I am to invite a reference to my letter No. 57393.C/45.6 Edn., dated 29-1-1946. The Govt. of Madras originally fixed9-2-1946 as the last date for the receipt of applications for the scholarships. They have since extended the time limit to 16th Feb. 1946.

Lt. Col. H.H English, S.R.L.O. Madras, has brought to notice ~~the following~~ a telegram from the G.H.Q. India which contains the following matter:-

"Confirmed that Edn. Dept. will forward suitable applications of servicemen of Provinces direct for Provincial seats. Expect authorities concerned will wait for and accept these applications irrespective of early time limit laid by them for civilian receipts".

I am to state that in view of the instructions contained in the telegram, this Government ~~are~~ have ~~willing~~ decided to extend the time for receipt of applications from servicemen alone upto 23rd Feb. 1946, whether they are received direct or through the G. of I. ~~It may~~ ~~not but as a~~ It is likely that, in consequence it may not be possible to send to the G. of I. the list of candidates selected by the Provl. Government by 31st March 1946. It is hoped that the G. of I. will not, in the circumstances, mind that.

I am to add that if the G. of I. are of ~~the~~ opinion that even the extension of time up to February 23rd would not ~~constitute~~ a week the case of Servicemen, sufficiently ~~extension of time and if they are prepared~~ this Govt. ~~would~~ are prepared to give further extension, ~~to postpone the date for the receipt of this Govt.'s~~ up to the date as the G. of I. might fix as suitable, ~~list of candidates beyond 31st March 1946, they may be~~ ~~good enough to fix an appropriate date~~ for the receipt of Servicemen's applications have; only, in that case, the ~~and also the date for the~~

FOREIGN SCHOLARSHIPS FOR SERVICEMEN

◆

Details of Govt. Scheme

NEW DELHI, Feb. 6.

Services candidates may now apply for a number of Government scholarships for advance studies abroad during 1946-47. These scholarships are for technical and scientific subjects.

The duration of the courses will be approximately two years and the training will be at Government expense. Details regarding qualifications and procedure for application are given in a special Indian Army Order just issued.

British Indian subjects, as well as Indian States subjects, are eligible to apply provided they possess at least a good graduate's degree in the subject or in the basic science concerned. Preference will be given to candidates who have already shown special aptitude for advanced training or research and hence likely to make the best use of their opportunities overseas.

Judging from the selections for 1945-46, it is unlikely that candidates who do not possess at least a first class graduate's degree or equivalent qualifications will succeed in obtaining an award.

Candidates should not be more than 30 or less [illegible]an 19 years of age on July 1, 1946, but in [illegible]ecial cases this age limit may be waived [illegible] the Government of India. A certificate of physical fitness is also required with particular reference to the applicant's ability to bear the climate of the country to which he proposes to go.

Selected students will be required to undertake to serve the Government of India, after completion of their course of instruction, for a period of five years, if required to do so, in a gazetted post, or to take up, for a similar period, other comparable employment, if so directed by the Government.

Every endeavour will be made to find for all students, who satisfactorily complete the approved courses of studies, gazetted appointments under the Government of India or other comparable employment. It should, however, be understood clearly that selection for an approved course of study does not carry with it any guarantee of employment and that the selection for appointment in any Central Service will depend on the rules and regulations in force at the time.

Details regarding the grant of leave and free conveyance to Services candidates selected for interview are under consideration.—A.P.I.

Scholarships for studies overseas
1946-47 - Applications from
Services Personnel.

Sir,

I am directed to inform you that the War Department is willing to consider Class 'B' Release of Services Personnel selected for any of the Overseas Scholarships either by the Central Government or by any of the Provincil Governments (vide this Department letter No.F.19-6/45-E.IV dated the 17th December, 1945)

[Separate file – there is no refce in the letter about War Service personnel]

2. Information about these scholarships was conveyed to Services personnel through the Resettlement Directorate, and one general application was invited from candidates for Central or Provincial scholarships on the Central Government. Application Form, as there was no time for Provincial Advertisements to reach the likely candidates scattered in the various Commands. These applications have now been received, and sorted out according to provinces. A proportion of the applications is being retained for consideration in the Central Government Scholarship Scheme, and the others are being distributed to the various provinces.

3. In accordance with the above I am directed to forward herewith eleven applications from Service candidates of your province as per list attached, which you are requested kindly to transmit to your Public Service Commission or whatever Selection Board is the constituted authority for consideration of such applications. The selecting authority may please be informed to waive in the case of these applications the last date of receipt and any application fees prescribed by the Provincial Government if necessary.

4. By the acceptance of these applications forwarded through the Resettlement Directorate, it is not to be construed that other Services Personnel cannot apply to you. Services personnel who have already been demobilized, or expect to be demobilized very shortly, may apply directly. Those who are not due for demobilization for some time may apply through their Commanding Officers.

5. No fixed quota of the Central Government Scholarships is reserved for War Service candidates, but other things being reasonably equal, War Service Personnel will be given preference. It will be appreciated if your provincial scholarship selections are based on similar principles though the actual degree of preference is of course left to the discretion of the Provincial Government and its Selecting Authority.

6

(101)

6. To prevent any misunderstanding I wish to make clear again that none of the applications forwarded herewith are being considered for the Central Government Scholarships. As the Service candidates have applied on the Central Government application form some of the subjects of study may not be quite in conformity with the requirements of the forms of the Provincial Governments, but it is expected the Selecting Authority will be able to make suitable adjustments of the subjects of study in accordance with the candidates' qualifications and provincial requirements.

7. It is requested that Services personnel called up for interview may be treated as Government servants for purposes of travelling allowances. All correspondence, especially that relating to interviews, may be conducted with the applicants direct to save time, but it will be appreciated if the final results of all services personnel whether selected or not, be intimated to us for our records and for onward transmission to the Resettlement Directorate. On selection, applications for Class 'B' Release of selected candidates may be sent to this Department.

I have the honour to be,
Sir,

Dear Sir,

Ref your advertisement in the "Madras Mail" about sending Madras Engineering graduates to U.K., and U.S.A. for further training to meet post-war needs ~~of~~ for Engineers, I would like to know whether any further steps of this type are likely to be taken in the near future.

Being with this unit in the Celebes Islands (Makassar to be precise) I saw the advertisement too late to be able to do anything about it. I might add that I took my BE (Elec) degree with Honours in 1942, and having done an year's training in the Pykara System, I have been serving as an Emergency Commissioned officer in the Indian Signal Corps for 27 months.

If necessary please consider this as ~~an~~ a request for the necessary application and other forms.

Thanking you

Yours sincerely

Abstract

Technical Education Overseas--Government of India's scheme--1946-47--Selection of students for grant of scholarships--Orders passed.

Education and Public Health Department
G.O.Ms. No. 1451 Edn.
dated 25th July 1946.
Read the following:-

ORDER:-

The Government have provisionally selected the candidates whose names are given in the appendix for the grant of stipends, under the Government of India scheme to enable them to undergo advanced courses of studies in other countries. The addresses of the candidates, the subjects for which they have been selected and the countries in which the studies are to be prosecuted are noted in the appendix. The selection of the candidates is subject to the availability of admissions in institutions abroad, and passages. In the event of either the admissions or passages not becoming available, these provisional offers may have to be withdrawn. No candidate should therefore resign his/her post if any until the award is confirmed and no compensation will be payable by Government in any event. The offer of the stipend is also subject to the "terms and conditions of the award of stipends", copy of which has already been given to each candidate.

2. Each candidate who accepts the stipend on these conditions should convey his/her acceptance to this Department immediately.

* EXECUTION OF BONDS

3. Each candidate should execute a bond with two sureties in the sum of Rs. 15,000/-. This sum represents a;;roximately the expenditure on the data available, which Government may have to incur on his/her training, assuming that the course will last for about two years. On receipt of this order the candidate is requested to arrange that his/her sureties provide themselves with certificates of solvency from the Tahsildar, Revenue Inspector or Village Headman concerned. The bond should be completed and signed in the presence of a Gazetted Officer by the candidate and his/her surety who jointly with the candidate, will undertake to refund the amounts paid, in case such a necessity should arise. The rank of the Gazetted Officer attesting the execution of the bond must be given and his official seal affixed on the bond. Sureties cannot be dispensed with. The bond should be sent to this Department after attestation.

4. ADMISSION AND PASSAGES:- Every enddavour is being made to secure admission and passages for the students selected for the scholarships. The candidates are, however, warned that the position regarding passages continues to be uncertain and in view of the increasing pressure on their accommodation due to demobilization and other causes, educatinal institutions abroad are experiencing great difficulties in finding places for all the Indian Students who will go abroad this year. The names of the selected candidates have been cabled to the authorities abroad for securing admissions. The exact course, its duration, and the institution in which it is to be pursued will be decided later in consultation with the authorities concerned. The question of passages will be taken up, immediately after it is known that admission has been secured for a candidate. In this connection,

have been appointed as agents of the Government of Madras to look after the travel arrangements for their stipendiary students who will be going to ~~to~~ (1) United States of America (2) United Kingdom, Australia. The candidates' addresses as given in his/her application (or as amended later) will be furnished to the Travel Agents. The dates of departure together with the dates on which the candidates should reach the port of embarkation will be intimated to them by the Travel Agents. It is suggested that the Candidates should get into touch with them for all arrangements to be made in connection with the voyage. The candidates should also complete as quickly as possible all their arrangements, including equipment, passport, visas and inoculations which may be necessary. This Department and the Travel Agents should be informed immediately ofaddress to which further communications should be sent during the next 2 months. Any changes in the addresses must atonce be communicated to this Department, Travel Agents and the Government of India, Education Department, New Delhi, 3.

5. PASSPORT AND VISAS:- The candidates should apply for passports, in the prescribed forms, to the Secretary to the Government of Madras, Home Department, Fort St. George if they are resident within the Province of Madraa. If they reside outside the Province, they should apply to the passport issuing authority of the area in which they reside. Application from a candidate resident in Madras Province should be made through the District Magistrate of the District in which he/she lives, or if he/lives in Madras, through the Commissioner of Police. Candidates proceeding to U.S.A. should after obtaining the necessary endorsement on their passports, apply in person to the nearest American Consul, for the Visa.

At the time when application is made for the visa, the candidates must produce the following documents:--

(a) Passport valid for travel to the U.S.A. or Canada direct or through USA

(b) Three photographs about $2\frac{1}{2}$" x $2\frac{1}{2}$" with a light background.

(c) Conduct certificate, in duplicate, from the local authorities when available.

(d) Birth certificate, in duplicate, when an official record of birth exists, when no official record of birth exists affidavits, in duplicate, from responsible persons, having knowledge of the date and place of birth may be presented

(e) Certificate of physical fitness from a Physician approved by the consulate or from a Civil Surgeon. Any medical certificate produced should state whether or not he is suffering from leprosy, trachoma, syphilis, plague or tuberculosis affection of any kind. It should also state whether he is free of body parasites and their eggs. The medical examination should be taken shortly before the formal visa application is made.

It may be noted that personal appearance at a Consular office is indispensable in connection with visa applications. There may be no objection, however, to candidates forwarding to the Consulate by registered mail the necessary papers for examination and then calling at the Consulate personally later on to make a formal application for a visa and to collect it. As the award of the scholarship will be confirmed only after receipt of intimation of admission abroad, it is suggested that all students should first obtain their passports and keep the other papers in readiness for obtaining visas. Along with the letter confirming the award of the scholarship, a certificate will be provided by the Government setting out the name of the scholar the subject of study for which he has been selected, and the institution abroad where he had been admitted and stating that all the expenses of the scholar including the return voyage will be met by the Government and the Government of India. Where the validity of the passports and visas has to be extended, candidates should approach the appropriate passports ~~and visas has to be extended, candidates should approach the appropriate passport~~-issuing authorities in good time.

6. RAILWAY FARE, EQUIPMENT ALLOWANCE AND INCIDENTAL JOURNEY EXPENSES:-

Arrangements are being made with the Travel Agents to furnish each candidate~~s~~ with a second class ticket from his place of residence to the port of embarkation at the proper time. The railway fare will be paid by the Travel Agents. For this purpose candidate should intimate atonce to the Travel Agents the place of commencement of the railway journey. The travel Agents will also disburse to the candidates at the time of embarkation, (i) a um of £5 (or its equivalent in dollars in the case of candidates going to U.S.A. or Canada) in travellers cheques and (ii) the equipment allowance of Rs. 500/-.

7. The value of the stipends will be sufficient to cover the normal maintenance expenses which the students are likely to incur including expenses during vacation etc.

8. As the stipends will be disbursed in advance, the candidates will not need to take abroad any sums of money for equipment and other emergency purposes and the Government cannot allow dollar exchange facilities to candidates for taking such amounts to U.S.A. or Canada. In special cases, however, where a candidate desires to take abroad, the equivalent of his equipment allowance, the Travel Agents will arrange to get released dollars equivalent to a maximum of Rs. 500 (exclusive of the pocket money of £5 for expense on board the ship) on the production of this order as evidence in support of the candidates selection for a Governmment stipend.

9. Arrangements will be made to have the candidates ~~not~~ met at the port of disembarkation by the Government's accredited agents.

10. Most of the educational institutions abroad require the candidates to show their original certificates, diplomas, testimonials, etc. and all candidates should therefore take all such papers with them at th time of leaving this country.

11. Warning:- The candidates are warned again that in view of further deterioration in admission situation, admissions for them may not be secured for some considerable time to come and that the provisional offer of scholarship has been made on the definite understanding that this Government can give no guarantee whatever when the students may be able to get off and that they accept no responsibility for the delay. Until, therefore, the students hear from the Government that admission and passages are available for them they should do nothing in the way of resigning any posts which they may be holding at present. The candidates will, in the meantime, be responsible for looking after themselves and the Govt. cannot hold themselves responsible for any maintenance....

P.T.O.

or other grants.

12. Financial procedure:- the expenditure incurred in India is debitable to "37.r.-Education--Miscellaneous--B Non-European-(ii) Postwar Reconstruction--Allowances to candidates selected for technical training abroad." The charges which may be incurred in England should be debited to "37.S.Education--Charges in England--High Commissioner for India--Non-European--E.Postwar Reconstruction--Technical training in the United Kingdom and the United States of America--Scholarships.".

The Director of Public Instruction will be the estimating and controlling authority. The expenditure that will be incurred in India in the current year will be the allowance for equipment and incidental voyage expenses and railway fare for the onward journey as mentioned in para 6 above. The Travel Agents, after making disbursements to candidates will send the bills to Government. The bills, on receipt will be forwarded to the Director of Public Instruction who shall then draw the amount required from the Accountant-General and remit it to the Travel Agents.

The scheme provides that one-half of the total expenditure should be met from Provincial funds and the remaining half from Central revenues. The Accountant-General is requested to take the requisite action at the appropriate stage for making the necessary adjustment between Provincial and Central Governments.

(5) The applns. of the remaining 4 candidates (Nos.2, 4 5 and 11 in the statement) who~~se~~ possess qualifications required for one or more of the subjects included in Appendices I to IV of advtt. may be placed before the Committee separately for consideration with extracts of notes and orders in this file.

(F) May be put in the list of persons proposed to be called up for interview in a separate session; the Committee will have to decide at the interview the subjects for which they can be selected if they are to be selected.

2. Attention is in this connection also invited to the letter on C.F.9 from one Lt. K.Gopinath. He has not filled in the forms nor has he sent his letter thro' the
