Elementary Education - Special Schools - Mandapam
Camp School, Mandapam - Opening of higher Ele-
mentary standards and consequential increased
rate of grant - Proposal - recommended.

pp 39-40 (X)

Ref: G.O.No.2356 Edn., dated 11-10-37.

In the above G.O. Government have ordered that the Mandapam camp school should be treated as a school under public and not under private management and have authorised the Director to sanction an annual grant to the school restricted to one half of the net cost subject to a maximum of Rs.1200/-. The Superintendent of the Mandapam camp school now reports that the proposal for the conversion of the school into a Higher Elementary School is under consideration that the VI Standard has already been opened, and that standards VII and VIII will be opened in 1947 and 48. He requests that grant may be assessed at the rates and as per rules relating to the payment of teaching grant to recognised aided Elementary Schools. This request cannot be considered as the school has already been classified as a school under public management. However in view of the increased cost of maintenance of the school I recommend an increase in the subsidy given to the school by Rs.210/- each year as standards VI, VII and VIII are opened allowing a minimum pay of Rs.35/- for a secondary grade trained teacher, and request that Government may be pleased to approve the proposal.

Higher standards and payment of increased subsidy
Ref: Your T.M., dated 24-9-1946.

With reference to the above, I have to state that though war allowance is being paid to the teachers of the Mandapam Camp School, no grant is sanctioned ~~for~~ from Provincial funds towards the allowance. As the subsidy payable to the school is only a lump sum amount, the extra cost involved on the payment of Dearness Allowance has not been taken into account in respect of the teachers to be employed in the new -- standards.

Education - Elementary - Mandapam camp school - Opening of higher standards and payment of increased subsidy.

From the D.P.I. No. 1608 B6/46, dated 9.9.46.

The Mandapam Camp Elementary School, Ramnad District, has been treated as one under public management and the D.P.I. has been authorised to sanction a grant to cover one half of the net cost of its maintenance, subject to a maximum of Rs. 1200. It has now standards up to the fifth, and higher standards are to be opened in it shortly. The Superintendent of the School has addressed the D.P.I. for an increased grant to cover the additional cost. The Director recommends that the maximum subsidy payable for the institution may be raised by Rs. 210 for each of the standards VI, VII and VIII. Standard VI has been opened this year and higher standards VII and VIII will be opened in each of the subsequent years (1947 and 1948). The maximum grant payable for the institution will be Rs. 1200 plus 210 for for this year and it will rise by Rs. 210 in each of the two subsequent years. The proposals of the Director is reasonable and may be accepted.

Ordinarily the proposal will have to be treated as a Part II scheme. In view of the fact that the extra cost is small (Rs. 210 in 1946-1947 and Rs. 630 ultimately) the proposal may be approved this year itself. [The Director has not taken into account the cost of dearness allowance in his calculations. Perhaps the allowance is not paid in the school or at the institution has sufficient funds ~~to meet the cost of dearness allowance.~~ to meet ~~it~~ the cost of dearness allowance.]

Finance may see for remarks before circulation.

Please verify before his file for his finance

a proper one on merits. If we may have
to be open to criticism of the Ceylon Govt.
therefore. It is not a question of
the ability of the Ceylon Govt. to meet
the expenditure. It is only an extension
of the principle of Govt. already accepted.
We may therefore press the proposal.
