G.O. No. 1976, 15th October 1946

Schools—Elementary—District boards—Production of age, health and vaccination certificates by untrained teachers and teachers appointed in short vacancies—Dispensation with—Ordered.

Order—No. 1976, Education, dated 15th October 1946.

Owing to the dearth of qualified teachers, the Government permitted district boards, in paragraph I. (iii) of G.O. No. 1714, Education, dated 27th October 1945, to employ untrained teachers, with the approval of District Educational Officers. The appointments of such teachers should not last for more than a year and are liable for termination even earlier if trained teachers become available. A suggestion has been made that the produc-

tion of certificates of age, health and vaccination by these untrained teachers, and also by teachers appointed in short vacancies under rule 8-A of the Rules relating to establishments under district boards, need not be insisted on and that service registers need not be opened for them either. The Government accept the suggestion and direct that effect be given to it in future.

Sir,

Sub: Elementary Education - District Board, Salem -
obtaining age, health and vaccination certificate
for untrained teachers - dispensing with.

Ref: Letter from the President, District Board,
Salem Rc.No.10188/46-E7 dated 26-6-46.

In submitting herewith a copy of the President's letter referred to above, I have the honour to state that for the reasons stated by the President, District Board it appears reasonable to dispense with the production of the certificates and so the proviso to rule 10 of the Establishment Rules of Municipal Councils and District Boards may be amended suitably in such and similar cases. In the meanwhile the provisions of rule 10 may be relaxed by Government in the cases under G.O.No.3111 L.A. dated 12-11-41. There is no need to open

Establishment-Elementary Education-obtaining age, health, and vaccination certificate for untrained teachers in Board elementary schools dispensing with instructions requested.
Roc.No.10188/46 E7.

District Board Office,
Salem dated 28-6-46.

From
Sri K. A. Nachiappa Gounder P.L.A., President, District Board, Salem.
To
The Director of Public Instruction, Cathedral Post, Madras.
Sir,

(W)
In accordance with the instructions issued in G.O.No.1714 Edn., dated 27-10-45 unqualified teachers are being appointed to Board elementary boys and girls schools under this District Board after obtaining the required exemption from the District Educational Officer Salem and the Inspectress of Schools V Circle, Coimbatore as the case may be in order to provide teachers to the schools in compulsory and ordinary areas owing to the dearth of qualified teachers.

2. As a rule for every person appointed in public service for the first time, a certificate of age, health and vaccination should be demanded and the individual should open a service book on his behalf. But the production of the above certificates may be dispensed with if the President District Board considers that the appointment will not last for more than 3 months.

3. In the cases of untrained and exempted teachers appointed to Elementary schools their appointments are for not more than one year and are liable for termination as soon as trained hands become available even before this one year's period. Further the untrained teachers have no locus standi and they cannot claim probation or be eligible for confirmation increments etc.

In the circumstances it appears that the production of age, health and vaccination certificate from such teachers and the opening of service register on their behalf may be dispensed with. A reference in the matter was made to the District Inspector of L.F.Accounts, Salem in this office letter Roc.No.10188/46 dt.28-5-46. In reply the District Inspector of L.F.Accounts has stated that the matter may be referred to you.

: 2 :

There is already a great dearth of qualified teachers. Even untrained hands do not apply for the teacher's posts because the salary is so low namely Rs.15 only 3 Rupees more than that of a peon and in case they are asked to produce such certificates at their own cost performing journeys to the places where such medical officers reside or to open a service register in the District Board Office, coming all the way from the various parts of the district, it costs them more than a month's salary in many cases for their service for a few months, not exceeding a year. So the response is already poor and many posts are still vacant even without these untrained teachers. Since such restrictions are not imposed on them when they join other offices or occupation for a similar income or they join at places where medical officers will be available readily and can produce such certificates easily, they prefer to join those offices rather than becoming teachers with this low salary and many restrictions for a service of few months. Therefore, with a view to attract more untrained teachers to meet the demand it is requested that the opening of service registers and the production of these certificates may not be insisted upon in their cases.

However, I wish to inform you that I personally interview every candidate and satisfy myself about his health and the certificate he produces, before he is appointed.

Since a large number of vacancies are to be filled up with such young men, I request that you may agree to the proposal and issue orders accordingly at an early date, and enable me to secure more candidates by making this announcement before it is too late in the day and these young men take to other walks of life.
