. He is the Vice-President of the General Association. In addition to these items of work in the B.T. department, he takes (in two periods of work on General Principles of Education also) for the Secondary Grade training students. He also lectures to the M.Ed. students on two current problems, and he supervises the theses of three M.Ed. students. The transfer of Sri K.R. Appalacheriar, I feel, at this time, would thus prove detrimental to the interests of the B.T. students, the Secondary training students

orders just issued

and also to the M.Ed. students. As such his retention in the Teachers' college, Saidapet is very desirable. In case a lecturer is not appointed, an Assistant Lecturer in Logic having experience of teaching only in two classes of the Intermediate will have to be appointed. Such an Assistant Lecturer will not be able to do full justice to the work which is now being done by the Lecturer in Education.

5. Another point for consideration is that out of the two posts of Lecturers in Education in the M.E.S., one in the Government Training College, Rajahmundry, is reserved to be filled by Direct recruitment of a War service candidate; the other post (in the Teachers' college) is substantively held by Sri K. Guruswami Reddiar. If and when the post in the Government Training College, Rajahmundry is filled by a Direct recruit with war service and the post in the Teachers' College is held by Sri T.V.Apparasundara Mudaliar, the permanent incumbent of the latter post (Vice Sri K. Guruswami Reddiar) will have no place in the Collegiate section. His posting in the Administrative section is not desirable. It is therefore essential that the post of Lecturer in Education should be separate and should not be merged with the post of Principal of the College.

in the MES.

6. Considering all the circumstances, I have the honour to recommend that the Government may be pleased to sanction ~~xxxxx~~ the creation of a post of an Additional Lecturer to assist the Principal, Teachers' College, Saidapet, instead of creating the usual post of Assistant Lecturer in Education in the Madras Educational Subordinate service. The new post in the M.E.S. may be created with effect from the date on which the new Principal assumes charge.

I have the honour to be,
Sir,
Your most obedient servant,

M. K. S. S. S.
for Director of Public Instruction

G.A.W./19.9.1946.

COLLEGE, TEACHERS', SAIDAPET - Temporary post of an Additional Lecturer in Education - Sanctioned.

From the D.P.I. R.C.No. 51/46. d. 8.9. 1946.

ORDER / MS. No. 1950 Edn. dated 12.10.46

The D.P.I. is informed that an officer of the M.E.S. cannot be appointed as a matter of course to assist the Principal, Teachers' College, Saidapet, whatever be the subject in which ^{latter} ~~the~~ is qualified to teach. In the special circumstances now reported, however, the Govt. sanction the employment in the College, with effect from the date on which Sri T.V. Apparasundara Mudaliar takes charge as Principal, of an Additional Lecturer in Education on the scale of

Rs. 200-700 for a period of two years or till the Principal ceases to be the Senior Lecturer on Education, whichever is earlier.

2. The post of Assistant Lecturer in History sanctioned for the College in G.O.No. 776 Education, dated 18.5.1944, will be abolished from the date of employment of the Additional Lecturer sanctioned in paragraph 1 above.

To the D.P.I.
A.G. thro' Fin.

M.E. Smt Teachers College
Saidapet. Creation of an
Addl post of Lecturer
to assist the Principal
in his teaching work.
In G.O. no 2618 Ed. D. 9-12-36
the Govt sanctioned the appi of
an addl asst Lecturer in the
Teachers' College, Saidapet, to assist
the principal in his teaching work.
This post is being continued as
the D.P.I. has become necessary
in his letter
of this post of Asst Lecturer,
M.E.S. should be created to assist
the principal. The necessity for
the proposal has been fully
explained by him.
The following points
are urged in favour of the pro-
posal:
(i) The existing Asst
Lecturer is not in a position to
render much assistance to the
Principal for the reason that he
is not the requisite
standard teacher.

responsible for his work. A lecturer in the M.E.S., on the other hand can attend to his work independently and thus give real relief to the principal.

(ii) In view of the reorganization of the Teachers' College and the various important work of administration and supervision which will devolve on the principal in that connection he should be relieved as much as possible of the independent teaching of any single subject. This is possible only if a lecturer is appointed to assist him.

(iii) The present lecturer in Education in the College is attending to various other important duties in addition to his regular work. On the appn of Sri P. P. S. Sundara Rao, who is qualified to teach this subject, the above lecturer has under existing orders, to be replaced by an Assistant Lecturer. This is not in the interests of the B.T. Secondary Training and the M.E.S. students.

The above arguments have considerable force. In the interest

By
30/9/46

the proposal may perhaps be accepted as a temporary measure for one year.

The post is required to be sanctioned with effect from 10-10-46, the date on which the new principal takes charge.

May be sent to Fin. for remarks.

Para 1, 10/10/46

Finance 23

In 1936 the Govt sanctioned the appointment of an Assistant Lecturer in English in the Madras Educational Subordinate Service to give relief to the then Principal of the Teachers' College, Saidapet in his teaching work.

The arrangement was continued ever since in the following manner: the person holding the post of Assistant Lecturer will take the subject in which the Principal of the college happens to be a lecturer in the post lecturer having experience in that subject will be appointed to assist the Principal. This arrangement has obviously been considered not to have given much convenience in the past.

It is now stated that the Principal cannot do justice to his teaching work in addition to his administrative work and the D.P.I. thinks that the Principal should be able to attend to the organization, administration and supervision of the college unhampered by the responsibility for teaching any single subject.

Taking into account the fact of a new Principal

2. It is thus clear that the proposal is merely made in the interest of the new incumbent to the post of Principal who happens to be ~~an~~ ^{only} Lecturer in Education. It is not clear whether this subject alone is so important as to need a separate post of Lecturer. Again if in future another Principal is appointed with lecturing work in some other subject then again similar arguments will be adduced for having in addition a separate post of lecturer in M.E.S. in that subject in lieu of the usual post of Assistant Lecturer. And it may not then be possible to revert to the old system of appointing an Assistant lecturer in the other subject to assist the Principal.

3. Finance may accordingly suggest that as no convincing arguments are given for the proposal made in this file, it may be negatived. If, however, the proposal is to be ~~passed~~ ^{passed} this Dept. may ask Education to circulate the case to H.P.M. as the extra cost will be over Rs.3000/- per annum. *The arrangement may be to occur in the first instance.*

This dept. cannot agree to an official

which are common to all the students in the College. ~~It is~~ i.e. that his classes will generally be bigger than those handled by a lecturer in a subject like Mathematics or History. The Education Lecturer has other work which cannot apparently be attended to by an Asst. Lecturer. For these special reasons this dept may agree to an M.E.S. post being created in lieu of a Subordinate Service Post. So long as the Principal happens to be the Chief Lecturer in subjects now handled by the Education Lecturer
