Typewriters - Worn out - Replacement by new ones.

The following typewriters in the Current section of this department are too old and are subject to frequent repairs:-

- (1) No.5 Underwood (2280259-5).
- (2) No.12 Remington (LX 77840).
- (3) Woodstock (223264).
- (4) No.12 Remington (Z106241).

Some of the types of item (1), e.g. a, c are worn out and are to be replaced. Items (2) and (3) are nearly 20 years old and some of the parts are to be replaced as they are beyond repairs. Item (4) is a loan machine and requires replacement of certain parts. It is usual that machines in Secretariat are returned to Superintendent of Stationery for replacement after serving for 15 years by new ones. In view of the above circumstances it is requested that the Superintendent of Stationery may be addressed to supply new ones in place of the above machines as early as possible. It is permissible under Rule section 74 of the Madras Stationery Manual.

It is also understood from C2 Section that some new machines are now available with the Supply Stationery and the 4 machines can be exchanged for new one under section 74 of the Madras Stationery Manual. This may therefore be sent to C2 Secy to address the Supply of Stationery for replacing the above 4 machines and also to supply an addl machine to relieve the Conger in the typing work by some of the clerks using the addl machine. There are a few petty

Drafting clerk who is also qualified in typewriting
and use clerks also will use the addl. machine
