No. 2599-1/46 dated 19th Septr. 1946.

Sir,

Sub: Government Museum - Madras - Botany Section -
Purchase of a Microtome - Sanction requested.

I have the honour to address Government for
sanction to purchase a Microtome for the Botany Section.
The want of the apparatus is a serious handicap to the
research work on plants in this section. A provision
of £ 165/- out of £ 255/- has already been made for the
purchase of microtome under "Charges in England" in
Revised Estimate for 1946-47 (Please see letter No.1586
dated 16-8-46 from the Deputy Secretary to Government,
Education and Public Health Department). Early sanction
is requested with a view to placing necessary orders for
its supply. Necessary import license will be applied

 No. 3216-3/46 dated 10th January 1947.

Sir,
 Government Museum - Indent for Foreign Stores
 for the year 1946-47 - Botany Section - Purchase
 of a Microtome.

Handwritten notes: "p3-4 (I)", "p3-4", "Recd 11/1/47".

As directed in G.O. No. Ms. 1974 Edn., dated 15th October 1946 an indent was placed with the Director-General, India Store Department, Blackpool for the purchase of a Spencer's Microtome of Messrs. Spencer Lens Co., Buffalo, New York, at a cost not exceeding Rs. 2,200/-. The Director General has in his letter HN. 1223/46 V.E. dated 26th December 1946 (copy enclosed pointed out that the instrument being a product of an American firm our demand should have been forwarded through the usual channels to the Director General, Industries and Supplies, New Delhi, who if he concurred would then have forwarded the indent to the India Supply Mission in Washington. Since the Spencer's Microtome is the best, it is highly desirable that

this

this particular make of instrument should be brought into service in the Botany Section. I have therefore the honour to request that the Government will be pleased to forward the enclosed letter to the Director General, Industries and Supplies, New Delhi, with its enclosures for the supply of the Spencer's Microtome.

Sir,

Government Museum Indent for 1946/7
for Spencer Microtome.

With reference to your letter dated 9th December 46, I am directed to point out that the above instrument is a product of an American firm and that if this particular make of instrument is essential your demand should have been forwarded through the usual channels to the Director-General, Industries and Supplies, New Delhi. If he concurred, that officer would then have forwarded the indent to the India Supply Mission in Washington.

It is believed, however, that a suitable substitute can be obtained in this country, and enquiries are, therefore, proceeding. Will you please confirm by telegraph that if a suitable instrument is obtainable in the United Kingdom it may be ordered.
