MEMORANDUM PRESENTED TO
THE HONOURABLE MINISTER FOR EDUCATION,
GOVERNMENT OF MADRAS,
MADRAS.

BY

THE DEPUTATION ON BEHALF OF
SIR. C.RAMALINGA REDDY MUNICIPAL COLLEGE,
ELLORE.

SECRETARY, EDN. AND P. H. DEPT.
27 JUL 1948
GOVERNMENT OF MADRAS

1. The Municipal College, Ellore was opened in July, 1945. Affiliation was granted to it by the Andhra University in the Syndicate Proceedings No.C2-8181/45 dated 3-5-1945. It offers Telugu, Sanskrit and Urdu under part II and the two combinations (1) Mathematics, Physics and Chemistry and (2) Indian History, British History and Banking under Part III of the Intermediate course. There were 122 admissions into the first year in July 1945. The present strength of the College is 225 in both the years, of whom 22 are girls. The College was started with the definite idea of developing it into a Technological Institution.

2. An amount of Rs 2,17,000 was collected by way of subscriptions and donations from the public and deposited in the Municipal Treasury, earmarked for the College. College expenditure is being met entirely from these earmarked funds till now.

3. Contribution from the General Funds of the Ellore Municipalit

There have been two other Municipal Colleges in the Presidency, the Salem Municipal College and the Lady Hope Municipal College, Guntur. Both these Municipal Colleges meet the College expenditure from the general funds of the Municipality, for which sanction is given by the Government. The Guntur Municipality is allowed to spend Rs 15,000 annually from its General Funds on the Lady Hope College.

The Ellore Municipal Council resolved to contribute Rs 5,000/- annually for the College from its General Funds. But the Government in its G.O.No.2326, L.A., dated 15-10-44 did not sanction the contribution. There was no College in the West Godavari District before this College was started, and a College is a dire necessity for the district, especially at its Head-quarters. Other initiatives to start a College at Ellore having failed, the Chairman and the Municipal Councillers with the help of other Local ~~Bodies~~ started a drive for the collection of funds and succeeded in making the necessary collections to start the College and obtain recognition for it from the University. ~~It is, therefore, our prayer that the Municipality may be permitted to play its part and contribute a modest sum of Rs 5,000/- annually towards the maintenance and development of the College.~~

(J)/5-6

4. Contributions from other Local Bodies:

The West Godavari District Board resolved to contribute Rs 5,000/- and the Palacole Municipality Rs 3,000/- annually for for the College. But these resolutions were also not approved

(P:T:O:)

by the Government in G.O.No.M.S.1649, L.A., dated 4-8-45 and G.O.No.M.S.2414, L.A., dated 4-11-44 respectively. Local Bodies are allowed to contribute sums to the University for the promotion of Higher Education in the Presidency, and a list of Local Bodies making annual contributions to the Andhra University is shown in appendix I. ~~Seeing that the two above Local Bodies belong to this district in the promotion of Collegiate Education of which they are directly interested, it is our request that the Government may be pleased to sanction the contributions from them. These contributions will give scope to the proper development of the College by the starting of additional necessary courses.~~ But is is unfortunate that these local bodies were not allowed to give aid to our College.

p595

5. Request for a Government Subsidy:

Go 181 Edn
26-1-46

A request was made last year to the Government that it may give an annual subsidy of Rs 15,000/- to the College. The request was however not favourably considered at that time. It is our request that the question may be reconsidered ~~by~~ favourably by the Government, taking also the following facts into consideration.

pp28-29 of Blc No 93

A. (a) In accordance with Rule 92 of the Madras Educational Rules half-fee concessions were given to students of back-ward communities, girls and Mahamedan boys, and full fee concessions to students of scheduled castes. The amounts of fee income forgone by the College in the year 1945-46 are as follows:

Fee income foregone towards half fee concessions. ..	Rs	1,072 0 0
Fee income foregone towards full fee concessions. ..	Rs	180 0 0
Total. ..	Rs	1,252 0 0

(b) Military scholarships:
According to G.O.No. 610, ——Education,610 dated — — the College awarded scholarships to dependents of soldiers foregoing their entire fees, their book allowance being granted by the District Educational Officer, Ellore.

The amount foregone due to Military scholarships. ..	Rs	574 0 0
Total income foregone (a) + (b) = ..	Rs	1,826 0 0

The Government is pledged to make good this loss of fee income in the case of private institutions. Municipal institutions draw upon Municipal Funds to meet the loss. Since this Municipal College is not allowed to draw freely from the General Funds of the Ellore Municipality, the Governing Body prays that the loss may be made good by the Government.

B. Dearness Allowance is being given to employees of the College at the scheduled rates fixed for Municipal servants in the Presidency. The total expenditure incurred by the College towards Dearness allowance for the year 1945-46 amounts to Rs 3,130-15-0. It is very difficult for any institution to give Dearness Allowance at the scheduled rates if it is not aided by the Government. The Government has been adopting a very generous policy in helping Municipalities in this respect. It has also given its word to make its own contribution to private educational institutions that give Dearness Allowance at scheduled rates. It is the prayer of the Governing Body of the College that the same generous spirit may also be shown to this College and the College helped financially to meet the cost of the Dearness Allowance.

C. Provident Fund: The employees of the College are given the benifit of Provident Fund, in the same way as other Municipal servants are given. But the management's contribution of one anna in the rupee is entirely met from the ear marked funds. It is requested that the Government may be pleased to permit the Municipality to make this contribution from the Municipal Funds, The Government giving a subsidy for the purpose.

Estimates for 1946-47: Since the College was started only in July 1945. (a) the loss in fee income was that due to one class only. Now that the senior class is also farmed, the loss in fee income is expected to be about Rs 4,000/- for the year 1946-47.

(b) In the financial accounts for the year 1945-46, salaries paid for the months of July to February only were included; also the full contingent of staff were not employed. Taking these two factors into account the cost to the College for paying Dearness Allowance at scheduled rates in the year 1946-47 will be Rs 6,000/- (Appendix II.) p9 infra

(c) Similarly, it is estimated that the contribution to provident fund will be Rs 1000/-

The items in A, B & C for the two years are shown below:

		1945-46.	1946-47.
A. Fee income foregone.	Rs	1826	3600
B. Dearness Allowance to employees.	Rs	3131	6000
C. Provident Fund contribution.	Rs	289	1000
Total.	Rs	5246	10,600.

D. Deficit: In this connection I may be permitted to state that the deficit incurred in running the College in the year 1945-46 has been Rs 11,933/- (Appendix XIII.) Financial Statement.) p1195

E. Scientific equipment etc:- The expenditure on equipment etc. have been as follows:

	1945-46 Actuals.	1946-47 Estimate.
Scientific apparatus and equipment. ..	Rs 13,117	Rs 13,000
Library. ..	Rs 1,440	Rs 5,000
Furniture. ..	Rs 2,354	Rs 7,000
Total. ..	Rs 16,911	Rs 25,000

(P:T:O:)

The College plans to open new subjects like Biology, Agriculture, Mechanical Engineering etc. in the Technological Intermediate and to develop into a ~~First Grade~~ College ~~in~~ of the Residential Type the next few years, for which purpose similar amounts will have to be spent. Considering the above statements, the Government may be pleased to give an annual subsidy of at least Rs. 15000/- to the College, adequate

(i) To make up the loss in fee income sustained by the College in granting fee concessions in accordance with M.E.R.92 and giving Military scholarships.

Rdc No. 93 pp. 28-29

(ii) To meet the cost of Dearness Allowance paid to the employees of the College at scheduled rates and

(iii) To make contribution towards the Provident Fund of the staff.

(iv) To meet the College deficit.

(v) To spend on scientific equipment, Library and furniture, for which at least half the cost may be contributed by the Government as grant.

It is ~~our~~ the earnest prayer of ~~the~~ our Governing Body and the Municipal Council that in these days when there is a great demand for Collegiate education and when the Government itself has issued an order to the existing Colleges to increase their accommodation in order to admit more students, their efforts at starting a new College to meet the needs of the District, which had no College and scope for higher education before, may be encouraged by giving the necessary financial aid.

Permit us to thank you for giving us this opportunity of placing our requirements before you.

D. Venkata Rao
27.7.46

CHAIRMAN,
Municipal Council & Governing Body,
Municipal College, & Members of Deputation.

29 JUL 1946
ASSISTANT SECRETARY TO GOVERNMENT, EDUCATION AND PUBLIC HEALTH DEPT.

Summary.

SECRETARY, EDN. AND P. H. DEPT.
27 JUL 1946
GOVERNMENT OF MADRAS

1. A long-felt need and a popular demand - when none tackled it was urged most, the Chairman and members of the Council and Local leaders took up the problem, collected Rs.2,17,000/- and started the college.

2. Other municipal colleges, Salem and Guntur, were permitted to contribute sums from their Municipal funds this college was denied this help.

3. Contributions from other local bodies too were not permitted by the Government.

4. Government also refused to help directly from Provincial funds.

5. The college is thus left to depend entirely on the donation raised ~~by~~ from the public which are getting depleted, even to meet commitments according to the Educational Rules and G.Os as the following:

Rl. No. 93

(a) fee concessions under M.F.R.92 and Military scholarships,
b. Dearness allowance according to Schedule rates of the Government,
(c) Provident fund benefit to employees

6. No grant was given towards the purchase of scientific equipment and apparatus, library books etc., which is generally given to private collges and Institutions under local bodies.

In view of the above the Government is requested to render the necessary financial help, without which it is not possible for any recongised institution to run depending entirely upon private help or charity.

MEMORANDUM PRESENTED TO

THE HONOURABLE MINISTER FOR EDUCATION,

GOVERNMENT OF MADRAS,

MADRAS.

ASST. SECRETARY TO GOVERNMENT
30 JUL 1946
EDUCATION AND PUBLIC HEALTH DEPT.

BY

THE DEPUTATION ON BEHALF OF

SIR. C.RAMALINGA REDDY MUNICIPAL COLLEGE,

ELLORE.

41735

Same as on 1 ante

1. The Municipal College, Ellore was opened in July, 1945. Affiliation was granted to it by the Andhra University in the Syndicate Proceedings No.C2-8181/45 dated 3-5-1945. It offers Telugu, Sanskrit and Urdu under part II and the two combinations (1) Mathematics, Physics and Chemistry and (2) Indian History, British History and Banking under Part III of the Intermediate course. There were 122 admissions into the first year in July 1945. The present strength of the College is 225 in both the years, of whom 22 are girls.

Here we ~~wish~~ may bring to your special notice that the College was started with the definite idea of developing it into a Technological Institution.

2. An amount of Rs 2,17,000 was collected by way of subscriptions and donations from the public and deposited in the Municipal Treasury, earmarked for the College. College expenditure is being met entirely from these earmarked funds ~~[illegible]~~ upon by the Municipality till now.

3. Contribution from the General Funds of the Ellore Municipality

Delete.

There have been two other Municipal Colleges in the Presidency, the Salem Municipal College and the Lady Hope Municipal College, Guntur. Both these Municipal Colleges meet the College expenditure from the general funds of the Municipality, for which sanction is given by the Government. The Guntur Municipality is allowed to spend Rs 15,000 annually from its General Funds on the Lady Hope College.

The Ellore Municipal Council resolved to contribute Rs 5,000/- annually for the College from its General Funds. But the Government in its G.O.No.2326, L.A., dated 15-10-44 did not sanction the contribution. There was no College in the West Godavari District before this College was started, and a College is a dire necessity for the district, especially at its Head-quarters. Other initiatives to start a College at Ellore having failed, the Chairman and the Municipal Councillors with the help of other Local ~~Bodies~~ leaders started a drive for the collection of funds and succeeded in making the necessary collections to start the College and obtain recognition for it from the University. ~~It is, therefore, our prayer that the Municipality may be permitted to play its part and contribute a modest sum of Rs 5,000/- annually towards the maintenance and development of the College.~~

~~4. Contributions from other Local Bodies:~~

Delete.

The West Godavari District Board resolved to contribute Rs 5,000/- and the Palacole Municipality Rs 3,000/- annually ~~for~~ for the College. But these resolutions were also not approved

(P:T:O:)

29/11/46

by the Government in G.O.No.M.S.1649, L.A., dated 4-8-45 and G.O.No.M.S.2414, L.A., dated 4-11-44 respectively. Local Bodies are allowed to contribute sums to the University for the promotion of Higher Education in the Presidency, and a list of Local Bodies making annual contributions to the Andhra University is shown in appendix I. ~~Seeing that the two above Local Bodies belong to this district in the promotion of Collegiate Education of which they are directly interested, it is our request that the Government may be pleased to sanction the contributions from them.~~ These contributions will give scope to the proper development of the College by the starting of additional necessary courses.

Delete

Still it is [illegible] that local bodies are not allowed to contribute to our college.

Delete

41125

5. Request for a Government Subsidy:

A request was made last year to the Government ~~that it may~~ to give an annual subsidy of Rs 15,000/- to the College. This request was ~~however~~ not favourably considered. ~~at that time.~~ It is our request that the question may be reconsidered ~~by~~ favourably by the Government, taking also the following facts into consideration.

A. (a) In accordance with Rule 92 of the Madras Educational Rules half-fee concessions were given to students of back-ward communities, girls and Mahamedan boys, and full fee concessions to students of scheduled castes. The amounts of fee income forgone by the College in the year 1945-46 are as follows:

Fee income foregone towards half fee concessions.	..	Rs	1,072 0 0
Fee income foregone towards full fee concessions.	..	Rs	180 0 0
Total.	..	Rs	1,252 0 0

(b) Military scholarships:

According to G.O.No. Education, 610 dated the College awarded scholarships to dependents of soldiers foregoing their entire fees, their book allowance being granted by the District Educational Officer, Ellore.

The amount foregone due to Military scholarships.	..	Rs	574 0 0
Total income foregone (a) + (b) =	..	Rs	1,826 0 0

The Government is pledged to make good this loss of fee income in the case of private institutions. Municipal institutions draw upon Municipal Funds to meet the loss. Since this Municipal College is not allowed to draw freely from the General Funds of the Ellore Municipality, the Governing Body prays that the loss may be made good by the Government.

B. Dearness Allowance is being given to employees of the College at the scheduled rates fixed for Municipal servants in the Presidency. The total expenditure incurred by the College towards Dearness allowance for the year 1945-46 amounts to Rs 3,130-15-0. It is very difficult for any institution to give Dearness Allowance at the scheduled rates if it is not aided by the Government. The Government has been adopting a very generous policy in helping Municipalities in this respect. It has also given its word to make its own contribution to private educational institutions that give Dearness Allowance at scheduled rates. It is the prayer of the Governing Body of the College that the same generous spirit may also be shown to this College and the College helped financially to meet the cost of the Dearness Allowance.

10

C. Provident Fund: The employees of the College are given the benifit of Provident Fund, in the same way as other Municipal servants are given. But the management's contribution of one anna in the rupee is entirely met from the ear marked funds. It is requested that the Government may be pleased to permit the Municipality to make this contribu[illegible]n from the Municipal Funds, The Government giving a [illegible]bsidy for the purpose.

Estimates for 1946-47: Since the College was started only in July 1945. (a) the loss in fee income was that due to one class only. Now that the senior class is also farmed, the loss in fee income is expected to be about Rs 4,000/- for the year 1946-47.

(b) In the financial accounts for the year 1945-46, salaries paid for the months of July to February only were included; also the full contingent of staff were not employed. Taking these two factors into account the cost to the College for paying Dearness Allowance at scheduled rates in the year 1946-47 will be Rs 6,000/- (Appendix II.) p9 supra

(c) Similarly, it is estimated that the contribution to provident fund will be:

The items in A, B & C for the two years are shown below:

			1945-46.	1946-47.
A.	Fee income foregone.	Rs	1826/-	3600/-
B.	Dearness Allowance to employees.	Rs	3131/-	6000/-
C.	Provident Fund contribution.	Rs	289/-	1000/-
	Total.	Rs	5246/-	10,600/-

D. Deficit: In this connection I may be permitted to state that the deficit incurred in running the College in the year 1945-46 has been Rs 11,933/- (Appendix XIII. Financial Statement.) p119

E. Scientific equipment etc:- The expenditure on equipment etc. have been as follows:

			1945-46 Actuals.		1946-47 Estimate.
Scientific apparatus and equipment.	..	Rs	13,117	Rs	13,000
Library.	..	Rs	1,440	Rs	5,000
Furniture.	..	Rs	2,354	Rs	7,000
Total.	..	Rs	16,911	Rs	25,000

(P:T:O:)

..4..

The College plans to open new subjects like Biology, Agriculture, Mechanical Engineering etc. in the Intermediate and to develop into a ~~First Grade~~ [illegible] College ~~in~~ 7 to Type the next few years, for which purpose similar amounts will have to be spent. Considering the above statements, the Government may be pleased to give an annual subsidy 7 at Rs. 1500 to the College, adequate

(i) To make up the loss in fee income sustained by the College in granting fee concessions in accordance with W.E.R.92 and giving Military scholarships.

(ii) To meet the cost of Dearness Allowance paid to the employees of the College at scheduled rates and

(iii) To make contribution towards the Provident Fund of the staff.

(iv) To meet the College deficit.

(v) To spend on scientific equipment, Library and furniture, for which at least half the cost may be contributed by the Government as grant.

It is ~~our~~ the fervent prayer of ~~the~~ our Governing Body and the Municipal Council that in these days when there is a great demand for Collegiate education and when the Government itself has issued an order to the existing Colleges to increase their accommodation in order to admit more students, their efforts at starting a new College to meet the needs of the District, which had no College and scope for higher education before, may be encouraged by giving the necessary financial aid.

Permit us to thank you for giving us this opportunity of placing our requirements before you.

CHAIRMAN, 27.7.46
Municipal Council & Governing Body,
Municipal College, & Members of Deputation.

Appendix. I

List of local bodies giving contributions to the Andhra University.

1941--42:--	Rs.	
1. Vizagapatam District Board.	8400.	for Professorship in Economics.

The DPI is informed that the Govt have considered the question of revising their policy inregard to the grant of financial assistance to the starting of Arts colleges for men set out in Press Communique no 16 dated 13.7.45 and have decided that ~~it~~ the question should be deferred for the present.. The decision not to give any special help or encouragement towards the establishment of such colleges will however be applicable only to the payment of non-recurring grants for buildings and equipment and newly opened private colleges will be admitted to aid for teaching grant after considering the proposal as a Part II scheme as was done hitherto.

College - Municipal - Ellore - Request for subsidy.

Memo. No.53780-B1/46-1 Edn.,d./- 7.11.46.

With reference to the memorandum dated 27.6.1946 presented by the Chairman and Members of the Governing Body, of Sir C.Ramalinga Reddy Municipal College,Ellore, the Commissioner, Ellore Municipality, is informed that the Govt. regret that they cannot grant any recurring or non-recurring subsidy to the College so long as it is a Municipal institution and that if the management of the College is entrusted to a private body, the question of making a recurring

teaching

-2-

teaching grant to the College as in the case of other aided Colleges will be considered.

27 JUL 1946

Gr 186 26/11/46

ASST. SECRETARY TO GOVERNMENT
41409
29 JUL 1946
EDUCATION AND PUBLIC HEALTH DEPT.

A deputation on behalf of the Sir C.Ramalinga Reddy Municipal College, Ellore, consisting of Mr. Bapineedu, M.L.A., Mrs. Ammanna Raju, M.L.A., Mr. D.Venkatarao, Municipal Chairman Mr. B.Suryanarayana Rao, Municipal Commissioner, Mr. D.S. Subramaniam, Principal, Dr. Rajasekhar Rao, Mr. Kalakala Krishna Rao and Mr. T.Subba Rao, met me this morning in connection with the efforts of the College. They have raised various points in the memorandum attached herewith.

In the whole of this province, there are only three Municipalities which maintain Colleges, one in Salem which is having it for historical reasons from 1857 and another at Guntur, and this is the third. The matter is whether it is good from the point of view of the management, for the Municipality to start and run a College in this District. The deputation is particula only of having a College at Ellore and it is prepared if necessary to transfer the management to a committee in which the Municipal Chairman may be an ex-officio member. In fact, I understand that the College is only in name a Municipal Colleg but its management is vested in a separate governing body.

(1). Contribution from the general funds of the Ellore Municipality.

It is difficult for me to say anything about it without knowing the financial conditions of the Ellore Municipality. If the Ellore Municipality is financially sound, I do not see any reason why this should not be allowed.

(2) Contributions from other Local Boards.

This is a very difficult question. The revenues of the local bodies should primarily be spent upon the spread of elementary and secondary education and normally, it is beyond the province of a local body to divert its funds for other purposes As far as I see, the accounts of every normal Municipality or District Board show deficits and it is difficult in these circumstances to recommend that their contributions to other institutions may be allowed. ~~They~~ The deputationists say that the Municipalities and Local Boards wi the district who alone will benefit by the College, may be allowed make this contribution. Even about this, I am unable to make any recommendation without knowing the financial condition of the Municipalities and District Boards concerned. The deputation draws my attention to the contribution made by the local bodies to the Andhra University for the spread of education in their districts and requests that the same concession may be allowed in the case of this College also.

(3). Request for a Government subsidy.

This may be considered along with the requests of the other private Colleges for subsidies. It is true that there is a rush for spaces in Colleges. Even in West Godavari itself, I understand there is another college which has been started recently. The Government policy today is that no grant is being given for new Colleges. Personally, I should suggest a re-examination of this position so that grants ~~given~~ may be given to new colleges which are being started in the presidency.

4. I understand that the Ellore Municipality is not getting any compensation for the military scholarships they are giving or for the free concessions they are giving to the Harijans as well as the concessions given to backward classes and that they may be compensated for these concessions. I think this is really a case for consideration and that compensation should be given to them.

SECRETARY, EDN. AND P.H. DEPT.
27 JUL 1946
GOVERNMENT OF MADRAS

TSA
27-7-46

Edn. & P.H. Department (B1).

The requests contained in the memorandum ~~presented~~ on pp-1-4 c.f. are noted on below:-

(1) Expenditure from municipal funds on the maintenance of the college:- The opening and maintenance of Arts Colleges are not an authorised object of expenditure under the D.M. Act and the sanction of Government is necessary for the incurring of expenditure from municipal funds on the maintenance of the college. In G.O.No.2326 L.A., dated 25-10-44 the Government declined to sanction the proposal of the Municipal Council to contribute a sum of Rs.5,000/- annually for a period of five years from its funds towards the maintenace of the college as the financial position of the council was unsatisfactory and it could not undertake the liability.

(J) 5-6

18

(R) 25-26 c.f.
renewed

Attention is also solicited to G.O.No.170 Edn., dated the 2nd February 1945. In spite of these orders, the council opened the college from July 1945. Expenditure from municipal funds can be permitted only if the financial position permits. The remarks of L.A. may be invited U.O. on the present financial position of the Council.

after the file is received from the D.P.I.

B
2.8.46

(2) Payment of contributions by other local bodies in the district:- This is a matter to be decided by the L.A. Dept. with reference to the financial ~~position~~ position of the local body proposing to make a contribution. The proposals of the West Godavari District Board + Palacole Municipal Council were turned down on financial grounds - Vide G.O.No.2414 L.A. dated 4--1--44 and 1649 L.A. dated 14-8-45. The payment of contribution towards the maintenance of the college may be permitted if the financial position of the local body which proposes to contribute will permit the payment of the proposed contribution. The ~~contention~~ contribution now paid to the Andhra University is an exisiting commitment and not a fresh liability as in this case.

L.A. may see
B
2.8.46

(Y)

(Z)

(3) Payment of Government subisidy:- No subsidy is paid towards the maintenance of the municipal colleges at Salem and Guntur. The request of the Ellore Mcl. C. for subsidies has been negatived. If a subsidy is paid to the Ellore Municipal Council towards the maintenance of the college the other colleges will come up for help and it will be difficult to ~~deny~~ resist the claims. Further it is a matter of policy. In the case of local bodies, the Government are now making only a fixed lump sum subsidy towards the maintenance of secondary schools opened before 1930-31. The Government have refused to grant any subsidy towards the maintenance of secondary schools opened thereafter. It is for consideration whether Government should encourage the establishment of Arts Colleges by Municipal Councils by making a subvention from provincial funds and if so, on what basis is the subsidy to be paid. According to the restrictions imposed in G.O.No. 1915 Edn., dated 9-12-41 no building grant can ordinarily be made towards the construction of buildings for colleges for boys and

Vide also on p 29 c.f. & others which are on p 3 c.f. G.O. No. 186 Edn. 26/1/46
renewed

(S)

(W)

(E)

it has been decided not to remove the restrictions. It will be beyond the capacity of many municipal councils to construct the necessary buildings and provide the necessary equipment for colleges. and the Government will have to meet at least one half of the cost. As already pointed out by H.M. (Edn.) most of the local bodies are not financially well off and it will be sufficient if they provide adequate facilities out of their funds for elementary ~~edn~~ and secondary education which is an authorised object of expenditure under the Act leaving collegiate education to Government and private enterprise. As the financial position of the Ellore Ml. Cl. does not warrant the incurring of any expenditure from its funds it is open to the council to transfer the management of the College to a private body. The other college recently started in the West Godavari is the one at Bhimavaram. Teaching building and equipment grants to colleges under private management are regulated under the Grant-in-Aid Code but according to the policy laid down in the Government Press Communique no 16 d/13-7-45 Arts colleges newly started by private agencies are not eligible for aid. If the policy is revised, the institutions newly started such as the ~~college~~ Vivekananda College and the College at Bhimavaram can be admitted to aid under the provisions of the Code as was done hitherto.

I agree
2.8

The matter will be examined in consultation with the D.P.I
2.8

The remarks of the D.P.I. may first be invited U.O. in regard to the policy to be adopted, viz., whether the Government should encourage the establishment and maintenance of Arts Colleges by local bodies and private agencies by revising the policy laid down in their Press Communique No.16 dated the 13th July 1945. The Director may also requested to offer his remarks on the suggestion made in para 4 of HM's minute on p 2 ante

31.7.46.

Resubmitted.

I note that Government Press communique No.16, dated 13--7--1945 was not issued after consultation with the D.P.I.

I am of opinion that it is desirable that Government should revise the policy as laid down in the communique with respect to the opening and financing of Arts Colleges.

(1) The extent of the Province is so great that the existing Arts Colleges are not sufficient to meet the growing needs of the people when the children of the soil are given more facilities than before for Education by a popular Government.

(2) The idea of a feeling of frustration by the educated unemployed referred to in the communique is a fact, but the general question should be viewed from other points of view as well. The G.O. does not take into consideration the needs of the community for University trained men with their culture and breadth of training. Unless Government help to open more Colleges a time will soon come when our source of inspiration and the very springs of our moral and economic life will dry up. Even today we have to beg and openly bargain for the hospitality of other nations for admitting our young men to almost every branch of University studies.

Therefore Government should help all private agencies that volunteer to open colleges in the Presidency.

VR

I submit it is not proper or legal to deny the 92 M.E.R. and Military concession compensations to Colleges like the S.R.R. College, Bezwada. These are not aids. These are not teaching grants though for the sake of convenience we give these along with the teaching grants. They are Government liabilities incurred by them under definite rules of compensation in carrying out the State's social and military policy and they have a right to expect

Government

Government to meet unreservedly the obligations in accordance with the very rules made by them.

ASST. SECRETARY TO GOVERNMENT
14 SEP 1946
EDUCATION AND PUBLIC HEALTH DEPT.

53780

With regard to the grant of provision for the Local Bodies for opening colleges, I am of the opinion that collegiate Education should not be a normal function of the local bodies.

As regards the Ellore College the management may be informed that it may take steps to give up its status of Local Body institution though this need not mean that the Chairman of Municipal Council and some representatives should not be members of the Managing Committee. When this is done the college will be a private institution and there should be no difficulty in aiding it just like any other private college. I think that pressure should be brought on the original sponsors of the scheme to carry out their promise to the University regarding the collection of funds. As regards any special aid to the college and how to compensate the loss of fee income under Rule 92 M.E.R. and the Military concession, I should like to point out that while it is true the present position of the Ellore college as a Municipal institution is making it liable to expenditure of various kinds without the usual help from either the Municipal or Government funds, any special concession shown to this college will lead to other Municipalities putting up requests for similar concessions which would be rather embarassing to the Government.

SRU Savoor.

D.P.I.

VR
14/9

E4004(50)

The main point for consideration is whether the policy in regard to College Education set out in the Govt Press Communique no 16 of 13·7·45 should be revised & if so in what respects. The question has arisen in connection with the application of the Ellore Municipal Council for financial assistance towards the maintenance of the municipal College.

(P) / pp 82-85

The D.P.I. is of opinion that Govt. should revise their policy and help all private agencies that volunteer to open colleges and that local bodies need not be encouraged to open colleges.

As regards the Ellore Municipal College, the D.P.I. suggests that the Council may be advised to transfer management to a private body so that it may be eligible for aid according to the policy enunciated above. He is not in favour of showing any special concession to this college.

The file may be sent to L.A. U.O. for remarks in regard to the present financial position of the Council and its ability to make a recurring contribution towards the maintenance of the college. Vide paras 1 and 2 on pp 2-3 ante.

K.S.K.
18-9-1946.

There are two proposals for consideration in this file viz.

(1) maintenance grant to the Ellore Municipal College and

(2) revision of Government's policy in regard to financial aid to new colleges.

(1) above.

p 6 ante

The Director recommends that the management may be asked to give up the status of a local body institution and to vest the management of the college in a Committee. This will entitle the college to aid under the Grant-in-Aid Code. The Press Communique only prohibits special encouragement by way of building and equipment grants, etc. There appears to be no objection to the ordinary maintenance grant being given.

P/86
K

P.T.O.

If the Director's ~~then~~ view is accepted, it does not seem necessary to consult L.A. about the financial position of the Municipal Council. The Director's suggestion may be commended to the Council.

B
7.9.46

(2) above.

(P)

Attention is invited to the notes on pp.91-100 of G.O.No.1070 Edn., dated 17-7-1945, for the circumstances that led to the issue of the Press Communique. The D.P.I. has seen the papers U.O. though the draft of the Press Communique was not seen by him before issue.

P/86-87
P/96-98

In the current academic year also there was a great rush for seats in colleges and the University had to be specially requested to allow an additional batch of students for science groups and maximum number of students for humanities. The demand for collegiate education is bound to continue so long as sufficient diversified courses of studies after the high school course are not provided. The opening of polytechnics and the introduction of bifurcated courses for secondary schools will ease the position to a large extent.

but this has not been done yet. We cannot meet the present needs by unrealised future hopes
B
7.9.46

The whole educational policy of Govt. is under examination and no doubt the policy set out in the Press Communique will be re-examined in that connection. For orders

P/96-98

DPI
25/9/46 S

p6 ante

I agree entirely with the D.P.I. The press communique referred to, appears to me more an apologia than a considered policy; though it does not take the form of an apologia. Meanwhile our conduct is inconsistent with our views as enunciated therein. We are asking colleges

---

9
91

to admit more students and to work more shifts. While we express disapproval of University education, we are being faced with communal scrambles for all the seats available at the expense of communities less vocal or more complaisant. If academic education is bad for the forward communities, it must be even worse for the backward communities, who will give up trades they are good at, and increase the number of applicants for soft-handed jobs. The policy of encouraging literary education of these communities is therefore against the tenor of the arguments advanced in the G.O. against purely academic education. The communique also appears to proceed on the assumption that college education is a stepping stone to Government service or clerical employment. No account has been taken of the desire of persons to get a complete education for its own sake. It is also a mockery to tell persons they won't get seats in colleges because no jobs are available, when we are not guaranteeing jobs to those who do get admission, and have never been able to do so. I think we should revise our policy as early as possible.

P/86-87

B

H.S. (Edn)

H.P.M

H.E.

Certainly when the Ellore Muncipal College makes itself a private College, it can get the recurring grants which normal aided colleges get. As for the matter of reopening the question of giving non-recurring grants for capital expenditure to private colleges, the matter may yet lie over for the present.

This may be intimated to them. As the matter of changing the policy has not been taken up, I believe it may not be necessary to go to H.P.M. or H.E. at this stage.

Please see the minutes of H.M.(Edn.) on p.9 ante.

2. The question of revising the policy of Govt. in regard to the grant of financial assistance to the starting of Arts Colleges for men set out in the Govt. Press Communique No.16 dated 13.7.1945 has been raised in this file. The D.P.I. has expressed the opinion that Govt. should revise their policy and help all private agencies that volunteer to open colleges and that local bodies should not be allowed to do so. At M on p.8 ante, it was stated that this question will have to be re-examined in connection with the reorganization of education for which a questionnaire has been issued. H.M.(Edn.) is apparently agreeable to this course.

H 86.87 of (P)

p5 ante

N

3. Grant to private institutions whether for teaching, building or equipment, is regulated only in accordance with the provisions of the Grant-in-Aid Code. According to the minutes of H.M.(Edn.) on p.9 n.f, it will be seen that the Government's policy not to give special encouragement or help towards the establishment of Arts Colleges for men set out in the Press Communique is held to be applicable only to non-recurring grants for buildings and equipment and that there is no objection to the newly opened private Colleges being admitted to aid for teaching grant after considering the proposal as a Part II Scheme as was done in the past.

P

4. A draft memo. to the Commissioner, Ellore Municipality, is submitted below for approval. The file may be circulated to H.P.M with reference to his minute on p.15 c.f.

12.10.46

BM
15/10/46

I was associated with the issue of the communique in 'P' and I fully share the views embodied therein; and I must hasten to dissociate myself from the views now putforward by the D.P.I. and from the views expressed by Mr. Viswanathan as Secretary, and to re-affirm my conviction that the policy embodied in the communique is the right one.

PP 86-87 of (P)

PP 5-6 ante

PP 8-9 ante

The question of seekers after "complete education for its own sake" has to be viewed in proper perspective: and this has been done at 'M' in the communique at 'P' 86. This particular spring will be fed even under present conditions; but by allowing, on that account, an aimless drift of ~~lord~~ large streams, we should not make the whole area a "fen of stagnant waters". The acadademician may ignore or underrate the danger: but the administrator has to reckon with the real danger of increased unemployment and frustration that is attendant on the multiplication of non-professional ~~calumnies~~ Colleges. I believe I am right in saying ~~now~~ also that in his Convocation Address to the Madras University, H.P.M. took a view which on the main lines coincided with that laid down in the communique.

The whole question however, may be reviewed again as indicated at 'N' on page 10 ante.

Z

There is no objection, meanwhile to ~~dfend~~ define the scope of the decision in the communique as at 'P' on page 10 ante (and to the sending of a reply to Ellore Municipality accordingly); but as H.E. saw the communique, he may see on this point and H.P.M. may see on that point also.

16/10/46

17/10/46

H.M.(Edn.)

H.P.M.

H.E.

The revision of the general policy with regard to colleges will cost the Government a good lot which I do not think we are in a financial position to do now. The note to the Ellore college is approved.
