Designation Director of Public
Instruction, Madras.
Station

Received 29 JUL 1946 Registered
The Secretary to Government,
Education & Public Health Department, Madras.

Enclosures: Re. No. 100 C/46 dated the 26th July 1946.

Sir,

PUBLIC SERVICES -- Posts in the Colleges of Engineering
Qualifications of Sri K.S. Bikshandeswaran for appointment -- Orders soliciting-
Ref: Your Confdl. Letter No. 23 A.4 Edn. dated 23.5.1946
addressed to the Madras Public Service Commission

With reference to sub paragraph under paragraph 3 of your letter referred to above, I have the honour to submit the case of Sri K.S. Bikshandeswaran for reconsideration of Government.

2. As Government consider that great importance should be attached to direct experience in workshops I propose to transfer Sri K.S. Bikshandeswaran immediately to the College of Engineering, Guindy, as a Laboratory Assistant so that he could gain the requisite direct experience for promotion to higher posts in due course. However, even for appointment as Laboratory assistant a person should possess a degree in Electrical Engineering of the University of Madras with practical experience for a period of not less than one year in electrical works. Although Sri K.S. Bikshandeswaran does not

possess a 'degree in electrical Engineering of the University of Madras' he possesses the "Certificate of Proficiency in Electrical Technology of the Indian Institute of Science, Bangalore". Besides, he has Laboratory experience and experience in teaching the subject for over 6 years now.

3. In this connection, I may point out that in G.O. Mis. No. 1926 Edn. dated 19.11.1945 the Government have accepted this "Certificate of Proficiency in Electrical Technology of the Indian Institute of Science" as equivalent to :-

A Diploma in Electrical Engineering of the College of Engineering, Guindy, with honours and the B.E. degree of the University of Madras.

As already pointed out in my letter to Government, Rc.No. 100 C/46 dated 9th March 1946 the Certificate of the Indian Institute of Science is recognised all over the world as equivalent to a degree in Electrical Engineering. In the above circumstances the qualifications possessed by Sri Bikshandeswaran are higher than those prescribed for the post of Electrical Laboratory Assistant. Since, however, this certificate of Proficiency in Electrical Technology is not specifically mentioned as an equivalent or alternative qualification to the B.E. Degree in Electrical Engineering of the Madras University, with reference to Rule 17(b)(ii) of the General Rules for Provincial and Subordinate service, I solicit the approval of Government to treat the qualifications of Sri Bikshandeswaran as equivalent to those prescribed for the post of Electrical Laboratory Assistant so that I may transfer him as a Laboratory Assistant, in the first instance.

4. I also request that the Government may be pleased to issue general orders declaring the Certificate of Proficiency in Electrical Technology of the Indian Institute of Science as equivalent to the Diploma in Electrical Engineering of the College of Engineering, Guindy, with honours and the B.E. degree of the University of Madras.

5. I may point out that a great difficulty is felt in getting technical men who satisfy all the qualifications as at present prescribed in the Statutory rules for certain posts in the Engineering Colleges. It is understood that the University of Madras are considering the question

question of prescribing qualifications for Professorships of the various Engineering subjects. I shall address Government separately in due course, in regard to the revision of the prescribed qualifications after the University regulations are issued.

M. S. Hanumanth
27.7.46
for Director of Public Instruction

G.A.W./27.7.1946.

Letter No 41386 A/ub-1 Edu & 6-8-46

To The Secy, M.P.S.C., Madras (with Encl)
Sub M.E.S.C. - Sri K.S. Bikkshandeswaran,
Asst Instructor in Electrical Engg.,
