Copy of letter from the Resident for the Madras States, Trivandrum, to the Chief Secretary to the Government of Madras, Fort St. George, Madras, No.P.2693/45, dated the 7th June 1945:-

Education - Madras Agricultural, Veterinary, Medical and Engineering Colleges - Admission of candidates from the Pudukkottai State.

I have the honour to forward for favour of consideration and remarks, a copy of letter R.C.No.A.4-613 of 1945 dated 19th May 1945 from the Dewan of Pudukkottai.

Copy of letter from the Dewan of Pudukkottai to the Resident for the Madras States, R.C.No.A.4-613 of 1945 dated 19th May 1945:-

Education - Technical - Madras Agricultural, Veterinary, Medical and Engineering Colleges - State candidates - Admission.

1. Your letter No.P.1603/32 dated 6-12-1932.
2. " R.Dis.3070/32 dated 1-11-1932.

Before 1920, students of the State seeking admission into the various Technical Colleges in the Madras Presidency were on the same footing as those from the Madras Presidency. In 1920 the Madras Government modified their rules of admission in respect of students from Indian States seeking admission to the Agricultural College at Coimbatore. From that year, while students from the Presidency were given free tuition, students coming from Indian States were required to pay a fee of Rs.400/- per term. The course in the Agricultural College runs for three years and each year consists of three terms. So, the State students has to pay Rs.3,600/- for tuition alone while the Presidency student pays nothing. Owing to this differentiation few Pudukkottai subjects can afford to send their sons to the Agricultural College.

2. Students from Indian States were admitted without extra fee to the Veterinary College before 1932, but from 1932, they are required to pay twice the fees paid by Madras students.

3. In the Engineering College also our students were admitted without extra fees till 1928. After that year, admissions were restricted to Madras students and students from South Indian States were practically shut out. As a result of representations made by the States, four seats were reserved for Travancore subjects and one seat each for subjects of Pudukkottai, Cochin and Sandur. But this Darbar have to pay a contribution of Rs.800/- per annum for the candidate they nominate. (Madras Government's G.O.No.Ms.1757 dated

-2
dated 3-12-1932 communicated in your letter dated 6-12-1932 quoted above.

4. Similarly, the Madras Government reserved one seat in the Madras Medical College for subjects of the Pudukkottai State and the Darbar have to pay in advance a contribution of Rs.1,000/- per annum for the candidate they nominate. (Madras Government's G.O. No.2212 PH/MS dated 25-10-1932 communicated in your letter dated 1-11-1932 quoted above). But if a student of the State gets admission independently without the intervention of the Darbar he is required to pay Rs.400/- per annum.

5. The desire to join Technical Colleges is increasing daily and it will be all the greater in the coming years when it is expected that the industrialisation of India will be accelerated and more Technical Colleges will be opened in the various Provinces of India. The general level of education in this State is much the same as that in the surrounding British districts. Being a small State with limited resources, Pudukkottai can never have Technical Colleges of its own. The subjects of the State have to depend entirely upon the Technical Colleges in the Madras Presidency. The Darbar would urge that for purposes of technical education, the State should be treated as part of the Madras Presidency and its subjects treated in the same manner as those of the Presidency. In the post-war years of reconstruction, and especially in this matter of technical education, the policy of the various units of British India cannot be one of isolationism but of interdependence.

6. Deserving and capable students of the State cannot now hope to enter these Colleges as they cannot afford to pay the heavy fees demanded by the Madras Government. It is even now keenly felt both by the Government and by the people that there are not a sufficient number of qualified Engineers, Medical men, Agricultural Instructors and Veterinary Doctors in India and that the number of such qualified men should be greatly increased, especially after the war. Ambitious schemes are being framed for the amelioration of the ~~san~~ conditions of the villagers, in matters relating to sanitation, health, increase in the number of cattle and growing more food, and so on. State students who qualify in these Technical Colleges are quite likely to enter British service.

7. The Darbar would be obliged if you would do your best to persuade the Madras Government to take these facts into consideration and admit students of this State to all their Technical Colleges on the same terms as those of the Presidency, so that they may be of help in the fulfilment of the postwar plans of the Madras Government or at least to reserve not less than three seats, for subjects of the State in the Medical and Engineering Colleges at Madras and abolish all excess fees demanded from them in all the Technical Colleges.

8. The Darbar understand that the Government of Madras are opening a Medical College at Madura. They will be much obliged if you would move the Madras Government to reserve five seats in that College every year for subjects of the State without charging any extra tuition fees.

Sir,

Colleges - Engineering and Medical - Reservation
of seats for students from the Pudukkottai State.

Ref:- Your letter No. P.2693/45 dated 7-6-45.

With reference to the letter of the Dewan of Pudukkottai forwarded with your letter referred to above, I am directed to reply as follows in regard to the admission of students of Pudukkottai into the Colleges of Engineering and the Medical Colleges of this Presidency. A separate communication will be sent to you about the Madras Veterinary College and the Govt. Agricultural College, Coimbatore.

2. This Govt. have ^{always} acted on the principle that the professional and Technical institutions started and maintained by them are primarily intended for students belonging to this Province. They are unable to accept the proposition that an Indian State, which stands apart as a unit in other respects, should for this purpose alone be treated as part of this Province on the ground that it is not in a position to start and run such institutions itself. At the same time I am to point out also that it is on a recognition of that handicap, that, as a measure of neighbourly good feeling, the Govt. have already made arrangements for the reservation of seats for the students of the Pudukkottai State as well as for other States and administrations outside this Province, in the College of Engineering, Guindy and the Madras Medical College. That scheme of reservations is itself a concession; and since those outside administrations had not shared any portion of the capital cost of the institutions in question, it is not unreasonable to recover from them the cost to this

Govt. of educating a student in the institution concerned, whether by way of a contribution from them on that basis in respect of the students nominated by them, or of levying fees at double the rates from such students coming from those areas as get admission independently. This Govt. regret, therefore, that the present arrangements cannot be altered. Different conditions would arise.. if, and only if, before new institutions are started by the Govt., arrangements are made by which outside administrations agree to bear a portion of the capital costs and maintenance costs in return for a stipulated number of students to be admitted on the same conditions as students belonging to this Province.

3. In view of the fact, that however, a College of Technology has been recently opened at Coimbatore, the Govt. are now prepared to allot two seats, instead of one, in the Govt. Engineering Colleges for students of the Pudukkottai State. The cost of educating a student in the Engineering College is now calculated at Rs 700/-. The Government are, therefore, willing, too, to reduce the contribution recovered from the State for the students to be nominated by it from Rs 800 to Rs 700 per annum. I am to request you to ascertain whether the Durbar is agreeable to this arrangement.

4. I am to add that the contributions to be recovered from the Cochin Govt. for the two seats reserved for Cochin students in the College of Engineering, Guindy, will also be reduced from Rs 800 to Rs 700 per annum per student and I am to request you to inform the Cochin Government accordingly.

5. As regards the reservation of seats in the Medical Colleges, I am to say that the number of seats available in these institutions have not been increased since 1937. The number of students belonging to this Presidency now applying for admission to the Medical Colleges are far in excess of the seats available in them, and requests recently made by the Travancore and the Cochin Govts. for an increase in the number of seats reserved for their students in these institutions had to be negatived. In these circumstances, the Government regret they are unable to accede to the request of the Durbar to increase the number of seats reserved in the Madras Medical College for students

of the State. The question will, however, be reviewed later, after a Government Medical College is opened at Madura.

Ref:- Your Proceedings R.C.No. 1139-A/45 dated 31-12-45.

Of the 2 seats reserved for pudukottah state students, one may be reserved in Guindy Engineering College and one in the Arthur Hope College of Technology in Coimbatore. The courses of studies in the Guindy Engineering College lead up to degrees in (1) Civil Engineering, (2) Highway Engineering, (3) Mechanical Engineering, (4) Electrical Engineering and (5) Telecommunication Engineering. The courses of studies in Coimbatore College lead up to degrees in (1) Civil Engineering, (2) Automobile Engineering, (3) Electrical Engineering and (4) Textile Engineering. It will be thus be seen that advantage can be taken of the greater choice of selection in subjects, by having one seat in each college.

omit Reduction of fees from Rs. 800 to 700 may be given effect to, from 1946-47 session.

of two seats for Pudukkottai Students - Sanctioned

C.No 26826/45, From the Resident, Madras State, Lr No P. 2693/45 dtd 18-9-45
and 18-9-45

C.No 1969 Edn 2 15-10-1946

The Govt have decided that one seat should be reserved every year in the Engr. class of the A.H. College of Technology, Coimbatore for students of Pudukkottai State in addition to the one seat already reserved for them in the College of Engrg, Coimbatore. The reservation will be subject to the conditions laid down in C.No 1757 Edn 2 3-12-32 with a slight modification that the Contribution payable by the Pudukkottai Durbar ^{the Government} on behalf of a student of the 2 students in the Engr. class will be Rs 700 instead of Rs 800 per annum.
2. The one seat now reserved

for the students of Pudukkottai State will be in addition to the 98 seats fixed for the A.H. College of Technology, Coimbatore in C.O. No. 1919 Edn 2 - 7-10-46.

Encls &

Engineering College, Guindy - Admissions of students from the Pudukkottai State.

Referred to the D.P.D. for remarks on the request made in para 7 of the letter from the Dewan of Pudukkottai so far as it relates to the Eng: College, Guindy.

wa 28.6.45 *MM 29/6/45*

Note Copy of the current has been given to D, with up to Madal colleges.

wa 28.6.45 *MM 29/6/45*

To the D.P.D. (with ch to be uld mtr. reply)

I doubt if it is a good reference to D. P. S. There are two issues (1) whether seats would result from the position taken up in 1932 - P on p. 1 c. 7.
 (2) whether in the Eng. college they would reserve say, 4 ~~3~~ places for P. Kottari students.

N/9

The answer to (1) should be in the negative in the circumstances obtaining: each has the same amount per capita for each state as of the two seats reserved for it in the Eng. college, Guindy and there is no cogent reason for treating P. Kottari in a different manner. It is unnecessary for P. Kottari students to pay it ^{all} themselves. The State can pay the amt. to the college and reserve anything that it likes to reserve from making any reservation from the students. The Dabbar may be useful.

Page 4 of 8 No. 2048 Ed. 22 10-27

Placed page 21 of 500 1747-5000 (A) 3-12-12

informed accordingly too: the Residents
 As regards (2), now that we are having a second Govt. Eng. college (contributed) it should not be a difficult matter to reserve four places in the aggregate for P. Kottari instead of the one now allotted. ~~The~~ In the Dabbar may be asked how many seats they want: in practice they are not likely to require all the four for some time: for one or two students may avail the Annual exam: Eng. college.
 May a draft be prepared in the foregoing terms?

Y. in paper 6.2-10 S. Men in
 The no. P. Kottari is in decision to be made by the admin. in terms.
 1/7/45

(2) Originally there were no orders prohibiting the admission of students belonging to ^{Indian} States to the Eng. college. In 1924 instructions were issued to the D. P. S. that in making admissions candidates belonging to this Presidency should be preferred to those from ^{Indian} States and outside areas - please see Do on page 12 of No. 1777 Ed. 8 19. 11. 24. The question of reserving seats for students from Indian States was considered a number of times after that. In 1932 the question was again taken up at the instance

to the Governor General, Madras State, and orders
were passed as in G.O. 1957 Edn 3.12.32. (A)

With the opening of an Eng. college by
the Travancore Govt., Govt. of Madras
awaiting the reservation made on its behalf
in 1932 - A/28. The details of 'reservations'

now current are at p. 9 of G.O. 331 Edn 3.3.46 (W)
Previous discussions in the main central round
two college plans available and their
inadequacy for meeting the demands of
the Province. The 'terms' have referred to
the expense which Govt. incur on the
maintenance of expensive prof. colleges.

The revival of the matter in 1932 partly
hinged on an idea borrowed in by the D.P.G.
of the day - that the time was opportune to attempt
a change in policy & a "he probably
had in mind the federal idea subsequently embodied in
the G.O. of 7. Feb, 1935"

11.2.45

(1) Extra seats can be suggested only on the same principle
(of population) as was applied at "A"/10. What would it work to
w?

(2) I think the present 'cost of training' was put higher -
when we considered seats for Orissa?). It is that cost that will
have to be adopted now for extra seats. (Have we already applied
increase to the existing reservations also?)

M.V.S., 12-7-45.

(1) above: In 1932 the population of Madras Province and

Pudukottai was reckoned as 43 million and half-a-million resp.
The number of annual admissions to the Engineer class being then
60, a strict arithmetical ratio would have given only two-thirds
of a seat to Pudukottai. It was then obviously necessary to
round off two-thirds into one. With a population now of about
50 millions for Madras Province, Pudukottai continuing to be
half-a-million, the proportionate quota for Pudukottai out of a
total of 199 seats now available (124, Guindy plus 75, Coimbatore)
would be ~~now~~ 2. We may perhaps agree to allot two seats for Pudu-
kottai.

(2) above: As will be seen from pp. 3-4 of the
notes to G.O. No. 1066-Edn., dated 16-7-1945, the contribution
recovered for reserved seats has not been uniform. Perhaps the
rate of Rs. 700 per student per annum adopted in the case of the
latest reservations (Orissa and C.P. & Berar) may be followed
for the additional seat for Pudukottai. In that case, that rate
may be applied also to the one seat already reserved for Pudukottai and,
likewise, to the 2 seats reserved for Cochin.

3/21.8.45 S/ P. Sub.
J. M.

As to the general questions raised:-

In the absence of "Federation" -- and perhaps even
in the event of "Federation", the State cannot properly
ask to be treated as one with this Province for this
kind of benefit alone -- particularly as the benefit is
one sided: the circumstances do not obviously allow of
any reciprocity. We may possibly envisage circumstances
where, by agreement, we start institutions which will
serve neighbouring States as well as our Province on the
footing that the expenses of starting them as well as
of running them should be shared -- both the proportion
of the benefit and the proportion of the costs being
specified. But pending such developments, we can only
make such arrangements as we can on the score of
neighbourly good feeling. It is in fact on that
footing derived from some of the general aspects which

have been indicated in the letter from the State, that the arrangement of reservation of seats has itself been made. Where no portion of the capital costs of an institution had been shared by the States concerned, it is not unreasonable that at least the cost of educating a candidate of a State should be recovered. This may be indicated to the Resident; we may add that in view of the increased admissions, we are now prepared to allot 2 seats instead of the one now allotted -- "M" at page 5 ante -- on payment of costs as at "N" at page 5 ante and ask whether the Pudukkottai is agreeable.

22/8/45. Pub: Est. No. 26826 of 45

Pulse. (Poll) Dept.

May be perused and passed on to Finance.

30.8.45 - 30.8.45 This Dept. may agree with E & P. H. Secy.

I agree. We don't ask the parents of the students to pay. We expect the Barbar to pay.

Fin (Exp A)

This Dept also may agree with E & P. H. Secretary (Pulse (P. H.) No. 1344 of 45)

6.9.45 (The effect of the suggestion at A on page 3 above will be to reduce the amount payable for each student sent either from Pudukkottai or Cochin State from Rs. 800 to Rs. 700 p.a. This reduction is due to a reduction in the cost of educating a student at the Engineering College.

To As This file relates to the U. 101st representation made by the Pudukkottai State

requesting that the students of that State should be admitted to all the Technical colleges of this province on the same terms as those applicable to students of this province regarding fees etc. The matter has been dealt with in this file so far as it relates to the Engineering and Medical colleges and a reply has been sent to the Resident for Madras States on pp 3-5 CF in respect of these colleges, from the E & P. H. Dept. The file has now

B p 3 C F

to this Dept with reference to 'A' on p. 3 of
stating that a separate communication would be
sent to the Resident about the Vely & Agricultural
colleges. An extract has already been received in this
section relating to this subject and a separate
file has been started. A suitable reply will be sent to
the Resident as soon as a decision is arrived at.

With these remarks, the file may be returned
to E & P H Dept.
