C.D.B. despatch as ~~by~~ distribution Desk C.D.B. 43 return to section.

Copies distributed on............................‡(Press clerk).

† Copies distributed on......7/11......................‡(Press Despatcher).

‡ *To be initialled and dated.*

INSTRUCTIONS FOR THE SECRETARIAT.

(*a*) If a paper is marked to be printed urgently or as special the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(*b*) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(*c*) For rules regarding printing of notes, see the chapter on printing and proof correction in the Secretariat Office Manual.

(*d*) The number of copies and the details of distribution should be filled in by the Superintendent or clerk concerned.

(*e*) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(*f*) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(*a*) If, in the opinion of the Superintendent of the Press, a paper has been marked special or urgent unnecessarily, he should send the Press slip to the Assistant Secretary with a remark to that effect.

(*b*) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Assistant Secretary any instance of incomplete or careless editing.

(*c*) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(*d*) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(*e*) The names of the Secretary and Ministers or Advisers should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

Extract from the Memorandum presented to the Honourable Minis for Local Administration Department - Government of Madras by the President, District Board, Coimbatore, dated 29th July 1946.

The Honourable Minister may be aware of the vicissitudes of the Local Boards in the Presidency consequent on successive Legislations enacted from time to time. The Amendment Act II of 1934 introduced radical changes and from then onwards the powers of the Local Boards were curtailed gradually by several amendments so much so the Local Boards exist only in name with none of the essential powers of self-Government Institutions. There is need for a thorough investigation with a view to make these institutions really useful and capable of discharging the functions expected of them.

I shall however refer here only to some of the main drawbacks and difficulties, the removal of which are really pressing.

* × × × × *

2. Appointment of Superintendents in the place of District Board Educational Officers. --

After the transfer of the management of Elementary Schools to the District Board in 1934, the Government sanctioned the appointment of a District Board Educational Officer, to supervise the work relating to Elementary Schools in the District Board office. District Board Educational Officers are selected from the cadre of Deputy Inspectors of Schools and lent to the District Board. I have from my practical experience found that these District Board Educational Officers who were all along touring inspecting officers are not quite suitable to manage work in a branch of a large office. Moreover as they are not accustomed to such desk work, they very soon find that the work is not to their taste and take the earliest opportunity to revert to their permanent job. During the period from 1934 to 1936 and 1940 to 1946, five District Board Educational Officers have come and gone. Though each of them were ~~loaned~~ lent for a period of ~~five~~ three years, none of them remained for the full period. There was also long intervals between the discharge of ~~an~~ one officer and appointment of another officer. Thereby the work in the E

Elementary Education Section has suffered not a little. I have requested the Govt. more than once to abolish the post of District Educational Officer and instead of sanction the post of Superintendents for the Section. But my suggestions were turned down every time. The net result is the work in the Section has become unmanageable due to the accumulation of arrears and want of asufficient number of clerks and supervising officials. The introduction of compulsory education has increased the work to a great extent, and thereby the delays and confusions in the Section are increasing day by day. The present District Board Educational Officer who joined here only in September 1945 has been called back for appointment as specialist in the Basic Elementary Training School at Periyanaickenpalayam. Till another man takes his place work is bound to suffer. It is requested that for the supervision of the Section, more Superintendents may be appointed. Unless the Section is liberally staffed, thousands of Elementary School teachers will be unnecessarily made to suffer, and there is no use of throwing blame at the doors of the Distfict Boards.

Govt. called for

Sri K. N. Rangaratha Sastri

10. Appointment of Supervisors for Elementary Schools :-

There are 652 Elementary Schools in this District under the management of the District Board scattered all overthe District in the nook and corner. The Deputy Inspr. of Schools with a District Educational Officer are the Inspecting and supervising officers for these schools. The Deputy Inspectors having jurisdiction over one or more Taluks with number of District Board, Panchayat Board and Aided Schools can at the most visit each school once in 3 months. But this sort of inspection and supervision after long intervals serve no useful purpose and in fact there are numerous inefficient schools. The result of the Public Examination of VIII standard students has amply proved the poor standard of education. It cannot be denied that this condition is due to inadequate supervision. Unless there is frequent supervision and ~~contro,~~ control, the present condition of the Elementary Schools will not improve. Thereby the enormous amount spent on Elementary Education will be a waste of public funds. For better Supervision and control, it is necessary t the Board should be permitted to appoint Supervisors

---

of schools with limited jurisdiction. There is such ~~power~~ a post in the Municipality. I request that the question may be investigated and early orders passed.

Sir,

Appointment of District Board Educational Officers - Proposals.

Ref:- Government Memorandum No.73243 B2/46-2, Edn.,
dated 20-1-1947.

I have the honour to state that the proposal from the Special Officers, West Godavari and Coimbatore District Boards for the loan of services of Deputy Inspectors of Schools for appointment as District Board Educational Officers have already been submitted to Government in the references noted below:---

District Board, West Godavari Rc.No.11831 C4/46, dated 20-1-1947.
District Board, Coimbatore, R.C.No.11808 C4/46, dated 28-1-1947.

Proposals for the appointment of District Board Educational Officers from other District Boards will be submitted as and when th are received. I have already reminded the Special Officers on the subject.

Regarding the appointment of a District Board Educational Offic for the Nilgiris District Board, it is submitted that the matter is under correspondence with the Divisional Inspector, Coimbatore and that a reply will be submitted to the Government shortly.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Public Instructi

Sir,

Sub: District Board-The Nilgiris - Appointment of a District Board Educational Officer.

REF: Government Memorandum No.73243-B2/46-1 Education & P.H. dated 29--11--1946.

------

1 ante

P1

I have the honour to state that under the District Board the Nilgiris there are 3 Secondary schools with 36 teachers and 80 elementary schools with 188 teachers. Compared with the number of secondary and elementary schools in other District Board such as Malabar, Tinnevelly, Tanjore etc. the District Board Nilgiris is very small and does not seem to require the services of a District Board Educational Officer, But for purposes of planning and organizing compulsory elementary and feeding, it may be desirable to have a District Board Educational Officer. The Elementary Education Fund is not working at a deficit. The appointment of a District Board Educational Officer for the Nilgiris District Board is, therefore recommended.

for Director of Public Instruction.

Sir,

EDUCATION - Secondary - District Board Educational Officers - Power of control over schools - clarification - requested.
Government Memo No.54091-B2-46 dt. 20-11-46

In view of the use of the wider term " EDUCATION," and the words "EDUCATION SECTIONS ", in the above Memorandum, I request clarification whether the District Board Educational Officers are expected to be in charge of secondary education of the District Boards also, in modification of the orders in G.Os No.2998, L&M, dated 26-6-1934, No.3581,L&M., dated 8-8-34, No.1353, Edn,dt. 24-9-42, and No.3581, L&M , dt.8-8-34, which refer to Elementary Education only.

There is no separate "section" for Secondary Education under this District Board. Secondary Education work is only an unit of the Administrative Section in charge of the Secretary.Secondary Education is maintained purely out of general funds.

There are also difficulties in giving effect to the orders of Government passed in the present memorandum. According to para 8 of the District Board office Manual, if any private person applies for any information in the office, the staff is to refer him to the Secretary. According to the circumstances of the case, this officer will have to call for the file and give information to the parties. Other persons, such as District Board members, and other officials may also need information on matters relating to the administration of Education. In such cases, Secretary may require files for reference. Under the scheme of compulsory Elementary Education, etc., the District Board Educational Officer is often out of headquarters, and it will not be possible to get the files at all on such occasions for reference under the arrangement now prescribed. As the ministerial head of the District Board office, it is also desirable that the Secretary should be able to exercise control over all sections of the office.

For Special Officer,
District Board, Salem.

Enclosures :

Rc. **No.** 945-B1/47, **dated** --6-- 1947.

Sir,

Sub:- Elementary Education - District Boards- Duties of District Board Educational Officers.

48335

In submitting herewith a copy of letter Rc.No.C.7-7453/47, dated 10-4-1947 from the Special Officer, District Board, Anantapur, I have the honour to state, that the proposal of the Special Officer, District Board, Anantapur, cannot be approved, chiefly in view of the prescription of the specific duties of the District Board Educational Officer in G.O.No.2005, L.S.G., dated 14-5-1936 under which the District Board Educational Officer is not expected to be a regular touring officer for supervising or inspecting the board elementary Schools as the work of inspection will continue to be done by the Government Inspecting Agency. It is only to ensure more efficient work in the Elementary Education Section of the District Board Office that the District Board Educational Officers were appointed . They should not become touring officers for the purpose of writing their remarks in the inspection book. Definite instructions may kindly be issued by Government to all local boards in this regard.

P.T.O.

52

-2-

In this connection, I have also to submit the following for the information and orders of Government. It has beenbrought to my notice by the District Board Educational Officer, North Arcot, that the Government Memo. No.54091-B2/46, Edn., dated 20-11-1946 regarding the powers of control over schools by the District Board Educational Officers is still a dead letter in the North Arcot District Board Office and that it has been filed in the stock file and not given effect to even after the District Board Educational Officer has taken charge . Though the District Board Educational Officer showed a copy of the Government Memo. to the Personal Assistant to the Special Officer, District Board, North Arcot, no steps have been taken by the Personal Assistant in the matter.

Hence I request that Government may be pleased to issue neceesary orders to the Special Officer , North Arcot District Board, to follow the instructions contained in the Government Memo. Similar instructions may be issued to the other Special Officers also.

R. Narasimhan

for Director of Public Instruction.

Copy of the letter Rc.No.G.7 -7453/47, dated 10-4-1947 of the Special Officer, District Board, Anantapur.

Sub:- Schools - Inspection Book-Recording of remarks by the District Board Educatimal Officers in the necessity explained.

The Inspection Book maintained in schools is not now used by the District Board Educational Officers, for recording their remarks at the time of their visits to schools. Remarks are being recorded in the visitors' Book. But , in view of the practical reasons set forth hereunder, the desirability of the District Board Educational Officers also being permitted to use the Inspection Book may kindly be considered favourably:--

1. The District Board Educational Officer, is an Inspecting Officer with sufficient experience on the cadre of senior Deputy Inspectors. Compared with the fresh junior Deputy Inspectors who are permitted to use the Inspection Book, the District Board Educational Officers have had occasion to use the Inspection book in the manner laid down in Madras Inspection Code, either independently or when they accompanied their superior Officers.

2. The District Board Educational Officers being an Inspecting Officer is often tempted to detect, in general the chief defects in organisation and discipline, methods of teaching, Time-table curricula etc., But the remarks are necessarily to be reserved for himself for the limited scope of the visitor's book, though, however, the persistence of the defects repeatedly urged to be rectified affords adequate justification for righteous indignation.

3. Nine times in ten, the remarks in the visitors' Book contain good features of the school and his staff. It will not therefore, be a proper place for the recording of defects from the Educational stand point of view, however long standing and glaring they might be

4. If, therefore the District Board Educational Officers are authorised to record their remarks also in the Inspection Book probably the essence of "Constructive" inspection work referred to in Article 108 of Madras Inspection Code will be maintained in integrity. Of course, care will, however be taken to see that the remarks are not damaging or in any way calculated to diminish the teacher's respect for their Deputy Inspectors or the Deputy Inspector's authority over his teachers.

II. The above mentioned request has become increasingly necessary as the District Board Educational Officer, Anantapur had occasion to discover plenty of routine defects which were not rectified inspite of the specific remarks made by the Inspecting Officers either at the time of their annual inspection or at their usual visits.

ASST. SECRETARY TO GOVERNMENT
5-SEP 1947
EDUCATION AND PUBLIC HEALTH DEPT.

Rc.A13-13864/47 dated 1-9-47.

Sir,

Sub:- Education - Secondary - powers of control of District Board Educational Officers over Secondary Schools.
Ref:- Government memorandum numbers 54091/46 dated 20-11-1946 and 48335/B2/47 dated 18-7-1947.

70804

In their memorandum No.48335/B2/47 dated 18-7-47, Government have directed that the instructions issued in Government memorandum No.54091/B2/46 dated 20-11-1946 should be given effect to if this has not been done already. In the memorandum dated 20-11-46, it had been ordered that the District Board Educational Officers should be in charge of the Education Section.

I submit that the 'Education Section' can only mean the "Elementary Education Section" as the funds from which elementary schools are maintained are separate from the general funds from which secondary schools are maintained. The administration of elementary and secondary schools is also not governed by the same rules.

The District Board Educational Officer has more than enough work to attend to with only the elementary schools in his charge and it would be sufficient if he attends efficiently to his duties in respect of them. As it is, it cannot be said that the District Board Educational Officers in general have been able to give adequate attention to the elementary education section itself. The introduction of compulsory education is adding considerably to their work every year. To burden them further with work connected with secondary schools will surely result in further deterioration in the management of board elementary schools.

Further, the L.T.Assistants of secondary schools will all be equal in rank and status to the District Board Educational Officers and the Headmasters will be superior in rank, status and service and should not in fairness be placed in a position subordinate to the District Board Educational Officers.

The District Board Educational Officer under this District Board is continuing to attend solely to the elementary education section of the District Board Office and the Secretary District Board Office has not been having anything to do with that section except under delegation of powers from the President District Board or the Special Officer.

The present arrangement is found to work very well and would deserve to be continued undisturbed in the interest of both the elementary and secondary schools under the district boards.

I request that Government may be pleased to re-examine the question and issue orders directing the continuance of the existing arrangements under which the District Board Educational Officer of this District Board attends solely to work relating to elementary schools under the control of the district board.

Sub: ELEMENTARY EDUCATION- Dt.Boards- duties of Dt.Board Educational Officers - entrustment of Secondary Education work to the Dt.Board Educational Officer.

Ref: Govt.Memorandum No.48335-B2-47/Edn., dated 18th July 1947.

U
55-56 cf

The Dt.Educational Officer, South Kanara -- requests me in his D.O. letter dated 29th July 1946, to pass necessary orders so that the District Board Educational Officer may deal with Secondary Education also in future, agreeably to the instructions contained in Govt.Memo No. 13206-B-2-4 Edn., dated 22-5-1947. In a later Government Memorandum No. 48335-B2-47-Edn., dated 18th July 1947, issued on the subject, the Special Officer of ~~the~~ District Boards are informed that any delay in giving effect to the instructions of Government issued in Memo No.54091-B2-46, dated 20-11-1946, may lead to inefficiency in the administration of schools.

U
55-56 cf

2. In this connection, I would like to bring to the kind notice of Government that there are at present 536 Elementary schools manned by 1630 teachers under the Board. The Dt.Board Educational Officer who is in charge of supervision and management of these schools and he has to supervise over the work of the staff in the Elementary education section consisting of a Superintendent, one Upper Division clerk, 10 Lower Division clerks and an Attender. This in itself gives enough and more work to the District Board Educational Officer. To saddle him further with the supervision and management of 7 secondary schools under the Board with a staff by 132 teachers will not be in the best interest of the secondary schools, and if it is given effect to it will impair the efficiency of the Secondary schools.

3. I would, therefore, request Government not to insist on entrusting the work ~~xx~~ relating to Secondary schools to the District Board Educational Officeer in so far as this District Board is concerned, in the circumstances stated above.

Sir,

Sub: Education - Elementary - District Board - duties of District Board Educational Officer, attending to Secondary Education work - Instructions - solicited.

ENCLOSURES ______

SPARE COPIES ______

Section 69 A. of the Local Boards Act provides that the Local Government may require a District Board to appoint an educational officer or to provide such other agency as the Local Government may think fit for the management and supervision of elementary schools maintained by the District Board or for performing such other functions relating to education in the District, as may be prescribed. In accordance with this provision, the Government have required this District Board to appoint a District Board Educational Officer and one is now actually working. In G.O.No.2005.L.S.G. dated 14-5-1936 Government have stated that normally the District Board Educational Officer is expected to be in charge of the section of the District Board Office dealing with Elementary Education. With reference to these instructions, the District Board Educational Officer is in charge of the work relating to Elementary Education Section of the office. In Government Memorandum No.48335--B.2--47 Education dated 18-7-1947, Government have again stated that their intention is that District Board Educational Officers should generally be in charge of the education section of the District Board Office. In as much as there is no separate section for attending to the work relating to Secondary Schools, which is now attended to in one of the sections of the general branch, education section has always been taken to mean Elementary Education Section which is always separate and for which the strength of ministerial staff has also been fixed by Government on the basis of number of teachers. The Elementary Education has a separate fund in each District Board and the District Board Educational Officer, passes all the pay Bills and contingent Bills of Elementary Schools, draws cheque on Elementary Education Fund and maintains the accounts regarding Elementary Education funds. The District Educational Officer, Coimbatore, and the Nilgiris has however communicated to me copies of Government Memorandum No.79210-B.2-47 Education dated 20-2-1947 and Government Memorandum No.13206-B.2-47 dated 22-5-1947 in which the Government have informed the Special Officers of Kistna, Chittoor and Salem District Boards of their intention, that the District Board Educational Officers, should attend to the work relating to both, Elementary,

~~12~~ 68

and secondary schools under the District Board. These Government orders do not appear to have been communicated to all District Boards. In Memorandum No.48335-B.2-47 Education dated 18-7-47 also, Government have drawn attention to the duties of District Board Educational Officers as defined in G.O.No.2005/L.S.G. dated 14-5-36 which makes it very clear that the District Board Educational Officer is normally expected to be in charge of the section of the District Board Office dealingwith Elementary Education. It is not clear therefore, whether the orders in Government Memorandum No.79210--B.2--47 Education dated 20-2-1947 and 13206--B.2--47 dated 22-5-1947 are intended to modify the original orders in G.O.Nos 2005 L.S.G. dated 14-5-1936 which were issued with reference to Section 69 A of the Act. I request that the Government may kindly be pleased to clarify the position at a very early date.

I may however mention that the bulk of work in the Elementary Education section in this District Board is at present so vast that the full time work of the District Board Educational Officer is necessary for that section itself.

RESUBMITTED.

2. With a view to secure greater efficiency in the administration of secondary schools under local bodies, it is desirable that the administrative work of the secondary education section should be supervised by the District Board Educational Officers who may be expected to have a better knowledge of secondary schools than the secretary of the District Board office or the Personal Assistant to the Special Officer.

3. As regards the query raised by the Special Officer, District Board, Vizagapatam in the concluding para of his letter the Government may inform the Special Officer that the work connected with the passing the bills, issuing of cheques etc. regarding to secondary education need not be entrusted to the District Board Educational Officer and that the secretary may continue to operate on the general account as has been done hitherto. — p 2 ante

4. In regard to the query raised by the Special Officer, Kistna, the Government may inform him that no portion of the salary of the District Board Educational Officer need be debited to the general fund of the District Board since the major.portion of the work of the District Board Educational Officer relates to elementary educati — p 3 ante

5. No doubt as reported by the Special Officers of Tanjore and South Kanara District Boards, the District Board Educational Office have got sufficient work in the Elementary Education section. Sinc the administrative work relating to Secondary education may not involve much extra work to the District Board Educational Officers and since it is quite essential that the District Board Educational Officers who have got experience in the technical site of education should supervise the work relating to secondary education, the difficulties put forward by the Special Officers may not be taken much notice of. — pp 5 & 7 ante

6. The Government may inform all the Special Officers of District Boards that the administrative work relating to Secondary education should be attended to by the District Board Educational Officers.

7. The letter R.C.No.5295-A3/47, dated 17-9-1947 of the Special Officer, District Board, Kurnool to the Secretary to Government, Education and Public Health Department is submitted herewith. — p. 9. ante

ASST. SECRETARY TO GOVERNMENT
21 NOV 1947

92085

Sir,

ESTABLISHMENT - Malabar District Board -
District Board Educational Officer - Power
of control over schools - Instructions -
Request
Government Memorandum No. 48335-B2/47
Edn. dated 18--7--1947.

In their memorandum No. 54091- B2-46 Education and Public
Health dated 20th November 1946 Government ordered that the
District Board Educational Officers should be in charge of the
Education section of the District Board Office and that they
should attend to work connected with education and take the
orders of Presidents on all matters and that the Secretary, if
he desires to look into any papers relating to education, should
obtain them through the District Board Educational Officer.
Again in their memorandum No. 4833-B2/47, edn. dated 18th July
1947 Government have instructed that the District Board Edu-
cational Officers should not undertake tours for purposes of
inspecting schools and that they should generally be in
charge of education section and also referred to the duties
defined in G.O.No. 2005 L.S.G. dated 14-5-1936. The District
Educational Officer, North Malabar has subsequently communicated
copies of Government memorandum Nos. 79210 -B2/47 dated 20-2-194
and 13206 -B2-47 dated 22-5-47 which state that the intention of
Government is that the District Board Educational Officers shoul
attend to the work relating to both Elementary and Secondary
schools. In this connection the following points have to be
considered and clarified.

2. The District Board Educational Officer in this district
has been in charge of the Elementary Education Section and has
been submitting papers direct for orders except those instructed
to be submitted through the Secretary.

3. In Government Memorandum No. 54091- B2-46 Education and
Public Health dated 20-11-46 it is mentioned that if the secreta
desires to look into any papers relating to education he should
obtain them through the District Board Educational Officer. It
not generally the desire of the Secretary to look into any paper
of a section that should regulate matters in as much as there
will be order of the special officer (President) authorising
what all papers should be submitted direct and what all papers
should pass through the secretary- (Please see para 12 of the
District Board Office manual). The Special Officer (President)
would certainly require certain papers relating to special im-
portance policy and finance which require noting by the Chief
ministerial officer, well experienced in the local board rules
and procedure, to pass through the Secretary. Of course such pape
would be few and far between and they should pass through the
Secretary also as would be laid down by the Special Officer
(President) from time to time.

4 In the objects and reasons introducing the provision for th
appointment of District Board Educational Officers and in the
order defining the duties of the District Board Educational Offi
s, viz G.O.No. 2005 L.S.G. dated 14-5-1936, it is made clear tha
the District Board Educational Officers are expected to be in-
charge of the Section of the District Board Office dealing with
Elementary Education. The Elementary Education section is a

P.T.O.

76

district unit. It has a separate subsidiary account, budgets and transactions are dealt with quite separate from general funds. So it has been found convenient to have the District Board Educational Officer as the head of the section relating to Elementary Education strictly in accordance with the instructions issued in G.O.No. 2005 L.S.G. dated 14-5-1936. (A)

5. The work relating to Secondary education is different. It ~~governs~~ forms part and parcel of the administration of general funds. The several registers, accounts, payment, audits, Education buildings, stores etc., relating to Secondary Education are mingled with and dealt with other similar works under general accounts so much so there is practical difficulty to piece them out from the units attending to them now and bring them under education section. Apart from the facts that this would need entertainment of additional staff in the education section it will also affect efficiency. I am sure the Inspector of Municipal Councils and Local Boards who has been inspecting the officers of district boards would say how impracticable it would be to separate the work relating to secondary education and the several accounts, registers, bills and payments pertaining to it from the general branch. There will be difficult in audit also. This needs closer examination. Any way in this district the work relating to Elementary Education is itself ~~imm~~ unwieldy. If the intention of Government is to secure efficiency it cannot be achieved by entrusting those works to the District Board Educational Officer apart from the practical difficulties mentioned. Further the work relating to secondary Education is also relat~~ing~~ively heavy in this district.

6. The Elementary Education section specially ~~the~~ in this district is a large one. The Section consists of District Board Educational Officer, one superintendent 25 clerks and 2 attenders. If effeciency has to be secured the Supervision work of the office has to be divided between the Superintendent and the District Board Educational Officer. It would appear that Government have in their order No. Mis. 1211 Edn. dated 9-8-45 issued in relation to Coimbatore district board the need for such division. It is presumed that there is no intention to prohibit such division whenever found necessary. It will be humanly impossible and not at all conducive to efficiency if a single man is to pass all the papers of 27 clerks including clerk attenders especially when he will have duties and responsibilities under the powers delegated by the Special Officer(President). That there is not adequate supervision staff for the Elementary Education section at present has also been separately represented by me and orders of Government on it are still awaited. That the work in the Elementary Education section even now leaves much to be deserved. There are heavy arrears. Unless District Board Educational Officer pays undivided attention, conditions cannot be expected to improve.

(C) 11-12

In the circumstances stated above orders are solicited on the following:-

(1) Whether the Special Officer (President) may not lay down what all papers should pass through the secretary also with full regard to the instructions in para 12 of the District Board Office manual.

(2) Whether in view of the heavy work in the Elementary Education section and practical difficulty in piecing out items of works relating to secondary education now dealt with in a different unit in the general section Government would consider it desirable to add to the duties defined in G.O.No. 2005 L.S.G. dated 14-5-36 especially in this district which has peculiarly heavy work under education. (A)

(3) Whether in view of the heavy nature of work in Elementary Education section of the district the special officer(President) cannot divide the supervision of the section between the District Board Educational Officer and the superintendent with a view to secure maximum efficiency and expedition in the transaction of business.

(4) Whether in view of the heavy nature of ministerial work involved on the District Board Educational Officer as the head of the section his tours as far as possible should not be avoided and the departmental officers instructed to render as much help as possible even in regard to special outdoor work, as otherwise in a large district like Malabar such work may become frequent calculated to detach from efficiency in supervision.

From

Tinnevelly District Board Office,
Dated the 2nd January 1948.

ASSISTANT SECRETARY TO GOVERNMENT
7 - JAN 1948
EDUCATION AND PUBLIC HEALTH DEPARTMENT

K. Ghulam Mahmood Sahib Bahadur, B.A.,
Collector and Special Officer,
District Board, Tinnevelly.

To

The Secretary to Government of Madras,
Education and Public Health Department,
MADRAS.

Sir,

117°

Education - Tinnevelly District Board - Entrusting the work relating to Secondary Education to the District Board Educational Officer.

Ⓤ 73-74 cf.

Ref:- Government Memorandum No.72220-B-2/47 dated 13-11-47.

In their Memorandum cited above, the Government have ordered that the administrative work relating to secondary Education should be supervised by the District Board Educational Officer. This proposal will affect the efficiency in administration both in the Elementary Education and Secondary Education of this District Board. There are 430 Elementary schools and 1411 teachers under this District Board. Twelve clerks are working in the Elementary Education besides one Superintendent. All papers relating to Elementary Education pass through the District Board Educational Officer. He has also been delegated with the following powers:-

(1) To sign pay bills, fixed contingent bills and other bills, the expenditure relating to which has already been approved, Fair-copies and reminders.

(2) To pass all drafts from orders and routine drafts and endorsements.

(3) To grant casual leave to all subordinates.

(4) To sign recognition application for schools.

(P.T.O.)

80

==2==

(5) To grant Local Holidays.
(6) To dispose of finally visiting remarks, Inspection Reports and Reviews.
(7) Opening of service registers and their verification.
(8) Issue of notice to Guardians of defaulting pupils under Rule I(i) under Section 51 of the Madras Elementary Education Act.
(9) Imposition of penalty under Rule 1(3) under Section 51 of the Act.
(10) Imposition of penalty under Rule 1(4) under Section 51 of the Act.

In addition to the above, the District Board Educational Officer, has to visit schools in connection with enquiries, selection of buildings etc. The work is heavy for him and any additional work will tell upon the standard of efficiency.

2. Further the nature of work relating to Secondary Education is entirely different from that of the Elementary Education. The receipts and expenditure on account of Secondary Education come under the General Funds of the District Board and form a considerable part of the Budget relating to the General funds of the Board. The Secretary of the District Board who is in charge of the General Section must therefore have a thorough knowledge of the affairs of the Secondary Education. In their Memorandum referred to above, the Government have suggested that it will be sufficient if the District Board Educational Officer attends to administrative work relating to Secondary schools and that the Secretary may pass bills and issue cheques as usual. If this course is adopted, papers relating to sanction for expenditure will pass through the District Board Educational Officer and the Secretary will have no knowledge about them at that stage. When the bills go to him, he will have to go through the papers to satisfy himself before passing the bills resulting in wastage of time and labour apart from the difficulty to be experienced in audit.

3. In the above circumstances, I request the Government not to insist on entrusting the work relating to Secondary Education to the District Board Educational Officer.

For Special Officer.

[illegible] District Boards - Educational officers - Entrustment [illegible] relating to Secondary education.

-V-

75-76 cf.

20-11-45.

2084

I have the honour to submit that I endorse the observations made in the letter Rc. A.1. 26947/47 dated 17th November 1947 of the Special Officer, Malabar, District Board, addressed to the Government. After the introduction of the compulsory Elementary Education scheme, which is being extended year after year, the work in the Elementary education section is growing by leaps and bounds. The work relating to elementary education itself is becoming unwieldly for the District Board Educational Officer to cope with. In the circumstances, if the work relating to Secondary education, which materially differs very much both in the application of rules and in administrative principles, ~~from that of administering principles,~~ from that of administering Elementary schools, is entrusted to the District Board Educational Officer, I am afraid it will only result in the deterioration of the administration of Secondary schools. In all technical matters in the administration of secondary schools, rules already provide for consulting the District Educational Officers, and where there is no such provision also, the District Educational Officers are being consulted and they have been cooperating by freely giving their advise. As such there appears to be no need for further technical handling of the Secondary education administrative matters by the District Board Educational officers. The Secondary education correspondance is now being dealt with in the correspondance section of the District Board office, over whose section head the District Board Educational officer has no control. If the files of the Secondary education have also to be scrutinised by the District Board Educational Officer in administrative matters, it becomes ~~anamulous~~ anomalous, whether after the files after passing through the section head and the District Board Educational Officer, have again to pass through the Secretary of the District Board for final orders by the Personal Asst. to Special Officer. In cases requiring orders of the special officer, the file has to further pass through the Personal Asst. Such passing of the files through the numerous intermediaries greatly delay matters and hinders the proper handling of the administrative matters in a speedy manner. If after such handling, the consultations with the District Educational Officer is necessary in most cases, as per the statutory provisions of the rules, which further delay matters.

In the circumstances, I request the Government to reconsider the advisability of entrusting the work relating to secondary education to the District Board Educational Officers, and communicate the decesion arrived at, at an early date.

54746

ASST. SECRETARY TO GOVERNMENT
18 SEP 1946
EDUCATION AND PUBLIC HEALTH DEPT.

A

I understand that in many District Boards, there are no Educational Officers. With more than a thousand Elementary schools and many high schools in each District, it is absolutely necessary for efficient administration that every District Board should have a District Board Educational Officer and in those District Boards in which they do not exist at present, they must be compelled to employ one.

At present, I understand that only matters relating to the Elementary Schools are referred to the District Board Educational Officers ~~and that too, there is no system obtaining about their powers today which are not well-defined~~. Many of the Dt. Board Educational Officers complain to me that it will be good if their powers and duties are defined under a G.O. or under a Statute. I think we should make it a rule that all papers pertaining to Educational matters should pass ~~the~~ through District Board Educational Officers before reaching the President. The District Board Educational Officers should put up the necessary facts and notes to the Dt. Bd. Presidents. Of course, the orders of the Presidents will be final.

I do not know whether Government have power today to compel Dt. Bd. ~~Presidents~~ to employ Dt. Bd. Educational Officers. Orders may be issued asking every Dt. Bd. to employ Dt. Bd. Educational Officers and if powers are necessary, the matter may be examined and reported with suggestions as to what must be done to take powers. ~~with amendments. If necessary amendments are necessary to the existing powers, suitable amendments may be suggested.~~

SECRETARY, EDN. AND P.H. DEPT.

GOVERNMENT OF MADRAS

TSA
17-9-46
H.M. Education.

Edn and P.H. dept.

p681, Bk No. 17

Under section 69 A of the Madras Local Boards Act, the Government may require a District Board to appoint an Educational Officer or to provide such other agency as the Govt. may think fit for the management and supervision of elementany schools maintained by the District Board or for performing such of the functions relating to Education in the district as may be prescribed. ~~Under~~ Section 73~~(1)~~ 13

p685, do

2

of the Act empowers Government to regulate the methods of recruitment, conditions of service, pay and allowances, etc of the District Board Educational Officers. 1 In G.O. No. 2998 L & M, dated 26.6.34, the Govt. directed that the appointment of District Board Educational Officers ~~shall~~ should be made from the rank of Deputy Inspectors of Schools. The ~~Director~~ practice is to lend the services of Deputy Inspectors for a period of three years for appointment as District Board Educational Officers. Under this arrangement ~~the~~ Dist. Board Educational Officers are employed in fourteen district boards.// 2. At present the District Board Educational Officers can exercise only such powers as are delegated to them by ~~the~~ Presidents of District Boards, and the delegation of powers is optional. The question whether statutory provision should be made for the delegation of powers to District Board Educational Officers was recently considered. Please see the notes on pages 6 ~~and~~ to 8 n.f. of G.O.No. 1232 Education, dated 25.6.1946.; H.M. (Education) ~~has~~ recorded the following Minute in that connection :--

(K)

(J)

> "There has been a general feeling that large in-roads have been made on the powers vested in non-official agencies in the Dt. Boards and Municipalities and it is the policy of this Government that as far as possible popular local agencies should be vested with power consistent with efficiency.
>
> "This does not mean that the present management of schools of Local Boards is satisfactory. Much remains to be done. The Administration of the schools must be improved if elementary education is to improve in the district. I would like to take up this proposal when we take up the matter of general reorganisation of education to increase their efficiency. This may be deferred for the present.".

This is being done
B
7.9.46

In view of the Minute above, it is for orders whether and if so, what action should be taken with reference to the H.M.'s present minute on page 1 ante.

For orders
B
7.9.46

3 In a Memorandum submitted by the President, District Board, Coimbatore to the Honourable Minister for Local Administration he has raised the following points :--

(1) that more than one Superintendents may be appointed to be in charge of the Elementary Education section of the District Boards, the post of Dist. Board Edl. Offrs being abolished.

(2) Separate supervisors of elementary schools may be appointed. :--

pp1-3 OF

3

52

h/4
G.O.No. 1872 Edn
13-12-44

Item (1) above. According to the existing orders the District Board can employ a Superintendent in addition to a Dist. Board Edl. Offr. provided that the number of clerks in the Elementary Education Section is more than six, ~~provided also~~ and that the post of upper division clerk is held in abeyance whenever ~~a~~ the section is put in charge of a Superintendent. The President considers that more than one Superintendent should be appointed for the Elementary Education Section of District Board Offices. The Elementary Education Fund ~~of~~ most of the District Boards are working at a deficit and it does not seem advisable to sanction ~~increased~~ higher staff. It may be stated in this connection that ~~the~~ question of increasing the scale of clerical staff for the Elementary Education Section of District Boards is under consideration separately. The Government have also sanctioned the employment of additional clerical staff in connection with the introduction of compulsory elementary education by District Boards wherever necessary. In the circumstances it does not seem that the suggestion ~~is~~ ~~acceptable.~~ need be accepted.

This is no argument. We must engage staff necessary for the purpose.
B
7.9.46

File in cur

Not for the present. If the work warrants it we can always sanction additional staff.
B
7.9.46

Item 2 above. :-

The D.P. I has all along been holding the opinion that there should not be a parallel supervising agency of District Boards in addition to the Inspecting Officers appointed by the Government. The Government have ~~re-~~ recently commended to the District Boards ~~the proposal~~ a scheme for the appointment of Supervising Headmasters and if the scheme is adopted by the District Board, the difficulties referred to by the President ~~may~~ will be met to a great extent ~~be met~~. This suggestion of the President ~~is~~ also ~~therefore~~ need not be accept~~ed~~. // 4. For orders ~~as~~ to circulation.

This will also go only to some extent to meet the difficulties
B
7.9.46

PM
24/9/46

I think we might wait to make the order till the questionnaire is disposed of, and the amendment of Local Boards & Dt. Municipalities Act which is taken up. An important [illegible]

4

which requires amendment of those acts need not be taken up independent of the general question. We might take up the question sometime in December.

[illegible] 27.9.46

H.M. (Edn.)

27/9/46

H.M. (L.A.)

This need not wait for the questionnaire. Steps may be taken up to appoint an educational officer for each of the Dt. Bds. That will make administration of schools more efficient.

TSA
28-9-46

I should like to have a list of the Dt. Boards which have not yet ~~[illegible]~~ appointed D.E.Os and also the duties which are being discharged and the salaries paid to them in those Dt. Boards where D.E.Os have been appointed.

DM

MINISTER FOR LOCAL ADMINISTRATION
4 NOV 1946
COVT. OF MADRAS

I see that in ten district boards, N.Arcot, Coimbatore, Malabar, Tinnevelly, East Godavari, West Godavari, Ramnad, Trichinopoly, Vizagapatam and the Nilgiris, there are no Educational Officers. I think we should issue a G.O. that all Dt. Boards should have Dt. Bd. Educational Officers.

There powers may be defined as follows:-- The Education Section of the Dt. Board must be ~~inxthe~~ under the B D.E.O.. If the Secretary wants to see any papers relating to education, he must do it only through the Dt. Bd. Educational Officer. All the papers pertaining to education must pass through the Educational Officer to the President. Of course, the President's orders must be final. The matter may be regarded as urgent and ~~[illegible]~~ we must issue urgent orders as soon as possible because in many Dt. Boards, things are not as well as we would like them to be.

TSA
31-10-46

I agree. The urgency has become all the greater in view of the fact that the Dt. Boards are now in charge of the Collectors who will not have much time to devote to the Educational affairs of Dt. Boards.

Sub:- District Board Educational Officers- control over Secondary schools.

From the Spl. Officer Dist Board, South Kanara no 13447-A3.47 Dt 4.9.47

From the Spl. Officer Dist Bd, Vizagapatam no 12332/47-A2. Dt 19.8.47

From the Spl. officer Dist Bd, Kistna no E7.25200-46. Dt 26.8.1947

From the S.O, Dist Bd, Tanjore no A-13-13864/47 Dt 1.9.47

In November 1946, the Govt decided that all Dist Boards should employ D.B.E.Os. Orders were issued in the case of such dist boards as were not employing these officers, requiring each of them to appoint such an officer. In that connection instructions were issued ~~defying~~ defining the nature of work to be entrusted to D.B.E.Os. Under these instructions the D.B.E.O. is expected to be in charge of the ele edn section of the Dist Bd Office, and also attend to work relating to secondary schools ~~not~~ under Dist Boards. The following questions have been raised with reference to the instructions issued by Govt.

2. The Special Officer, Dist Board, Vizagapatam, enquires, whether the D.B.E.O. can operate ~~on~~ the general account of the Dist Board as in the case of ~~Elementa~~ the Elementary Education Fund or whether he should attend only to work relating to the administrative side

of ~~the~~ secondary education leaving the entire work relating to ~~[illegible]~~ passing of bills, issuing of cheques concerning ~~these~~ secondary schools in the hands of the Secretary ~~of~~ to the Dist Board. Submitted that the intention appears to be to allow the D.B.E.O. to ~~work~~ look after only ~~[illegible]~~ the work, relating to the administrative side of secondary education. It would be ~~well~~ more appropriate if the Secy. is authorised to pass bills, ~~and~~ countersign cheques etc ~~and~~ operate upon the general account in respect of secondary ~~education~~ Schools just in the same manner as in the case Other establishments paid from the general funds. This will avoid dual financial control. for orders

3. The Spl. officer, Dist Board, Kistna, enquires in what proportion the salary of the D.B.E.O. should be appropriated between the Ele Edn Fund and the general fund as the officer is entrusted with duties connected with both ele and secondary schools. Submitted that the officer is ~~predominantly~~ primarily appointed to look after ele education. The work connected with secondary education ~~will~~ will be comparatively small. In the circumstances it appears that the entire expenditure connected with the appointment of the officer may be debited to the E.E. Fund, especially as the E.E. Fund is ~~proceeding~~ receiving a ~~the~~ contribution from the general funds and as many dist boards make to the E.E. Fund contributions much larger than the

p 3 cf

see [illegible] of Local Boards Act

C.P.R.

---

minimum prescribed by Govt.

4. The Spl officers Dist Bd, Tanjore and South Kanara suggest that the D.B.E.O. should not be entrusted with work relating to secondary schools, and request that the orders of Govt should be modified suitably. In another connection the D.P.I. has expressed the view that the D.B.E.O. should attend to work relating to both ele and secondary education. As observed in para 2 above, the control relating to secondary education will be only on the administrative side. In the circumstances ~~it~~ there does not appear to be any need to modify the orders already issued.

4. For orders whether general instructions may be issued on the points raised in the c.f. on the lines indicated above.

p 47 ff Ⓤ
