To

The Secretary to Government, Local Administration Department, Madras.

Roc No. B1/5/40/4 dated 16th Septr. 1946.
Sir,

Loans and grants- local bodies - Pollachi Municipal Council - loan taken for specific purposes- unspent balance- diversion for other purposes- permission requested.

SPARE COPIES

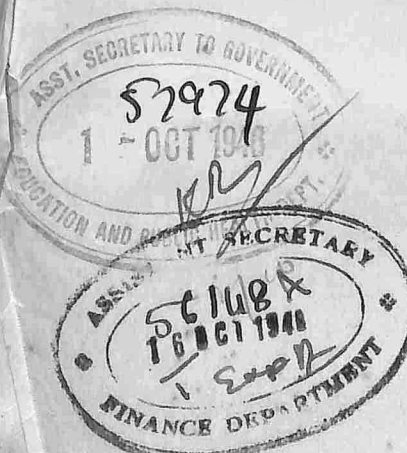

Government had in their order No. 867 L.A. dated 20-1-43 sanctioned a sum of Rs.15,000 as loan to this council for road works, revetments, culverts etc. and another sum of Rs.3675/- in G.O.No. Ms. 450 Edn. & P.H. dated 22-2-43 for constructing a compound wall and gate to the Hindu Burial ground in this Municipality. A sum of Rs.4599-9-0 from the former loan and Rs.786/- from the latter remain as balance from the abovesaid loans as unutilized. In G.O.No. 2733 P.H. dated 22-10-45 Government ordered this council to refund the abovesaid unspent balance. But the council again requested Government to accord sanction to utilize the sum in question towards the construction of an infectious diseases Hospital, which is a long felt need of the town and in their No. Ms. 1330 P.H. dated 29-4-46 permission was accorded to the council to utilize the amount for the construction of an Infectious diseases hospital. When the plans and estimates for this hospital were sent for technical sanction, the Surgeon-General to the Government of Madras in his letter No. 31849-M-46 dated 10-6-46 stated that the question of constructing the Infectious Diseases Hospital may lie over for the present and the council then agreed to the proposal of the Surgeon-General. On my note again to the council, it was decided that permission may be sought for utilizing the abovesaid sum for the construction of a compound wall and wire fence, for the newly purchased site near the Municipal office about 11 acres for the construction of a building for high school as the present building is not sufficient to accommodate the existing number of pupils. The new site was purchased for Rs.16,250/- and funds are being donated by philanthropic gentlemen of the town and through benefit performances for the buildings. A sum of over Rs.50,000/- has so far been collected and it has been deposited in the bank. Plans and estimates are under preparation for the new construction. Under the above circumstances and as it is not likely that the question of putting up walls and fences for the site will be taken up in the near future by the High School fund committee permission may kindly be accorded to utilize the unspent balance of the loans referred to above for constructing a compound wall and
