Office of the Director of Public Instruction, Madras, dated 3-10-46.

From

Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education & Public Health Department, Madras.

Sub: Presidency College, Madras - Employment of additional peons for the Zoology Department.

I have the honour to request that Government may be pleased to sanction the employment of 2 peons for the Zoology Department of the Presidency College, one in the current year and the other in 1947-48.

2. The Zoology Department has at present 4 attenders, a peon and a lascar. The Principal reports that one attender has to attend to library work and another to go out for purchasing specimens for the practical classes. The result is that there are only 2 attenders and a peon to look after the Hons. B.Sc. pass and the Intermediate laboratories. Due to the admission of a large number of students progressively from year to year, the strength of the department has increased enormously. The teaching staff has increased from 3 in 1943-44 to 6 in 1946-47. The Junior Intermediate class works in 2 batches for lectures and 4 batches for practical. The Senior Intermediate class at present is having 2 hours practical but with effect from 1947-48 due to the introduction of practical examination each batch of class II will have 2 hours of practical work. With the separation of Hons. classes from the pass classes for lecture and practical, both the lecturing and practical class hours have doubled. The laboratory has work both in the forenoon and afternoon on all days except Tuesdays and the attenders are finding it difficult to arrange the laboratory for the afternoon work. The Principal states that the existing number of 2 attenders and one peon is absolutely inadequate to meet the needs of the laboratory.

3. In the circumstances stated I request that Government may be pleased to sanction the employment of two additional peons, one in the current year and another from 1947-48.

Finance (E.III) Dept.

Please see the reference from the Director of Public Instruction in the C.F. and the draft order put up by E & P.H. overleaf.

2. The Zoology department in the Presidency College at present consists of 4 attenders, a peon and a lascar. The Director of Public Instruction has given detailed account as to how this staff is utilised; it is seen therefrom that 2 attenders will not be available for Laboratory work; and presumably on that basis he has asked for 2 additional peons one of whom he proposed to employ in the current year. E. & P.H. have agreed to sanction only 1 post in Current year and to ask the Director of Public Instruction to submit proposals for an additional peon required in the year 1947. ~~The Principal reports that due to the admission of a large number of students, the strength of the department has enormously increased; with the separation of Honorary classes from the pass courses for lecture and practical, the work for both has doubled, and As a result of this it has become very difficult for the attenders, to arrange the laboratory for afternoon classes. The principal therefore requests the sanction of two additional peons, one in the current year,~~

and another in 1947-8. In the circumstances stated above, this department may agree to the proposal of E.P.H. as in the draft.

3. The draft order overleaf may be accepted and the case returned to E & P.H.

(The extra cost involved for the appointment of one peon is 398 Rupees per annum).
