Sub: Madras Educational Service - College of Engineering, Vizagapatam at Cocanada - Appointments - Senior Work shop Instructor.

REF: G.O.Ms.No.1500 Edn., dated 1st August, 1946.

X/15CF

With reference to paragraph 4 of the G.O. cited above the authorities of the Annamalai University were addressed as to their willingness to revert Mr. S.P. Vores to Government service immediately in advance of the expiry of the period of the loan of his services sanctioned already. The Registrar of the University states that in the circumstances stated in his letter No.3905 dated 23-8-1946 (copy enclosed) orders may be passed sanctioning the retention of Mr. S.P. Vores in the University till at least the end of the academic year.

2. In view of the Registrar's request, I recommend that Government may be pleased to extend the period of the loan of services of Mr. S.P. Vores till the end of March 1946. 1947

3. As regards the filling of the vacancy in the post of Senior Workshop Instructor in the College of Engineering, Vizagapatam - I am submitting my proposals separately.

Sub: Deputation of Mr. S.P. Vores to the Annamalai University - Reversion to the Education Department.

REF: G.O.No.1630 Edn dated 13-10-45 and your Rc.No.1337.C.1/46 dated 15-8-1946.

The University has entered on the second year course of study in Engineering and Technology. The Workshop buildings, the construction of which was completed about the end of June last, has been handed over to the Departmental authorities, who under the guidance of Mr. S.P. Vores have just now started the fitting of the New Workshop with the new materials received quite recently from the Director of Disposals Surplus War materials.

In these circumstances the recall of Mr. S.P. Vores at this stage, when the worksop equipment is being speeded up and the staff is in the right middle of the work, will seriously interfere with progress. As decided by the Syndicate I request, that, orders may kindly be passed sanctioning his retention in the University till atleast the end of the academic year.

Pl. see the D.P.I.'s T.M. on p. 5 ante. In the main file, which is now in circn., it has been proposed that Sri A.P.Jambulingam (Mr.Vores' junior) be apptd. temporarily as Sr.Workshop Instructor in the Cocanada Engg.College, on the assumption that it would take time to ascertain Mr.Vores' willingness or otherwise to revert to Govt.service. Since the period of the loan of his services to the Annamalai Unty. has already expired and since he would probably have applied for a short leave, Mr.Jambulingam's appt~~d~~. need not be notified when the main file returns from circn. The D.P.I.'s proposals re: revised postings may be awaited till 2-11-46.

Sir,

Sub: Madras Educational Service - Posts of Instructor in Mechanical Engineering and Senior Workshop Instructors - Vacancies - Filling of - Reversion of Mr. S.P. Vores from foreign service and his claims for promotion. p.4 ante

Ref: Government Education & Public Health Department ~~T.Ms.~~ Telephonic Messages by post dated 3-10-46 and 21-10-46. pp. 10-11 ante

With reference to the T. ~~M.~~ elephonic Message by post cited above I have the honour to state that Mr. S.P. Vores was relieved from the College of Engineering, Guindy on the forenoon of 22nd October 1945, with reference to G.O.No.1630 Edn., dated 13-10-45. The period of loan of his services to the Annamalai University expired on 21st October 1946 Afternoon. In regard to paragraph 2 of the above T.M. dated 3-10-46 I have the honour to submit herewith a copy of the letter dated 15-10-46 from Mr. S.P. Vores which contains the information required by government. In view of the request of Mr. S.P. Vores for immediate reversion to the Education Department I have the honour to submit the following recommendation for his posting.

A/14 CF

p.4 ante

pp. 7-8 ante

pp. 13-14 infra

2. In my R.R. Cl.No.63/46-1, dated 10th October 1946, I have recommended the appointment of Sri S. Anantakrishnan, Senior Workshop Instructor, College of Engineering, Guindy, to officiate as Instructor in Mechanical Engineering in the same college. In partial modification of the above recommendation, I submit that Sri S. Anantakrishnan may be appointed to officiate as Instructor in Mechanical Engineering, College of Engineering, Vizagapatam at Cocanada.

3. I recommend that the vacancy in the post of Instructor in Mechanical Engineering, College of Engineering, Guindy, may be filled by the appointment of Mr. S.P. Vores. Mr. S.P. Vores is a permanent Junior Workshop Instructor and was officiating as Senior Assistant Instructor in the College of Engineering, Guindy in the Subordinate Educational Service at the time when his services were lent to the Annamalai University. He is the seniormost among the Assistant Instructors, Laboratory Assistants and Junior Workshop Instructor who are eligible for promotion to the post in question. He possesses the academical qualifications and practical experience prescribed in the special rules for appointment to the post of Instructor in Mechanical Engineering.

cf. T.M. at pp. 10-11 ante

4. I may here submit that Sri S. Anantakrishnan hasbeen Senior Workshop Instructor for over 12 years now and prior to his coming to the College of Engineering was serving in the Mettur Dam works. He is reported to be very studious and the Principal, College of Engineering, Guindy, feels sure that Sri Anantakrishnan has all the technical knowledge required in an Instructor in Mechanical Engineering. The Principal is confident that Sri Anantakrishnan will prove very successful as a Lecturer, even though he has had no experience in lecutring work so far. In view of his lack of experience in actual lecturing work I consider that it would be better if he were posted to the Cocanada Engineering College where he will have to lecture to first year Engineering classes only, to begin with, and gain lecturing experience by stages. Mr. S.P. Vores on the other hand, is reported to be a very successful Lecturer and he has already considerable experience of lecturing to senior B.E

P

([illegible])

classes on important subjects. As the Instructor in Mechanical Engineering in the College of Engineering, Guindy, will have to handle certain subjects for the senior B.E. classes, I consider that Mr. S.P. Vores will be the more suitable officer for the post of Instructor in this college than Sri S. Anantakrishnan. Moreover, I recommend the posting of Mr. Vores to the College of Engineering, Guindy, for the reason that the relationship between Sri A. Viswanath, Principal, College of Engineering, Vizagapatam at Cocanada, and Mr. Vores were not cordial when both of them were at Guindy and in the interests of the smooth working of the Cocanada Engineering College, it would be better if Mr. S.P. Vores is not placed directly under Mr. A. Viswanath.

5. If the Government are pleased to accept the above recommendations, I propose to fill the vacancy in the post of Senior Workshop Instructor, College of Engineering, Cocanada, by transferring Sri P.V.B. Bhooshana Rao from his present post of Instructor in Mechanical Engineering in that college. In the above circumstances, I request that the recommendation contained in paragraph 3 of my Confidential letter R.Cl.No.63/46-2 dated 10th October 1946 in regard to the appointment of Sri A.P. Jambulingam as officiating Senior Workshop Instructor, College of Engineering, Cocanada may be treated as cancelled.

p.2-3 cf. – to p.f.

6. The personal files of Messrs. S.P. Vores, S.L. Balasubrahmanyam and P.V. B. Bhooshana Rao are herewith submitted for perusal and return.

for Director of ~~Public~~ Instruction.

Copy of letter dated 15-10-46 from S.P. Vores to the Director of Public Instruction, Madras.

I beg to state that my period of service with the Annamalai University expires on the 22nd October 1946 (and if leave is taken into account earlier still) and beg to request that I be recalled immediately.

I beg to enclose an abstradt of my qualifications and beg to request that I be promoted to any of the posts falling vacant to the post of Instructor of Mechanical Engineering at the Engineering College, Guindy.

Dear Dr. Savoor,

Appt. of Sri S.Anantakrishnan as Instr. in Mech.Engg.

Orders appointing Sri S.Anantakrishnan as Instructor in Mech.Engg., ~~xxxxxx~~ College of Engg., Cocanada, are being issued separately. I am to ask you specifically to inform him d.o. that there is some doubt of his suitability for the Instructorship, as he is lacking in lecturing expce., and that therefore his appt. as Instructor is one "on probation" for one year in the first instance.

2. I am also to request you to send to Govt. by the ~~xxxxxx~~ beginning of Octr.1947 a report about Sri Anantakrishnan's work as Instructor with special reference to his capacity for ~~[illegible]~~ lecturing.

It needn't be reserved to be filled by a war candidate, since under the rules "direct recruitment" has to be resorted to only if a qualified and suitable person is not available for appt.by transfer.

~~The post of Instructor in Mechanical Engg. in the College of Engg., Guindy, fell vacant consequent on the promotion as Professor of Sri R.Natesan.~~ In his recommendation roll at C.F.7-8, the D.P.I. recommended that Sri S.Anantakrishnan, Senior Workshop Instructor (gazetted), ~~xxxxx~~ in the College, ~~xxxxxx~~ might be promoted.

2. In the meantime, the period of loan to the Annamalai Unty.of the services of Mr.S.P.Vores, offg:Sr. ~~Workshop~~ Asst. Instructor in the college (non-gazetted), expired and he has expressed his wish to revert to Govt.service ~~immediately. The~~ Dir. has therefore sent modified recommendations as follow:-

(1) that Sri Anantakrishnan may be apptd. as Instructor in Mech.Engg., Cocanada Engg. College (started this year); and

~~(2) that Mr.S.P.Vores may be apptd. as Instructor,~~ Guindy College.

3. The qualfns. reqd. for the Instructorship are:

(1) a Mech.Engg. degree; or status of member or Associate of the Institute of Mech.Engrs., England, or of the Institute of Engrs., India; and

(2) Prac. expce. of work relating to the subject for not less than 4 years.

(Note: Teaching expce. in the subject will be regarded as equivalent to prac.expce. of work relating to the subject.)

Expce. of teaching subjects like Theory of Machines, Machine-Design and Drawing and of lecturing to B.E. students has also been considered necessary.

Both Sri Anantakrishnan and Mr.Vores* possess the prescribed tech. qualfns. Mr.Vores is reported to be a very successful lecturer and to possess considerable expce. of lecturing to Senior B.E. students on important subjects. His appt. as Instructor in ~~to~~ the Guindy College may therefore be approved. [illegible] with the M.P.S.C. the appointment may be under rule [illegible] of the [illegible] Provincial and Subordinate Services.

Sri Anantakrishnan† is reported to have had no expce. of lecturing work so far. Pl. see the D.P.I.'s letter on pp.8-9 C.F. of "f" and also the T.M. on ~~p.10~~ (pp.10-11 C.F. issued to him) and his reply at ~~xxxx~~ pp.13-14 C.F. The Principal of the Guindy College is confident that Sri Anantakrishnan will prove very successful as a lecturer.

In view of his lack of expce. in actual lecturing work, the D.P.I. ~~however~~ considers that he may be posted to the Cocanada College, where, to begin with, he will have to lecture to First year students only, and can gain lecturing expce. by stages. In view of his seniority and the fact that his claims were ~~already~~ overlooked once before (in 1942, when Sri R.Natesan, his junior, was apptd. as Instructor) and further of the assurance now given by the present Principal of the Guindy College, he may be apptd. regularly as Instructor, Cocanada College, on the analogy of G.O.2032-Edn., dated 24-10-46, wherein a somewhat similar case was disposed of. As the officer is already in the M.E.S., the Public Service Commn. need not be consulted for his appt. as Instructor, which post is also in that Service. It is, however, subd. for consideration whether orders similar to those in the G.O. refd. to may be issued - appointing him "on probation" for 1 year in the first instance - the doubt in his case being of his capacity to lecture.

4. The Dir. says that, if the Govt. appt. Sri Anantakrishnan as Instructor in the Cocanada College, Sri P.V.B. The Sr.Workshop Instructor's post has been remaining vacant since the opening of the college. This proposal is not objectionable and may be accepted.

In continuation of my letter R.C.No.3459 C1/47-2, dated 4-9-1947, I have the honour to submit herewith the petition dated 11-6-47 from Mr. S.P. Vores, Officiating Instructor in Mechanical Engineering, College of Engineering Guindy, together with the following remarks.

Ⓢ/17 C

2. Mr. S.P. Vores is a permanent Junior Workshop Instructor in the Subordinate Educational Service. With reference to G.O.No.2172 Edn., dated 13-11-1946 he is officiating as Instructor in Mechanical Engineering in the Madras Educational Service temporarily under Rule 9(a) (i) of the General Rules for the Madras Provincial and Subordinate Services. The question of regularising his temporary appointment as Instructor is separately under consideration.

3. As regards the petitioner's promotion as Professor of Mechanical Engineering I may submit that there is no vacancy at present. A number of vacancies in the category of Professor of Mechanical Engineering will arise next year. If and when they arise the claims of Mr.S.P. Vores for temporary appointment to one of them will be considered along with those of Sri S.Anantakrishnan, his senior and of the other candidates in the Department and necessary recommendations will be submitted to Government.

Madras Christian College. Madras, 19-5-1923.

I knew S.P.Vores well while he was a student in the Intermediate classes of this College. He worked hard and had a very good head. Along with ability, he possesses brightness of disposition and a courteous nature. He belongs to a good family and has shown himself worthy of it. In all matters of conduct he has regulated his life by high standards and transparent honesty.

Mr. S.P.Vores, the bearer of this note, was the Assistant with Mechanical Laboratory, in this College, for a period of 5 months and during that time, was of considerable assistance to me. He is a passed student of the Mechanical Section of the Engineer Class of the College, having studied here from 1924 to 1928, being second in rank in the final year. In the F.E examination, he held the 1st position and was 3rd in the B.E. He did his practical course of one year at the P.W.D. Workshops in Madras and Dowlaishwaram after which, he was appointed to the above post in the College. He is bright and very intelligent and takes a great interest in the Mechanical side of Engineering.

Mr. S.P.Vores was one of my students in the Mechanical Engineering Branch at the College of Engineering, Guindy, Madras, from 1924-1928. He was one of the very few ablest students that I had the pleasure of guiding through during the period of my service in the College. He had an original way of tackling any problems given to him with great thoroughness and keen intelligence. He stood first in the F.E Examination in 1926 and was third in rank in the B.Eng. (Mechanical) Examination of the Madras University in 1928. A hard-working young man of sterling character, he can be relied upon to do the work assigned to him entirely satisfactory. I have great pleasure in recommending him and I wish him every success in life which he so richly deserves.

Mr. S.Vores underwent his practical training under me in the College Power House (160 K.W. total capacity) for a period of two months in 1929. He was trained in the running and maintenance of the plant given below. By the end of the course, he impressed me as being sufficiently competent to take independent charge of a similar plant. He helped me in the design of several laboratory apparatus. I find him exceptionally intelligent and hardworking with an exemplary character.

List of plant:

Mechanical Side:

1. One 70 B.H.P. Semi Diesel Crude Oil, two stroke, two cylinder Petter Engine.
2. One 110 B.H.P. 2 Stroke 4 Cylinder Crude Oil Complete Engine.
3. One 47 B.H.P. 4 Stroke Single Cylinder Suction Gas Engine.
4. 2 Babcock and Wilcox water tube boilers with auxilliary plant
5. 2 Heenan Evaporative type coolers.
6. One air compressor.

Electrical Side:

1. One Three Wire System D.C. 450 Volts D.C.Switchboard with generators, Boosters, Balancers etc.
2. One A.C.Switchboard with alternator
3. One 438 Ampere Hour Capacity Storage Battery of 222 cells.

Endorsement on the application of Mr.S.P.Vores, Instructor in Mechanical Engineering(on probation)College of Engineering Guindy.

Mr.S.P.Vores is now on probation as Instructor in Mechanical Engineering. He is therefore not eligible to be put on probation for a post on a higher category without completing his probation at the present post. His statement that officers junior to him have been promoted is not correct as these promotions were made in other branches for which Mr.Vores was not qualified. His seniority has been maintained for the post for which he was eligible.

Mr.Vores has the capacity to lecture to any class in this college pertaining to the mechanical department for the University standard. He is intelligent but lacks general administration capacity and a broa~~r~~der experience for the post of Professor However at the present time there is such a dearth of teaching personnel owing to the opening of new engineering colleges in the Presidency that it would be unwise to lose his services on purely technical grounds. If necessary the rules may be set aside and Mr.Vores's application considered favourably.

I understand one Mr. Natesan, was promoted as Professor in Mechanical Engineering with qualifications ii and iv under rule V 2(b) in the Madras Educational Service Rules, while Mr. Vores and Mr. V. Lakshminarayanan were fully qualified under rule V 2(b) sections i, iii and iv.

A great injustice seems to have been done in overlooking fully experienced and qualified people. Government may call for all the papers and rectify the mistake and to prevent similar mistakes in the future these cases may be referred to the Public Service Commission.

I beg to state that I had a bright academic career and passed my S.S.L.C. and Inter with high rank, F.E. 1st in rank and B.E. 3rd.

I have about 7 years practical experience in Mechanical Engineering and about 7 years lecturing experience, preparing Mechanical Engineering students for the B.E. of the Madras University.

Of my seniors Mr. R. Natesan has no practical experience and while he was Instructor in Mechanical Engineering I was taking his subjects. Mr. S. Anantha krishnan has no lecturing experience and because I have all these qualifications I may be promoted as Professor of Mechanical Engineering at Coconada. 4 persons Mr. R. Natesan, Mr. N.S.Krishnaswamy Ayyangar, K.N. Ramanathan and N.R. Sitapathy have already been promoted as Professors and all these are Brahmins. When I have all the qualifications and my Seniors who are both Brahmins do not have the very necessary qualifications for the post of Professor of Mechanical Engineering. I beg to request I may be promoted.

Mr. R. Natesan and S. Ananthakrishnan will not be my seniors if my case had not been overlooked, in the past. Mr. R. Natesan did not have the necessary statutory qualifications for the post of I.M.E. but was promoted as he was a Brahmin. Mr. S. Anantha Krishnan was brought to the Engineering College, Guindy by Mr. G. Nagarathnam Ayyar to supersede me.

I therefore request that I may be appointed as Professor of Mechanical Engineering at Coconada on regular probation as I have all the necessary qualifications.

K/4 C.F.

K/1 C.F.

Subd. that Sri R.Natesan was promoted as Prof. only under the emergency provisions and that the promotion ~~it~~ has not been regularized yet. That he, as the other candidate [illegible] eligible, did not possess all the prescribed qualifications for the post, was mentioned by the D.P.I. even at the time of the promotion and was thus before Govt. ~~When~~ The question of regularization ~~is~~ has to be examined in consultation with the M.P.S.C. and then ~~it~~ that body will go into the qualifications, the claims and the suitability w.r.t. personal file, of all the eligible candidat ~~When Sri Natesan was promoted~~ Further, promotions to Professors' posts (M.E.S.) can be made only from the category of Instructors (M.E.S.). When Sri Natesan was apptd. temporarily as Prof., he was an approved probatione in the category of Instructors, whereas Mr. Vores was only in the Subordinate Service as Junior Workshop Instructor and was not even officiating temporarily in the Instructors' category. This argument applies to Mr.V. ~~Lakshmi~~ Lakshminarayanan also. No injustice has therefore been done to anybody in the matter.

I beg to submit the following for your kind consideration and favourable orders.

2. I passed the B.E. Degree Exam. high in rank and was selected by the Madras public service Commission as the Junior Workshop Instructor at the Engineering College, Guindy in 1931. In 1932, I was acting as senior Workshop Instructor till 1934. I was eligible for promotion to the post of a Gazetted Officer, as the senior Workshop Instructor but Mr. S. Ananthakrishnan was brought in on the plea that he had a few months experience more than me. That was the first time I was overlooked.

3. As I had practical workshop experience, I was given from 1941 subjects which an Instructor in Mechanical Engineering should take. In 1945 a vacancy occurred in the post of Instructor in Mechanical Engineering. My case was overlooked in spite of the fact that I had the statutory qualifications namely, 4 years Workshop experience and ability to take Machine Design and Drawing for the final year students. But Mr. Natesan who had not the statutory qualification was appointed in preference to me. The subject Machine Design and Drawing (the ability to take this subject is one of the statutory qualifications for the post of I.M.E.) which Mr. Natesan should take as I.M.E. was taken by me.

Sir,

pp.1-2 and

I submit herewith an application dated 23-1-1948 of Mr.S.P.Vores, Instructor in Mechanical Engineering addressed to the Secretary to Government, Education Department. This was among the files left by Dr.Rudra, when he went on leave and seems to have been handed over direct to the Principal without the knowledge of the Head of the Department, under whom he is working. I asked Mr.Vores to give me a written explanation why his application was not sent through the proper channel. I am enclosing a copy of his explanation for your kind perusal. The explanation given by Mr.Vores is quite unsatisfactory. Mr.Vores has very often forgotten the usual official procedure purposely or otherwise and I request that he may be informed in writing not to repeat this in future.

p. 3 and

With regard to his statements made in his application, I agree that he was a good student and as an Instructor, can read books relating to his subjects and lecture to the students efficiently and [illegible] has not picked up enough experience to plan, co-ordinate and direct the work of a Department.

p. 2 and

In para 4 of his application, Mr.Vores states that his claims for the post of Instructor in Mechanical Engineering were overlooked. I have carefully looked into this question and am of the opinion that Mr.Vores' grounds for complaint are not based on actual facts, and he has therefore no cause for any appeal.

However, it has been found extremely difficult to find Officers for the

PTO.

posts of Assistant Instructors, Instructors and Professors with the requisite academic qualification and experience and capabilities. It will be difficult to find an Officer better than Mr.Vores and although Mr.Vores has not completed his probation as Instructor in Mechanical Engineering, his appeal may be considered favourably for any future post of Professor of Mechanical Engineering that may arise.
